## College of Liberal Arts Degree+ Program

Degree+ offers students the opportunity to complete an undergraduate Liberal Arts Bachelor of Arts degree program in combination with another undergraduate degree program at Purdue University West Lafayette. Students who are actively pursuing a major in both the Liberal Arts and another college/school (College of Agriculture, College of Education, College of Engineering, College of Health and Human Sciences, Krannert School of Management, College of Pharmacy, Purdue Polytechnic Institute, College of Science, and College of Veterinary Medicine) will have the Liberal Arts core waived while maintaining progress toward completion of the outside degree program.

Why choose? Degree+ enables Purdue students to pursue multiple areas of academic interest in a manageable way. Feed both sides of your brain with Degree+.

### **About the Program**

The Purdue Liberal Arts community is one of continual learning. We push boundaries, create change, and are a force for good in the world.

Whether in the classroom or in the real world, we emerge as leaders and analytical thinkers. It's what we've been taught, it's how we think. Our innovation and creativity spark conversations and question the status quo. We like the challenge of solving problems and reimagining how things work. Our skills are sought after.

And whether we are aspiring journalists or lawyers, business leaders or community leaders, activists or actors, our analytical thinking and communication skills make us invaluable in our careers and our communities.

We are change agents. We are leaders. We are innovators.

This is who we are.

## **Baccalaureate**

### **Economics Honors, BA**

#### About the Program

Economics is the study of how people make decisions in the face of scarcities. Economics evaluates topics such as inflation, business cycles, international trade, tax policies, energy costs, the banking system, crime and the legal system, public finance, and economic development. Students explore economic issues and theories through a variety of disciplines while honing their writing, communication, and analytical skills.

Liberal Arts: Economics

#### Degree Requirements

### **120 Credits Required**

#### Liberal Arts Curriculum

Each liberal arts major is designed as a four-year plan of study and includes three types of courses: Major, Core, and Elective. Most students take five courses per semester, with some of each type.

Professional academic advisors meet individually with each of our students on a regular basis to help with course selection, academic planning, and career development, as well as to help students find additional resources on campus.

#### Departmental/Program Major Course Requirements (51-55 credits)

Students CANNOT receive both the BS (M) and BA (LA) in Economics.

#### Pre-Economics Courses (12-16 credits)

- ECON 25100 - Microeconomics ♦ (satisfies BSS for core)
- ECON 25200 - Macroeconomics ♦ (satisfies BSS for core)
- MA 16010 - Applied Calculus I (satisfies QR for core) or
- MA 16100 - Plane Analytic Geometry And Calculus I (satisfies QR for core) or
- MA 16500 - Analytic Geometry And Calculus I (satisfies QR for core)
- MA 16020 - Applied Calculus II (satisfies QR for core) or
- MA 16200 - Plane Analytic Geometry And Calculus II (satisfies QR for core) or
- MA 16600 - Analytic Geometry And Calculus II (satisfies QR for core)

#### Upper Division Economics (39 credits)

- To be admitted to upper level Economics, students must complete all of the EAI courses with an EAI GPA of 2.75 or higher, have a C- or higher in all EAI courses, and not be on probation.
- Students must also have a C- or higher in any ECON course taken previously or concurrently with the EAI courses.
- A maximum of three EAI courses may be repeated one time each for a grade.
- Grades of "F" earned in an EAI or ECON course may only be retaken at Purdue University.
- Previous enrollments in MA 16100 and/or MA 16500 do not count in the EAI GPA if replaced with MA 16010.

The following are Economics Admission Index courses:

- ECON 25100 - Microeconomics
- ECON 25200 - Macroeconomics
- MA 16100 - Plane Analytic Geometry And Calculus I or MA 16500 - Analytic Geometry And Calculus I or MA 16010 - Applied Calculus I

- COM 11400 - Fundamentals Of Speech Communication or COM 21700 - Science Writing And Presentation or EDPS 31500 - Collaborative Leadership: Interpersonal Skills or SCLA 10200 - Transformative Texts, Critical Thinking And Communication II: Modern World

## A. Foundational Course (3 credits)

*Choose one.*

- ECON 26000 - Data Visualization And Inference
- STAT 35000 - Introduction To Statistics
- STAT 51100 - Statistical Methods

## B. Economics Courses (12 credits)

- ECON 34000 - Intermediate Microeconomic Theory
- ECON 35200 - Intermediate Macroeconomics
- ECON 36000 - Econometrics
- ECON 49900 - Senior Honors Thesis

## C. Additional Economics Courses (24 credits)

*Choose eight.*

- Any ECON 30000, 40000, or 50000 level (except ECON30100, ECON51300, ECON51400, ECON51500)
- At least three courses must be taken at Purdue University.
- No more than three upper division ECON courses per semester unless at least 2.75 overall GPA.

## Other Departmental (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is

integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

## Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

## Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose one course from this list: Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives. (fulfills Humanities for core)

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted. (fulfills Humanities for core)
- Behavioral/Social Science - fulfilled by ECON 25100 or ECON 25200 in major requirements. (fulfills Behavioral/Social Science for core)
- Information Literacy - all approved courses accepted. (fulfills Information Literacy for core)
- Science #1 - all approved courses accepted. (fulfills Science for core)
- Science #2 - all approved courses accepted. (fulfills Science for core)
- Science, Technology, and Society - all approved courses accepted. (fulfills Science, Technology, Society for core)
- Written Communication - ENGL 10600, ENGL 10800, or SCLA 10100 accepted. (fulfills Written Communication for core)
- Oral Communication - COM 11400, COM 21700, EDPS 31500, or SCLA 10200 accepted. (fulfills Oral Communication for core)
- Quantitative Reasoning - MA 16010 or MA 16100 or MA 16500 accepted. (fulfills Quantitative Reasoning for core)

## Notes

- Double counting of courses is allowed across the various categories.

- All accredited programs whose accreditation is threatened by CLA Core requirement, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core.

## Electives (10-38 credits)

## Grade Requirements

- To be admitted to upper level Economics, students must complete all of the EAI courses with an EAI GPA of 2.75 or higher, have a C- or higher in all EAI courses, and not be on probation.
- Students must also have a C- or higher in any ECON course taken previously or concurrently with the EAI courses.
- A maximum of three EAI courses may be repeated one time each for a grade.
- Grades of "F" earned in an EAI or ECON course may only be retaken at Purdue University.

## GPA Requirements

- A minimum average GPA 3.5 is required in all ECON courses taken for the major
- 3.5 Graduation GPA required for Bachelor of Arts degree.
- To be admitted to upper level Economics, students must complete all of the EAI courses with an EAI GPA of 2.75 or higher, have a C- or higher in all EAI courses, and not be on probation.
- Previous enrollments in MA 16100 and/or MA 16500 do not count in the EAI GPA if replaced with MA 16010.

## Course Requirements and Notes

- *ECON 36000 has a prerequisite of STAT 35000 or STAT 51100 or ECON 26000.*

## College of Liberal Arts Pass/No Pass Option Policy

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Additional Information

- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside CLA. Contact the CLA Advising Office for more information.

### World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

### Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements .

Consultation with an advisor may result in an altered plan customized for an individual student.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

## **Certificate**

### **Cornerstone Certificate**

#### **About the Certificate**

Through the lens of the humanities and social sciences, this program will introduce students to transformative texts that have influenced our understanding of the modern world and will prepare students to communicate more effectively. The Cornerstone certificate uses a series of relevant themes to provide a coherent program for students to fulfill up to 60% of UCC requirements with a purposeful set of classes. The program will provide students with a deep understanding of the dynamic human relationships and the global, social, and cultural dimensions that impact the disciplines of engineering, technology, science, medicine, business, and public policy. Students will be better positioned to respond to the changing demands of world and the marketplace to rise to the top of their fields as innovative and transformative leaders.

## DiversiKey Certificate

### About the Certificate

**Parent Organization:** *Diversity Resource Office*

Run by the Diversity Resource Office, the DiversiKey Certificate Program is a student-driven program designed to provide Purdue students with experience and growth in diversity and leadership. It's a formal co-curricular certificate program at Purdue; upon completion, students receive an official certificate along with their academic degree and a notation on your transcripts. By completing the DiversiKey Certificate, you'll show prospective employers that you have made a serious commitment to understanding diversity-related issues. You will also develop greater awareness and understanding of yourself and the world around you, helping you to excel in working across differences and challenging cultural barriers.

## **Department of Anthropology**

## About Anthropology

Anthropology considers humankind from a holistic perspective that aims for an understanding of how culture, biology, history and language intersect. *Students have the option to enroll in one of six new 12-unit Concentrations in several specialty areas within the Anthropology major, including Applied Anthropology, Archaeological Sciences, Bioarchaeology, Biological Anthropology, Cultural Anthropology, and Ecological and Environmental Anthropology* Our faculty ably cover a range of substantive, methodological and theoretical areas in courses that provide students with a solid grounding in anthropological perspectives.

Undergraduates have an opportunity for hands-on experience and training in archaeological and bioanthropological methods. Students enjoy participating in the student club P.A.S.T. (Purdue Anthropology Society). Also offered are internship and field work experience.

Our honors program provides a capstone experience for students. The year-long program enables students to focus on a particular empirical issue in an anthropological sub-discipline and to write an honors thesis based on that research.

Please visit the Department of Anthropology for more information.

## About the Program

Anthropology is unique among the social sciences in considering humankind from a holistic perspective that aims for an understanding of how culture, biology, history and language intersect. We have a rigorous and well-balanced four-field (biological, archaeological, cultural, and linguistic anthropology) undergraduate program. Our faculty cover a range of substantive, methodological and theoretical areas in courses that provide students with a solid grounding in anthropological perspectives.

Our four-field program at the undergraduate level includes coursework in biological, archaeological, sociocultural, and linguistic anthropology. Undergraduates have an opportunity for hands-on experience and training in archaeological and bioanthropological methods. Students also have the option to complete a Concentration in one of six specialty areas within the major.

Our honors program provides a capstone experience for students. The year-long program enables students to focus on a particular empirical issue in an anthropological subdiscipline and to write an honors thesis based on that research.

## Degree Requirements

# 120 Credits Required

## Liberal Arts Curriculum

Each liberal arts major is designed as a four-year plan of study and includes three types of courses: Major, Core, and Elective. Most students take five courses per semester, with some of each type.

Professional academic advisors meet individually with each of our students on a regular basis to help with course selection, academic planning, and career development, as well as to help students find additional resources on campus.

## Departmental/Program Major Courses (42 credits)

### Area A - Anthropology Requirements (15 credits)

- ANTH 20100 - Introduction To Archaeology And World Prehistory (satisfies Behavioral/Social Sciences for core; Cornerstone Certificate)
- ANTH 20400 - Human Origins (satisfies Science for core; Cornerstone Certificate)
- ANTH 20500 - Human Cultural Diversity (satisfies Behavioral/Social Sciences for core; Cornerstone Certificate)
- ANTH 30700 - The Development Of Contemporary Anthropological Theory
- ANTH 41001 - Senior Capstone In Anthropology

### Area B - Anthropology Honors Selectives (21 credits)

Seven courses from the Supplemental list in Anthropology. At least one course must be chosen from each of the first five areas: Archaeology, Biological, Linguistic, Methods, Sociocultural.

See Anthropology Honors Supplemental Information

### Area C - Anthropology Honors Requirements (6 credits)

Students must take the following courses and earn a "B" or better.

- ANTH 49700 - Senior Honors Seminar
- ANTH 49800 - Senior Honors Paper

## Optional Concentrations (12 credits)

- Anthropology of Health Concentration for Anthropology
- Applied Anthropology Concentration for Anthropology
- Archaeological Sciences Concentration for Anthropology
- Bioarchaeology and Forensic Anthropology Concentration for Anthropology
- Biological Anthropology Concentration for Anthropology
- Cultural Anthropology Concentration for Anthropology
- Ecological and Environmental Anthropology Concentration for Anthropology

## Other Departmental - Liberal Arts Core (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

### Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

### Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

### Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives. (fulfills Humanities for core)

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted. (fulfills Humanities for core)
- Behavioral/Social Science - all approved courses accepted. (fulfills Behavioral/Social Science for core)
- Information Literacy - all approved courses accepted. (fulfills Information Literacy for core)
- Science #1 - all approved courses accepted. (fulfills Science for core)
- Science #2 - all approved courses accepted. (fulfills Science for core)
- Science, Technology, and Society - all approved courses accepted. (fulfills Science, Technology, Society for core)
- Written Communication - all approved courses accepted. (fulfills Written Communication for core)
- Oral Communication - all approved courses accepted. (fulfills Oral Communication for core)
- Quantitative Reasoning - all approved courses accepted. (fulfills Quantitative Reasoning for core)

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirements, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core

## Electives (23-47 credits)

## Grade Requirements

- Students must earn a "C-" or better in all required Anthropology courses. The P/NP option is not available for this requirement.

## GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Arts degree.

## Course Requirements and Notes

- \* Only 6 hours of ANTH 41800, 42800, or 43800 may be used toward Area B requirements.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Additional Information

- Consultation with an advisor may result in an altered plan customized for an individual student.

## World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

Consultation with an advisor may result in an altered plan customized for an individual student.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

### 3 Year Degrees

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

### World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

### Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

Consultation with an advisor may result in an altered plan customized for an individual student.

### Science and Technology Studies Certificate

#### About the Certificate

STS examines central problems of our time using interdisciplinary approaches to inquire into the critical contexts and multifaceted relationships humans have with science and technology. Existing STS courses offered through the University Core have proven to be magnets for students across majors and colleges: STEM-focused students receive broad training in the social, economic, and ethical implications of their fields, while liberal arts students gain understanding of the central role science and technology play in all facets of contemporary lives and imagining possible futures.

This Certificate in STS will enable CLA and STEM students to pair their major with STS courses, providing a highly marketable, integrated training program in STEM-liberal education. An associated STS-focused learning community (currently under development) will foster an interdisciplinary cohort of students and faculty with shared interest in the social implications of technology. In structuring the roll-out of the STS Certificate this way, we will leverage the significant existing institutional, curricular, and faculty research strengths at Purdue while establishing Purdue as a thought-leader and job-placement leader in this field.

1. All students will begin the POS with the required ANTH 21000 - Technology And Culture, which will serve as a foundational course and a common baseline experience. This course is offered every semester, and is listed on the UCC (STS category) and the Cornerstone Certificate plan of study (Science and Technology Theme).
2. Students will then complete 9 credit hours of coursework from a pool of STS related courses. In order to encourage a maximize breadth of topics, students may only use 1 course from a single department to count toward the certificate.
3. For the final 3 units, students enroll in a hands-on practicum, internship, or research experience on an STS topic in their home department that will result in a research product that will be submitted to the year-end Undergraduate Research Symposium. Projects will be developed within their home major, but in consultation with the STS Certificate Advisory Committee (listed below).

## Minor

### **Anthropology Minor**

#### Requirements for the Minor (15 credits)

##### A. Choose One (3 credits)

- ANTH 20100 - Introduction To Archaeology And World Prehistory (Cornerstone Certificate)
- ANTH 20400 - Human Origins (Cornerstone Certificate)
- ANTH 20500 - Human Cultural Diversity (Cornerstone Certificate)

##### B. Additional Anthropology Courses 30000 level or higher (6 credits)

- ANTH 30000 - 59999 (any course)

## C. Additional Anthropology Courses (6 credits)

- ANTH 10000 - 59999 (any course)

## Notes

- Anthropology minors must earn a "C-" or better. The P/NP option is not available to complete this minor.
- 50% of credits for CLA minors must come from Purdue University.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## Program Information

## Anthropology Honors Supplemental Information

### B. Anthropology Honors Selectives (21 credits)

Seven courses from the following list in Anthropology. At least one course must be chosen from each of the first five fields.

#### 1. Sociocultural Anthropology

Minimum one course.

- ANTH 23000 - Gender Across Cultures (satisfies Behavioral/Social Sciences for core) (Science and Technology Studies Certificate)
- ANTH 28200 - Introduction To LGBTQ Studies
- ANTH 32700 - Environment And Culture (Cornerstone Certificate) (Science and Technology Studies Certificate)
- ANTH 34100 - Culture And Personality
- ANTH 37300 - Anthropology Of Religion
- ANTH 38000 - Using Anthropology In The World (Science and Technology Studies Certificate)
- ANTH 50500 - Culture And Society

## 2. Archaeology

Minimum one course.

- ANTH 25400 - Archaeological Hoaxes, Myths And Frauds (Science and Technology Studies Certificate)
- ANTH 25600 - Archaeology Of Beer
- ANTH 31100 - The Archaeology Of The Ancient Andes
- ANTH 31200 - The Archaeology Of Ancient Egypt And The Near East
- ANTH 31300 - Archaeology Of North America
- ANTH 50400 - Archaeological Theory

## 3. Biological Anthropology

Minimum one course.

- ANTH 21500 - Introduction To Forensic Anthropology
- ANTH 23500 - The Great Apes  
Environmental and Sustainability Studies Certificate
- ANTH 33500 - Primate Behavior  
Environmental and Sustainability Studies Certificate
- ANTH 33600 - Human Variation
- ANTH 33700 - Human Diet: Origins And Evolution (Cornerstone Certificate)
- ANTH 43600 - Human Evolution
- ANTH 53500 - Foundations Of Biological Anthropology
- ANTH 53600 - Primate Ecology

## 4. Linguistic Anthropology

Minimum one course.

- ANTH 36800 - Sociolinguistic Study Of African American English
- ANTH 41400 - Introduction To Language And Culture
- ANTH 51400 - Anthropological Linguistics

## 5. Methods courses

Minimum one course.

- ANTH 30600 - Quantitative Methods For Anthropological Research
- ANTH 38400 - Designing For People: Anthropological Approaches (Science and Technology Studies Certificate)
- ANTH 38500 - Community Engagement In Anthropology
- ANTH 39200 - Selected Topics In Anthropology (must be methods based course to satisfy Methods category)
- ANTH 40500 - Ethnographic Methods
- ANTH 41800 - Field Methods In Cultural Anthropology
- ANTH 42500 - Archaeological Method And Theory

- ANTH 42800 - Field Methods In Archaeology
- ANTH 43800 - Field Methods In Biological Anthropology
- ANTH 53400 - Human Osteology
- ANTH 58900 - Archaeology And Materials Science
- ANTH 59200 - Selected Topics In Anthropology (must be methods based variable title course to satisfy Methods category)

## 6. Cross Disciplinary Courses and Selected Topics

- ANTH 10000 - Being Human: Introduction To Anthropology
- ANTH 20300 - Biological Bases Of Human Social Behavior (satisfies Behavioral/Social Sciences for core) (Cornerstone Certificate)
- ANTH 21000 - Technology And Culture (satisfies Science, Technology & Society for core) (Cornerstone Certificate)
- ANTH 21200 - Culture, Food And Health (Cornerstone Certificate) (Science and Technology Studies Certificate)
- ANTH 30800 - Critical Data Studies
- ANTH 31000 - Mortuary Practices Across Cultures
- ANTH 34000 - Global Perspectives On Health (Cornerstone Certificate)
- ANTH 37700 - Anthropology Of Hunter-Gatherer Societies
- ANTH 37900 - Native American Cultures (satisfies Behavioral/Social Sciences for core)
- ANTH 50700 - History Of Theory In Anthropology
- ANTH 51900 - Introduction To Semiotics
- ANTH 39000 - Individual Research In Anthropology or
- ANTH 59000 - Individual Research Problems
- ANTH 39200 - Selected Topics In Anthropology or
- ANTH 59200 - Selected Topics In Anthropology

## Notes

\* Only 6 hours of ANTH 41800, 42800, or 43800 may be used toward Area B requirements.

## Anthropology of Health Concentration for Anthropology

### About the Concentration

This 12-credit concentration offers undergraduate students training in the Anthropology of Health. Cultural and biological factors interact to produce variation in human health outcomes around the world. The Department of Anthropology currently houses the Ethnolab (a dedicated space to support qualitative ethnographic research projects), the BioAnthropology Immuno-Nutrition Lab, (a collaborative wet lab space to support research in BioAnthropology, Immunology, and Nutrition), and a Space for Practice (a collaborative space to engage with anthropological practitioners). In these spaces, faculty and students can work on health-related academic and applied research and projects that dovetail with departmental signature strengths in *Applied Anthropology and Public Engagement; Health and Well-Being; Identity, Heritage, and Social Justice; and Science and Technology*. Anthropological concepts and methods will prepare students for a variety of careers related to health.

## **Applied Anthropology Concentration for Anthropology**

### About the Concentration

Many students are interested in using anthropological knowledge and skills to make change in the world. This 12-credit concentration offers undergraduate students the opportunity to learn about applying anthropology in a range of different work settings, gain skills for professional careers, and prepare materials to explain their anthropological skillset to prospective employers.

Applied/Practicing Anthropology is one of five signature research strengths in the Department of Anthropology through which we seek to study human diversity through time, expand knowledge of human cultural processes, and address global grand challenges. This concentration provides the chance to systematically engage with anthropological career development through classes and experiential learning.

Our faculty with applied interests can help students develop their career paths in medical anthropology, environmental anthropology, conservation, human rights and social justice work, cultural resource management, business/organizational and design anthropology to name some important areas.

## Concentration Courses (12 credits)

### Required Course (3 credits)

- ANTH 38000 - Using Anthropology In The World (Science and Technology Studies Certificate)

### Methods Course - Choose One: (3 credits)

- ANTH 30600 - Quantitative Methods For Anthropological Research
- ANTH 38400 - Designing For People: Anthropological Approaches (Science and Technology Studies Certificate)
- ANTH 38500 - Community Engagement In Anthropology
- ANTH 40500 - Ethnographic Methods

- ANTH 37900 - Native American Cultures (Environmental and Sustainability Studies Certificate)
- ANTH 38500 - Community Engagement In Anthropology  
\*ANTH 38500 may only count once in area B OR area C.
- ANTH 46000 - Contemporary Issues In Agriculture

# Archaeological Sciences Concentration for Anthropology

## About the Concentration

This 12-credit concentration offers undergraduate students specialized training and education in archaeological methods and theory. As one of four major sub-disciplines within Anthropology, archaeology provides important perspectives on the history and evolution of ancient societies that are crucial for understanding our world today.

Cultural Resource Management (CRM) has a long history of employing practicing archaeologists at a variety of degree levels in the private sector.

## Concentration Courses (12 credits)

### Methods Course (3 credits)

*Choose one.*

- ANTH 30600 - Quantitative Methods For Anthropological Research
- ANTH 42500 - Archaeological Method And Theory
- ANTH 42800 - Field Methods In Archaeology
- ANTH 53400 - Human Osteology
- ANTH 58900 - Archaeology And Materials Science
- ANTH 59200 - Selected Topics In Anthropology

### Topical/Theoretical Courses (9 credits)

*Choose three.*

- ANTH 25400 - Archaeological Hoaxes, Myths And Frauds (Science and Technology Studies Certificate)
- ANTH 25600 - Archaeology Of Beer
- ANTH 31000 - Mortuary Practices Across Cultures
- ANTH 31100 - The Archaeology Of The Ancient Andes
- ANTH 31200 - The Archaeology Of Ancient Egypt And The Near East
- ANTH 31300 - Archaeology Of North America (Environmental and Sustainability Studies Certificate)

- ANTH 37700 - Anthropology Of Hunter-Gatherer Societies (Environmental and Sustainability Studies Certificate)
- ANTH 39200 - Selected Topics In Anthropology
- ANTH 50400 - Archaeological Theory

# Bioarchaeology and Forensic Anthropology Concentration for Anthropology

This 12-credit concentration offers undergraduate students training in the field of bioarchaeology, the excavation and analysis of human skeletal remains from archaeological sites, from a broad perspective.

The Department of Anthropology currently houses a large skeletal collection in our Bioarchaeology Laboratory, in which faculty and students conduct research that dovetails with signature research strengths in the department related to health, social identity, and politics. Human skeletal remains offer an important source of information for the study of biological and cultural human variation.

## Concentration Courses (12 credits)

### Required Course (3 credits)

- ANTH 53400 - Human Osteology

### Methods Course (3 credits)

Provides the student with additional skills that will be useful for bioarchaeological research.

*Choose one.*

- ANTH 42500 - Archaeological Method And Theory
- ANTH 42800 - Field Methods In Archaeology
- ANTH 43800 - Field Methods In Biological Anthropology
- ANTH 58900 - Archaeology And Materials Science
- ANTH 59200 - Selected Topics In Anthropology

### Topical/Theoretical Courses (6 credits)

*Choose two.*

- ANTH 21200 - Culture, Food And Health (Science and Technology Studies Certificate)
- ANTH 21500 - Introduction To Forensic Anthropology
- ANTH 31000 - Mortuary Practices Across Cultures
- ANTH 31100 - The Archaeology Of The Ancient Andes
- ANTH 31200 - The Archaeology Of Ancient Egypt And The Near East

- ANTH 34000 - Global Perspectives On Health (Science and Technology Studies Certificate)
- ANTH 39200 - Selected Topics In Anthropology -Evolution of Human Disease
- ANTH 50400 - Archaeological Theory
- ANTH 53500 - Foundations Of Biological Anthropology

## **Biological Anthropology Concentration for Anthropology**

This 12-credit concentration offers undergraduate students a strong theoretical foundation in Biological Anthropology. Biological Anthropology unifies the biological and social sciences through the study of past and present human and non-human primate (NHP) populations.

Our faculty integrate biological and cultural perspectives to study human and NHP behavior, genetic variation and adaptation, evolution and ecology, anatomy and physiology, and ontogeny and health. Laboratory-based instruction is

an integral part of many of the concentration courses. We have an extensive early hominid cast collection, non-human primate casts, human bone casts, and a small collection of real human bone and comparative fauna. We also have Osteology, Primatology, Data Science and Computational Anthropology laboratories, and a Biohazard Level 2 Immuno-Nutrition laboratory.

## Concentration Courses (12 credits)

### Methods Course (3 credits)

*Choose one.*

- ANTH 30600 - Quantitative Methods For Anthropological Research
- ANTH 40500 - Ethnographic Methods

- ANTH 39200 - Selected Topics In Anthropology -Pregnancy, Birth, and Babies
- ANTH 43600 - Human Evolution
- ANTH 53500 - Foundations Of Biological Anthropology
- ANTH 53600 - Primate Ecology

## Cultural Anthropology Concentration for Anthropology

This concentration explores pressing global issues through the lens of culture, while introducing students to the core concepts, themes, methods, and ethical concerns that guide cultural anthropological research, analysis, and sensibilities.

Through this concentration students will learn how to identify and interpret the complexities of human culture-what makes cultures different? In what ways are cultures more alike than we might assume? Students examine and learn about variety of topics, including but not limited to: race and racism; ethnicity and nationalism; gender; sexuality; foodways; rights; kinship, family, and marriage; class and inequality; global economy; politics and power; arts and performance; digital worlds; religion, health and illness.

## **Ecological and Environmental Anthropology Concentration for Anthropology**

This 12-credit concentration offers undergraduate students a wide range of perspectives and approaches in ecological and environmental anthropology.

Ecological and Environmental Anthropology is one of five signature research strengths in the Department of Anthropology through which we seek to study human diversity through time, expand knowledge of human cultural processes, and address global grand challenges. The ways that we produce our food, the human-wildlife entanglements in our world, the deep history of human-environmental relationships, and even the ways that we talk and think about the environment have profound consequences for our diverse ways of being.

Our ecological and environmental anthropology faculty explore primate nutrition and conservation, sustainable livelihoods, human ecology, equity, and probe our public discourse to understand how we shape and are shaped by the world around us.

## Concentration Courses (12 credits)

## Notes

Students acquiring the Ecological and Environmental Anthropology concentration will be expected to achieve the following learning outcomes:

1. Students will be able to identify key ecological and environmental approaches in the four/five subfields of anthropology: cultural, linguistic, archaeological, biological, and applied.
2. Students will be able to identify the history of ecological and environmental anthropology and diverse approaches to sustainability and the environment.
3. Students will enhance their scientific and scholarly literacy through critical discussion, production of research papers, and dissemination of research efforts.
4. Students will work individually and in teams to apply different approaches to longstanding and emerging ecological and environmental challenges.

## Brian Lamb School of Communication

# About the Brian Lamb School of Communication Program

Almost all Purdue undergraduates experience the communication program, as each year more than 6,000 students across campus take a presentational speaking course from the Brian Lamb School of Communication (BLSC). Students who choose to major in communication within the Lamb School may focus their studies in one of eight areas of concentration:

- Business Communication
- Communication of Science and Technology
- General Communication
- Health Communication
- Interpersonal Communication
- Media and Mass Communication
- Political and Civic Communication
- Public Relations and Strategic Communication

The Lamb School has dedicated, full-time advisors who help students with course planning and career development and student organizations that provide opportunities for professional and scholarly growth. Graduates find careers in fields ranging from public relations to management, from law to ministry, and in areas such as sports and health.

Outside the classroom BLSC students have opportunities to practice career-oriented skills. Our students produce their own video news magazine called *Fast Track*, create our school's alumni newsletter *The Communicator*, and work in teams with local nonprofits to get real-world experience in public relations.

One of the greatest strengths of the communication program is its international opportunities. One of the greatest strengths of the communication program is its international opportunities. Through the university's study abroad office, students can take advantage of over 100 different programs. There are several programs tailored for BLSC students, such as semester programs in northern Italy and Copenhagen, Denmark. Every summer, internship/study programs are available in London and Sydney, and faculty-led programs have studied in Siena, Italy; Barcelona, Spain, and Beijing, China.

Recent summer offerings have included intensive study programs in Beijing and in Washington, D.C.

The Brian Lamb School of Communication now offers all concentration area in schedules that can be completed in three years. These course arrangements have the same number of total hours (120), and the same number of major hours (42 or 30), but compress them into three years. Please visit [Three Year Major or Degree in 3](#) for more information.

### Baccalaureate

## Communication: Business Communication, BA

### About the Program

Studying communication at Purdue allows you to learn what to do in order to be an effective communicator, but it also allows you learn why those things are effective. So yes, you might learn how to think and write critically, how to speak persuasively, how to work in organizations and with teams, and how to produce media packages and public relations documents. But you'll also learn why "best practices" got to be that way. You'll gain not only skills, but also the theories that help explain and grapple with how persuasion works (and doesn't work), the ethics of communication, and the nature of communication processes.

All students are required to take the same three foundational courses, and all students must take a writing class and a class focused on experiential learning. Students then choose one concentration that allows them to specialize.

**Business Communication** focuses on the theories, concepts, and skills necessary to understand how communication functions in and between organizations.

Coursework provides a background in organizational development, leadership and communication training, technology use, diversity and culture in organizations, global organizations and new forms of organizing, team processes and decision making, and social network analysis.

Please visit the Brian Lamb School of Communication for more information.

### Degree in 3

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## Other Departmental - Liberal Arts Core (28-52 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

### Core I: Discipline Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

### Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives (fulfills Humanities for core).

## Foundational Requirements (18-27)credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted (fulfill HUM for core)
- Behavioral/Social Science - all approved courses accepted (fulfills BSS for core)
- Information Literacy - all approved courses accepted (fulfills IL for core)
- Science #1 - all approved courses accepted (fulfills SCI for core)
- Science #2 - all approved courses accepted (fulfills SCI for core)
- Science, Technology, and Society - all approved courses accepted (fulfills STS for core)
- Written Communication - all approved courses accepted (fulfills WC for core)
- Oral Communication - fulfilled by COM 11400 in major (fulfills OC for core)
- Quantitative Reasoning - all approved courses accepted (fulfills QR for core)

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirements, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core.

## Electives (25-49 credits)

## Communication Grade Requirements

- Students must earn a "C-" or better in each Communication major course, including pre-com.

## Communication GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Arts degree.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Additional Information

- Consultation with an advisor may result in an altered plan customized for an individual student.

## World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-

Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

Consultation with an advisor may result in an altered plan customized for an individual student.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Communication: General Communication, BA

### About the Program

Studying communication at Purdue allows you to learn what to do in order to be an effective communicator, but it also allows you learn why those things are effective. So yes, you might learn how to think and write critically, how to speak persuasively, how to work in organizations and with teams, and how to produce media packages and public relations documents. But you'll also learn why "best practices" got to be that way. You'll gain not only skills, but also the theories that help explain and grapple with how persuasion works (and doesn't work), the ethics of communication, and the nature of communication processes.

All students are required to take the same three foundational courses, and all students must take a writing class and a class focused on experiential learning. Students then choose one concentration that allows them to specialize.

The **General Communication** concentration provides flexibility for students with interests across the areas of emphasis in the Lamb School.

Students can build their own major by choosing courses from across the school, ideally combining classes from two or three of the other concentrations that have some overlapping areas of instruction.

Please visit the Brian Lamb School of Communication for more information.

### Degree in 3

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## Other Departmental - Liberal Arts Core (28-52 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

### Core I: Discipline Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

### Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster

an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives (fulfills Humanities for core).

## Foundational Requirements (18-27)credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted (fulfill HUM for core)
- Behavioral/Social Science - all approved courses accepted (fulfills BSS for core)
- Information Literacy - all approved courses accepted (fulfills IL for core)
- Science #1 - all approved courses accepted (fulfills SCI for core)
- Science #2 - all approved courses accepted (fulfills SCI for core)
- Science, Technology, and Society - all approved courses accepted (fulfills STS for core)
- Written Communication - all approved courses accepted (fulfills WC for core)
- Oral Communication - fulfilled by COM 11400 in major (fulfills OC for core)
- Quantitative Reasoning - all approved courses accepted (fulfills QR for core)

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirements, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core.

## Electives (25-49 credits)

## Communication Grade Requirements

- Students must earn a "C-" or better in each Communication major course, including pre-com.

## Communication GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Arts degree.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Additional Information

- Consultation with an advisor may result in an altered plan customized for an individual student.

The Health Communication concentration will help students learn how to use communication strategies to inform and positively influence the health of individuals and societies. Whether it's trying to inspire people to adopt more nutritious diets, or ask better questions of their healthcare providers, students will learn and apply theories to promote healthy changes in populations.

The health communication concentration is for people looking to make a difference in the world.

## World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## **Communication: Interpersonal Communication, BA**

### About the Program

Studying communication at Purdue allows you to learn what to do in order to be an effective communicator, but it also allows you learn why those things are effective. So yes, you might learn how to think and write critically, how to speak persuasively, how to work in organizations and with teams, and how to produce media packages and public relations documents. But you'll also learn why "best practices" got to be that way. You'll gain not only skills, but also the theories that help explain and grapple with how persuasion works (and doesn't work), the ethics of communication, and the nature of communication processes.

All students are required to take the same three foundational courses, and all students must take a writing class and a class focused on experiential learning. Students then choose one concentration that allows them to specialize.

The Interpersonal Communication concentration develops students' ability to analyze interpersonal communication processes, solve communication difficulties, and build productive personal and professional relationships. Courses focus on managing conflict, providing support, leading and influencing others, and presenting oneself effectively.

The concentration prepares students for careers that prioritize "people" skills, including management, human resources, training and development, sales, social services, and counseling.

Please visit the Brian Lamb School of Communication for more information.

**Degree in 3**

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## Other Departmental - Liberal Arts Core (28-52 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

## Core I: Discipline Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

## Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives (fulfills Humanities for core).

## Foundational Requirements (18-27)credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted (fulfill HUM for core)
- Behavioral/Social Science - all approved courses accepted (fulfills BSS for core)
- Information Literacy - all approved courses accepted (fulfills IL for core)
- Science #1 - all approved courses accepted (fulfills SCI for core)
- Science #2 - all approved courses accepted (fulfills SCI for core)
- Science, Technology, and Society - all approved courses accepted (fulfills STS for core)
- Written Communication - all approved courses accepted (fulfills WC for core)
- Oral Communication - fulfilled by COM 11400 in major (fulfills OC for core)
- Quantitative Reasoning - all approved courses accepted (fulfills QR for core)

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirements, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core.

## Electives (25-49 credits)

## Communication Grade Requirements

- Students must earn a "C-" or better in each Communication major course, including pre-com.

## Communication GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Arts degree.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

**Political and civic communication** includes topics related to the interconnectedness of U.S. and international politics, media, interpersonal and group communication, as well as public relations and advertising. This area of study will help students learn the content, processes, and effects of political communication, how political and civic communication influence the social and physical environment in which we live, and the practical skills related to message construction, argumentation, and persuasion.

Coursework will prepare students for a wide range of career options, including but not limited to work in government, journalism, public relations, media, non-profit and NGOs, law, and academia.

## Other Departmental - Liberal Arts Core (28-52 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

### Core I: Discipline Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

### Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

### Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives (fulfills Humanities for core).

## Foundational Requirements (18-27)credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted (fulfill HUM for core)
- Behavioral/Social Science - all approved courses accepted (fulfills BSS for core)

- Information Literacy - all approved courses accepted (fulfills IL for core)
- Science #1 - all approved courses accepted (fulfills SCI for core)
- Science #2 - all approved courses accepted (fulfills SCI for core)
- Science, Technology, and Society - all approved courses accepted (fulfills STS for core)
- Written Communication - all approved courses accepted (fulfills WC for core)
- Oral Communication - fulfilled by COM 11400 in major (fulfills OC for core)
- Quantitative Reasoning - all approved courses accepted (fulfills QR for core)

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirements, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core.

## Electives (25-49 credits)

### Communication Grade Requirements

- Students must earn a "C-" or better in each Communication major course, including pre-com.

### Communication GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Arts degree.

### College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency [website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

### World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

### Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

# Communication: Public Relations and Strategic Communication, BA

## About the Program

Studying communication at Purdue allows you to learn what to do in order to be an effective communicator, but it also allows you learn why those things are effective. So yes, you might learn how to think and write critically, how to speak persuasively, how to work in organizations and with teams, and how to produce media packages and public relations documents. But you'll also learn why "best practices" got to be that way. You'll gain not only skills, but also the theories that help explain and grapple with how persuasion works (and doesn't work), the ethics of communication, and the nature of communication processes.

All students are required to take the same three foundational courses, and all students must take a writing class and a class focused on experiential learning. Students then choose one concentration that allows them to specialize.

The **Public Relations and Strategic Communication** concentration prepares students for careers in areas including public relations, advertising, fundraising and development, politics, and nonprofit work. This concentration provides students with the fundamentals of public relations writing and persuasion, as well as social media strategy, campaigns, dealing with controversy, theory applied to practice, crisis management, and generally how to manage relationships between organizations and their audiences.

Please visit the Brian Lamb School of Communication for more information.

### Degree in 3

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## Other Departmental - Liberal Arts Core (28-52 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

### Core I: Discipline Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

### Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

### Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives (fulfills Humanities for core).

## Foundational Requirements (18-27)credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted (fulfill HUM for core)

# Department of English

## About the English Program

In April 2019 *College Magazine* ranked Purdue's English Department #1 school in the U.S for English majors. We offer students skills in critical thinking and creative problem-solving; the ability to conduct research; facility with language and written and oral communication; respect for diversity; and the capacity to explain complexities as succinctly as possible. You can choose from five B.A. programs: English (focused on literature), English Education, Creative Writing, English in a Global Context and Professional Writing.

Purdue has several student organizations for English students which include the Student Association, Haraka Writers, and the Professional Writers Club.

The Purdue Online Writing Lab (OWL) offers a vast library of resources ranging from style guides to instructional material to assist Purdue students. OWL also is an international resource, with a Web site that receives nearly 100 million hits a year from more than 125 different countries.

### Creative Writing, BA

#### About the Program

While pursuing a BA in Creative Writing, students study literary texts and then produce their own poetry or fiction. The creative writing student is an artist. This major is perfect for those who love to write poems or stories, and who plan to do so no matter what. In addition to the required five courses in poetry or fiction writing, students must take five courses in English Literature or English Language. While some creative writing students attend graduate school to hone their skills and develop their art, others practice their craft in commercial industries like marketing or publishing. Ultimately, creative writers learn many skills that employers find desirable.

*Sycamore Review*, a nonprofit journal for the arts, was founded in 1988 and is published twice annually by Purdue University's Department of English.

Books and Coffee talks (hosted by the Department of English) are held several times throughout the school year. Coffee and tea are available, followed by a half-hour talk about a selected work. The series is popular with faculty, staff, and students.

Please visit Creative Writing for more information.

#### Degree Requirements

## 120 Credits Required

#### Liberal Arts Curriculum

Each liberal arts major is designed as a four-year plan of study and includes three types of courses: Major, Core, and Elective. Most students take five courses per semester, with some of each type.

Professional academic advisors meet individually with each of our students on a regular basis to help with course selection, academic planning, and career development, as well as to help students find additional resources on campus.

## Departmental/Program Major Course Requirements (30 credits)

### Required Course (3 credits)

A grade of "B-" or better is required before attempting courses in Area A.

- ENGL 20500 - Introduction To Creative Writing ♦

### A. Creative Writing Courses - Choose Four (12 credits)

All Creative Writing courses except 20500, 31600, and 31700 may be repeated once by Creative Writing majors for credit. (The 40000 and 50000 level courses should be taken in order in any given genre; exceptions are granted by the permission of instructor.)

- ENGL 31600 - Craft Of Fiction From A Writer's Perspective
- ENGL 31700 - Craft Of Poetry From a Writer's Perspective
- ENGL 40700 - Intermediate Poetry Writing
- ENGL 40800 - Creative Writing Capstone
- ENGL 40900 - Intermediate Fiction Writing
- ENGL 50700 - Advanced Poetry Writing
- ENGL 50900 - Advanced Fiction Writing

### B. Engaging English (3 credits)

May be taken concurrently with ENGL 20500.

- ENGL 20200 - Engaging English ♦

### C. Literature/Linguistics/English Education (12 credits)

- Any ENGL course not taken above; at least 9 credit hours must be at the 30000 level or above.

## Other Departmental (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

### Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

### Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose one course from this list: CLA Core II - Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives.

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted.
- Behavioral/Social Science - all approved courses accepted.
- Information Literacy - all approved courses accepted.
- Science #1 - all approved courses accepted.
- Science #2 - all approved courses accepted.
- Science, Technology, and Society - all approved courses accepted.
- Written Communication - all approved courses accepted.
- Oral Communication - all approved courses accepted.
- Quantitative Reasoning - all approved courses accepted.

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirement, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core.

## Electives (35-59 credits)

## Grade Requirements

- A grade of "B-" or better in ENGL 20500 is required before attempting courses in Area A.

## Course Requirements and Notes

- All Creative Writing courses (Area A) except 20500, 31600, and 31700 may be repeated once by Creative Writing majors for credit. (The 40000 and 50000 level courses should be taken in order in any given genre; exceptions are granted by the permission of instructor.)

### Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

### Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

### Additional Information

- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside CLA. Contact the CLA Advising Office for more information.

## English: English Literature Concentration, BA

### About the Program

While pursuing a BA in English, students may select from three distinct concentrations: English Literature, English Education and English Language in a Global Context. In all three, students have access to unique learning communities, internships, scholarships, study abroad opportunities and more, providing them with the foundations for collegiate success, and beyond.

The English Literature student is a reader. In this concentration, students read authors who have shaped the English-speaking globe and practice the skills necessary to negotiate a complex world.

By reading and writing about literature, you learn the kind of adaptive thinking, empathy, and creativity that the job market demands and that global citizenship requires. The study of English also promotes ethical thinking, curiosity about other times and places, and the ability to imagine alternatives to the status quo. Ultimately, reading and writing are forms of considerable power. As the British Romantic poet Percy Shelley put it, "Poets are the unacknowledged legislators of the World." As an English Literature student, you learn how to exert your power responsibly in whatever world you find yourself.

### 3 Year Degrees

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## Other Departmental (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

## Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

## Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose one course from this list: Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives.

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted.
- Behavioral/Social Science - all approved courses accepted.
- Information Literacy - all approved courses accepted.
- Science #1 - all approved courses accepted.
- Science #2 - all approved courses accepted.
- Science, Technology, and Society - all approved courses accepted.
- Written Communication - all approved courses accepted.
- Oral Communication - all approved courses accepted.
- Quantitative Reasoning - all approved courses accepted.

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirement, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core.

## Elective (32-59 Credits)

## Grade Requirements

- Students must earn a "C-" or better in each English course. The P/NP option is not available for this requirement.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency [website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Additional Information

- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside CLA. Contact the CLA Advising Office for more information.

## World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## **Professional Writing, BA**

### **About the Program**

While pursuing a BA in Professional Writing, students explore strands in technical writing or writing and publishing. The Professional Writing student is a multimedia-writing specialist. The major is perfect for those who enjoy organizing and presenting information in multiple formats. Professional Writing cultivates writing for the digital workplace; specializes in multimedia writing, visual rhetoric, usability, and emergent technologies, as well as print and digital publishing; and emphasizes collaboration, community service, and open-source development and documentation. It also requires a minor outside the English department to cultivate further expertise in a related area of interest.

Professional writing offers two major scholarships annually to undergraduates, each currently worth \$5,000, and focused on Technical Writing and Writing and Publishing.

All professional writing majors have opportunities to work with journals and magazines published in the English Department and two scholarly presses.

The *Purdue Exponent* student newspaper provides ample opportunity to hone journalism skills and get published on a regular basis. Professional writing majors often work as interns or in part-time positions with the newspaper.

Please visit Professional Writing for more information.

### **3 Year Degrees**

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

### **Degree Requirements**

## **120 Credits Required**

### **Liberal Arts Curriculum**

Each liberal arts major is designed as a four-year plan of study and includes three types of courses: Major, Core, and Elective. Most students take five courses per semester, with some of each type.

Professional academic advisors meet individually with each of our students on a regular basis to help with course selection, academic planning, and career development, as well as to help students find additional resources on campus.

## **Department of History**

### **About the History Program**

Purdue's approach to the study of history is equally varied among politics, society, culture, gender, race, war, diplomacy, science, and technology. The Department of History is deeply involved in educating students to think critically, with courses that teach not only what happened in the past but also how the past informs the present. History majors acquire skills in critical thinking and communication.

Historians inform modern discussions about the future of science and technology, medicine and public health, politics, society, culture, gender, race, war, and diplomacy. We do this in part by preparing students for graduate studies and careers in law, public policy, government, education, business, and many other fields. In our courses students acquire skills-how to research, read critically, write effectively, communicate verbally-and a sense of judgment that serve them well at Purdue University and prepare them for careers in a wide range of fields and occupations.

Within the history program, you also have opportunities to take honors courses, study abroad, do internships and research projects, and learn from our award-winning faculty. We invite you to come learn more!

# About the Program

The Department of History's Honors Program offers students the opportunity to engage in challenging courses, research, and sustained historical writing.

The program is a total of 6 credit hours. In the fall semester, students enroll in HIST 42100 - Honors Historical Methods. This course introduces students to the tools of the historian's craft. They investigate various interpretative approaches to history and discuss the work of several leading historians, examining how they build their arguments, the sources they use, and their contributions to our knowledge of the past. It is also during this semester that students choose their Thesis topic, their faculty mentor and begin their research.

In the spring, students register for HIST 42200 - Honors Thesis In Historical Research, which offers them 3 credit hours but is not actually a class. Rather, students work closely with their faculty mentor and write a 45-to-50 page historical essay based on their research. At the end of the spring semester, students provide an oral defense of their thesis and present their work to their families and to the History faculty at the annual History Honors Forum.

The History Honors Program has much to offer aspiring History Majors:

- fellowship with other like-minded students
- the opportunity to work one-on-one with a faculty member
- special opportunities to join conferences, seminars, and faculty receptions
- road trips to conduct research at major libraries and archives
- assistance with graduate school applications, statements, and letters

Our Honors students have earned prestigious fellowships and admittance to first-rate graduate programs across the US and abroad, including the doctoral programs in history at The College of William and Mary, University of North Carolina, Emory University, New York University, and The London School of Economics. Many of our Honors alumni have earned degrees in Law, Public History, and Foreign Service.

## Degree Requirements

# 120 Credits Required

## Liberal Arts Curriculum

Each liberal arts major is designed as a four-year plan of study and includes three types of courses: Major, Core, and Elective. Most students take five courses per semester, with some of each type.

Professional academic advisors meet individually with each of our students on a regular basis to help with course selection, academic planning, and career development, as well as to help students find additional resources on campus.

## Departmental/Program Major Course Requirements (33 credits)

### Note--HIST 39500

*Students must take at least 3 credits of HIST 39500♦ to fulfill either Area A, B, C, or D.*

### Area A - U.S. History (6 credits)

*Choose courses from Area A .*

### Area B - European History (6 credits)

*Choose courses from Area B.*

### Area C - Latin American, Asian, Middle Eastern, or African History (6 credits)

*Choose courses from Area C.*

### Area D - Period prior to 1800 (3 credits)

*Choose courses from Area D.*

### Area E (12 credits)

- HIST 42100 - Honors Historical Methods - must earn "B" or better
- HIST 42200 - Honors Thesis In Historical Research - must earn "B" or better
- HIST 40000 or 50000 level (excluding HIST 49900) - Credit Hours: 6.00  
*HIST 59000 can only be taken one time to satisfy Area E.*

## Other Departmental (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

## Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

## Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose one course from this list: Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives.

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted.
- Behavioral/Social Science - all approved courses accepted.
- Information Literacy - all approved courses accepted.
- Science #1 - all approved courses accepted.
- Science #2 - all approved courses accepted.
- Science, Technology, and Society - all approved courses accepted.
- Written Communication - all approved courses accepted.
- Oral Communication - all approved courses accepted.
- Quantitative Reasoning - all approved courses accepted.

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirement, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core.

## Electives (32-56 credits)

## Grade Requirements

- Students must earn a "C-" or better in each History course. The P/NP option is not available.

## GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Arts degree.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## University Requirements

- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Additional Information

- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside CLA. Contact the CLA Advising Office for more information.

## World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

Consultation with an advisor may result in an altered plan customized for an individual student.

## History, BA

## About the Program

Purdue's approach to the study of history is equally varied among politics, society, culture, gender, race, war, diplomacy, science, and technology. The Department of History is deeply involved in educating students to think

critically, with courses that teach not only what happened in the past but also how the past informs the present. History majors acquire skills in critical thinking and communication.

The department is dedicated to excellence in undergraduate and graduate teaching as well as historical research. The department's faculty members take pride in fostering close working relationships with students. The faculty members have national and international reputations for research, and the department has earned campus-wide recognition for excellent teaching. Departmental faculty consistently win major research awards and grants, hold offices in professional organizations, and serve on editorial boards at home and abroad as well as publish articles in major journals and critically acclaimed books.

Each year, the department coordinates study abroad trips around the world, most recently to Germany, Egypt, England, Greece, China, Spain and Turkey.

### **3 Year Degrees**

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

Consultation with an advisor may result in an altered plan customized for an individual student.

## Certificate

### Medical Humanities Certificate

#### About the Certificate

The Medical Humanities Certificate provides students with an understanding of how human experience, medical practice, and scientific technology intersect. Using an interdisciplinary approach, the program emphasizes how bioscience and health care take place within specific cultural and social contexts. The demand for professionals who can synthesize the ethical, social, historical, and practical aspects of health care continues to grow. This certificate will aid graduates pursuing degrees in pharmacy, medicine, occupational therapy, and other health professions, as well as law and graduate school programs to stand out.

# School of Interdisciplinary Studies

## About the Interdisciplinary Studies Program

The School of Interdisciplinary Studies (SIS) incorporates the various interdisciplinary programs in the College of Liberal Arts ranging from area studies, ethnic studies, to comparative studies. While each of our programs share the value of interdisciplinarity, our approaches range from multidisciplinary-in which people from different disciplines collaborate, interdisciplinary-in which knowledge and methods from different disciplines are integrated, to transdisciplinary-in which a new unity of intellectual frameworks are created beyond the originating disciplines. Despite this variation in approach, our programs all recognize the need and value of interdisciplinary approaches to integrate and synthesize knowledge to provide a fuller understanding of a topic. The School of Interdisciplinary Studies is a community of faculty and students enjoying an environment of rigorous and innovative intellectual inquiry.

The School of Interdisciplinary Studies (SIS) consists the following interdisciplinary programs: African American Studies, American Studies, Asian American Studies, Comparative Literature, Critical Disability Studies, Film & Video Studies, Global Studies, Jewish Studies, Latin American & Latino Studies, Linguistics, Native American and Indigenous Studies, Peace Studies, Religious Studies, and Women, Gender & Sexuality Studies.

## Baccalaureate

### African American Studies, BA

#### About the Program

The major in African American Studies has provided focus on the experience of African Americans and their connections to the African Diaspora in the Caribbean and Latin America. Coursework addresses such topics as cultural practices, with reference to literature, history, and film, as well as inequality as it relates to issues of nationality, race, class, and gender. The major provides students with a solid theoretical and research basis to pursue either graduate study, professional study or employment in business or industry and can often be completed with a second liberal arts major such as English, history, communication, psychology, or sociology. In addition, our faculty led study -abroad programs allow students global engagement that will benefit them upon graduation.

Please visit African American Studies for more information.

## Other Departmental - Liberal Arts Core (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

### Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

### Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

### Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives. (fulfills Humanities for core)

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted. (fulfills Humanities for core)
- Behavioral/Social Science - all approved courses accepted. (fulfills Behavioral/Social Science for core)
- Information Literacy - all approved courses accepted. (fulfills Information Literacy for core)
- Science #1 - all approved courses accepted. (fulfills Science for core)
- Science #2 - all approved courses accepted. (fulfills Science for core)

- Science, Technology, and Society - all approved courses accepted. (fulfills Science, Technology, Society for core)
- Written Communication - all approved courses accepted. (fulfills Written Communication for core)
- Oral Communication - all approved courses accepted. (fulfills Oral Communication for core)
- Quantitative Reasoning - all approved courses accepted. (fulfills Quantitative Reasoning for core)

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirements, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core

## Electives (25-59 credits)

## Grade Requirements

- Students must earn a "C-" or better in a course in order to count toward the major. The P/NP option is not available.

## GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Arts degree.

## Course Requirements and Notes

- Courses with \*\* may only be counted in one category.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## University Requirements

## University Core Requirements

### World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

### Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## American Studies, BA

### About the Program

American Studies introduces students to the interdisciplinary study of America as a place, a political and social idea, a set of values and traditions, and a people. The program provides students with the opportunity to examine America through the diversity of its ideas, texts, objects, institutions, practices, and histories as well as the complex social and political relationships. American Studies offers students the freedom to create an academic path that fits their interests and goals by choosing classes within a framework of required courses and a concentration area. The major is a practical second major for students already majoring in English, History, Sociology, or Political Science. With over 130 courses from which to choose, the American Studies major offers self-directed students the chance to integrate theories, practices, and content from over sixteen disciplines on the Purdue campus.

Please visit American Studies for more information.

### Degree Requirements

## 120 Credits Required

### Liberal Arts Curriculum

Each liberal arts major is designed as a four-year plan of study and includes three types of courses: Major, Core, and Elective. Most students take five courses per semester, with some of each type.

Professional academic advisors meet individually with each of our students on a regular basis to help with course selection, academic planning, and career development, as well as to help students find additional resources on campus.

### Departmental/Program Major Courses (30 credits)

#### A. American Studies Foundation Courses (12 credits)

- AMST 20100 - Interpreting America ♦ (satisfies Humanities for core)
- AMST 30100 - Perspectives On America - May be repeated ONCE either in place of AMST 49000 or to help fulfill Requirement B
- AMST 49000 - Senior Capstone In American Studies - must be taken for 6.00 credit hours.  
The capstone requirement may also be fulfilled through an additional AMST 30100 plus one additional course from the courses listed below in Requirement B.

#### B. American Studies Selectives (18 credits)

See American Studies Supplemental Information for selectives.

## Other Departmental (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

## Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

## Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language.

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted.
- Behavioral/Social Science - all approved courses accepted.
- Information Literacy - all approved courses accepted.
- Science #1 - all approved courses accepted.
- Science #2 - all approved courses accepted.
- Science, Technology, and Society - all approved courses accepted.
- Written Communication - all approved courses accepted.
- Quantitative Reasoning - all approved courses accepted.
- Oral Communication - all approved courses accepted.

## Notes

- Double counting of courses is allowed across the various categories.

- All accredited programs whose accreditation is threatened by CLA Core requirement, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core.

## Electives (35-59 credits)

## GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Arts degree.

## Grade Requirements

- Students must earn a "C-" or better in a course in order to count toward the major. The P/NP option is not available for this requirement.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## Comparative Literature, BA

### About the Program

Comparative Literature takes as its special mandate the teaching and comparing of world literature, not only as social documents but also as works of art whose full appreciation depends on the study of languages, an understanding of diversity and globalization, and an appreciation of various media. The program encourages the study of literature by promoting the study of a second or third foreign language and by sponsoring courses and dissertations that cut across national boundaries. The three introductory courses, Introduction to Comparative Literature, World Literature: From the Beginning to 1700 A.D., and World Literature: 1700 to the Present, give students a base upon which to build their studies. The Comparative Literature program is designed so that students can individualize their plans of study.

Comparative Literature recognizes that some fields - classics, medieval studies, Renaissance, post-colonial - are inherently comparative and seeks to facilitate the work of students and scholars in these fields. The program also recognizes the role of other disciplines, particularly history and philosophy, but also the social sciences and psychology in developing theoretical approaches to literature.

For graduate students, Comparative Literature Program offers the M.A. and Ph.D. degrees. Students should apply directly to the program through the Graduate School.

Please visit Comparative Literature for more information.

## Film & Video Production, BA

### About the Program

Film and Video Production is a professionally-oriented program with a strong liberal arts foundation. It brings together faculty and courses from the School of Languages & Cultures, English, Theatre, and Computer Graphics and Technology as well as from Information Technology at Purdue (ITaP), and the Elliott Hall of Music. The goal of this program is to help prepare students to meet the new challenges they will encounter as citizens and professionals in the information age, and to qualify them for immediate entry into professional careers or graduate programs in film or theater. The program helps students learn how to analyze, integrate, and apply the theories that form the basis of the film/video discipline, and to work in a practical, professional capacity.

To maximize their job prospects after graduation, students are encouraged to pursue second majors in related fields connected to their interests and abilities and actively seek real-world opportunities through internships.

Please visit [Film and Video Production](#) for more information.

## Other Departmental - Liberal Arts Core (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

### Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

### Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

### Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives. (fulfills Humanities for core)

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted. (fulfills Humanities for core)
- Behavioral/Social Science - all approved courses accepted. (fulfills Behavioral/Social Science for core)

- Information Literacy - all approved courses accepted. (fulfills Information Literacy for core)
- Science #1 - all approved courses accepted. (fulfills Science for core)
- Science #2 - all approved courses accepted. (fulfills Science for core)
- Science, Technology, and Society - all approved courses accepted. (fulfills Science, Technology, Society for core)
- Written Communication - all approved courses accepted. (fulfills Written Communication for core)
- Oral Communication - all approved courses accepted. (fulfills Oral Communication for core)
- Quantitative Reasoning - all approved courses accepted. (fulfills Quantitative Reasoning for core)

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirements, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core

## Electives (20-44 credits)

## GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Arts degree.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Additional Information

- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside CLA. Contact the CLA Advising Office for more information.

### World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

### Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Film & Video Studies, BA

# About the Program

Film & Video Studies (FVS) is an interdisciplinary major grounded in film and communication theory and history. In FVS you will learn how to think about, analyze, integrate, and apply the foundational theories of the film/video discipline through production and theory courses. Self-motivated students can create an interdisciplinary, individualized program for further study of film, video, and developing media or to enter the workforce in a creative capacity. To maximize your job prospects after graduation, you will be encouraged to pursue a second major in a related field connected to your interests and abilities, and to seek internships to enhance your abilities.

Please visit [Film and Video Studies](#) for more information.

# **Global Studies, BA**

## **About the Program**

The Global Studies Program provides Purdue undergraduates with a flexible yet rigorous interdisciplinary education in key issues confronting today's globalized world. Global Studies students at Purdue are ready for the world. Our students are not simply given the tools to understand the processes of globalization and their consequences, they are also encouraged and empowered to intervene in those processes and shape their world.

As a core team of faculty from various disciplinary backgrounds in the College of Liberal Arts, we are proud to say that we are in the business of training the next generation of global leaders in education, business, government, and social justice work.

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Linguistics, BA

### About the Program

Students in linguistics scientifically study languages of all kinds. Offering a flexible selection of courses, the program will help you develop the analytical and observational skills necessary to understand how language influences society and cultures around the world. Courses in linguistics cover the methods of analyzing language, roles of languages in societies, word formation processes, mechanisms of producing speech sounds, as well as broader skills such as systematic observation and description, and communicating clearly. Students learn ear training for discriminating speech sounds and analyze parts of speech, constituent phrases, sentence structure, representations, ambiguity, and applications of current theory. The program also offers a minor in Linguistics to complement other areas of study.

Please visit [Linguistics](#) for more information.

### 3 Year Degrees

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL -American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Religious Studies, BA

### About the Program

The religious studies program at Purdue offers students the opportunity to investigate how the different religious traditions of the world seek and understand ultimate reality, how this understanding influences human action and belief about the world, and how historical contexts influence religious thought and practice. By learning about the different religious traditions of the world and their historical contexts, students will cultivate a critical appreciation of diverse religious traditions. Students will have the opportunity to study this major from the perspective of different departments at Purdue, such as English, history, philosophy, sociology, and anthropology. Such an interdepartmental approach is designed to help students tailor the program to their special interests.

Please visit [Religious Studies](#) for more information.

## Other Departmental - Liberal Arts Core (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

## Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

## Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives. (fulfills Humanities for core)

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted. (fulfills Humanities for core)
- Behavioral/Social Science - all approved courses accepted. (fulfills Behavioral/Social Science for core)
- Information Literacy - all approved courses accepted. (fulfills Information Literacy for core)
- Science #1 - all approved courses accepted. (fulfills Science for core)

### Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

### Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

### Additional Information

- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside CLA. Contact the CLA Advising Office for more information.

## Women's, Gender & Sexuality Studies, BA

### About the Program

The Women's, Gender, and Sexuality Studies Program at Purdue University offers courses that critically assess the historical and social context and meanings attached to the categories of man and woman as well as the salience of gender identities that exist outside and beyond that dichotomy. Our courses provide students with the opportunity to examine systematically the role and politics of sexuality and to interrogate the discriminatory practices disadvantaging those who reject or fall outside of compulsory heteronormativity. Our program sponsors student engagement on issues central to feminism, promotes equality for all people regardless of the way they express their gender or sexuality, and nurtures academic research and scholarly inquiry that supports these core values.

Please visit Women's, Gender, and Sexuality Studies for more information.

## Certificate

### **Digital Humanities Certificate**

#### About the Certificate

The Digital Humanities Certificate is a 15-credit certificate that combines course work from the College of Liberal Arts and Libraries and School of Information Studies. Its primary objective is to better prepare students in both STEM fields and the liberal arts for the multidisciplinary demands of the 21st-century job market. The 15-credit Plan of Study consists of the required Introduction to Digital Humanities; a senior capstone project; and 9 additional credits consisting of one course from three of the following categories: Culture and Society, Digital Literacy, Programming, and Visualization.

Students who complete the Digital Humanities Certificate will be able to:

1. Identify various concepts and methods in digital humanities by defining them;
2. apply a range of methods and tools to conduct digital humanities inquiry and practice;
3. apply digital methods across disciplinary boundaries to conduct digital humanities inquiry and practice related to a variety of topics;
4. investigate ethical and social dimensions of digital scholarship, infrastructure and tools through hands-on making and telling activities;
5. assess the transformative potential of digital methods through research and critical inquiry;
6. design a process for developing and completing a digital project by building a digital project; and
7. build projects collaboratively by building a digital project.

## School of Languages and Cultures

### Overview

### About the Languages and Cultures Program

Our School offers undergraduate courses in language, literature, linguistics, culture, civilization, and film. We provide instruction in the target languages as well as some courses in English, in face to face, online, and blended formats, and instruction for heritage speakers of Chinese and Spanish.

Language clubs and honorary societies, guest lectures, international film series, coffee and tea conversation hours, and theater performances help enhance our students' knowledge and experience of other languages and cultures.

SLC faculty members cover a richly diverse range of research areas and have received international acclaim for their scholarship, as well as many prestigious teaching awards for their performance in the classroom. The following notable scholarly publications are edited by faculty and staff in the department: *Proceedings of the Japanese Literary Studies (PAJLS)*, *Purdue Studies in Romance Literatures (PSRL)*; and *Global Business Languages*.

One of SLC's strengths lies in its offerings of classes in languages for specialized purposes. These classes equip students with the practical communication skills they will need for using the target language while studying or traveling abroad, participating in internships, or preparing for globally oriented career paths. Such classes include business and scientific language classes at various levels and languages, as well as Medical Spanish and Spanish for the Professions. Certificates of achievement in languages for specialized purposes are in development and will give students tangible documentation of their practical language coursework; for an example, click here to view the one already available in German.

The Center for Technology-Enhanced Language Learning and Instruction (TELL Center) supports technology-oriented research and development applicable to foreign language instruction. The Center is committed to disseminating and sharing research results and developed products through a variety of channels for the betterment of the field of foreign language education. The Center has developed an online speaking practice/assessment/research platform, Speak Everywhere. It has been fully commercialized by e-Language Learning LLC and is available world-wide. For inquiries, use the Inquiry/Support link of the product website."

Study abroad is an important part of a language education, and our faculty and staff work in close collaboration with the Office of Programs for Study Abroad to find our students the best university programs in other countries.

### Asian Studies, BA

#### About the Program

Asian studies brings together an interdisciplinary group of faculty, staff, and students devoted to the study of China, Japan, Korea, Southeast Asia, and South Asia. The major combines the study of an Asian language (Chinese or Japanese) and non-language courses in literature, history, philosophy, political science, sociology, and art history. Asian countries account for more than half the world's population. This fact, combined with Asia's strong economic growth trends, ensures that Asian people, culture, and business will become an increasingly important world influence during students' lifetimes. Purdue has nearly 3,000 students who are citizens of Asian nations, providing a wealth of resources and connections for students of Asian studies. A major or minor in Asian Studies gives students a foundation for graduate work in the humanities, social sciences, business, law, or journalism. Knowledge of Asia and Asian

languages will prepare students for a wide range of careers in which international exposure, knowledge, and sensitivity are important.

Please visit Asian Studies for more information.

### **3 Year Degrees**

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## **Degree Requirements**

# **120 Credits Required**

## **Liberal Arts Curriculum**

Each liberal arts major is designed as a four-year plan of study and includes three types of courses: Major, Core, and Elective. Most students take five courses per semester, with some of each type.

Professional academic advisors meet individually with each of our students on a regular basis to help with course selection, academic planning, and career development, as well as to help students find additional resources on campus.

## **Departmental/Program Major Courses (27-28 credits)**

### **Pre-requisite Courses**

Students must complete the Level IV course in Japanese, Chinese, or Korean, either by examination for credit or by taking the classes for credit. If courses need to be taken for credit, the credits will be applied to Elective credit.

- CHNS 10100 - Chinese Level I
- CHNS 10200 - Chinese Level II
- CHNS 20100 - Chinese Level III
- JPNS 10100 - Japanese Level I
- JPNS 10200 - Japanese Level II
- JPNS 20100 - Japanese Level III
- KOR 10100 - Korean Level I
- KOR 10200 - Korean Level II
- KOR 20100 - Korean Level III

### **A. Language Requirement Course (3-4 credits)**

- CHNS 20200 - Chinese Level IV (satisfies Humanities for core) or
- JPNS 20200 - Japanese Level IV (satisfies Humanities for core) or

- KOR 20200 - Korean Level IV (satisfies Humanities for core)

## B. Survey course requirement (3 credits)

Students must take one of the following courses that offer a broad survey of Asia.

- HIST 24000 - East Asia And Its Historic Tradition (satisfies Humanities for core)
- HIST 24100 - East Asia In The Modern World (satisfies Humanities for core)
- LC 23500 - East Asian Literature In Translation
- POL 34800 - East Asian Politics

## C. Asian Studies Selectives - Choose Seven (21 credits)

- Asian Studies Selectives - Credit Hours: 21.00 (see Asian Studies Supplemental Information)

## Other Departmental - Liberal Arts Core (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

## Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

## Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives. (fulfills Humanities for core)

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted. (fulfills Humanities for core)
- Behavioral/Social Science - all approved courses accepted. (fulfills Behavioral/Social Science for core)
- Information Literacy - all approved courses accepted. (fulfills Information Literacy for core)
- Science #1 - all approved courses accepted. (fulfills Science for core)
- Science #2 - all approved courses accepted. (fulfills Science for core)
- Science, Technology, and Society - all approved courses accepted. (fulfills Science, Technology, Society for core)
- Written Communication - all approved courses accepted. (fulfills Written Communication for core)
- Oral Communication - all approved courses accepted. (fulfills Oral Communication for core)
- Quantitative Reasoning - all approved courses accepted. (fulfills Quantitative Reasoning for core)

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirements, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core

## Electives (37-62 credits)

## Minor Information

- Students completing an Asian Studies Major may not also declare an Asian Studies Minor, Chinese Studies Major, or Chinese Minor.

## GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Arts degree.

## Course Requirements and Notes

- Students must complete the 20200 level course in Japanese or Chinese or Korean, either by examination for credit or by taking the classes for credit, which can be applied to the World Language core requirement in the College of Liberal Arts.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Additional Information

- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside CLA. Contact the CLA Advising Office for more information.

## Chinese Studies--Education Track, BA

### About the Program

The Chinese Studies major offers academically rigorous courses in Chinese language, history, literature, culture, religion and film studies. Students will acquire the general literacy and appreciation of the richness and variety of traditional and modern Chinese studies in its broadest sense. They will also gain a deep understanding from reading and pondering the issues presented in the carefully selected materials regarding all the above areas. The goals of this major is to provide opportunities to Purdue students to study in depth about China and Chinese speaking regions and develop their academic skills and qualifications for careers related to China. Courses in the Chinese Studies major form broad perspectives to provide students with the experience that is fundamental to multicultural education and interdisciplinary studies.

Before undertaking this major, the student must establish language proficiency in Chinese equivalent to Chinese Level IV. Proficiency may be established by taking and passing Chinese 20200, by examination or by other evidence acceptable by the School of Language and Cultures.

The Teaching Track prepares students to teach Chinese in grades 5-12. Students will take courses in the School of Languages and Cultures and in the College of Education, will do student teaching in a local school, and upon successful completion of the degree program, will receive the teaching licensure required to teach in Indiana public schools.

This program meets state and national licensure standards and is accredited by the Council for the Accreditation of Education Preparation (CAEP) and the State of Indiana, State Board of Education. Admission to and successful completion of the Teacher Education Program (TEP) are required.

Please visit Chinese Studies for more information.

## Liberal Arts Curriculum

Each liberal arts major is designed as a four-year plan of study and includes three types of courses: Major, Core, and Elective. Most students take five courses per semester, with some of each type.

Professional academic advisors meet individually with each of our students on a regular basis to help with course selection, academic planning, and career development, as well as to help students find additional resources on campus.

## Departmental/Program Major Courses (33 credits)

### Pre-requisite Language Courses

Before undertaking this major, the student must establish language proficiency in Chinese equivalent to Chinese Level IV. Proficiency may be established by taking and passing CHNS 20200 - Chinese Level IV, by examination, or by other evidence acceptable by the School of Language and Cultures. If pre-requisite courses need to be taken for credit, the credits will be applied to Electives.

- CHNS 10100 - Chinese Level I

## Other Departmental - Liberal Arts Core (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

### Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

### Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives. (fulfills Humanities for core)

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted. (fulfills Humanities for core)
- Behavioral/Social Science - all approved courses accepted. (fulfills Behavioral/Social Science for core)
- Information Literacy - all approved courses accepted. (fulfills Information Literacy for core)
- Science #1 - all approved courses accepted. (fulfills Science for core)

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirements, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core

## Electives (32-56 credits)

### Grade Requirements

- No course with a grade lower than C- may be counted toward the Major. The P/NP option is not available for this requirement.
- No Department credit beyond CHNS 202, nor credit by exam, may be counted toward the Major.

### GPA Requirements

- A minimum GPA of 3.0/4.0 in the Major is required for the student to graduate with a Chinese Studies Major.
- 2.0 Graduation GPA required for Bachelor of Arts degree.

## Course Requirements and Notes

- For native speakers of Chinese who wish to major in Chinese Studies, CHNS 30100-40200 and 31300 do not count toward the Major. Students need to choose 33 credits from Areas B, C (except for CHNS 24100), and D.
- \* Indicates courses that can be repeated with different content.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

### Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

### Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

### Additional Information

- Students completing a Chinese Studies Major may not also declare a Chinese Minor, Asian Studies Major, or Asian Studies Minor.
- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside CLA. Contact the CLA Advising Office for more information.

## **Classical Studies-Classical Languages Track, BA**

### About the Program

Classical studies students explore interrelated disciplines with the goal of understanding everything possible about the world of the ancient Greeks and Romans (classic Greek and Latin) - classical Greek and Roman philosophy, art,

archaeology, and mythology. Classical Studies includes some of the best in literary genres, such as the first European epics, Homer's *Iliad* and *Odyssey*. To offer this broad kind of understanding, a well-rounded program in classical studies teaches not only the literature and linguistics of the ancients but their history, philosophy, and art, and archaeology. Classical studies majors are well-informed citizens who think critically and have a global understanding.

To help students develop their own interests, we offer a choice of three tracks emphasizing classical languages (Latin and ancient Greek), literature and culture, or material culture and history.

Please visit Classical Studies for more information.

### **3 Year Degrees**

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

Please visit Classical Studies for more information.

The Teaching Track prepares students to teach Latin in grades 5-12. Students will take courses in the School of Languages and Cultures and in the College of Education, will do student teaching in a local school, and upon successful completion of the degree program, will receive the teaching licensure required to teach in Indiana public schools.

This program meets state and national licensure standards and is accredited by the Council for the Accreditation of Educator Preparation (CAEP) and the State of Indiana, State Board of Education. Admission to and successful completion of the Teacher Education Program (TEP) are required.

### **3 Year Degrees**

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## **Degree Requirements**

# **120 Credits Required**

## **Liberal Arts Curriculum**

Each liberal arts major is designed as a four-year plan of study and includes three types of courses: Major, Core, and Elective. Most students take five courses per semester, with some of each type.

Professional academic advisors meet individually with each of our students on a regular basis to help with course selection, academic planning, and career development, as well as to help students find additional resources on campus.

## **Departmental/Program Major Courses (71 credits)**

## World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL -American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

Consultation with an advisor may result in an altered plan customized for an individual student.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

# Classical Studies-Literature & Culture Track, BA

## About the Program

Classical studies students explore interrelated disciplines with the goal of understanding everything possible about the world of the ancient Greeks and Romans (classic Greek and Latin) - classical Greek and Roman philosophy, art, archaeology, and mythology. Classical Studies includes some of the best in literary genres, such as the first European epics, Homer's *Iliad* and *Odyssey*. To offer this broad kind of understanding, a well-rounded program in classical studies teaches not only the literature and linguistics of the ancients but their history, philosophy, and art, and archaeology. Classical studies majors are well-informed citizens who think critically and have a global understanding.

To help students develop their own interests, we offer a choice of three tracks emphasizing classical languages (Latin and ancient Greek), literature and culture, or material culture and history.

Please visit Classical Studies for more information.

### D. Literature & Culture Selectives (9 credits)

*Choose an additional 3 courses (9 credits) from Areas B & C.*

### Other Departmental - Liberal Arts Core (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is

integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

## Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

## Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives. (fulfills Humanities for core)

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted. (fulfills Humanities for core)
- Behavioral/Social Science - all approved courses accepted. (fulfills Behavioral/Social Science for core)

### World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

### Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

# Classical Studies-Material Culture & History Track, BA

## About the Program

Classical studies students explore interrelated disciplines with the goal of understanding everything possible about the world of the ancient Greeks and Romans (classic Greek and Latin) - classical Greek and Roman philosophy, art, archaeology, and mythology. Classical Studies includes some of the best in literary genres, such as the first European epics, Homer's *Iliad* and *Odyssey*. To offer this broad kind of understanding, a well-rounded program in classical studies teaches not only the literature and linguistics of the ancients but their history, philosophy, and art, and archaeology. Classical studies majors are well-informed citizens who think critically and have a global understanding.

To help students develop their own interests, we offer a choice of three tracks emphasizing classical languages (Latin and ancient Greek), literature and culture, or material culture and history.

Please visit Classical Studies for more information.

### 3 Year Degrees

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## Degree Requirements

# 120 Credits Required

## Liberal Arts Curriculum

Each liberal arts major is designed as a four-year plan of study and includes three types of courses: Major, Core, and Elective. Most students take five courses per semester, with some of each type.

Professional academic advisors meet individually with each of our students on a regular basis to help with course selection, academic planning, and career development, as well as to help students find additional resources on campus.

## D. Material Culture & History Selectives (15 credits)

*Choose 5 additional courses (15 credits) from Areas B & C.*

## Other Departmental - Liberal Arts Core (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

### Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

### Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

### Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives. (fulfills Humanities for core)

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted. (fulfills Humanities for core)
- Behavioral/Social Science - all approved courses accepted. (fulfills Behavioral/Social Science for core)
- Information Literacy - all approved courses accepted. (fulfills Information Literacy for core)
- Science #1 - all approved courses accepted. (fulfills Science for core)
- Science #2 - all approved courses accepted. (fulfills Science for core)
- Science, Technology, and Society - all approved courses accepted. (fulfills Science, Technology, Society for core)
- Written Communication - all approved courses accepted. (fulfills Written Communication for core)
- Oral Communication - all approved courses accepted. (fulfills Oral Communication for core)
- Quantitative Reasoning - all approved courses accepted. (fulfills Quantitative Reasoning for core)

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirements, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core

## Electives (32-56 credits)

## Grade Requirements

- A Grade of "C" or better is required for any course used to fulfill a major requirement. The P/NP option is not available for this requirement.

## GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Arts degree.

## Course Requirements & Notes

- (\*) A course taken to satisfy one requirement of the major may NOT be used to satisfy another requirement.
- (\*\*) All language courses at the 102 level and above require appropriate preparation, to be determined by completing courses in sequence, by AP exam, by Language Placement test exam, or in consultation with the instructor.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## University Requirements

## University Core Requirements

For a complete listing of University Core Course Selectives, visit the [Provost's Website](#).

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency [website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Additional Information

- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside CLA. Contact the CLA Advising office for more information.

## **French--Education Track, BA**

### **About the Program**

The faculty and staff of the French section of the School of Languages and Cultures at Purdue University offer a full range of undergraduate and graduate courses in language, literature, linguistics, second language acquisition, pedagogy, and film. We also have many options for study abroad programs in France, from Spring Break, to full academic year, or semester-long programs. Undergraduates may opt to major or minor in French. Graduate students pursue either a Master's degree and/or a Ph.D. Our graduate students receive teaching assistantships. We are a vibrant, international team with diverse research, teaching, and social interests.

Please visit [French](#) for more information.

The Teaching Track prepares students to teach French in grades 5-12. Students will take courses in the School of Languages and Cultures and in the College of Education, will do student teaching in a local school, and upon successful completion of the degree program, will receive the teaching licensure required to teach in Indiana public schools.

This program meets state and national licensure standards and is accredited by the Council for the Accreditation of Educator Preparation (CAEP) and the State of Indiana, State Board of Education. Admission to and successful completion of the Teacher Education Program (TEP) are required.

#### **Degree in 3**

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## **French--Language & Culture Track, BA**

### **About the Program**

The faculty and staff of the French section of the School of Languages and Cultures at Purdue University offer a full range of undergraduate and graduate courses in language, literature, linguistics, second language acquisition, pedagogy, and film. We also have many options for study abroad programs in France, from Spring Break, to full academic year, or semester-long programs. Undergraduates may opt to major or minor in French. Graduate students pursue either a Master's degree and/or a Ph.D. Our graduate students receive teaching assistantships. We are a vibrant, international team with diverse research, teaching, and social interests.

Please visit [French](#) for more information.

#### **Degree in 3**

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## Other Departmental - Liberal Arts Core (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

## Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

## Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives. (fulfills Humanities for core)

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted. (fulfills Humanities for core)
- Behavioral/Social Science - all approved courses accepted. (fulfills Behavioral/Social Science for core)
- Information Literacy - all approved courses accepted. (fulfills Information Literacy for core)
- Science #1 - all approved courses accepted. (fulfills Science for core)
- Science #2 - all approved courses accepted. (fulfills Science for core)
- Science, Technology, and Society - all approved courses accepted. (fulfills Science, Technology, Society for core)
- Written Communication - all approved courses accepted. (fulfills Written Communication for core)
- Oral Communication - all approved courses accepted. (fulfills Oral Communication for core)
- Quantitative Reasoning - all approved courses accepted. (fulfills Quantitative Reasoning for core)

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirements, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core

## Electives (35-59 credits)

## Grade Requirements

- Students must achieve a minimum grade of "C" in each course used for the major.

## GPA Requirements

- A minimum GPA of B- (2.67/4.0) in the major is also required for the student to graduate with a French major.
- 2.0 Graduation GPA required for Bachelor of Arts degree.

## German--Education Track, BA

### About the Program

The Department of German and Russian in the School of Languages and Cultures offers undergraduate majors and minors in German and Russian as well as courses of study and expertise leading to the M.A. and Ph.D. in German literature and culture from the Middle Ages to the present, the M.A. and Ph.D. in German linguistics and Second Language Acquisition. It is also possible to study for the M.A. or Ph.D. in Comparative Literature with a focus in German.

The Teaching Track prepares students to teach German in grades 5-12. Students will take courses in the School of Languages and Cultures and in the College of Education, will do student teaching in a local school, and upon successful completion of the degree program, will receive the teaching licensure required to teach in Indiana public schools.

This program meets state and national licensure standards and is accredited by the Council for the Accreditation of Educator Preparation (CAEP) and the State of Indiana, State Board of Education. Admission to and successful completion of the Teacher Education Program (TEP) are required.

### **Business German at Purdue**

The Business German Program at Purdue consists of three courses, beginning at the second-year level. Our goal is to develop students' communicative competence in a variety of activities in the specialized field of German for Business and Economics (Wirtschaftsdeutsch). Topics covered in our courses include Germany's major industries and companies, the German market economy, Germany's role in international trade, marketing, the European Union and the Euro, applying for internships and jobs in Germany, and intercultural communication in German-American business encounters.

### **German for Science and Engineering**

The German Program at Purdue offers a track German for Science and Engineering consisting of three courses, beginning at the second-year level. Our goal is to develop students' communicative competence in a variety of activities with focus on German for Science and Engineering. Topics covered in our courses include the history of science and scientists in German, articles on scientific research in a variety of fields in Germany, Austria, and Switzerland, energy sources, approaches to these sources, to ecology, recycling methods, dealing with issues of pollution, information on various auto industries, live reports by students returning from study abroad or participating in other work abroad or research abroad programs. This course will further help with writing how to apply for jobs, practicing for interviews, and to prepare oneself in a culture-specific way for a global market in a German speaking environment. It will incorporate presentations by students propelled by their own interests and involving aspects of intercultural communication as most interesting for those studying German and disciplines of Science and Engineering.

### **Degree in 3**

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## **German--Language & Culture Track, BA**

## **About the Program**

The Department of German and Russian in the School of Languages and Cultures offers undergraduate majors and minors in German and Russian as well as courses of study and expertise leading to the M.A. and Ph.D. in German literature and culture from the Middle Ages to the present, the M.A. and Ph.D. in German linguistics and Second Language Acquisition. It is also possible to study for the M.A. or Ph.D. in Comparative Literature with a focus in German.

### **Business German at Purdue**

The Business German Program at Purdue consists of three courses, beginning at the second-year level. Our goal is to develop students' communicative competence in a variety of activities in the specialized field of German for Business and Economics (Wirtschaftsdeutsch). Topics covered in our courses include Germany's major industries and companies, the German market economy, Germany's role in international trade, marketing, the European Union and the Euro, applying for internships and jobs in Germany, and intercultural communication in German-American business encounters.

### **German for Science and Engineering**

The German Program at Purdue offers a track German for Science and Engineering consisting of three courses, beginning at the second-year level. Our goal is to develop students' communicative competence in a variety of activities with focus on German for Science and Engineering. Topics covered in our courses include the history of science and scientists in German, articles on scientific research in a variety of fields in Germany, Austria, and Switzerland, energy sources, approaches to these sources, to ecology, recycling methods, dealing with issues of pollution, information on various auto industries, live reports by students returning from study abroad or participating in other work abroad or research abroad programs. This course will further help with writing how to apply for jobs, practicing for interviews, and to prepare oneself in a culture-specific way for a global market in a German speaking environment. It will incorporate presentations by students propelled by their own interests and involving aspects of intercultural communication as most interesting for those studying German and disciplines of Science and Engineering.

### **Degree in 3**

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## Other Departmental - Liberal Arts Core (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

### Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

### Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

### Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives. (fulfills Humanities for core)

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted. (fulfills Humanities for core)
- Behavioral/Social Science - all approved courses accepted. (fulfills Behavioral/Social Science for core)

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Other Departmental - Liberal Arts Core (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

### Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

### Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

### Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives. (fulfills Humanities for core)

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted. (fulfills Humanities for core)
- Behavioral/Social Science - all approved courses accepted. (fulfills Behavioral/Social Science for core)
- Information Literacy - all approved courses accepted. (fulfills Information Literacy for core)
- Science #1 - all approved courses accepted. (fulfills Science for core)
- Science #2 - all approved courses accepted. (fulfills Science for core)
- Science, Technology, and Society - all approved courses accepted. (fulfills Science, Technology, Society for core)
- Written Communication - all approved courses accepted. (fulfills Written Communication for core)
- Oral Communication - all approved courses accepted. (fulfills Oral Communication for core)
- Quantitative Reasoning - all approved courses accepted. (fulfills Quantitative Reasoning for core)

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirements, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core

## Electives (35-59 credits)

## GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Arts degree.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Additional Information

- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside CLA. Contact the CLA Advising Office for more information.

## Japanese--Education Track, BA

## About the Program

Students may major or minor in Japanese. Study abroad is an important part of a language education, and our faculty and staff work in close collaboration with the International Programs for Study Abroad to find our students the best university programs in other countries.

The Teaching Track prepares students to teach Japanese in grades 5-12. Students will take courses in the School of Languages and Cultures and in the College of Education, will do student teaching in a local school, and upon successful completion of the degree program, will receive the teaching licensure required to teach in Indiana public schools.

This program meets state and national licensure standards and is accredited by the Council for the Accreditation of Educator Preparation (CAEP) and the State of Indiana, State Board of Education. Admission to and successful completion of the Teacher Education Program (TEP) are required.

Please visit [Japanese](#) for more information.

Each liberal arts major is designed as a four-year plan of study and includes three types of courses: Major, Core, and Elective. Most students take five courses per semester, with some of each type.

Professional academic advisors meet individually with each of our students on a regular basis to help with course selection, academic planning, and career development, as well as to help students find additional resources on campus.

#### **Departmental/Program Major Requirement Requirements (33 credits)**

##### **Pre-requisite Language Courses**

Before undertaking the major, students must establish proficiency equivalent to Japanese Level IV. Proficiency may be established by taking and passing JPNS 20200, by exam, or by other evidence acceptable to the School of Languages & Culture. If courses are taken for credit, these credits will be applied to Electives.

- JPNS 10100 - Japanese Level I
- JPNS 10200 - Japanese Level II
- JPNS 20100 - Japanese Level III
- JPNS 20200 - Japanese Level IV

##### **Japanese Major (33 credits)**

- JPNS 49000 - Special Topics In Japanese Language

## Other Departmental - Liberal Arts Core (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

## Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

## Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives. (fulfills Humanities for core)

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted. (fulfills Humanities for core)
- Behavioral/Social Science - all approved courses accepted. (fulfills Behavioral/Social Science for core)
- Information Literacy - all approved courses accepted. (fulfills Information Literacy for core)
- Science #1 - all approved courses accepted. (fulfills Science for core)
- Science #2 - all approved courses accepted. (fulfills Science for core)
- Science, Technology, and Society - all approved courses accepted. (fulfills Science, Technology, Society for core)
- Written Communication - all approved courses accepted. (fulfills Written Communication for core)
- Oral Communication - all approved courses accepted. (fulfills Oral Communication for core)
- Quantitative Reasoning - all approved courses accepted. (fulfills Quantitative Reasoning for core)

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirements, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core

## Electives (32-56 credits)

## Grade Requirements

- A minimum GPA of "B" (3.0/4.0) in the major is required for the student to graduate with a Japanese major. No Departmental credit beyond JPNS 20200 or credit by exam may be counted toward the major. The P/NP option is not available for this requirement.

## GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Arts degree.

# College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

### Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

### Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

### Additional Information

- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside of CLA. Contact the CLA Advising Office for more information.

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Russian, BA

### About the Program

Russian is an important world language and Russia has a rich culture which is notably different from that of Western Europe. The Russian Program offers courses in Russian language from first through fourth year, as well as courses in Russian literature, Russian linguistics, and Russian civilization and culture. Click here to see a list of courses which will be offered in the coming semester.

The Purdue Russian Program extends outside the classroom as well. We hold a weekly tea hour that allows students from all levels of Russian to meet, play games and practice their Russian in informal conversation. Sometimes international students from Russia or other Russian-speaking countries come too, which provides an opportunity for wider cultural contact. There is also the Russian Club (a student organization), which holds a variety of different activities of interest.

Please visit [Russian](#) for more information.

### 3 Year Degrees

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## Spanish--Education Track, BA

## About the Program

Purdue University's School of Languages and Cultures offers B.A., M.A. and Ph.D. degrees in Spanish. A minor is also offered in Portuguese, so students have the opportunity of combining Portuguese with their study of Spanish in interesting ways.

Several different degree options are available. The Spanish and Portuguese faculty has outstanding credentials, and shows a strong commitment to both research and teaching. If you choose Purdue for graduate study you can count on receiving individual attention from professors, and on working in a friendly and supportive environment.

The Teaching Track prepares students to teach Spanish in grades 5-12. Students will take courses in the School of Languages and Cultures and in the College of Education, will do student teaching in a local school, and upon successful completion of the degree program, will receive the teaching licensure required to teach in Indiana public schools.

This program meets state and national licensure standards and is accredited by the Council for the Accreditation of Educator Preparation (CAEP) and the State of Indiana, State Board of Education. Admission to and successful completion of the Teacher Education Program (TEP) are required.

Please visit Spanish and Portuguese for more information.

## Spanish--Language and Culture Track, BA

### About the Program

Purdue University's School of Languages and Cultures offers B.A., M.A. and Ph.D. degrees in Spanish. A minor is also offered in Portuguese, so students have the opportunity of combining Portuguese with their study of Spanish in interesting ways.

Several different degree options are available. The Spanish and Portuguese faculty has outstanding credentials, and shows a strong commitment to both research and teaching. If you choose Purdue for graduate study you can count on receiving individual attention from professors, and on working in a friendly and supportive environment.

Please visit [Spanish](#) and [Portuguese](#) for more information.

#### 3 Year Degrees

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## Other Departmental - Liberal Arts Core (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

### Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

### Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

### Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives. (fulfills Humanities for core)

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted. (fulfills Humanities for core)
- Behavioral/Social Science - all approved courses accepted. (fulfills Behavioral/Social Science for core)

# Department of Philosophy

### About the Philosophy Program

The Department of Philosophy offers courses of study leading to the B.A., M.A., and Ph.D. In addition to research specializations from across the field of contemporary analytic philosophy, the department's faculty also exhibit particular strengths in the history of philosophy and in continental European philosophy.

Philosophy graduates who apply to medical school have a high acceptance rate. *USA Today* has reported that of those who have gone on to law school, philosophy majors have performed better than students in any other major, which suggests that philosophy may be an ideal background for those intending to attend law school.

## **Baccalaureate**

### **Artificial Intelligence, BA**

#### About the Program

The major in Artificial Intelligence teaches students to ask basic questions about intelligence, including: the nature of concepts and cognition; what constitutes valid and sound inferences; the relation of mind to body; and the moral constraints on the use of intelligence. Students will learn to ask questions about the extent to which such intelligence could be realized through artificial means, and the ethical principles guiding such constructions, while learning the fundamental technical skills required for such construction.

#### Degree Requirements

### **120 Credits Required**

#### Liberal Arts Curriculum

Each liberal arts major is designed as a four-year plan of study and includes three types of courses: Major, Core, and Elective. Most students take five courses per semester, with some of each type.

Professional academic advisors meet individually with each of our students on a regular basis to help with course selection, academic planning, and career development, as well as to help students find additional resources on campus.

## Departmental/Program Major Course Requirements (40 credits)

### Area A: Required Courses (6 credits)

- CS 18200 - Foundations Of Computer Science
- PHIL 30300 - History Of Modern Philosophy (fulfills HUM for core)

### Area B: History of Philosophy (3 credits)

*Choose one.*

- PHIL 30100 - History Of Ancient Philosophy
- PHIL 30200 - History Of Medieval Philosophy
- PHIL 30400 - Nineteenth-Century Philosophy
- PHIL 30600 - Twentieth-Century Philosophy

### Note for Areas C & D

Of the courses used to satisfy Area requirements C and D, at least 9 credits MUST be at the 40000 or 50000 Level.

### Area C: Value Theory (3 credits)

*Choose one.*

- PHIL 24000 - Social And Political Philosophy
- PHIL 41100 - Modern Ethical Theories
- PHIL 42400 - Recent Ethical Theory

### Area D: Additional Philosophy Courses (15 credits)

*Select at least FIVE additional philosophy courses. Four of the five courses must come from the options below. Courses taken for Area A, Area B, or Area C may not be counted for Area D.*

- PHIL 43500 - Philosophy Of Mind
- PHIL 20700 - Ethics For Technology, Engineering, And Design or
- PHIL 20800 - Ethics Of Data Science
- PHIL 22100 - Introduction To Philosophy Of Science or
- PHIL 32200 - Philosophy Of Technology or
- PHIL 42100 - Philosophy Of Science
- PHIL 35000 - Philosophy And Probability or
- PHIL 55300 - Mathematical Logic

### Area E: Required Computer Science Courses (13 credits)

- CS 10100 - Digital Literacy (fulfills STS for core)
- CS 17600 - Data Engineering In Python

- CS 18000 - Problem Solving And Object-Oriented Programming
- CS 24200 - Introduction To Data Science or
- CS 29000 - Topics In Computer Sciences - (AI Basics)

## Other Departmental (31-46 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

## Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

## Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives.

## Foundational Requirements (21 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - fulfilled by PHIL 30300.
- Behavioral/Social Science - all approved courses accepted.
- Information Literacy - all approved courses accepted.
- Science #1 - all approved courses accepted.
- Science #2 - all approved courses accepted.
- Science, Technology, and Society - fulfilled by CS 10100.
- Written Communication - all approved courses accepted.
- Oral Communication - all approved courses accepted.
- Quantitative Reasoning - all approved courses accepted.

## Notes

- Double counting of courses is allowed across the various categories.
- PHIL 15000 may not count toward the major.
- All accredited programs whose accreditation is threatened by CLA Core requirement, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core.

## Electives (34-49 credits)

### GPA Requirements

- Students must maintain a 2.0 GPA in courses applying toward the PHIL major. The P/NP option does not satisfy this requirement.
- 2.0 Graduation GPA required for Bachelor of Arts degree.

### Course Requirements and Notes

- PHIL 15000 may not be counted toward the major.
- Courses taken for Area A, Area B, or Area C may not be counted for Area D.
- Of the courses used to satisfy Area requirements C and D, at least 9 credits MUST be at the 40000 or 50000 Level.

### College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## University Requirements

### University Core Requirements

For a complete listing of University Core Course Selectives, visit the [Provost's Website](#).

- Written Communication (WC)

### Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Additional Information

- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside CLA. Contact the CLA Advising Office for more information.

## World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

Consultation with an advisor may result in an altered plan customized for an individual student.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

## **Philosophy, BA**

### **About the Program**

The Philosophy curriculum provides the opportunity to study a wide range of philosophical issues from a diverse array of philosophical traditions, methodologies and perspectives. Students engage important portions of their intellectual heritage through the writings of influential philosophers of the past and present, and acquire a sense of the influence of these figures on the broader society and culture.

Please visit Philosophy for more information.

#### **3 Year Degrees**

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

### **Degree Requirements**

## **120 Credits Required**

## World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

# Department of Political Science

## About the Political Science Program

Political Science is the study of governments, their institutions, policies, and processes, and the study of people, their beliefs, their decision-processes, their attitudes and behavior. Political Science uses rigorous research methods and scientific perspectives to examine the complex and challenging problems facing United States and all regions of the world. We offer innovative coursework in international relations, public policy, American politics, environmental politics, politics of groups and identity, and comparative politics.

### Political Science, BA

## About the Program

Are you interested in American politics? International affairs? Critical issues such as health, the environment, civil rights? Theories concerning the ideal government and how power and resources are allocated in society? Political science is the study of governments, public policies,

and political behavior. Political science uses both humanistic and scientific perspectives and skills to examine the United States, all countries and regions of the world.

As a political science major, you will hone the writing, communication, and analytical skills that are critical to a liberal arts education. This kind of education will prepare you to think critically and independently, with tolerance for others and concern for current affairs. Students select one area of specialization from four sub-fields: American political systems, processes, and behavior; comparative political systems, processes, and behavior; international relations; public policy and political theory.

Political science training also provides valuable preparation for participating in community organizations, electoral politics, movements on behalf of specific policies, and especially for seeking elective or appointive positions in government.

Please visit Political Science for more information.

### **3 Year Degrees**

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## **Degree Requirements**

# **120 Credits Required**

## **Liberal Arts Curriculum**

Each liberal arts major is designed as a four-year plan of study and includes three types of courses: Major, Core, and Elective. Most students take five courses per semester, with some of each type.

Professional academic advisors meet individually with each of our students on a regular basis to help with course selection, academic planning, and career development, as well as to help students find additional resources on campus.

## Departmental/Program Major Courses Requirements (33 credits)

### A. Required Course in Introductory Political Science (3 credits)

Choose one of the following courses.

- POL 10100 - American Government And Politics (satisfies Behavioral/Social Sciences for core)
- POL 12000 - Introduction To Public Policy And Public Administration (satisfies Behavioral/Social Sciences for core)
- POL 13000 - Introduction To International Relations (satisfies Behavioral/Social Sciences for core)
- POL 14100 - Governments Of The World (satisfies Behavioral/Social Science for core)
- POL 15000 - Introduction To Political Thought

### B. Introduction to Political Analysis Methods (3 credits)

- POL 30000 - Introduction To Political Analysis (satisfies Information Literacy for core)

### C. Areas of Political Science: Specialization (9 credits)

- Choose three courses from one of the four POL Areas listed here.
- At least three credits of which shall be numbered 30000 or higher.

### D. Areas of Political Science: Breadth (15 credits)

- Choose five courses in POL from this list, at least two of which shall be numbered 40000 level or higher. Students must select at least one course from two areas other than those in Requirement C.
  - I. American Political Systems, Processes, and Behavior
  - II. Comparative Political Systems, Processes, and Behavior
  - III. International Relations
  - IV. Public Policy and Political Theory

### E. Capstone Course (3 credits)

Choose one of the following:

- POL 49100 - Political Science Senior Seminar
- POL 49500 - Undergraduate Research Experience - projects must have departmental approval
- POL - Any 40000-Level Honors Only class - Credit Hours: 3.00
- POL - Any 50000-Level class (excluding POL 59000) - Credit Hours: 3.00
- POL - Any course from a full semester study abroad program (with approval by the Department) - Credit Hours: 3.00

## Optional Concentration (9-12 credits)

- Environmental Politics and Policy Concentration for Political Science
- Legal Foundations of Governance and Policy Concentration for Political Science
- Politics of Diversity, Equity, and Inclusion Concentration for Political Science

## Other Departmental (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

## Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

## Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 from the Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives.

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted.
- Behavioral/Social Science - all approved courses accepted.
- Information Literacy - all approved courses accepted.
- Science #1 - all approved courses accepted.
- Science #2 - all approved courses accepted.
- Science, Technology, and Society - all approved courses accepted.
- Written Communication - all approved courses accepted.
- Oral Communication - all approved courses accepted.

- Quantitative Reasoning - all approved courses accepted.

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirement, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core.

## Electives (32-56 credits)

## Grade Requirements

- Political Science Majors must earn a "C-" or better in any course used to fulfill a major requirement. The P/NP option is not available for this requirement.

## GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Arts degree.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## University Requirements

## University Core Requirements

For a complete listing of University Core Course Selectives, visit the [Provost's Website](#).

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Additional Information

- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside of CLA. Contact the CLA Advising Office for more information.

### Certificate

## Environmental and Sustainability Studies Certificate

### About the Certificate

This interdisciplinary program will appeal to students interested in studying environmental and sustainability problems from a wide range of perspectives. The certificate will give students working in multiple disciplines a broad exposure to how environmental and sustainability challenges and solutions are conceived, represented, and researched in the Humanities, Social Sciences, Agriculture, and STEM disciplines. The program will introduce students to a wide range of environmental issues from diverse perspectives so that they may more thoroughly comprehend and critically evaluate today's environmental and sustainability challenges.

## Public Policy Certificate

### About the Certificate

The Public Policy certificate prepares students with a deeper understanding of the reach and impact of policy decisions intended to create solutions to societal problems. Students will learn how policies are influenced and changed by effective communication on important issues proposed by governments, businesses, political parties, and other entities for multiple audiences. The coursework spans major themes of policy including but not limited to social policy, economic policy and policies related to science, technology and the environment. Given the broad reach of policy and regulation, the Public Policy certificate has important implications for a wide array of academic majors across the university.

## Environmental Politics and Policy Concentration for Political Science

The environmental policy field is a growing area of importance as governments grapple with an expanding number of environmental challenges, ranging from global climate change to endangered species protections to pollution threats to air and water quality. This 12-credit concentration offers political science majors an opportunity to build a distinct expertise in the key actors, issues, policy designs, and governance principles in this area. Students who complete this concentration may apply their knowledge in environmental policy-related careers in the public sector, in law, or also in the private sector working in government relations, compliance, or other positions with firms facing important environmental challenges.

### Required Course (3 credits)

- POL 22300 - Introduction To Environmental Policy

## Selective Courses - Choose Three (9 credits)\*

*\*Other courses relevant to Environmental Politics and Policy may be substituted on an individual basis with approval from the Political Science Department.*

*POL 42900 and POL 52000 are variable title courses and may apply to the minor when the topic relates to Environmental Politics and Policy.*

- POL 32300 - Comparative Environmental Policy
- POL 32700 - Global Green Politics
- POL 42300 - International Environmental Policy
- POL 42500 - Environmental Law And Politics
- POL 42800 - The Politics Of Regulation
- POL 42900 - Contemporary Political Problems
- POL 52000 - Special Topics In Public Policy
- POL 52300 - Environmental Politics And Public Policy

## Legal Foundations of Governance and Policy Concentration for Political Science

This 9-hour concentration provides students with an understanding of the role of courts in American government and politics, and allows them to develop a substantive background in one or more areas of law. The two required courses are designed to introduce students to the structure, process and actors involved in our legal system; to the internal and external forces that affect the operation and outcomes of the courts; and to the role of courts as political institutions. They also introduce students to important concepts such as judicial review, justiciability, and the role courts have played in defining the limits of presidential and congressional power, and in shaping federal-state relations.

The elective courses allow students to build on these introductory level classes and focus intently on a particular area of law. These include, but are not limited to, administrative law, international law, issues related to gender equality (e.g., employment discrimination, sexual harassment, domestic abuse, same-sex schools), and constitutional conflicts involving the Bill of Rights and the Fourteenth Amendment.

## Required Courses (6 credits)

- POL 46000 - Judicial Politics
- POL 46100 - Constitutional Law I

## Additional Course (3 credits)

*Choose one.*

- POL 15000 - Introduction To Political Thought
- POL 36000 - Women And The Law
- POL 42800 - The Politics Of Regulation
- POL 43801 - International Human Rights
- POL 46200 - Constitutional Law II

## Politics of Diversity, Equity, and Inclusion Concentration for Political Science

The Diversity, Equity, and Inclusion (DEI) Task Force recommends the Politics of Identity and Justice Concentration as a critical component of the Political Science undergraduate curriculum. Consistent with the charge provided to the DEI Task Force, we recommend this concentration as an intentional DEI effort to ensure the department can "fully meet our central mission of promoting discovery and learning that addresses fundamental questions of governance and politics, broadly training the next generation of scholars, and producing research and education that makes a tangible difference in society."

### Overview

This 9-hour certificate explores how political systems address long-standing challenges of economic, racial, and other forms of structural disadvantage, discrimination, and inequality. Students in this concentration gain knowledge in how governments and civil society deal with these challenges at the local, national, and international level. Students explore how political elites and citizens can create inclusive communities that thrive and flourish, while gaining expertise on issues of diversity, justice and identity.

This concentration provides majors with a critical qualification for nearly all career opportunities in the public and private sector; the "business case" for expertise in diversity and inclusion is widely accepted among employers. The

nine-hour concentration serves as a foundation for graduate education and, law school as well as for employment paths in government, advocacy organizations, non-profits, and corporations.

## Required Courses (9 credits)

Take any 3 (three) of these courses.

- POL 15000 - Introduction To Political Thought

## Department of Sociology

### About the Sociology Program

The Sociology undergraduate program offers students the opportunity to examine the organization, structure, societal changes among the various social groups. Never has there been a greater need for sociological understanding and research focused on the problems and issues of our time. We combine rigorous methods of inquiry and analysis to examine social problems pertaining to uncertainty about the economy, health care, labor market, race and ethnic relations, mass media, the environment, social movements, shifting gender arrangements and issues, deviance and social control, and religion are just some of the issues you will study as a sociology major. The Sociology Department is home to the Social Research Institute (SRI). Purdue has a student chapter of Alpha Kappa Delta, a sociology/law and

society organization. Students interested in legal professions and occupations are encouraged to join the Purdue Pre-Law Club. Law and Society majors may pursue a service learning course in their third or fourth year.

## Other Departmental (40-58 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

## Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

## Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose one course from the Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives. (fulfills Humanities for core)

## Core IV: Additional Course Requirements (12 credits)

- MA 16010 - Applied Calculus I (satisfies Quantitative Reasoning for core)
- MA 16020 - Applied Calculus II (satisfies Quantitative Reasoning for core)
- PSY 12000 - Elementary Psychology
- PSY 35000 - Abnormal Psychology

## Foundational Requirements (18-21 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted. (fulfills Humanities for core)
- Behavioral/Social Science - fulfilled by PSY 12000. (fulfills Behavioral/Social Science for core)
- Information Literacy - all approved courses accepted. (fulfills Information Literacy for core)
- Science #1 - all approved courses accepted. (fulfills Science for core)
- Science #2 - all approved courses accepted. (fulfills Science for core)
- Science, Technology, and Society - all approved courses accepted. (fulfills Science, Technology, Society for core)
- Written Communication - all approved courses accepted. (fulfills Written Communication for core)
- Oral Communication - all approved courses accepted. (fulfills Oral Communication for core)
- Quantitative Reasoning - fulfilled by MA 16010 & MA 16020. (fulfills Quantitative Reasoning for core)

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirement, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core.

## Electives (5-23 credits)

## Grade Requirements

- Majors must earn a "C-" or better in any course used to fulfill a major requirement, including prerequisites. The P/NP option is not available for this requirement.

## GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Arts degree.

## Course Requirements and Notes

- *SOC 39000 may only be counted twice for a total of 6 credits.*
- *SOC 39103 may only be counted twice for a total of 6 credits.*

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## University Requirements

### University Core Requirements

For a complete listing of University Core Course Selectives, visit the [Provost's Website](#).

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)

### Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

### Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

### Additional Information

- Students may not major in Sociology, Law and Society, and Digital Criminology.
- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside CLA. Contact the CLA Advising Office for more information.

## World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student

must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

Consultation with an advisor may result in an altered plan customized for an individual student.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Law and Society, BA

## About the Program

Law and society is a sociology major emphasizing concepts, theories, and research methods as applied to the study of law and law-related structures and processes. Coursework encompasses a variety of areas including deviant behavior, juvenile delinquency, the role of law in society, family law, and the sociology of police. These areas of study are intertwined with other crucial sociological concerns such as inequality, power, social organization, social psychology, social change, race, gender, culture, and communication.

Please visit Law and Society for more information.

### **3 Year Degrees**

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## **Degree Requirements**

# **120 Credits Required**

## **Liberal Arts Curriculum**

Each liberal arts major is designed as a four-year plan of study and includes three types of courses: Major, Core, and Elective. Most students take five courses per semester, with some of each type.

Professional academic advisors meet individually with each of our students on a regular basis to help with course selection, academic planning, and career development, as well as to help students find additional resources on campus.

## Other Departmental - Liberal Arts Core (31-55 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

### Core I: Disciplinary Diversity (6-18 credits)

Choose 1 course in 6 different disciplines within the College of Liberal Arts.

Note: Disciplines are differentiated by course prefix. Undistributed credit does not count to satisfy this requirement.

### Core II: Social Diversity (1-3 credits)

Culture, religion, disability, gender, sexual orientation, race and ethnicity all play a role in how others perceive us and how we experience the world, and as such, are meaningful categories for analyzing social change and social problems past and present. The purpose of this category is to acquaint students with the pluralistic nature of the world and foster

an appreciation and awareness of the diverse range of lived human experience. Courses in this list will expose students to important aspects of human diversity and foster understanding about different world views.

Choose 1 course from the Social Diversity Selective List.

## Core III: Linguistic Diversity (3-4 credits)

Proficiency through Level IV in one world language. Courses may be required to reach Level IV proficiency; these courses will be counted toward electives.

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes. Many of these can also be used to fulfill Core I, Core II, or Core III.

- Humanities - all approved courses accepted.

# Patti and Rusty Rueff School of Design, Art, and Performance

## About the Patti and Rusty Rueff School of Design, Art, and Performance

The Patti & Rusty Rueff School of Design, Art, and Performance offers undergraduate and graduate programs in the traditional studio arts, art education, art history, industrial design, visual communications design, interior design, theatre, dance and music. The Rueff School's main facility, Yue-Kong Pao Hall, includes the Nancy T. Hansen Theatre, Carole and Gordon Mallett Theatre and the Rueff Galleries. The exciting calendar of lectures, performances, workshops and exhibitions in Pao Hall and across the campus are open to the community.

Our internationally-acclaimed faculty publish, teach, exhibit, lecture and perform across the country and around the world. We are a vibrant community of thinkers, artists, performers, creators, composers and makers. Join us for an exceptional and inspiring education in the arts at a world-class university.

The Rueff School is accredited by the **National Association of Schools of Art and Design** and by the **National Association of Schools of Theatre**.

## Baccalaureate

### Art History, BA

#### About the Program

How do we interpret the narrative imagery of an Ancient Near Eastern sculptural relief? Why did the Spanish artist Salvador Dalí paint pictures in a dreamlike Surrealistic manner? These are examples of the types of questions art historians ask and try to answer by studying the visual arts of both the distant and more recent past. They seek to understand the cultural values expressed in a work of art, and to show how the latter fits into a larger context or tradition to which individual artists belong. The result is that a painting, statue, building, or piece of jewelry comes to life and gives us a fresh insight into mankind's ever-changing experience and ways of seeing the world.

Students are taught to think critically and do research, learn theoretical aspects of this field, and express themselves effectively in written and oral form. Several of our courses contribute to interdisciplinary programs in Classical Studies, Latin American and Latino Studies, Women's, Gender, and Sexuality Studies, and Italian Studies. Students with an undergraduate degree in Art History may go to graduate school to prepare for a future career in teaching, in the museum world, in art-dealing or in art journalism. The major in Art History must be accompanied by a minor, which can be in any number of fields including fine arts, political and social history, literature, philosophy, anthropology, or a foreign language. It also is important to acquire a reading knowledge of German and/or French by the senior year, because of these languages' value in any future art-historical study at the graduate level.

Please visit Art History for more information.

#### Degree Requirements

## 120 Credits Required

#### Liberal Arts Curriculum

Each liberal arts major is designed as a four-year plan of study and includes three types of courses: Major, Core, and Elective. Most students take five courses per semester, with some of each type.

Professional academic advisors meet individually with each of our students on a regular basis to help with course selection, academic planning, and career development, as well as to help students find additional resources on campus.

#### Departmental/Program Major Courses (39 credits)

##### A. A&D Courses (9 credits)

To be completed preferably by the end of the second year.

## 1. General Surveys of the History of Art (6 credits)

- AD 22600 - History Of Art To 1400 (satisfies Humanities for Core)
- AD 22700 - History Of Art Since 1400 (satisfies Humanities for Core)

## 2. Studio Art (3 credits)

- AD 11300 - Basic Drawing (satisfies Humanities for Core)
- AD 11700 - Black And White Photography (satisfies Humanities for Core)
- AD 11900 - Color Photography
- AD 20000 - Beginning Painting
- AD 23300 - Electronic Media Studio
- AD 24200 - Ceramics I (satisfies Humanities for Core)
- AD 26200 - Jewelry And Metalwork I
- AD 26500 - Relief Printmaking (satisfies Humanities for Core)
- AD 27500 - Beginning Sculpture (satisfies Humanities for Core)
- AD 30400 - Video Art

## B. Art History Selectives (30 credits)

Select 30 credits from the following courses in Art History, with at least one course in each category.

### 1. Ancient And Medieval Art

- AD 31100 - Ancient Greek Art
- AD 31200 - Ancient Roman Art
- AD 35900 - Medieval European Art

### 2. Renaissance and Baroque Art

- AD 34300 - Northern Renaissance Art
- AD 34600 - Italian Renaissance Art
- AD 38000 - Baroque Art

- AD 39500 - History Of Design
- AD 39600 - Art Museum Practices

## Required Minor (12-15 credits)

This major requires a minor or another major.

It is strongly recommended that students select a minor in one of the following fields: History, Literature, Political Science, Philosophy, Anthropology, or Art and Design Studio.

Undergraduate Minors

## Other Departmental - Liberal Arts Core For BFA, Professional, & Education (25-34 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

## LA Core III: Linguistic Diversity (3-4 credits)

Proficiency through level IV in one world language

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes.

- Humanities - all approved courses accepted.
- Behavioral/Social Science - all approved courses accepted.
- Information Literacy - all approved courses accepted.
- Science #1 - all approved courses accepted.
- Science #2 - all approved courses accepted.
- Science, Technology, and Society - all approved courses accepted.
- Written Communication - all approved courses accepted.
- Oral Communication - all approved courses accepted.
- Quantitative Reasoning - all approved courses accepted.

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirement, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.

- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core.

## Electives (26-38 credits)

## GPA Requirement

- 2.0 Graduation GPA required for Bachelor of Arts degree.

## Non-Course / Non-Credit Requirements

- It is recommended that by the end of the senior year, a student majoring in Art History achieve a reading knowledge of both French and German.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

### Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency [website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

### Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Additional Information

- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside CLA. Contact the CLA Advising Office for more information.

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Industrial Design Professional Program, BFA

### About the Program

Industrial design is a strategic problem-solving process applicable to products, systems, services, and experiences that results in innovation, business success, and a better quality of life. Students build their skills of form giving, sketching, ideation, prototyping, modeling, and research during the learning process.

Purdue Industrial Design is a professional program with over 90% of our graduates working as industrial designers. Past graduates have worked for Fortune 500 companies such as Nike, Microsoft, Whirlpool, and Mercedes Benz. Other graduates have worked for design consultancies such as IDEO, SMART Design, and ZIBA.

The undergraduate program is a four-year degree with an emphasis in form giving for manufactured goods. Students graduate with the ability to be innovative problem solvers and create aesthetically appropriate forms that can be manufactured by industry. The first year is focused on learning basic design skills through a series of design problems that the student must solve. These abstract problems focus the students' attention on traditional visual form and shape development; additionally, they learn both by hand and computer skills. The second year includes courses and projects that emphasize learning to give form to products within a variety of manufacturing techniques. Students experience hands on in the shop, as well as, virtually with the computer and rapid prototyping. In the third year, students are

introduced to a variety of corporate sponsored projects as well as design competitions. In these projects, students must solve functional and technical requirements of the company along with aesthetic and psychological need/wants of the intended users. The senior year is a combination of corporate sponsored projects, learning design leadership skills, and a personally selected thesis project. Students also apply research methodologies, introduced the year before, into their design projects.

Purdue Industrial Design students and faculty have been recognized both nationally and internationally in design competitions.

Industrial design is housed in the Yue-Kong Pao Hall, Purdue's state-of-the-art facility for the Patti and Rusty Rueff School of Design, Art, and Performance. The building includes computerized studios built specifically for the industrial design program, complete with three-dimensional printers.

**Special note regarding portfolio review** - An art portfolio is not required to begin this major. However, students are required to pass a selective portfolio review in the spring of their sophomore year to advance to upper level design and complete this major. Selection is competitive and is based on the student's work in Purdue art and design courses and development as a designer. Students not selected for upper level Industrial Design work with their academic advisor to change to their second choice major, often without adding time to their four-year degree plan.

Please visit Industrial Design for more information.

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Integrated Studio Arts, BFA

### About the Program

The BFA in *Integrated Studio Arts* is a new and innovative undergraduate major offered by the Department of Art and Design with three possible areas of focus: Art, Culture and Technology, Craft and Material Studies and 2D Extended Media. This program is studio intensive and designed to encourage cross-pollination of media and hybrid activity between disciplines. In today's world, the lines between the arts, technology, engineering and the sciences are increasingly blurred. Creative leaders of tomorrow must possess a solid foundation in the traditional arts as well as expertise in new technologies and innovative ways of thinking.

The *Integrated Studio Arts BFA* degree builds on Purdue's reputation as a leader in technology and its emerging voice as an innovator in the Arts. Students entering the program have a wide range of options open to them in selecting courses and designing their plan of study. From painting, drawing, printmaking, textiles and ceramics to photography, robotic art, digital media, video art and new media culture, the program speaks a contemporary language while still building on the great traditions in art.

Please visit Integrated Studio Arts for more information.

## Degree Requirements

# 126 Credits Required

## Liberal Arts Curriculum

Each liberal arts major is designed as a four-year plan of study and includes three types of courses: Major, Core, and Elective. Most students take five courses per semester, with some of each type.

Professional academic advisors meet individually with each of our students on a regular basis to help with course selection, academic planning, and career development, as well as to help students find additional resources on campus.

## Departmental/Program Major Course Requirements (78 credits)

### A. Art & Design Core (15 credits)

- AD 10500 - Design I
- AD 10600 - Design II
- AD 11300 - Basic Drawing
- AD 22700 - History Of Art Since 1400
- AD 23300 - Electronic Media Studio

### B. Integrated Studio Arts Core (18 credits)

*Select two courses from each of these three areas.*

#### 2D Extended Media

- AD 20000 - Beginning Painting
- AD 11400 - Drawing II or
- AD 21300 - Life Drawing I or
- AD 31400 - Experimental Drawing
- AD 26500 - Relief Printmaking or
- AD 26600 - Silkscreen Printmaking

#### Craft & Material Studies

- AD 24200 - Ceramics I
- AD 26200 - Jewelry And Metalwork I
- AD 27500 - Beginning Sculpture
- AD 27000 - Constructed Textiles or
- AD 27100 - Dyed Textiles

## Art, Culture, & Technology

- AD 22000 - Computers In Art
- AD 11700 - Black And White Photography or
- AD 11900 - Color Photography
- AD 30400 - Video Art or
- AD 32600 - Physical Computing

## C. Art History and Cultural Context (12 credits)

### Required Course

*Choose one.*

- AD 38300 - Modern Art
- AD 38400 - Contemporary Art

### Selective Courses

*Choose an additional three courses.*

- AD 22600 - History Of Art To 1400
- AD 22700 - History Of Art Since 1400
- AD 25100 - History Of Photography I
- AD 30701 - History Of Contemporary Photography

- AD 39100 - History Of Chinese Art
- AD 39500 - History Of Design
- AD 39600 - Art Museum Practices
- AD 45400 - Modern Architecture
- AMST 30100 - Perspectives On America

## D. Integrated Studio Arts Sophomore Portfolio Review (required, no credit)

*Students interested in the Interdisciplinary Studio Focus must present a proposed plan of study to the review committee. The proposal must be approved by a faculty mentor no later than the end of the second year.*

## E. Integrated Studio Arts Focus (21 credits)

- Select seven additional courses in one of four focus areas (must have approved 7-course plan).
- Click here for Integrated Studio Arts Supplemental Information.

## F. Integrated Studio Arts Selectives (9 credits)

*Select three additional courses from Areas C and E above and from courses listed below (or other classes related to student's focus of work from **approved** plan of study).*

- AD 11400 - Drawing II
- AD 31100 - Ancient Greek Art
- AD 31200 - Ancient Roman Art
- AD 34800 - History Of Islamic Art
- AD 35900 - Medieval European Art
- ENGL 59600 - Advanced Studies In Literature Or Language

## G. BFA Exhibition (3 credits)

- AD 49900 - Studio Arts Professional Practice/Senior Exhibition  
*(Typically offered in the spring semester.)*

## Other Departmental - Liberal Arts Core For BFA, Professional, & Education (25-34 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

## LA Core III: Linguistic Diversity (3-4 credits)

Proficiency through level IV in one world language

## Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes.

- Humanities - all approved courses accepted.
- Behavioral/Social Science - all approved courses accepted.
- Information Literacy - all approved courses accepted.

- Science #1 - all approved courses accepted.
- Science #2 - all approved courses accepted.
- Science, Technology, and Society - all approved courses accepted.
- Written Communication - all approved courses accepted.
- Oral Communication - all approved courses accepted.
- Quantitative Reasoning - all approved courses accepted.

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirement, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core.

## Electives (14-24 credits)

## GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Fine Arts degree.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Additional Information

- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside CLA. Contact the CLA Advising Office for more information.

## **Interior Design Professional Program, BFA**

### **About the Program**

Interior design is based on solving problems related to the quality of people's physical environment within a structure to achieve interior space. These solutions are functional, enhance the quality of life and culture of the occupants, and are aesthetically appealing. Students in Purdue's interior design program develop the analytical skills and gain the experience to plan commercial, institutional, healthcare, retail, and residential interiors. This program aims to develop students as creative designers who can formulate, propose, and execute creative design solutions for the physical, social, and psychological needs of a changing society influenced by rapid changes in technology. Purdue's interior design program is CIDA (Council for Interior Design Accreditation) accredited.

Coursework encompasses creative exploration, professional preparation, technical information, and skills with emphases on interior construction, building systems, codes, equipment, and components as well as accessibility, environmental, and sustainability strategies.

Special note regarding portfolio review - An art portfolio is not required to begin this major. However, students are required to pass a selective portfolio review in the spring of their sophomore year to advance to upper level design and complete this major. Selection is competitive and is based on the student's work in Purdue art and design courses and development as a designer. Students not selected for upper level Interior Design work with their academic advisor to change to their second choice major.

Please visit Interior Design for more information.

### Studio Courses (6 credits)

*Studio courses provide private and group instruction on individual instruments or voices in a masterclass setting. Students with a concentration in Music Technology must take 3 semesters of MUS 35100 Studio Piano to fulfill the course requirements. However, those whose concentration is General Music Studies may take any studio classes. Availability of approved studio classes to fulfill the requirement may vary somewhat from one semester to the next. Music Majors are given first priority for enrollment. Non-Music Majors are required to get instructor approval to enroll in the course. Please check the current schedule of classes or the Music Division website for new offerings.*

- MUS 35100 - Studio Piano
- MUS 35200 - Studio Voice

### Ensemble Participation (0-4 credits)

*University Bands and Orchestras offers 2 credits for each of their performance ensembles and PMO and the Black Cultural Center do not offer credit for their performing groups. The zero-credit listed above is for performance in those ensembles. A minimum of two semesters of ensemble participation is required for this degree.*

*For students who perform in groups that do not receive official university credit for their musical activities, they must submit an Attendance Verification Form which can be obtained in the Division of Music main office. Forms must be signed by the Director of the ensemble each semester in attendance.*

### Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

### Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Sound for the Performing Arts, BA

### About the Program

The Sound for the Performing Arts Program at Purdue University seeks to expand the young sound designer/technician/engineer's range of knowledge and expression through the a broad based exposure to the many and various careers related to sound for the performing arts. Typically, sound designers enter this field with either a strong technical/engineering aptitude/background or extraordinary musical talent in composition and/or performance. Ideal candidates demonstrate strong aptitude in both fields.

The student will receive a solid foundation in all aspects of sound for the performing arts as part of a well-rounded liberal arts education. Working as part of many different types of teams, the student learns to collaborate artistically and technically towards the realization of a multitude of auditory projects in the performing arts. The program is diverse enough to allow students to focus their energies more towards the technical side, the artistic side, or both.

The major consists of core classes, specialized training and related electives. Upon completion, the student may choose to enter any sound related field or pursue further graduate study for a career in the entertainment industry.

Please visit Sounds for the Performing Arts for more information.

## Studio Arts and Technology, BA

### About the Program

The BA in Studio Arts and Technology is a new and innovative undergraduate major offered by the Department of Art and Design. In today's world the lines between the arts, technology, engineering, and the sciences are increasingly blurred. The leaders of tomorrow must possess a solid foundation in the traditional arts as well as expertise in new technologies and innovative ways of thinking. The Studio Arts and Technology degree builds on Purdue's reputation as a leader in technology and its emerging voice as an innovator in the Arts. Today's artist must be well versed in one's discipline but also possess the tools to be able to reach a fast paced, computer and media based culture. Studio Arts and Technology gives students these tools. Students entering the program have a wide range of options open to them in selecting courses and designing their program. From painting, drawing printmaking, textiles and ceramics to robotic art, digital media, video art and new media culture, the program speaks a contemporary language while still building on the great traditions in art.

Please visit Studio Arts and Technology for more information.

### 3 Year Degrees

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Additional Information

- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside of CLA. Contact the CLA Advising Office for more information.

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Theatre, BA

### About the Program

The student will receive a solid foundation in all aspects of theatre as part of a well-rounded liberal arts education. Working as part of a team, the student learns to communicate and collaborate in a creative environment toward the realization of a theatrical production. Each student may choose to focus in any given area. The BA in Theatre is the ideal program for students who desire a general theatre education with a variety of experiences that will serve them in their future endeavors.

Please visit Theatre for more information.

#### 3 Year Degrees

The College of Liberal Arts offers the opportunity for students to complete their degree in three years. Degree in 3 majors allow students to enter the work force or graduate school a year earlier than traditional plans of study while also providing a cost-effective way to complete an undergraduate degree.

Students can complete the three-year option with or without AP credit by adding summer sessions to traditional coursework in Fall and Spring semesters. Degree in 3 offers a great combination of cost-savings and the opportunity to accelerate your future and achieve your goals.

## Visual Arts Design Education, BA

### About the Program

Students in Purdue's art education program develop a broad understanding of the visual arts and the desire to communicate this understanding to others. The program provides a solid foundation in the liberal arts as well as specialized skills in studio arts, curriculum planning, teaching strategies, and verbal communication.

Course work provides a balance between the theoretical and practical needs of prospective teachers. Students may enroll in a comprehensive visual arts curriculum or one with an emphasis in applied design.

Throughout the program under the supervision of an art education faculty members, students receive practicum experiences by observing in the public schools. The senior year also includes participation in a Saturday morning class for gifted children.

Admission to and successful completion of the Teacher Education Program (TEP) are required.

The art education degree meets both state and national licensure standards. The program is approved by the State of Indiana and recognized by the National Association of Schools of Art and Design. While many students find fulfillment in teaching, others use their background in art education to pursue careers in supervision, administration, and other leadership roles in art education.

Art education attracts students with a strong interest in art and a desire to work with people. Graduates often choose to become art teachers in public and private institutions such as elementary and secondary schools, museums, and other institutional settings.

Please visit [Visual Arts and Design Education](#) for more information.

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Visual Arts Education, BA

### About the Program

Students in Purdue's art education program develop a broad understanding of the visual arts and the desire to communicate this understanding to others. The program provides a solid foundation in the liberal arts as well as specialized skills in studio arts, curriculum planning, teaching strategies, and verbal communication.

Course work provides a balance between the theoretical and practical needs of prospective teachers. Students may enroll in a comprehensive visual arts curriculum or one with an emphasis in applied design.

Admission to and successful completion of the Teacher Education Program (TEP) are required.

Throughout the program under the supervision of an art education faculty members, students receive practicum experiences by observing in the public schools. The senior year also includes participation in a Saturday morning class for gifted children.

The art education degree meets both state and national licensure standards. The program is approved by the State of Indiana and recognized by the National Association of Schools of Art and Design. While many students find fulfillment in teaching, others use their background in art education to pursue careers in supervision, administration, and other leadership roles in art education.

Art education attracts students with a strong interest in art and a desire to work with people. Graduates often choose to become art teachers in public and private institutions such as elementary and secondary schools, museums, and other institutional settings.

Please visit [Visual Arts Education](#) for more information.

## Visual Communication Design, BFA

### About the Program

Visual Communications Design (VCD) program develops students as problem seekers and solvers with the capability to plan communication strategies and form effective visual products. The curriculum is structured to prepare students for a profession that is evolving rapidly and influenced by computer technology advances. Students are prepared to master the technical and conceptual skills involved in typography, image generation, visual structure, color design, new media, and composition, as well as to conduct research, think conceptually, work collaboratively in teams, articulate and present ideas, and critically evaluate the form-making process. Our program provides students with a broad background and thorough understanding of both medium and message, so that they can combine words and images in original ways to convey information and promote ideas to targeted audiences.

**Note:** An art portfolio is not required to apply to VCD. Students are required to pass a selective portfolio review in their sophomore year to advance in the program. Selection is based on their development as a designer, as shown by their art and design work at Purdue. Those not passing review work closely with an academic advisor to plan other majors and career paths. Current acceptance rates are available from advisors.

Please visit [Visual Communication Design](#) for more information.

*All Visual Communication Design students must participate in a mandatory portfolio review during the second half of the spring semester in the sophomore year. Students individually present their work to the collective VCD faculty on specified days by appointment. Work to be included in the portfolio is identified prior to the review period, but usually consists of projects from AD 10500, AD 10600, AD 11300, AD 20500, AD 20600, AD 22800 and AD 22900. Students should prepare for this review by preserving work as it is completed in these courses. Students must pass the portfolio review in order to enroll in AD 31800 and all subsequent courses in the VCD concentration.*

**Any VCD student who has passed the sophomore review but has not been enrolled and/or completed a 30000 - or 40000- level VCD course for more than two consecutive academic years must retake and pass the sophomore review to enroll in 30000- or 40000- level VCD courses.**

## Other Departmental - Liberal Arts Core For BFA, Professional, & Education (25-34 credits)

The College of Liberal Arts Other Departmental area is designed to be experiential, informative, and relevant to life in a rapidly changing universe. It combines courses that fulfill University Core foundational outcomes, discipline diversity, social diversity, and other languages to produce a well-rounded background for students. Coursework is integrative and collaborative and fosters insight, understanding, independence, initiative, and the desire to reach across divides and redefine our relationship to the peoples and the worlds that surround us.

### LA Core III: Linguistic Diversity (3-4 credits)

Proficiency through level IV in one world language

### Foundational Requirements (21-30 credits)

Students must complete approved coursework that meet the following foundational outcomes.

- Humanities - all approved courses accepted.
- Behavioral/Social Science - all approved courses accepted.
- Information Literacy - all approved courses accepted.
- Science #1 - all approved courses accepted.

- Science #2 - all approved courses accepted.
- Science, Technology, and Society - all approved courses accepted.
- Written Communication - all approved courses accepted.
- Oral Communication - all approved courses accepted.
- Quantitative Reasoning - all approved courses accepted.

## Notes

- Double counting of courses is allowed across the various categories.
- All accredited programs whose accreditation is threatened by CLA Core requirement, both professional BAs and BFAs, are exempt from Liberal Arts Core I & II in order to meet accreditation standards and requirements. Liberal Arts Core III: Linguistic Diversity is still required for such programs.
- "Degree +" students (students with a second major outside of Liberal Arts) are exempt from the CLA Core.

## Elective (14-24 credits)

## GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Fine Arts degree.

## College of Liberal Arts Pass/No Pass Option Policy

- P/NP cannot be used to satisfy Liberal Arts Core, Liberal Arts major, minor, or certificate requirements.

## University Requirements

- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

## Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

## Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

## Additional Information

- Liberal Arts offers a streamlined plan of study for students pursuing a second degree outside of CLA. Contact the CLA Advising Office for more information.

## World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

## Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

## Certificate

### **Acting: Communication through Performance Certificate**

#### About the Certificate

This program will provide students with majors outside of the theatre department to focus on the succession of acting classes in order to improve their communication skills. Acting provides physical and creative outlets which differ from the intense intellectual demands of many majors. The Certificate provides the opportunity to take more specialized acting classes than the Theatre Minor offers, and would provide formal recognition for the course work. It's ideal for students who want specialized study in performance but don't have the time to take a second major.

## Music Technology Certificate

### About the Certificate

The Patti and Rusty Rueff School of Design, Art, and Performance, in collaboration with two of its own programs, Division of Music and the Department of Theatre along with the Purdue Polytechnic Institute, have developed a certificate program in Music Technology. This timely program will add depth to the university's offerings in technology and also speak to the need by many students to continue their study of music while at Purdue. Students will take essential courses in electronic music synthesis, recording practices, computer-based music notation and music history and theory courses. Upon completion of this certificate, students will have a theoretical and practical understanding of how music is made today using electronic instruments, computers, and other essential technologies. A program like this adds depth and awareness to any academic major and may offer new insights into future research and creative impulses.

### Requirements for the Certificate (21 credits)

#### Foundational Studies (12 credits)

Required:

- MUS 13200 - Music Theory I
