College of Veterinary Medicine

Veterinary Nursing

Welcome from Dr. Willie Reed, Dean of the Purdue College of Veterinary Medicine

Welcome to the Purdue University College of Veterinary Medicine and opportunities for learning, discovery and engagement focused on animal and human health and well-being. I am thrilled that you are interested in our programs, and invite you to explore the many majors that allow you launch a medical science career. Purdue Veterinary Medicine offers many pathways toward a degree. Whether you want to pursue being a Veterinary Nurse/Technician, a Doctor of Veterinary Medicine, or are interested in a Graduate Program, the college offers it all

Overview

Purdue University's Veterinary Nursing Program is accredited by the American Veterinary Medical Association (AVMA). In order to practice as a credentialed (RVT, CVT, LVT) veterinary technician/nurse, most states require applicants be graduates of an accredited veterinary technology program and have passed the Veterinary Technician National Exam (VTNE). As a credentialed veterinary technician, the graduate is qualified to legally perform medical and surgical nursing, nurse-anesthetist duties, imaging, laboratory testing and dental hygiene as a member of a veterinary team. Specialty certifications are available in many subspecialties. For further information, see www.navta.net.

We offer four degree options:

- Bachelor of Science in Veterinary Nursing
- Associate of Applied Science (on-campus)
- Bachelor of Science in Veterinary Nursing Completion - for graduates of AVMA accredited veterinary technology programs wishing to complete a Bachelor of Science degree.
- Associate of Applied Science (distance learning)

Purdue Advantage:

- Rated #1 in the nation in a listing of the Top 50 Veterinary Technician Programs for 2019 by TheBestColleges.org
- 90% first-time pass rate for the Veterinary Technology National Exam (VTNE)
- Class size is limited to thirty students, keeping the faculty/instructor-to-student ratio below the national average.

Admissions

On-Campus Admission Requirements

- Bachelor of Science in Veterinary Nursing
- Associate of Applied Science (on-campus)
- Bachelor of Science in Veterinary Nursing Completion, for graduates from AVMA accredited veterinary technology programs wishing to complete a Bachelor degree.

Distance Learning Admission Requirements

- Associate of Applied Science (distance learning)

For questions on admissions requirements and procedures, contact the Purdue University Office of Admissions.

Office of Admissions

Veterinary Nursing Program Office

The role of the Veterinary Nursing Program Office is to provide support and assistance to prospective and current students. Whether you are a prospective student, a current student, or even an alum of our College, please feel free to contact our office and our staff will point you in the right direction.

Academic advising is a partnership between the student and advisor. Advisors empower students, assist with goal achievement, and support students with academic and personal concerns. Advisors assist students with the development and implementation of plans for academic success, and personal and career development. Students are proactive and seek assistance. They are informed and review their degree requirements and monitor their academic progress and reach out to their advisors with any questions and concerns.

Meet our Team

College of Veterinary Medicine Administration

About the Veterinary Nursing Program

Veterinary Nursing Education

The Purdue Veterinary Nursing Program is fully accredited by the American Veterinary Medical Association (AVMA) and is a science based veterinary nursing program.

As an integral part of the veterinary team, veterinary nurses perform a wide range of veterinary skills:

- Radiology
- Nursing care, including pre and post-surgical care
- Anesthesia
- Client education

While a majority of veterinary nurses enter the profession in private veterinary practice, there are many other employment opportunities:

- Humane Societies and animal control facilities
- Industry
- Biomedical Research
- Veterinary Sales

Credentialing (certification, licensure, or registration) is required in the majority of states in the United States. Candidates for credentialing must pass a national and/or state examination. Most states require that only graduates of Veterinary Nursing programs accredited by the American Veterinary Medical Association (AVMA) are eligible to take the national credentialing exam and to become credentialed.

Associate

Veterinary Nursing Distance Learning, AAS

About the Program

Associate in Applied Science Distance Learning Program

The Veterinary Nursing Program is a science-based veterinary nursing program offering an Associates in Applied Science (AAS) degree. The Veterinary Nursing Distance Learning Program at Purdue University is designed to allow a student to gain the knowledge, information, and skills necessary to practice as a veterinary technician. It is an AVMA accredited program. Upon graduation, students are eligible to take the Veterinary Technician National Exam (VTNE).

The curriculum contains 27 didactic courses and 18 clinical mentorships. It is a part-time program and cannot be taken full-time. Financial aid eligibility is limited. Students are responsible for finding their own mentorship sites with a veterinary health care facility. Students who make a long-term commitment to develop the skills and acquire the extensive knowledge required to be a veterinary technician are highly sought after employees.

Most courses are offered every term, i.e. fall, spring and summer. Courses follow the Purdue class calendar. Students may be admitted for any term.

More information is on the Purdue College of Veterinary Medicine Veterinary Nursing website.

Careers

As part of the veterinary team, credentialed veterinary technicians perform a wide range of veterinary nursing, imaging, anesthesia, dental hygiene and diagnostic laboratory procedures in a veterinary practice. Other career opportunities include specialty practice, clinic/hospital team leaders, research, veterinary technology program educators, pharmaceutical sales, wildlife rehabilitation, zoo and shelter medicine.

Credentialed veterinary technicians are required to maintain continuing education according to state regulations. Information about continuing education programs is available through the Purdue University College of Veterinary Medicine's Office of Lifelong Learning.

The AAS plan of study in veterinary nursing does not meet the requirements for application to veterinary school to become a Doctor of Veterinary Medicine (DVM).

Degree Requirements

70 Credits Required

Departmental/Program Major Courses (65 credits)

Required Major Courses (46.5 credits)

- VM 10500 - Intro To Veterinary Nursing - DL
- VM 11400 - Anatomy I - DL
- VM 11600 - Anatomy II - DL
- VM 13500 - Physiology I - DL
- VM 13600 - Physiology II - DL
- VM 14001 - Small Animal Nursing I - DL
- VM 14700 - Surgical Nursing - DL
- VM 14801 - Large Animal Nursing I - DL
- VM 15001 - Clinical Pathology I - DL
- VM 20200 - Pharmacy Procedures - DL
- VM 22501 - Parasitology - DL
- VM 22800 - Integrations - DL
- VM 22900 - Lab Animal Medicine - DL
- VM 23000 - Public & Occupational Health -DL
- VM 23001 - Small Animal Nursing II - DL
- VM 23100 - Diagnostic Imaging - DL
- VM 23200 - Principles of Anesthesia - DL
- VM 23300 - Optho, Derm & Oncology - DL
- VM 23400 - Microbiology - DL
- VM 23500 - Pharmacology I - DL
- VM 23600 - Pharmacology II - DL

- VM 23701 - Large Animal Nursing II - DL
- VM 23900 - Dentistry - DL
- VM 24000 - Nutrition - DL
- VM 24500 - Veterinary Management Topics - DL
- VM 24800 - Animal Disease - DL
- VM 25001 - Clinical Pathology II - DL

Required Major Clinical Mentorships (18.5 credits)

- VM 20500 - Small Animal Nursing Mentorship I - DL
- VM 20600 - Small Animal Nursing Mentorship II - DL
- VM 20700 - Small Animal Nursing Mentorship III - DL
- VM 20800 - Farm Animal Nursing Mentorship - DL
- VM 20900 - Equine Nursing Mentorship - DL
- VM 21000 - Small Animal Anesthesia Mentorship - DL
- VM 21100 - Food Animal And Equine Anesthesia-Clinical Mentorship-DL
- VM 21200 - Surgical Nursing Mentorship - DL
- VM 21300 - Microbiology Mentorship - DL
- VM 21400 - Parasitology Mentorship - DL
- VM 21500 - Small Animal Diagnostic Imaging Mentorship I - DL
- VM 21600 - Small Animal Diagnostic Imaging Mentorship II - DL
- VM 21700 - Equine Diagnostic Imaging Mentorship - DL
- VM 22300 - Pharmacy Mentorship - DL
- VM 22400 - Necropsy Mentorship - DL
- VM 22500 - Advanced Clinical Mentorship - DL
- VM 22600 - Lab Animal Mentorship - DL
- VM 22700 - Clinical Pathology Mentorship - DL

Other Departmental/Program Course Requirements (3-4 credits)

- ENGL 10600 - First-Year Composition or
- ENGL 10800 - Accelerated First-Year Composition

Electives (2 credits)

- Electives - Credit Hours: 2.00

Grade Requirements

- All courses must be completed with a D- or higher.
- Any **retaken** course must be completed with a C- or higher.

GPA Requirements

- 2.0 Graduation GPA required for Associate in Applied Science degree.

Pass/No Pass Policy

- No courses may be taken on a Pass/No Pass grade except the following: VM 10900, VM 41001, VM 41003, VM 44400.

Transfer Credit Policy

- Transfer credit may be used to satisfy **other program course** and **elective** requirements. Consult with your academic advisor.

Notes

- The Veterinary Nursing Program has additional academic standards, found [here](#).

Sample 9-Semester Plan

Semester 1

- VM 10500 - Intro To Veterinary Nursing - DL
- VM 11400 - Anatomy I - DL
- VM 13500 - Physiology I - DL
- VM 13600 - Physiology II - DL
- VM 23000 - Public & Occupational Health -DL

6 Credits

Semester 2

- VM 11600 - Anatomy II - DL
- VM 15001 - Clinical Pathology I - DL
- VM 20200 - Pharmacy Procedures - DL
- VM 23500 - Pharmacology I - DL
- VM 24000 - Nutrition - DL

7 Credits

Semester 3

- VM 22300 - Pharmacy Mentorship - DL
- VM 14001 - Small Animal Nursing I - DL
- VM 14700 - Surgical Nursing - DL
- VM 23600 - Pharmacology II - DL
- VM 25001 - Clinical Pathology II - DL

7.5 Credits

Semester 4

- VM 20500 - Small Animal Nursing Mentorship I - DL
- VM 22700 - Clinical Pathology Mentorship - DL
- VM 14801 - Large Animal Nursing I - DL
- VM 23001 - Small Animal Nursing II - DL
- Elective - Credit Hours: 2.00

10 Credits

Semester 5

- VM 20600 - Small Animal Nursing Mentorship II - DL
- VM 21200 - Surgical Nursing Mentorship - DL
- VM 23100 - Diagnostic Imaging - DL
- VM 23701 - Large Animal Nursing II - DL
- VM 23900 - Dentistry - DL

8 Credits

Semester 6

- VM 20700 - Small Animal Nursing Mentorship III - DL
- VM 20900 - Equine Nursing Mentorship - DL
- VM 22501 - Parasitology - DL
- VM 23200 - Principles of Anesthesia - DL
- VM 23300 - Ophtho, Derm & Oncology - DL

8 Credits

Semester 7

- VM 20800 - Farm Animal Nursing Mentorship - DL
- VM 21100 - Food Animal And Equine Anesthesia-Clinical Mentorship-DL
- VM 21300 - Microbiology Mentorship - DL
- VM 21400 - Parasitology Mentorship - DL
- VM 21500 - Small Animal Diagnostic Imaging Mentorship I - DL
- VM 22900 - Lab Animal Medicine - DL
- VM 23400 - Microbiology - DL

8 Credits

Semester 8

- VM 21000 - Small Animal Anesthesia Mentorship - DL
- VM 21600 - Small Animal Diagnostic Imaging Mentorship II - DL
- VM 21700 - Equine Diagnostic Imaging Mentorship - DL
- VM 24500 - Veterinary Management Topics - DL
- VM 24800 - Animal Disease - DL

7.5 Credits

Semester 9

- ENGL 10600 - First-Year Composition or
- ENGL 10800 - Accelerated First-Year Composition
- VM 22400 - Necropsy Mentorship - DL
- VM 22500 - Advanced Clinical Mentorship - DL
- VM 22600 - Lab Animal Mentorship - DL
- VM 22800 - Integrations - DL

8-9 Credits

Pre-Requisite Information

For pre-requisite information, click [here](#).

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

Consultation with an advisor may result in an altered plan customized for an individual student.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Veterinary Nursing, AAS

About the Program

The Veterinary Nursing Program is a science-based veterinary nursing program offering an Associate in Applied Science (AAS). The Veterinary Nursing Program at Purdue University is designed to allow a student to gain

the knowledge, information, and skills necessary to practice as a veterinary technician. It is an AVMA accredited program. Upon graduation, students are eligible to take the Veterinary Technician National Exam (VTNE).

This unique program is a part of the four-year curriculum with the Associate in Applied Science (AAS) embedded within the Bachelor of Science in Veterinary Nursing (BSVN) degree. Years 2-3 offer students over 1200 hours of clinical experience in Purdue's Veterinary Hospital.

Entry to the AAS degree is a competitive entry process. Students electing to complete the AAS only are students who have previous college experience or degree.

For more information, see the Veterinary Nursing website.

Careers

As part of the veterinary team, credentialed veterinary technicians perform a wide range of veterinary nursing, imaging, anesthesia, dental hygiene and diagnostic laboratory procedures in a veterinary practice. Other career opportunities include specialty practice, clinic/hospital team leaders, research, veterinary technology program educators, pharmaceutical sales, wildlife rehabilitation, zoo and shelter medicine.

Credentialed veterinary technicians are required to maintain continuing education according to state regulations. Information about continuing education programs is available through the Purdue University College of Veterinary Medicine's Office of Lifelong Learning.

The AAS plan of study in veterinary nursing does not meet the requirements for application to veterinary school to become a Doctor of Veterinary Medicine (DVM).

Baccalaureate

Veterinary Nursing Completion, BSVN

About the Program

The Bachelor of Science in Veterinary Nursing (BSVN) completion curriculum is designed to enable graduates to earn a bachelor's degree from Purdue University.

The Purdue Bachelor of Science in Veterinary Nursing (BSVN) degree uses transfer credits from the AVMA accredited degree to satisfy the competencies required for the second and third years of the BSVN curriculum. In order to graduate from this program, students must complete a minimum of 32 credit hours of 30000 to 40000-level courses at the Purdue University campus.

Limited class size necessitates a competitive admission process for available openings. If admitted, a credit evaluation will be completed to determine transfer credit that will be applied towards the degree.

Electives (0.0-2.5 credits)

Grade Requirements

- All Purdue courses must be completed with a grade of D- or higher.

GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Science in Veterinary Nursing degree.

Course Requirements and Notes

- Courses must be taken in specified order.

Pass/No Pass Policy

- No courses except the following may be taken with a Pass/No Pass grade: VM 10900, VM 39000, VM 41001, VM 44400.

AVMA-Accredited Associate Degree Program

A Veterinary Technology associate degree from an AVMA-accredited associate degree program satisfies the course requirements for the 2nd and 3rd years of the Purdue Veterinary Nursing BS Completion program. Students who have graduated from AVMA accredited proprietary programs whose credits do not transfer to Purdue will have departmental credits assigned to associate degree level Veterinary Nursing course work. Most graduates of AVMA-accredited proprietary programs come in with less than the required 70 credits. Students MUST work closely with advisor.

University Requirements

University Core Requirements

For a complete listing of University Core Course Selectives, visit the [Provost's Website](#).

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Notes

- The Veterinary Nursing Program has additional academic standards, found [here](#).

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

Consultation with an advisor may result in an altered plan customized for an individual student.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Veterinary Nursing, BSVN

About the Program

The Veterinary Nursing Program is a science-based veterinary nursing program offering an Bachelor of Science in Veterinary Nursing (BSVN). The Veterinary Nursing Program at Purdue University is designed to allow a student to gain the knowledge, information, and skills necessary to practice as a veterinary technician. It is an AVMA accredited program. Upon graduation, students are eligible to take the Veterinary Technician National Exam (VTNE).

This unique program is a four-year curriculum with an Associate in Applied Science (AAS) embedded within the Bachelor of Science in Veterinary Nursing degree. Years 2-3 offer students over 1200 hours of clinical experience in Purdue's Veterinary Hospital.

New beginners (freshmen) are admitted to year one of the curriculum. Year Two requires a **competitive entry process**.

For more information, see the Veterinary Nursing website.

Veterinary Nursing Major Change (CODO) Requirements

Careers

As part of the veterinary team, credentialed veterinary technicians perform a wide range of veterinary nursing, imaging, anesthesia, dental hygiene and diagnostic laboratory procedures in a veterinary practice. Other career opportunities include specialty practice, clinic/hospital team leaders, research, veterinary technology program educators, pharmaceutical sales, wildlife rehabilitation, zoo and shelter medicine.

Credentialed veterinary technicians are required to maintain continuing education according to state regulations. Information about continuing education programs is available through the Purdue University College of Veterinary Medicine's Office of Lifelong Learning.

The BSVN plan of study in veterinary nursing does not meet the requirements for application to veterinary school to become a Doctor of Veterinary Medicine (DVM).

- Human Cultures: Behavioral & Social Sciences - Credit Hours: 3.00 (satisfies BSS for core)

Electives (2.5-5.5 Credits)

Grade Requirements

- All courses must be completed with a grade of D- or higher.
- Any retaken course must be completed with a grade of C- or higher.
- A successful application for competitive entry into Year 2 requires a C- or higher in the following courses: BIOL 11000, BIOL 11100, CHM 11100/CHM 11200 or CHM 11500/11600, MA 15300, ENGL 10600 or ENGL 10800, COM 11400.

GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Science in Veterinary Nursing degree.

Course Requirements and Notes

- Courses must be taken in specified order.

Pass/No Pass Policy

- No courses may be taken under the Pass/No Pass grade except the following: VM 10900, VM 41001, VM 41003, VM 44400.

Transfer Credit Policy

- No transfer credit is allowed for any BMS, CPB, VCS, or VM course.

University Requirements

University Core Requirements

For a complete listing of University Core Course Selectives, visit the [Provost's Website](#).

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of **these approved courses** (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill *most, if not all*, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Notes

- The Veterinary Nursing Program has additional academic standards, found [here](#).

Sample 4-Year Plan

Fall 1st Year

- CPB 88503 - Clinical Pathology I

Externship Selective (3-6 credits)

Choose one option below.

Option I (6 credits)

- VM 81000 - Veterinary Externship

Option II (6 credits)

- VM 81006 - Veterinary Externship I
- VM 81007 - Veterinary Externship II

Option III (3 credits)

- VM 81006 - Veterinary Externship I

Medicine or Surgery Selective - Choose One (3 credits)

May also be taken as 'Additional Selectives'

- VCS 87100 - Small Animal Medicine II
- VCS 87502 - Large Animal Medicine II
- VCS 87600 - Large Animal Surgery II

Small Animal or Equine Practice Selective - Choose One (3 credits)

- VCS 86300 - Small Animal Community Practice
- VCS 86700 - Equine Community Practice I

Additional Selectives (9-12 credits)

If Externship Selective Option I or II is selected above, 9 credits are required here.

If Externship Selective Option III is selected above, 12 credits are required here.

- CPB 88300 - Public Health
- CPB 88400 - Laboratory Animal Medicine
- CPB 88600 - Diagnostic Pathology
- CPB 88700 - Avian Medicine
- CPB 88900 - Clinical Pathology II
- VCS 82100 - Clinical Neurology
- VCS 82800 - Clinical Rotation In Neurology And Physical Rehabilitation
- VCS 86002 - Small Animal Emergency And Critical Care II
- VCS 86202 - Small Animal Surgery - Orthopedic I
- VCS 86203 - Shelter Medicine And Surgery
- VCS 86204 - Clinical Rotation In Shelter Medicine At IndyHumane
- VCS 86300 - Small Animal Community Practice
- VCS 86400 - Dermatology/Behavior
- VCS 86700 - Equine Community Practice I
- VCS 86800 - Equine Community Practice II
- VCS 87000 - Clinical Cardiology
- VCS 87100 - Small Animal Medicine II
- VCS 87102 - Oncology I
- VCS 87104 - Clinical Investigation In Oncology II
- VCS 87202 - Small Animal Surgery - Soft Tissue II
- VCS 87203 - Small Animal Surgery - Orthopedic II
- VCS 87502 - Large Animal Medicine II
- VCS 87600 - Large Animal Surgery II
- VCS 88100 - Small Animal Medicine III
- VCS 88500 - Large Animal Medicine III
- VCS 88600 - Large Animal Surgery III
- VCS 88602 - Clinical Veterinary Services At Caesars Entertainment Equine Specialty Hospital
- VCS 89400 - Comparative Ophthalmology I
- VM 89000 - Topics In Veterinary Medicine
- VM 89100 - Special Topics In Veterinary Medicine Arranged
- VM 89401 - Clinical Rotation In Small Animal Medicine In Switzerland

Note:

Students are encouraged to take a vacation block, but a selective may be substituted. If you choose to substitute a selective for vacation, add the additional selective from the list.

Veterinary Medicine Equine Track

Equine Track (48 credits)

Required Track Courses (27 credits)

- VCS 86004 - Large Animal After-Hours & Emergency Rotation
- VCS 86502 - Large Animal Medicine I

Option I (6 credits)

- VM 81000 - Veterinary Externship

Option II (6 credits)

- VM 81006 - Veterinary Externship I
- VM 81007 - Veterinary Externship II

Option III (3 credits)

- VM 81006 - Veterinary Externship I

Animal Medicine or Surgery Selective - Choose One (3 credits)

May also apply in 'Additional Selectives'

- VCS 87100 - Small Animal Medicine II
- VCS 87502 - Large Animal Medicine II
- VCS 87600 - Large Animal Surgery II

Community/Production Med Selective - Choose One (3 credits)

- VCS 86300 - Small Animal Community Practice
- VCS 86700 - Equine Community Practice I
- VCS 87900 - Bovine Theriogenology And Production Medicine I

Additional Selectives (9 credits)

If Externship Selective Option I or II is selected above, 9 credits are required here.

If Externship Selective Option III is selected above, 12 credits are required here.

- CPB 88300 - Public Health
- CPB 88400 - Laboratory Animal Medicine
- CPB 88600 - Diagnostic Pathology
- CPB 88700 - Avian Medicine
- CPB 88900 - Clinical Pathology II
- VCS 82100 - Clinical Neurology

- VCS 82800 - Clinical Rotation In Neurology And Physical Rehabilitation
- VCS 86002 - Small Animal Emergency And Critical Care II
- VCS 86202 - Small Animal Surgery - Orthopedic I
- VCS 86203 - Shelter Medicine And Surgery
- VCS 86204 - Clinical Rotation In Shelter Medicine At IndyHumane
- VCS 86300 - Small Animal Community Practice
- VCS 86400 - Dermatology/Behavior
- VCS 86700 - Equine Community Practice I
- VCS 86800 - Equine Community Practice II
- VCS 87000 - Clinical Cardiology
- VCS 87100 - Small Animal Medicine II
- VCS 87102 - Oncology I
- VCS 87104 - Clinical Investigation In Oncology II
- VCS 87202 - Small Animal Surgery - Soft Tissue II
- VCS 87203 - Small Animal Surgery - Orthopedic II
- VCS 87502 - Large Animal Medicine II
- VCS 87600 - Large Animal Surgery II
- VCS 87800 - Swine Production Medicine I
- VCS 87900 - Bovine Theriogenology And Production Medicine I
- VCS 87903 - Bovine Theriogenology And Production Medicine II
- VCS 88000 - Ruminant (Dairy) Production Medicine I
- VCS 88001 - Ruminant (Dairy) Production Medicine II
- VCS 88002 - Clinical Veterinary Services For The Indiana State Fair
- VCS 88100 - Small Animal Medicine III
- VCS 88500 - Large Animal Medicine III
- VCS 88600 - Large Animal Surgery III
- VCS 88602 - Clinical Veterinary Services At Caesars Entertainment Equine Specialty Hospital
- VCS 89400 - Comparative Ophthalmology I
- VM 89000 - Topics In Veterinary Medicine
- VM 89100 - Special Topics In Veterinary Medicine Arranged
- VM 89401 - Clinical Rotation In Small Animal Medicine In Switzerland

Note:

Students are encourage to take a vacation block but a selective may be substituted. If you choose to substitute a selective for vacation, add the additional selective at the bottom of the page.

Veterinary Medicine Non-Practice Track

Non-Practice Track (48 credits)

Required Track Courses (18 credits)

- VCS 86100 - Small Animal Medicine I
- VCS 86201 - Small Animal Surgery - Soft Tissue I
- VCS 86502 - Large Animal Medicine I

- VCS 86600 - Large Animal Surgery I
- VCS 87201 - Clinical Veterinary Anesthesiology
- VCS 89500 - Purdue Veterinary Hospital Practicum
- CPB 88501 - Necropsy I
- CPB 88502 - Microbiology I
- CPB 88503 - Clinical Pathology I

Externship Selective (3-6 credits)

Choose one option below.

Option I (6 credits)

- VM 81000 - Veterinary Externship

Option II (6 credits)

- VM 81006 - Veterinary Externship I
- VM 81007 - Veterinary Externship II

Option III (3 credits)

- VM 81006 - Veterinary Externship I

After-Hours Rotation Selective - Choose one. (3 credits)

- VCS 86003 - Small Animal After-Hours Care & ICU Rotation
- VCS 86004 - Large Animal After-Hours & Emergency Rotation

Emergency & Medicine II Selective - Choose One (3 credits)

- VCS 86001 - Small Animal Emergency And Critical Care
- VCS 87100 - Small Animal Medicine II
- VCS 87502 - Large Animal Medicine II

Comm Pract/Prod Med Selective - Choose One (3 credits)

- VCS 86300 - Small Animal Community Practice
- VCS 86700 - Equine Community Practice I
- VCS 87900 - Bovine Theriogenology And Production Medicine I

Additional Selectives (15-18 credits)

If Externship Selective Option I or II is selected above, 15 credits are required here.

If Externship Selective Option III is selected above, 18 credits are required here.

- CPB 88300 - Public Health
- CPB 88400 - Laboratory Animal Medicine
- CPB 88600 - Diagnostic Pathology
- CPB 88700 - Avian Medicine
- CPB 88900 - Clinical Pathology II
- VCS 82100 - Clinical Neurology
- VCS 82800 - Clinical Rotation In Neurology And Physical Rehabilitation
- VCS 86001 - Small Animal Emergency And Critical Care
- VCS 86002 - Small Animal Emergency And Critical Care II
- VCS 86202 - Small Animal Surgery - Orthopedic I
- VCS 86203 - Shelter Medicine And Surgery
- VCS 86204 - Clinical Rotation In Shelter Medicine At IndyHumane
- VCS 86300 - Small Animal Community Practice
- VCS 86700 - Equine Community Practice I
- VCS 87000 - Clinical Cardiology
- VCS 87100 - Small Animal Medicine II
- VCS 87102 - Oncology I
- VCS 87104 - Clinical Investigation In Oncology II

- VCS 89100 - Diagnostic Imaging
- VCS 89400 - Comparative Ophthalmology I
- VM 89000 - Topics In Veterinary Medicine
- VM 89100 - Special Topics In Veterinary Medicine Arranged
- VM 89401 - Clinical Rotation In Small Animal Medicine In Switzerland

Note:

Students are encourage to take a vacation block but a selective may be substituted. If you choose to substitute a selective for vacation, add the additional selective at the bottom of the page.

Veterinary Medicine Small Animal Track

Small Animal Track (48 credits)

Required Track Courses (27 credits)

- VCS 86001 - Small Animal Emergency And Critical Care
- VCS 86003 - Small Animal After-Hours Care & ICU Rotation

- VCS 86100 - Small Animal Medicine I
- VCS 86201 - Small Animal Surgery - Soft Tissue I
- VCS 86300 - Small Animal Community Practice
- VCS 87100 - Small Animal Medicine II
- VCS 87201 - Clinical Veterinary Anesthesiology
- VCS 89100 - Diagnostic Imaging
- VCS 89500 - Purdue Veterinary Hospital Practicum
- CPB 88501 - Necropsy I
- CPB 88502 - Microbiology I
- CPB 88503 - Clinical Pathology I

Externship Selective (3-6 credits)

Choose one option below.

Option I (6 credits)

- VM 81000 - Veterinary Externship

Option II (6 credits)

- VM 81006 - Veterinary Externship I
- VM 81007 - Veterinary Externship II

Option III (3 credits)

- VM 81006 - Veterinary Externship I

Veterinary Specialties Selectives - Choose Two (6 credits)

- VCS 82100 - Clinical Neurology
- VCS 87000 - Clinical Cardiology
- VCS 87102 - Oncology I
- VCS 89400 - Comparative Ophthalmology I

Additional Selectives (9-12 credits)

If Externship Selective Option I or II is selected above, 9 credits are required here.

If Externship Selective Option III is selected above, 12 credits are required here.

- CPB 88300 - Public Health
- CPB 88400 - Laboratory Animal Medicine
- CPB 88600 - Diagnostic Pathology
- CPB 88700 - Avian Medicine
- CPB 88900 - Clinical Pathology II
- VCS 81900 - Small Animal Dentistry

- VCS 82100 - Clinical Neurology
- VCS 82800 - Clinical Rotation In Neurology And Physical Rehabilitation
- VCS 86002 - Small Animal Emergency And Critical Care II
- VCS 86202 - Small Animal Surgery - Orthopedic I
- VCS 86203 - Shelter Medicine And Surgery
- VCS 86204 - Clinical Rotation In Shelter Medicine At IndyHumane
- VCS 86400 - Dermatology/Behavior
- VCS 87000 - Clinical Cardiology
- VCS 87102 - Oncology I
- VCS 87104 - Clinical Investigation In Oncology II
- VCS 87202 - Small Animal Surgery - Soft Tissue II
- VCS 87203 - Small Animal Surgery - Orthopedic II
- VCS 88100 - Small Animal Medicine III
- VCS 89400 - Comparative Ophthalmology I
- VM 89000 - Topics In Veterinary Medicine
- VM 89100 - Special Topics In Veterinary Medicine Arranged
- VM 89401 - Clinical Rotation In Small Animal Medicine In Switzerland

Note:

Students are encourage to take a vacation block but a selective may be substituted. If you choose to substitute a selective for vacation, add the additional selective at the bottom of the page.

Veterinary Nursing Selectives

Selectives

Choose 7 credit hours from the list below.

- VCS 46800 - Advanced Emergency And Critical Care For Veterinary Nurses
- VM 10800 - Veterinary Nursing Career Exploration
- VM 10900 - Veterinary Nursing Learning Community
- VM 24800 - Animal Disease - DL
- VM 36500 - Laboratory Animal Management-VN
- VM 41003 - International Veterinary Medicine for the Veterinary Nurse - Directed Experience
- VM 45000 - Animals in Emergencies - Disaster Management-VN
- VM 45100 - Contemporary Topics In Life Skills-VN
- VM 45500 - Equine Behavior-VN
- VM 45600 - Advanced Ophthalmology-VN
- VM 45700 - Advanced Neurology-VN

Department of Basic Medical Sciences

Overview

The Department of Basic Medical Sciences (BMS) offers graduate programs leading to the Master of Science (M.S.) and Doctor of Philosophy (Ph.D) degrees. The Department emphasizes integrative studies that are applicable to animal and human health. Discovery activities range from studies of molecular and cellular processes to studies of the whole animal, in areas of cell and tissue growth, differentiation, regeneration, and numerous aspects of cancer biology. BMS faculty currently have active research programs in the areas of cancer biology; musculo skeletal biomechanics and skeletal adaptation; neural development, mechanisms of injury and regeneration; tissue dynamic spectroscopy; cellular and molecular screening; and high throughput analysis of cell function. Our directory of faculty research interests describes in more detail the exciting research that is conducted in BMS.

Department of Comparative Pathobiology

Overview

Welcome to the Department of Comparative Pathobiology. Comparative Pathobiology is the study of disease phenomena basic to all species including humans, at the molecular, cellular, organismal and ecosystem level. Our faculty, staff and students are involved in research and learning in a variety of areas including pathobiology, infectious diseases and vaccines, cancer biology, nanomedicine, toxicology, disease surveillance and human-animal interactions.

Department of Veterinary Clinical Sciences

Overview

Welcome to the Department of Veterinary Clinical Sciences. The VCS department is one of three departments in the Purdue University College of Veterinary Medicine. Our mission is to educate members of the veterinary health care team and biomedical community, to create and communicate knowledge, and to provide outstanding clinical service for the citizens of Indiana and surrounding region.

The department offers graduate programs leading to the Master of Science (MS; thesis or non-thesis) and Doctor of Philosophy (PhD) degrees. We also provide excellent opportunities for Post-DVM students to further their training through specialty residency programs in anesthesiology, cardiology, diagnostic imaging, emergency and critical care medicine, large animal internal medicine, large animal surgery, neurology, oncology, ophthalmology, radiation oncology, small animal internal medicine, and small animal surgery.
