Approved Computer Engineering Electives for the BSCmpE

CS 42200 - Computer Networks
ECE 27900 - Sophomore Participation in Vertically Integrated Projects (VIP) in Electrical and Computer Engineering
ECE 30834 - Fundamentals of Computer Graphics
ECE 30862 - Object-Oriented Programming in C++ and Java
ECE 37900 - Junior Participation in Vertically Integrated Projects (VIP) in Electrical and Computer Engineering
ECE 40400 - Introduction to Computer Security
ECE 46100 - Software Engineering
ECE 46300 - Introduction to Computer Communication Networks
ECE 47300 - Introduction to Artificial Intelligence
ECE 47700 - Digital Systems Senior Project
ECE 47900 - Senior Participation in Vertically Integrated Projects (VIP) in Electrical and Computer Engineering
EPCS 30100 - Junior Participation in EPICS
EPCS 30200 - Junior Participation in EPICS
EPCS 40100 - Senior Participation in EPICS
EPCS 40200 - Senior Participation in EPICS
