College of Health and Human Sciences

Overview

Enhancing human health and well-being at every stage of life - From preventing disease to tackling food insecurity to building sustainable organizations, our faculty and students engage in specialized research that improves lives and communities.

Undergraduate Degree

In the College of Health and Human Sciences, you'll explore innovative ways to improve lives - from informing behavioral choices to fostering healthier lifestyles. With nine departments and schools and 22 undergraduate majors, you'll embark on a journey of discovery through hands-on learning opportunities and strong community connections.

Program Information for Undergraduate: College of Health and Human Sciences (Undergraduate)

Graduate Degree

With more than 20 doctoral programs and 31 master's programs ranging from hospitality to healthcare, business to brain behavior, early childhood education to environmental health science and more, we educate and train future health professionals, educators, researchers and business leaders, so you can take your next giant leap into your chosen field.

In the College of Health and Human Sciences (HHS), you'll work alongside our award-winning faculty in HHS clinics and research laboratories to solve some of today's toughest challenges and heighten HHS research through your own innovative research projects. You'll also enhance the undergraduate curriculum through teaching a variety of courses.

Program Information for Graduate: College of Health and Human Sciences (Graduate)

Overview

In the College of Health and Human Sciences (HHS), we seek to improve the quality of human lives by generating groundbreaking knowledge and educating excellent practitioners to help us all invent our best lives. This creative and dynamic interdisciplinary college is uniquely positioned to solve some of the most pressing challenges of our time. Our people, academic programs, research and engagement efforts focus on developmental health and wellness, healthy lifestyles and vital longevity, and sustainable and thriving organizations and communities. We see tremendous opportunity for HHS to make pioneering discoveries in areas such as digital health and wellness, optimal nutrition and obesity prevention, and vital longevity and end-of-life care.

HHS prepares students for dynamic careers in the ever-expanding fields of health and human sciences. You’ll be amazed by the wide-range of career options HHS majors can offer. Just click on the links below and see for yourself!

- Health and Kinesiology
- Health Sciences
- Hospitality and Tourism Management
- Human Development and Family Sciences
- Nursing
- Nutrition Science
- Psychological Sciences
- Public Health
- Speech, Language, and Hearing Sciences

Today’s competitive workplace demands more than just classroom learning. HHS offers students experiences beyond the classroom, such as undergraduate research, study abroad, real world healthcare training (clinicals) and internships.

Advising

Academic advising is essential to student success at Purdue University. The central goal for the academic advising relationship is to assist students in the purposeful creation of an educational plan that includes curricular, co-curricular and extracurricular goals, objectives, and activities.

For information about academic advising and what you can expect, click here.

Click the following link for a listing of HHS academic advisors: HHS Student Services Directory

Contact Information

HHS student services staff members are located in offices in the Hampton, Lambert, Johnson, Marriott, Matthews, and Stone Halls. Our central office location is in Matthews Hall, Room 117. Please feel free to stop by and schedule an appointment, request information and a tour, or just ask a question.

-Department of Health and Kinesiology

Health & Kinesiology Overview

Purdue University's Department of Health and Kinesiology (HK) confronts issues related to health through research, student learning and community engagement that focuses on human movement, sports performance and management, exercise and fitness, and disease prevention. Utilizing a multidiscipline, team approach, Health and Kinesiology is a leader in faculty-led, student-centered research.

We are shaping the future by preparing the next generation - HK students - to help others develop and sustain a healthy and active lifestyle. From physical activity and health professionals to researchers and policymakers, HK graduates are tackling global health concerns across the lifespan. We invite you to explore our website to learn more about HK's degree options, hands-on learning, facilities, and outstanding faculty.

Bachelor of Science

Kinesiology, BS

About the Program

The Kinesiology major is based on the idea of studying human movement and sport from the point of view of sub-disciplines in kinesiology. The curriculum includes courses in exercise physiology, biomechanics, motor control, motor development, sport and exercise psychology, applied clinical anatomy, and research methods. Students will select five additional kinesiology courses, based on their interests, to further develop their knowledge. Students also have the opportunity to work with a professor to conduct research. This major offers excellent preparation for students who plan to attend graduate or professional school. Examples include athletic training, physical therapy (PT), occupational therapy (OT), medicine, physician assistant (PA), chiropractic, biomechanics, exercise physiology, motor learning, motor development, sport and exercise psychology, etc.

Students in this major can choose to pursue an optional Clinical Exercise Physiology Concentration for Kinesiology, an optional Sports Medicine Concentration for Kinesiology, and/or an optional Sport Management Concentration for Kinesiology.

Department of Health and Kinesiology

Kinesiology Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (40 credits)

- HK 10000 - Foundations Of Kinesiology Credits: 3.00
- HK 13500 - Introduction To Health And Kinesiology Credits: 1.00
- HK 25300 - Principles Of Motor Development Credits: 3.00
- HK 25800 - Foundations Of Motor Skill Learning Credits: 3.00
- HK 26300 - Biomechanical Foundations Of Motor Skills Credits: 3.00
- HK 30200 - Applied Clinical Anatomy Credits: 3.00
- HK 36800 - Exercise Physiology Credits: 3.00
- HK 37200 - Sport And Exercise Psychology Credits: 3.00
• HK 46500 - Research Methods Credits: 3.00 or
• HK 49600 - Mentored Research In Kinesiology Credits: 1.00 to 3.00 must take 3.00 credits
• Kinesiology Selectives - Credit Hours: 15.00 (without optional concentration)
• Optional CEXP Concentration - Clinical Exercise Physiology Concentration for Kinesiology (If this concentration is chosen, then 6.00 Credit Hours of Kinesiology Selectives are required)
• Optional SMED Concentration - Sports Medicine Concentration for Kinesiology (If this concentration is chosen, then 12.00 Credit Hours of Kinesiology Selectives are required)
• Optional SMGT Concentration - Sport Management Concentration for Kinesiology (If this concentration is chosen, then 3.00 Credit Hours of Kinesiology Selectives are required)

Optional Concentrations

• Clinical Exercise Physiology Concentration for Kinesiology
• Sport Management Concentration for Kinesiology
• Sports Medicine Concentration for Kinesiology

Other Departmental/Program Course Requirements (43-48 credits)

• BIOL 20300 - Human Anatomy And Physiology Credits: 4.00 ♦ (satisfies Science for core)
• BIOL 20400 - Human Anatomy And Physiology Credits: 4.00 ♦ (satisfies Science for core)
• CNIT 13600 - Personal Computing Technology And Applications Credits: 3.00 ♦
• COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦ (satisfies Oral Communication for core)
• MA 15800 - Precalculus - Functions And Trigonometry Credits: 3.00 ♦ (satisfies Quantitative Reasoning for core)
• PHYS 22000 - General Physics Credits: 4.00
• PSY 12000 - Elementary Psychology Credits: 3.00 ♦ (satisfies Human Cultures: Behavioral & Social Sciences for core)
• STAT 30100 - Elementary Statistical Methods Credits: 3.00
• CHM 11100 - General Chemistry Credits: 3.00 ♦ or
• CHM 11500 - General Chemistry Credits: 4.00 ♦
• CHM 11200 - General Chemistry Credits: 3.00 ♦ or
• CHM 11600 - General Chemistry Credits: 4.00 ♦
• ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ (satisfies Written Communication and Information Literacy for core) or
• ENGL 10800 - First Year Composition Credits: 3.00 ♦ (satisfies Written Communication and Information Literacy for core)
• Culture & Diversity Selective - Credit Hours: 3.00
• Human Cultures: Humanities - Credit Hours: 3.00 (satisfies Humanities for core)
• Science, Technology & Society - Credit Hours: 1.00-3.00 (satisfies Science, Technology & Society for core)

Electives (32-37 credits) or (17-22 credits) or (16-21 credits) or (29-34 credits)

If completing 15 credit hours in the Kinesiology Selectives for the major then 32-37 elective credits are required.

If completing the optional Clinical Exercise Physiology Concentration then 17-22 elective credits are required.
If completing the optional Sport Management Concentration, then 29-34 elective credits are required.

If completing the optional Sports Medicine Concentration, then 16-21 elective credits are required.

Supplemental Lists

- Kinesiology Supplemental Information

Grade Requirements

- "C-" or better required in all HK courses

GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Science degree.

Pass/No Pass Policy

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

University Requirements

University Core Requirements

For a complete listing of University Core Course Selectives, visit the Provost's Website.

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency Website.
Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Additional Information

At least 32 credits of Purdue coursework required at 30000 level or higher:

- **KINE includes 30 credits (if taken at Purdue).**
- **KINE with the Clinical Exercise Physiology Concentration includes 36 credits (if taken at Purdue).**
- **KINE with the Sport Management Concentration includes 33 credits (if taken at Purdue).**
- **KINE with the Sports Medicine Concentration includes 33 credits (if taken at Purdue).**

Sample 4-Year Plan

**Fall 1st Year**

- BIOL 20300 - Human Anatomy And Physiology **Credits: 4.00**
- CNIT 13600 - Personal Computing Technology And Applications **Credits: 3.00**
- ENGL 10600 - First Year Composition With Conferences **Credits: 4.00** or
- ENGL 10800 - First Year Composition **Credits: 3.00**
- HK 13500 - Introduction To Health And Kinesiology **Credits: 1.00**
- MA 15800 - Precalculus - Functions And Trigonometry **Credits: 3.00**

14-15 Credits

**Spring 1st Year**

- BIOL 20400 - Human Anatomy And Physiology **Credits: 4.00**
- COM 11400 - Fundamentals Of Speech Communication **Credits: 3.00**
- HK 13500 - Introduction To Health And Kinesiology **Credits: 3.00**
- PSY 12000 - Elementary Psychology **Credits: 3.00**
- Elective - Credit Hours: 3.00

16 Credits
Fall 2nd Year

- CHM 11100 - General Chemistry Credits: 3.00 ♦ or
- CHM 11500 - General Chemistry Credits: 4.00 ♦
- HK 36800 - Exercise Physiology I Credits: 3.00
- Human Cultures: Humanities core - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-16 Credits

Spring 2nd Year

- CHM 11200 - General Chemistry Credits: 3.00 ♦ or
- CHM 11600 - General Chemistry Credits: 4.00 ♦
- HK 26300 - Biomechanical Foundations Of Motor Skills Credits: 3.00
- HK 30200 - Applied Clinical Anatomy Credits: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-16 Credits

Fall 3rd Year

- HK 25300 - Principles Of Motor Development Credits: 3.00
- PHYS 22000 - General Physics Credits: 4.00
- STAT 30100 - Elementary Statistical Methods Credits: 3.00

- Elective - Credit Hours: 3.00

16 Credits

Spring 3rd Year

- HK 25800 - Foundations Of Motor Skill Learning Credits: 3.00
- Culture & Diversity Selective - Credit Hours: 3.00
- HK 37200 - Sport And Exercise Psychology I Credits: 3.00
- HK 46500 - Research Methods Credits: 3.00 ♦ or
- HK 49600 - Mentored Research In Kinesiology Credits: 1.00 to 3.00 must take 3.00 credits
- Kinesiology Selective - Credit Hours: 3.00

15 Credits

Fall 4th Year
• Kinesiology Selective - Credit Hours: 3.00
• Kinesiology Selective - Credit Hours: 3.00
• Science, Technology & Society core - Credit Hours: 1.00 - 3.00
• Elective - Credit Hours: 3.00
• Elective - Credit Hours: 3.00
• Elective - Credit Hours: 1.00

14-16 Credits

Spring 4th Year

• Kinesiology Selective - Credit Hours: 3.00
• Kinesiology Selective - Credit Hours: 3.00
• Elective - Credit Hours: 3.00
• Elective - Credit Hours: 3.00
• Elective - Credit Hours: 3.00

15 Credits

Pre-Requisite Information

For pre-requisite information, log in to mypurdue.purdue.edu and click here.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.
Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

Clinical Exercise Physiology Concentration for Kinesiology

About the Program

The Clinical Exercise Physiology concentration is a 24-credit optional concentration for students in the Kinesiology major in the Department of Health and Kinesiology. The concentration provides students with the knowledge and practical experience to become leading professionals in the field of health and fitness focused on promoting healthy lifestyles as well as preventing and treating chronic conditions. Students will be prepared for careers in specialties including cardiac and pulmonary rehabilitation, preventative cardiology, diabetes prevention and management, obesity prevention and treatment, and oncology rehabilitation. Students will be well positioned to sit for and pass certifications from the American College of Sports Medicine, National Strength and Conditioning Association, National Academy of Sports Medicine, and more. Students completing the concentration will also be competitive candidates for advanced training and education in areas such as physical therapy, clinical exercise physiology, occupational therapy, medicine, and other related disciplines.

Required Courses (24 credits)
- HK 21300 - Clinical Field Experience In Health And Fitness Credits: 3.00
- HK 22200 - Foundations For The Health And Fitness Professional Credits: 3.00
- HK 31300 - Clinical Field Experience In Healthcare Credits: 3.00
- HK 42100 - Health Screening And Fitness Evaluation And Design Credits: 3.00 (satisfies Kinesiology selective)
- HK 42200 - Basic Concepts In Exercise Program Design Credits: 3.00 (satisfies Kinesiology selective)
- HK 46900 - Exercise Testing And Prescription In Special Populations Credits: 3.00 (satisfies Kinesiology selective)
- HSCI 13100 - Introduction To Medical Terminology Credits: 3.00
- NUTR 30300 - Essentials Of Nutrition Credits: 3.00

Note

Students must earn a C- or higher in all HK courses

Environmental Health/Epidemiology/Public Health Biology Concentration for Public Health

Concentration Courses (20 credits)

Required Courses (8 credits)

- BIOL 11000 - Fundamentals Of Biology I Credits: 4.00 and
- BIOL 11100 - Fundamentals Of Biology II Credits: 4.00

Select 12 credits from the following: (from minimum of two departments)

- AGRY 12500 - Environmental Science And Conservation Credits: 3.00 or
- EAPS 12500 - Environmental Science And Conservation Credits: 3.00 or
- NRES 12500 - Environmental Science And Conservation Credits: 3.00 or
- FNR 12500 - Environmental Science And Conservation Credits: 3.00
- AGEC 20400 - Introduction To Resource Economics And Environmental Policy Credits: 3.00
- AGRY 32000 - Genetics Credits: 3.00
- ANTH 32700 - Environment And Culture Credits: 3.00

- ENGL 39300 - Interdisciplinary Approaches To Environmental And Sustainability Studies Credits: 3.00 or
- NRES 39300 - Interdisciplinary Approaches To Environmental And Sustainability Studies Credits: 3.00 or
- BCHM 30700 - Biochemistry Credits: 3.00
- BIOL 22100 - Introduction To Microbiology Credits: 4.00
- BIOL 24100 - Biology IV: Genetics And Molecular Biology Credits: 3.00
- BIOL 48300 - Great Issues: Environmental And Conservation Biology Credits: 3.00
• CHM 25500 - Organic Chemistry For The Life Sciences I Credits: 3.00
• CHM 25600 - Organic Chemistry For The Life Sciences II Credits: 3.00
• CHM 25700 - Organic Chemistry Credits: 4.00
• CHM 33300 - Principles Of Biochemistry Credits: 3.00
• HSCI 20200 - Essentials Of Environmental, Occupational, And Radiological Health Sciences Credits: 3.00
• HSCI 34500 - Introduction To Occupational And Environmental Health Sciences Credits: 3.00
• NUTR 59000 - Special Problems In Nutrition Credits: 1.00 to 4.00
• PHIL 27000 - Biomedical Ethics Credits: 3.00
• PHIL 29000 - Environmental Ethics Credits: 3.00
• POL 22300 - Introduction To Environmental Policy Credits: 3.00
• POL 22900 - Emerging Problems In Political Science Credits: 1.00 to 3.00
• PSY 42200 - Genes and Behavior Credits: 3.00
• POL 42300 - International Environmental Policy Credits: 3.00
• SOC 37400 - Medical Sociology Credits: 3.00
• SOC 57200 - Comparative Healthcare Systems Credits: 3.00

Global Health Concentration for Public Health

Concentration Courses (18 credits)

Required Courses (3 credits)

• ANTH 20500 - Human Cultural Diversity Credits: 3.00 or
• ANTH 34000 - Global Perspectives On Health Credits: 3.00

Select 15 credits from the following: (from minimum of two departments)

• AAS 37100 - The African American Experience Credits: 3.00 (variable topics- approval by Public Health faculty)
• AAS 37300 - Issues In African American Studies Credits: 3.00 (variable topics- approval by Public Health faculty)
• AGR 20100 - Communicating Across Culture Credits: 3.00
• ANTH 21200 - Culture, Food And Health Credits: 3.00
• ANTH 33700 - Human Diet: Origins And Evolution Credits: 3.00
• ANTH 48200 - Sexual Diversity In Global Perspectives Credits: 3.00
• ASAM 24000 - Introduction To Asian American Studies Credits: 3.00
• ASAM 34000 - Contemporary Issues In Asian American Studies Credits: 3.00
• COM 22400 - Communicating In The Global Workplace Credits: 3.00
• HDFS 21000 - Introduction To Human Development Credits: 3.00
• HDFS 30500 - Biosocial Foundations Of The Family Credits: 3.00
• HDFS 32500 - Health And Health Care For Children And Families Credits: 3.00
• HIST 30000 - Eve Of Destruction: Global Crises And World Organization In The 20th Century Credits: 3.00
• IDIS 59100 - Selected Topics In Interdisciplinary Studies Credits: 3.00 (variable topics- approval by Public Health faculty)
• LALS 25000 - Introduction To Latin American And Latino Studies Credits: 3.00
• MET 52700 - Technology From A Global Perspective Credits: 3.00
• PHIL 11400 - Global Moral Issues Credits: 3.00
• POL 22900 - Emerging Problems In Political Science Credits: 1.00 to 3.00
• PSY 24000 - Introduction To Social Psychology Credits: 3.00 or
• SOC 34000 - General Social Psychology Credits: 3.00

• PSY 33500 - Stereotyping And Prejudice Credits: 3.00
• SOC 31000 - Race And Ethnicity Credits: 3.00
• SOC 33800 - Global Social Movements Credits: 3.00
• SOC 33900 - Sociology Of Global Development Credits: 3.00
• SOC 35200 - Drugs, Culture, And Society Credits: 3.00
• SOC 38200 - Introduction To Statistics In Sociology Credits: 3.00
• SOC 57200 - Comparative Healthcare Systems Credits: 3.00
• SOC 57400 - The Social Organization Of Healthcare Credits: 3.00
• SOC 57600 - Health And Aging In Social Context Credits: 3.00

Health Policy & Management Concentration for Public Health

Concentration Courses (18 credits)

Required Courses (6 credits)

• POL 12000 - Introduction To Public Policy And Public Administration Credits: 3.00
• IET 43640 - Lean Six Sigma Credits: 3.00

Select 12 credits from the following: (from minimum of two departments)

• COM 22400 - Communicating In The Global Workplace Credits: 3.00
• COM 25300 - Introduction To Public Relations Credits: 3.00
• COM 32000 - Small Group Communication Credits: 3.00

• SOC 57300 - The Human Side Of Medicine Credits: 3.00
• SOC 57400 - The Social Organization Of Healthcare Credits: 3.00
• SOC 57600 - Health And Aging In Social Context Credits: 3.00
• SYS 40000 - Systems Praxis Credits: 3.00
• TLI 15200 - Business Principles For Organizational Leadership Credits: 3.00
• TLI 21300 - Project Management Credits: 3.00
• OLS 38600 - Leadership For Organizational Change Credits: 3.00

Interdisciplinary Concentration for Public Health

Concentration Courses (18 credits)

• Introduction Course Selectives - Credit Hours: 6.00
  o Course selections determined in consultation with Public Health faculty
• INTC Concentration Selectives - Credit Hours: 12.00 from minimum of two departments.
  o Course selections determined in consultation with Public Health faculty

Sport Management Concentration for Kinesiology

Sport Management Concentration for Kinesiology

The Sport Management Concentration is a 15-credit optional concentration for students in the Kinesiology major. The concentration provides foundational knowledge and profession-specific learning opportunities for students interested in pursuing graduate school and/or a future career within the sport industry. Coursework builds student skills in the business practices of the sport industry at multiple levels including recreational, interscholastic, intercollegiate, and professional environments.

Required Courses (15 credits)

• CSR 30900 - Leadership Strategies Credits: 3.00
• HK 32700 - Introduction To Sports Management Credits: 3.00
• HK 32800 - Business Of Professional Sports Credits: 3.00
• HK 42700 - Sports Marketing Credits: 3.00
• HK 42800 - Sports Facility And Event Management Credits: 3.00

Sports Medicine Concentration for Kinesiology

Required Courses (19 credits)
Note

Students must earn a C- or higher in all HK courses.

Non-Degree

Kinesiology Supplemental Information

Kinesiology Selectives - select 15 credits

To complete the optional CEXP concentration, student must complete all courses in the concentration (which includes HK 42100, HK 42200, and HK 46900) plus 6 credits of KINE Selectives. To complete the optional SMED concentration, student must complete all courses in the concentration (which includes HK 30800) plus 12 credits of KINE Selectives. To complete the optional SMGT concentration, student must complete all courses in the concentration (which includes HK 32700, HK 32800, HK 42700, and HK 42800) plus 3 credits of KINE Selectives. If NOT completing the CEXP, SMED, or SMGT concentrations, student must complete 15 credits of KINE Selectives.

No more than six credit hours from HK 49100 or HK 49600 (if not used to meet major requirement) may apply toward the total number of Kinesiology Selectives.

Students must earn a C- or higher in all HK courses.

- HK 30800 - Athletic Health Care Credits: 3.00
- HK 31800 - Strength And Conditioning And Exercise Instruction Across The Lifespan Credits: 3.00
- HK 32500 - Instructional Skills For Kinesiology Credits: 3.00
- HK 32700 - Introduction To Sports Management Credits: 3.00
- HK 32800 - Business Of Professional Sports Credits: 3.00
- HK 33100 - Developmentally Appropriate Physical Activity For Children Credits: 3.00
- HK 37600 - History Of Sport Credits: 3.00
- HK 41500 - Exercise As Medicine Credits: 3.00
- HK 42100 - Health Screening And Fitness Evaluation And Design Credits: 3.00
- HK 42200 - Basic Concepts In Exercise Program Design Credits: 3.00
- HK 42400 - Health And Fitness Program Management Credits: 3.00
- HK 42700 - Sports Marketing Credits: 3.00
- HK 42800 - Sports Facility And Event Management Credits: 3.00
- HK 44300 - Neuroscience Of Movement Credits: 3.00
- HK 44400 - Balance Rehab In Older Adults Credits: 3.00
- HK 45300 - Motor Coordination And Development Credits: 3.00
- HK 45800 - Principles Of Motor Control And Learning Credits: 3.00

School of Health Sciences

About Health Sciences

Undergraduate majors in Purdue's School of Health Sciences (HSCI) prepare students for fulfilling health-related careers. Our challenging curriculum offers a common core of courses in mathematics, physics, biology, and chemistry. Within Health Sciences, students have the opportunity to participate in multiple health-related student organizations, gain real-world experience through internships, and conduct groundbreaking undergraduate research. Graduates from the School of Health Sciences have found excellent success in gaining employment and admission to professional school programs including medicine, dentistry, physical therapy (PT), occupational therapy (OT), optometry, public health, and physician assistant (PA) as well as other graduate programs.

Recent alumni of the School of Health Sciences work for a variety of companies including Google, Amazon.com, Johnson & Johnson, Subaru, Alcoa, Indiana State Department of Health, Purdue University, Indiana State Police, IU Health, St. Elizabeth Hospital, Lyondell Basell, and Flint Hills Resources.

Bachelor of Science

Biomedical Health Sciences/Interdisciplinary Health Science Concentration, BS

About the Program

The Biomedical Health Sciences (BMHS) major is designed to prepare students for entry into professional and graduate schools in a wide arena of health professions and health sciences. This concentration is specifically designed for students interested in health care careers and want the flexibility to design their own path or have not decided on a specific professional program. Students in this concentration will be prepared for the many professional programs in healthcare that are not specifically covered by other concentrations, including physical therapy, occupational therapy, chiropractic, podiatry, and cardiovascular perfusion. In addition, students are well prepared for graduate studies in areas of the biomedical sciences, such as occupational health and safety, toxicology, molecular medicine, medical scientist, exposure science, and other biomedical sciences. The Interdisciplinary Health Sciences (IDHS) concentration is more flexible so students can fit the requirements of their professional or graduate program of choice. However, this program goes beyond minimum requirements to ensure that students are prepared for the rigors of a professional program across any of the biomedical health sciences, including students interested in the focus areas of the other BMHS concentrations, such as medical or dental school.

Biomedical Health Sciences Major Change (CODO) Requirements

Degree Requirements

Departmental/Program Major Requirements (67 credits)

- BCHM 30700 - Biochemistry Credits: 3.00 or
- CHM 33900 - Biochemistry: A Molecular Approach Credits: 3.00
- BIOL 11000 - Fundamentals Of Biology I Credits: 4.00 ♦ (satisfies Science for core)
- BIOL 11100 - Fundamentals Of Biology II Credits: 4.00 ♦ (satisfies Science for core)
- CHM 11500 - General Chemistry Credits: 4.00
- CHM 11600 - General Chemistry Credits: 4.00
- CHM 25500 - Organic Chemistry For The Life Sciences I Credits: 3.00 ♦
- CHM 25501 - Organic Chemistry For The Life Sciences Laboratory I Credits: 1.00 ♦
- CHM 25600 - Organic Chemistry For The Life Sciences II Credits: 3.00 ♦
- CHM 25601 - Organic Chemistry For The Life Sciences Laboratory II Credits: 1.00 ♦
• HSCI 10100 - Introduction To The Health Sciences Professions  Credits: 2.00
• HSCI 13100 - Introduction To Medical Terminology  Credits: 3.00
• HSCI 20100 - Principles Of Public Health Science  Credits: 3.00 (satisfies Science, Technology & Society for core)
• HSCI 20200 - Essentials Of Environmental, Occupational, And Radiological Health Sciences  Credits: 3.00
• HSCI 22500 - Healthcare Leadership And Safety  Credits: 3.00
• MA 16010 - Applied Calculus I  Credits: 3.00 ♦ (satisfies Quantitative Reasoning for core)
• STAT 30100 - Elementary Statistical Methods  Credits: 3.00 ♦ or
• STAT 50300 - Statistical Methods For Biology  Credits: 3.00 ♦
• HSCI Selectives - Credit Hours: 12.00

Interdisciplinary Health Science Concentration (24 credits)

• HSCI Humanities, Behavioral/Social Sciences Selective - Credit Hours: 3.00
• Science and Health Selectives - Credit Hours: 21.00

Other Departmental/Program Course Requirements (15-16 credits)

• COM 11400 - Fundamentals Of Speech Communication  Credits: 3.00 ♦ (satisfies Oral Communication for core)
• PSY 12000 - Elementary Psychology  Credits: 3.00 (satisfies Human Cultures: Behavioral & Social Sciences for core)
• ENGL 10600 - First Year Composition With Conferences  Credits: 4.00 ♦ (satisfies Written Communication and Information Literacy for core) or
• ENGL 10800 - First Year Composition  Credits: 3.00 ♦ (satisfies Written Communication and Information Literacy for core)
• English Selective (any ENGL course 20000 level or above) - Credit Hours: 3.00
• Human Cultures: Humanities - Credit Hours: 3.00 (satisfies Humanities core)

Electives (13-14 credits)

• An Ethics course (such as PHIL 11100 Ethics or PHIL 27000 Biomedical Ethics) is highly recommended.

GPA Requirements

• 2.0 Graduation GPA required for Bachelor of Science degree.

Pass/No Pass Policy

• A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

University Requirements
University Core Requirements

For a complete listing of University Core Course Selectives, visit the Provost's Website.

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Sample 4-Year Plan

Fall 1st Year

- BIOL 11000 - Fundamentals Of Biology I Credits: 4.00 ♦
- CHM 11500 - General Chemistry Credits: 4.00 ♦
- ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ or
- ENGL 10800 - First Year Composition Credits: 3.00 ♦
- HSCI 10100 - Introduction To The Health Sciences Professions Credits: 2.00
- MA 16010 - Applied Calculus I Credits: 3.00 ♦

Pre-Requisite Information

For pre-requisite information, log in to mypurdue.purdue.edu and click here.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be
proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

Biomedical Health Sciences/Pre-Dentistry Concentration, BS

About the Program

The Biomedical Health Sciences (BMHS) major is designed to prepare students for entry into professional and graduate schools in a wide arena of health professions and health sciences. This concentration is specifically designed for students interested in pursuing careers in general dentistry, orthodontics, periodontics, endodontics, and other areas of dentistry. The coursework builds a solid foundation in the biomedical health sciences to prepare our undergraduates for the challenges of pursuing a career in the diverse and ever-changing industry of healthcare and health science. Due to the thoughtful design of our curriculum, students take similar coursework the first two years of enrollment, allowing the flexibility of switching from one BMHS program to another. The most outstanding feature of BMHS is that the course requirements for entry into many professional or graduate schools are incorporated into the plans of study, resulting in no extra coursework for most of our undergraduates.

- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Sample 4-Year Plan
Fall 1st Year

- BIOL 11000 - Fundamentals Of Biology I Credits: 4.00 ♦
- CHM 11500 - General Chemistry Credits: 4.00 ♦
- HSCI 10100 - Introduction To The Health Sciences Professions Credits: 2.00
- MA 16010 - Applied Calculus I Credits: 3.00 ♦
- ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ or
- ENGL 10800 - First Year Composition Credits: 3.00 ♦

16-17 Credits

Spring 1st Year

- BIOL 11100 - Fundamentals Of Biology II Credits: 4.00 ♦
- CHM 11600 - General Chemistry Credits: 4.00 ♦
- COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦
- HSCI 13100 - Introduction To Medical Terminology Credits: 3.00

14 Credits

Fall 2nd Year

- BIOL 20300 - Human Anatomy And Physiology Credits: 4.00 ♦
- CHM 25500 - Organic Chemistry For The Life Sciences I Credits: 3.00 ♦
- CHM 25501 - Organic Chemistry For The Life Sciences Laboratory I Credits: 1.00 ♦
- HSCI 20200 - Essentials Of Environmental, Occupational, And Radiological Health Sciences Credits: 3.00
- STAT 30100 - Elementary Statistical Methods Credits: 3.00 or
- STAT 50300 - Statistical Methods For Biology Credits: 3.00

14 Credits

Spring 2nd Year

- BIOL 20400 - Human Anatomy And Physiology Credits: 4.00 ♦
- CHM 25600 - Organic Chemistry For The Life Sciences II Credits: 3.00 ♦
- CHM 25601 - Organic Chemistry For The Life Sciences Laboratory II Credits: 1.00 ♦
- HSCI 20100 - Principles Of Public Health Science Credits: 3.00
- HSCI 22500 - Healthcare Leadership And Safety Credits: 3.00
- Elective - Credit Hours: 2.00

16 Credits

Fall 3rd Year

- CHM 33900 - Biochemistry: A Molecular Approach Credits: 3.00 or
• BCHM 30700 - Biochemistry Credits: 3.00
• PHYS 22000 - General Physics Credits: 4.00 or
• PHYS 23300 - Physics For Life Sciences I Credits: 4.00
• PSY 12000 - Elementary Psychology Credits: 3.00
• Human Cultures: Humanities core - Credit Hours: 3.00
• HSCI Selective - Credit Hours: 3.00

16 Credits

Spring 3rd Year

• PHYS 22100 - General Physics Credits: 4.00 or
• PHYS 23400 - Physics For Life Sciences II Credits: 4.00
• HSCI Selective-Credit Hours: 3.00
• HSCI Humanities, Behavioral/Social Sciences Selective - Credit Hours: 3.00
• Science and Health Selective-Credit Hours: 4.00

14 Credits

Fall 4th Year

• Science and Health Selective-Credit Hours: 3.00
• Science and Health Selective-Credit Hours: 3.00
• HSCI Selective - Credit Hours: 3.00
• English Selective (any 20000 level or above ENGL course) - Credit Hours: 3.00
• Elective - Credit Hours: 3.00

15 Credits

Spring 4th Year

• Science and Health Selective-Credit Hours: 3.00
• HSCI Selective - Credit Hours: 3.00
• Elective - Credit Hours: 3.00
• Elective - Credit Hours: 3.00
• Elective - Credit Hours: 2.00-3.00

World Language Courses
World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

**Critical Course**

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."

**Disclaimer**

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

**Biomedical Health Sciences/Pre-Medicine Concentration, BS**

**About the Program**

The Biomedical Health Sciences (BMHS) major is designed to prepare students for entry into professional and graduate schools in a wide arena of health professions and health sciences. This concentration is specifically designed for students interested in attending medical school after graduating from Purdue University. The coursework builds a solid foundation in the biomedical health sciences to prepare our undergraduates for the challenges of pursuing a career in the diverse and ever-changing industry of healthcare and health science. Due to the thoughtful design of our curriculum, students take similar coursework the first two years of enrollment, allowing the flexibility of switching from one BMHS program to another. The most outstanding feature of BMHS is that the course requirements for entry into many professional or graduate schools are incorporated into the plans of study, resulting in no extra coursework for most of our undergraduates.

**School of Health Sciences**

Biomedical Health Sciences Major Change (CODO) Requirements

**Degree Requirements**

**120 Credits Required**

Departmental/Program Major Requirements (67 credits)
• BCHM 30700 - Biochemistry Credits: 3.00 or
• CHM 33900 - Biochemistry: A Molecular Approach Credits: 3.00
• BIOL 11000 - Fundamentals Of Biology I Credits: 4.00 ♦ (satisfies Science for core)
• BIOL 11100 - Fundamentals Of Biology II Credits: 4.00 ♦ (satisfies Science for core)
• BIOL 20300 - Human Anatomy And Physiology Credits: 4.00 ♦
• BIOL 20400 - Human Anatomy And Physiology Credits: 4.00 ♦
• CHM 11500 - General Chemistry Credits: 4.00 ♦
• CHM 11600 - General Chemistry Credits: 4.00 ♦
• CHM 25500 - Organic Chemistry For The Life Sciences I Credits: 3.00 ♦
• CHM 25501 - Organic Chemistry For The Life Sciences Laboratory I Credits: 1.00 ♦
• CHM 25600 - Organic Chemistry For The Life Sciences II Credits: 3.00 ♦
• CHM 25601 - Organic Chemistry For The Life Sciences Laboratory II Credits: 1.00 ♦
• HSCI 10100 - Introduction To The Health Sciences Professions Credits: 2.00
• HSCI 13100 - Introduction To Medical Terminology Credits: 3.00
• HSCI 20100 - Principles Of Public Health Science Credits: 3.00 (satisfies Science, Technology & Society for core)
• HSCI 20200 - Essentials Of Environmental, Occupational, And Radiological Health Sciences Credits: 3.00
• HSCI 22500 - Healthcare Leadership And Safety Credits: 3.00
• MA 16010 - Applied Calculus I Credits: 3.00 ♦ (satisfies Quantitative Reasoning for core)
• STAT 30100 - Elementary Statistical Methods Credits: 3.00 or
• STAT 50300 - Statistical Methods For Biology Credits: 3.00
• HSCI Selective - Credit Hours: 12.00

Pre-Medicine Concentration (25 credits)

• BIOL 22100 - Introduction To Microbiology Credits: 4.00
• BIOL 23100 - Biology III: Cell Structure And Function Credits: 3.00 ♦
• BIOL 23200 - Laboratory In Biology III: Cell Structure And Function Credits: 2.00 ♦
• BIOL 24100 - Biology IV: Genetics And Molecular Biology Credits: 3.00 ♦
• BIOL 24200 - Laboratory In Biology IV: Genetics And Molecular Biology Credits: 2.00 ♦
• SOC 10000 - Introductory Sociology Credits: 3.00
• PHYS 22000 - General Physics Credits: 4.00 or
• PHYS 23300 - Physics For Life Sciences I Credits: 4.00
• PHYS 22100 - General Physics Credits: 4.00 or
• PHYS 23400 - Physics For Life Sciences II Credits: 4.00

Other Departmental/Program Course Requirements (15-16 credits)

• COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦ (satisfies Oral Communication for core)
• PSY 12000 - Elementary Psychology Credits: 3.00 (satisfies Human Cultures: Behavioral & Social Sciences for core)
• ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ (satisfies Written Communication and Information Literacy for core) or
• ENGL 10800 - First Year Composition Credits: 3.00 ♦ (satisfies Written Communication and Information Literacy for core)
• English Selective (any ENGL course 20000 level or above) - Credit Hours: 3.00
• Human Cultures: Humanities - Credit Hours: 3.00 (satisfies Humanities core)
Electives (12-13 credits)

- An Ethics course (such as PHIL 11100 Ethics or PHIL 27000 Environmental Ethics) is highly recommended for elective credit.

Supplemental Lists

Biomedical Health Sciences Supplemental Information

GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Science degree.

Pass/No Pass Policy

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

University Requirements

- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
• Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
• Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

• Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
• Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

120 Credits Required

Departmental/Program Major Course Requirements (67 credits)

- BCHM 30700 - Biochemistry Credits: 3.00 or
- CHM 33900 - Biochemistry: A Molecular Approach Credits: 3.00
- BIOL 11000 - Fundamentals Of Biology I Credits: 4.00 ♦ (satisfies Science for core)
- BIOL 11100 - Fundamentals Of Biology II Credits: 4.00 ♦ (satisfies Science for core)
- BIOL 20300 - Human Anatomy And Physiology Credits: 4.00 ♦
- BIOL 20400 - Human Anatomy And Physiology Credits: 4.00 ♦
- CHM 11500 - General Chemistry Credits: 4.00 ♦
- CHM 11600 - General Chemistry Credits: 4.00 ♦
- CHM 25500 - Organic Chemistry For The Life Sciences I Credits: 3.00 ♦
- CHM 25501 - Organic Chemistry For The Life Sciences Laboratory I Credits: 1.00 ♦
- CHM 25600 - Organic Chemistry For The Life Sciences II Credits: 3.00 ♦
- CHM 25601 - Organic Chemistry For The Life Sciences Laboratory II Credits: 1.00 ♦
- HSCI 10100 - Introduction To The Health Sciences Professions Credits: 2.00
- HSCI 13100 - Introduction To Medical Terminology Credits: 3.00
- HSCI 20100 - Principles Of Public Health Science Credits: 3.00 (satisfies Science, Technology & Society for core)
- HSCI 20200 - Essentials Of Environmental, Occupational, And Radiological Health Sciences Credits: 3.00
- HSCI 22500 - Healthcare Leadership And Safety Credits: 3.00
- MA 16010 - Applied Calculus I Credit: 3.00♦ (satisfies Quantitative Reasoning for core)
- STAT 30100 - Elementary Statistical Methods Credit: 3.00 or
- STAT 50300 - Statistical Methods For Biology Credit: 3.00
- HSCI Selective - Credit Hours: 12.00 credits

Pre-Physician Assistant Concentration (24 credits)

- BIOL 22100 - Introduction To Microbiology Credit: 4.00
- HDFS 21000 - Introduction To Human Development Credit: 3.00
- SOC 10000 - Introductory Sociology Credit: 3.00
- AGRY 32000 - Genetics Credit: 3.00 or
- BIOL 24100 - Biology IV: Genetics And Molecular Biology Credit: 3.00
- NUTR 30300 - Essentials Of Nutrition Credit: 3.00 or
- NUTR 31500 - Fundamentals Of Nutrition Credit: 3.00
- Science and Health Selective - Credit Hours: 8.00

Other Departmental/Program Course Requirements (15-16 credits)

- COM 11400 - Fundamentals Of Speech Communication Credit: 3.00♦ (satisfies Oral Communication for core)
- PSY 12000 - Elementary Psychology Credit: 3.00 (satisfies Human Cultures: Behavioral & Social Sciences for core)
- ENGL 10600 - First Year Composition With Conferences Credit: 4.00♦ (satisfies Written Communication and Information Literacy for core) or
- ENGL 10800 - First Year Composition Credit: 3.00♦ (satisfies Written Communication and Information Literacy for core)
- English Selective - any ENGL course 20000 level or above - Credit Hours: 3.00
- Human Cultures: Humanities - Credit Hours: 3.00 (satisfies Humanities for core)

Electives (13-14 credits)

- An Ethics course (such as PHIL 11100 Ethics or PHIL 27000 Biomedical Ethics) is highly recommended for elective credit.

Supplemental Lists

Biomedical Health Sciences Supplemental Information

GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Science Degree.

Pass/No Pass Policy

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational
outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

University Requirements

University Core Requirements

For a complete listing of University Core Course Selectives, visit the Provost's Website.

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Sample 4-Year Plan

Fall 1st Year

- BIOL 11000 - Fundamentals Of Biology I Credits: 4.00 ♦
- CHM 11500 - General Chemistry Credits: 4.00 ♦
ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ or
ENGL 10800 - First Year Composition Credits: 3.00 ♦
HSCI 10100 - Introduction To The Health Sciences Professions Credits: 2.00
MA 16010 - Applied Calculus I Credits: 3.00 ♦

16-17 Credits

Spring 1st Year

• BIOL 11100 - Fundamentals Of Biology II Credits: 4.00 ♦
• CHM 11600 - General Chemistry Credits: 4.00 ♦
• COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦
• HSCI 13100 - Introduction To Medical Terminology Credits: 3.00

14 Credits

Fall 2nd Year

• BIOL 20300 - Human Anatomy And Physiology Credits: 4.00 ♦
• CHM 25500 - Organic Chemistry For The Life Sciences I Credits: 3.00 ♦
• CHM 25501 - Organic Chemistry For The Life Sciences Laboratory I Credits: 1.00 ♦
• HSCI 20200 - Essentials Of Environmental, Occupational, And Radiological Health Sciences Credits: 3.00
• STAT 30100 - Elementary Statistical Methods Credits: 3.00 or
• STAT 50300 - Statistical Methods For Biology Credits: 3.00

14 Credits

Spring 2nd Year

• BIOL 20400 - Human Anatomy And Physiology Credits: 4.00 ♦
• CHM 25600 - Organic Chemistry For The Life Sciences II Credits: 3.00 ♦
• CHM 25601 - Organic Chemistry For The Life Sciences Laboratory II Credits: 1.00 ♦
• HSCI 20100 - Principles Of Public Health Science Credits: 3.00
• HSCI 22500 - Healthcare Leadership And Safety Credits: 3.00
• Elective - Credit Hours: 2.00

16 Credits

Fall 3rd Year

• BCHM 30700 - Biochemistry Credits: 3.00 or
• CHM 33900 - Biochemistry: A Molecular Approach Credits: 3.00
• AGRY 32000 - Genetics Credits: 3.00 or
• BIOL 24100 - Biology IV: Genetics And Molecular Biology Credits: 3.00
• SOC 10000 - Introductory Sociology Credits: 3.00
• PSY 12000 - Elementary Psychology Credits: 3.00
• Human Cultures: Humanities - Credit Hours: 3.00

15 Credits

Spring 3rd Year

• NUTR 30300 - Essentials Of Nutrition Credits: 3.00 or
• NUTR 31500 - Fundamentals Of Nutrition Credits: 3.00
• BIOL 22100 - Introduction To Microbiology Credits: 4.00
• HDFS 21000 - Introduction To Human Development Credits: 3.00
• Science and Health Selective-Credit Hours: 2.00
• Elective - Credit Hours: 3.00

15 Credits

Fall 4th Year

• Science and Health Selective - Credit Hours: 3.00
• HSCI Selective - Credit Hours: 3.00
• HSCI Selective - Credit Hours: 3.00
• English Selective (any 20000 level or above ENGL course) - Credit Hours: 3.00
• Elective - Credit Hours: 3.00

15 Credits

Spring 4th Year

• Science and Health Selective - Credit Hours: 3.00
• HSCI Selective - Credit Hours: 3.00
• HSCI Selective - Credit Hours: 3.00
• Elective - Credit Hours: 3.00
• Elective - Credit Hours: 2.00-3.00

14-15 Credits

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-
Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

Medical Laboratory Sciences, BS

About the Program

Medical Laboratory Sciences is an ideal degree path for those interested in a career in healthcare. Not only will you learn the science behind clinical diagnostics but how to perform and interpret these analyses with accuracy and precision, like a detective. The unique 3+1 design of our program means that after building a robust interdisciplinary science foundation on campus, you will spend your final year at one of our medical affiliates building advanced clinical competence and diagnostic skills. Pursuing this undergraduate path means as a professional you will play a critical role on the patient care team providing vital information for the accurate diagnosis and treatment of disease. This is because you will attain expertise across a multitude of disciplines such as hematology, microbiology, immunohematology and more that play a significant role in the treatment and resolution of illness and disease. Along with this expertise, earning national board certification ahead of or near graduation puts you in high demand across a diverse collection of career fields such as medical practice, biomedical research, governmental, and public health agencies to name a few. In addition, Medical Laboratory Sciences will also afford you an enriched foundation should you seek to further your studies in the areas of medicine, biochemistry, toxicology, epidemiology, management, and more in professional or graduate school.

- CHM 11600 - General Chemistry Credits: 4.00
- CHM 25500 - Organic Chemistry For The Life Sciences Credits: 3.00
- CHM 25501 - Organic Chemistry For The Life Sciences Laboratory Credits: 1.00
- CHM 25600 - Organic Chemistry For The Life Sciences Laboratory Credits: 3.00
- CHM 25601 - Organic Chemistry For The Life Sciences Laboratory Credits: 1.00
- HSCI 10100 - Introduction To The Health Sciences Professions Credits: 2.00
- HSCI 13000 - Introduction To Medical Laboratory Science Credits: 1.00
- HSCI 13100 - Introduction To Medical Terminology Credits: 3.00
- HSCI 20100 - Principles Of Public Health Science Credits: 3.00 (satisfies Science, Technology & Society for core)
- HSCI 20200 - Essentials Of Environmental, Occupational, And Radiological Health Sciences Credits: 3.00
- HSCI 33300 - Introduction To Immunology Credits: 3.00
- STAT 30100 - Elementary Statistical Methods Credits: 3.00
- English Selective - select any 20000 level or above ENGL course - Credit Hours: 3.00
- Science Selective - select a total of 7 credits from Science Selective List - Credit Hours: 7.00

Clinical Year (32 credits)

A cumulative GPA of at least 3.00 and a minimum science (CHM, BIOL, PHYS, MA) GPA of at least 2.75 is required to apply for admission into the clinical year.

Student must have at least 88 credits completed prior to the start of the clinical year.

(Course title and number of credits per course listed below vary by clinical location. Clinical year includes coursework in Chemistry, Hematology, Serology, Immunohematology, Microbiology, Urinalysis, and special topics such as: Laboratory Management, Parasitology, etc. The course titles and credits may vary depending on the affiliate site, but will adhere to the overall total of 32 credits at the 40000 level.

- HSCI 45100 - Clinical Biochemistry Credits: 1.00 to 10.00
- HSCI 45200 - Clinical Chemistry Credits: 1.00 to 10.00
- HSCI 45300 - Clinical Hematology Credits: 1.00 to 10.00
- HSCI 45400 - Clinical Immunohematology Credits: 1.00 to 10.00
- HSCI 45500 - Clinical Microbiology Credits: 1.00 to 10.00
- HSCI 45700 - Clinical Parasitology Credits: 1.00 to 10.00
- HSCI 45800 - Clinical Serology Credits: 1.00 to 10.00
- HSCI 46000 - Clinical Urinalysis Credits: 1.00 to 10.00
- HSCI 46500 - Introduction To Laboratory Education And Management Credits: 1.00 to 3.00
• HSCI 49000 - Special Topics Credits: 1.00 to 8.00 Approved Titles (Basic Lab Skills I),(Basic Lab Skills II),(Basic Lab Skills)
• Any PATH prefix course

Other Departmental/Program Course Requirements (23-24 credits)

• BIOL 11000 - Fundamentals Of Biology I Credits: 4.00 ♦ (satisfies Science for core)
• BIOL 11100 - Fundamentals Of Biology II Credits: 4.00 ♦ (satisfies Science for core)
• COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦ (satisfies Oral Communication for core)
• MA 16010 - Applied Calculus I Credits: 3.00 ♦ (satisfies Quantitative Reasoning for core)
• ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ (satisfies Written Communication and Information Literacy for core) or
• ENGL 10800 - First Year Composition Credits: 3.00 ♦ (satisfies Written Communication and Information Literacy for core)
• Human Cultures: Behavioral & Social Sciences - Credit Hours: 3.00 (satisfies Behavioral & Social Sciences for core)
• Human Cultures: Humanities - Credit Hours: 3.00 (satisfies Humanities for core)

Electives (2-3 credits)

• An Ethics course (such as PHIL 11100 Ethics or PHIL 27000 Environmental Ethics) is highly recommended for elective credit.

GPA Requirements

• A cumulative GPA of at least 3.00 and a minimum science (CHM, BIOL, PHYS, MA) GPA of at least 2.75 is required for admission into the clinical year.
• 2.0 GPA required for graduation

Pass/No Pass Policy

• A student may elect the Pass/Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass/Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass/Not-Pass option. A maximum of 24 credits of elective courses under the Pass/Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

**Occupational and Environmental Health Sciences, BS**

**About the Program**

The Occupational and Environmental Health Sciences (OEHS) major prepares undergraduates to work in environmental health, occupational health, safety, and industrial hygiene. The combined goal of the occupational and environmental health sciences is to control hazardous workplace and environmental exposures to prevent fatalities, injuries, and/or illnesses that impact the health, performance and well-being of workers and the general public. At Purdue, the emphases of the OEHS program are on hazardous exposure assessment, understanding the relationships between exposure and disease, and using engineering controls to eliminate such hazards. Due to the thoughtful design of our curriculum, students take similar coursework the first two years of enrollment, allowing the flexibility of switching from one health sciences major to another. This curriculum can be adjusted to meet all medical school course requirements.

**Occupational and Environmental Health Sciences Major Change (CODO) Requirements**

**Degree Requirements**

**120 Credits Required**

**Departmental/Major Course Requirements (94 credits)**

A minimum grade of "C" is required for HSCI 34500, 34600, 34800, 44400, 58000, and 58001.

Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Sample 4-Year Plan

Fall 1st Year

- BIOL 11000 - Fundamentals Of Biology I Credits: 4.00 ♦
- CHM 11500 - General Chemistry Credits: 4.00 ♦
- ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ or
- ENGL 10800 - First Year Composition Credits: 3.00 ♦
- HSCI 10100 - Introduction To The Health Sciences Professions Credits: 2.00
- MA 16010 - Applied Calculus I Credits: 3.00 ♦
16-17 Credits

Spring 1st Year

- BIOL 11100 - Fundamentals Of Biology II Credits: 4.00 ♦
- CHM 11600 - General Chemistry Credits: 4.00 ♦
- COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦
- HSCI 11000 - Careers And Research In Occupational And Environmental Health Credits: 1.00
- Elective - Credit Hours: 3.00

15 Credits

Fall 2nd Year

- BIOL 20300 - Human Anatomy And Physiology Credits: 4.00 ♦
- CHM 25700 - Organic Chemistry Credits: 4.00 ♦
- CHM 25701 - Organic Chemistry Laboratory Credits: 1.00 ♦
- HSCI 34500 - Introduction To Occupational And Environmental Health Sciences Credits: 3.00
- PHYS 22000 - General Physics Credits: 4.00 ♦

16 Credits

Spring 2nd Year

- BIOL 20400 - Human Anatomy And Physiology Credits: 4.00 ♦
- HSCI 22500 - Healthcare Leadership And Safety Credits: 3.00
- HSCI 20100 - Principles Of Public Health Science Credits: 3.00
- PHYS 22100 - General Physics Credits: 4.00 ♦

14 Credits

Fall 3rd Year

- BCHM 30700 - Biochemistry Credits: 3.00 ♦
- HSCI 35300 - Occupational Safety Management And Culture Credits: 3.00
- CHM 32100 - Analytical Chemistry I Credits: 4.00
- STAT 30100 - Elementary Statistical Methods Credits: 3.00
- English Selective - Credit Hours: 3.00

16 Credits

Spring 3rd Year

- BIOL 22100 - Introduction To Microbiology Credits: 4.00
- HSCI 34800 - Industrial Hygiene Instrumentation Techniques Credits: 3.00
• POL 22300 - Introduction To Environmental Policy Credits: 3.00
• Humanities Selective - Credit Hours: 3.00

13 Credits

Fall 4th Year

• PUBH 40500 - Principles Of Epidemiology Credits: 3.00 or
• HSCI 54700 - Fundamentals Of Epidemiology Credits: 3.00
• Environmental Policy Selective - Credit Hours: 3.00
• HSCI Humanities Selective - Credit Hours: 3.00
• HSCI 56000 - Toxicology Credits: 3.00
• HSCI 58000 - Occupational Biomechanics And Ergonomics Credits: 2.00
• HSCI 58001 - Occupational Biomechanics And Ergonomics Laboratory Credits: 1.00

15 Credits

Spring 4th Year

• HSCI 34600 - Industrial Hygiene Engineering Control Credits: 4.00
• HSCI 44400 - Exposure Assessment In OEHS Credits: 3.00
• HSCI 52000 - Risk Assessment In Environmental Health Credits: 3.00
• Elective - Credit Hours: 3.00
• Elective - Credit Hours: 2.00

15 Credits

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be
proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

Radiological Health Sciences-Health Physics, BS

About the Program

The radiological health sciences major is dedicated to advancing the biomedical, health and scientific uses of radiation while protecting individuals, communities, and the environment from its harmful effects. This major also applies radiation to medicine to ensure the safe operation and maintenance of equipment that diagnoses and treats disease. The radiation protection - or "health physics" concentration prepares students for the profession devoted to protecting people and their environment from potential radiation hazards while also making it possible to enjoy the beneficial uses of radiation. Health physics involves many disciplines such as physics, biology, biophysics, engineering, chemistry, genetics, ecology, environmental sciences, metallurgy, meteorology, hydrology, medicine, physiology, toxicology, and industrial hygiene. A radiation safety officer within an organization is responsible for the safe use of radiation and radioactive materials as well as regulatory compliance. A trained health physicist evaluates the radiation environment using instruments and calculations and works with regulatory authorities to ensure compliance with radiation exposure standards.

Radiological Health Sciences Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (48 credits)

A minimum grade of "C" is required for HSCI 31200, 31300, 51400, and 54000.

- BIOL 11000 - Fundamentals Of Biology I Credits: 4.00 ♦ (satisfies Science for core)
- BIOL 11100 - Fundamentals Of Biology II Credits: 4.00 ♦ (satisfies Science for core)
- BIOL 20300 - Human Anatomy And Physiology Credits: 4.00 ♦
- BIOL 20400 - Human Anatomy And Physiology Credits: 4.00 ♦
- CHM 11500 - General Chemistry Credits: 4.00 ♦
- CHM 11600 - General Chemistry Credits: 4.00 ♦
- HSCI 10100 - Introduction To The Health Sciences Professions Credits: 2.00
• HSCI 20100 - Principles Of Public Health Science Credits: 3.00 (satisfies Science, Technology & Society for core)
• HSCI 20200 - Essentials Of Environmental, Occupational, And Radiological Health Sciences Credits: 3.00
• HSCI 31200 - Radiation Science Fundamentals Credits: 3.00
• HSCI 31300 - Principles Of Radiation Detection And Measurement Credits: 2.00
• HSCI 51400 - Radiation Instrumentation Laboratory Credits: 2.00
• HSCI 54000 - Radiation Biology Credits: 3.00
• STAT 30100 - Elementary Statistical Methods Credits: 3.00
• Math-Computer Science Selective - select from list - Credit Hours: 3.00

Health Physics Concentration (51-53 credits)

A minimum grade of "C" is required for HSCI 52600, 53400, and 57400.

• HSCI 48500 - Health Physics Internship Credits: 1.00 to 8.00 (must take 3.00 credits)
• HSCI 52600 - Principles Of Health Physics And Dosimetry Credits: 3.00
• HSCI 53400 - Applied Health Physics Credits: 3.00
• HSCI 57400 - Medical Health Physics Credits: 2.00
• MA 26100 - Multivariate Calculus Credits: 4.00
• NUCL 20000 - Introduction to Nuclear Engineering Credits: 3.00
• NUCL 20500 - Nuclear Engineering Undergraduate Laboratory I Credits: 2.00 ♦
• NUCL 30500 - Nuclear Engineering Undergraduate Laboratory II Credits: 2.00
• PHYS 17200 - Modern Mechanics Credits: 4.00 ♦
• PHYS 24100 - Electricity And Optics Credits: 3.00
• PHYS 34000 - Modern Physics Laboratory Credits: 1.00
• MA 16100 - Plane Analytic Geometry And Calculus I Credits: 5.00 ♦ (satisfies Quantitative Reasoning for core)
  or
• MA 16500 - Analytic Geometry And Calculus I Credits: 4.00 ♦ (satisfies Quantitative Reasoning for core)
• MA 16200 - Plane Analytic Geometry And Calculus II Credits: 5.00 ♦ or
• MA 16600 - Analytic Geometry And Calculus II Credits: 4.00 ♦
• General Science or Radiological Health Sciences Selective - Credit Hours: 3.00
• Health Physics Selective - Credit Hours: 3.00
• Math-Computer Science or General Science Selective - Credit Hours: 4.00

Other Departmental/Program Course Requirements (18-19 credits)

• COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦ (satisfies Oral Communication for core)
• ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ (satisfies Written Communication and Information Literacy for core) or
• ENGL 10800 - First Year Composition Credits: 3.00 ♦ (satisfies Written Communication and Information Literacy for core)
• Human Cultures: Behavioral/Social Sciences Selective - Credit Hours: 3.00 (satisfies Human Cultures: Behavioral & Social Sciences for core)
• English Selective (any ENGL course 20000 level or above) - Credit Hours: 3.00
• HSCI Humanities, Behavioral/Social Sciences Selective - Credit Hours: 3.00
• Human Cultures: Humanities Selective - Credit Hours: 3.00 (satisfies Human Cultures: Humanities for core)
Electives (0-3 credits)

- An Ethics course (such as PHIL 11100 Ethics or PHIL 29000 Environmental Ethics) is highly recommended for elective credit.

Supplemental Lists

Radiological Health Sciences Supplemental Information

Grade Requirements

- A minimum grade of C must be earned in HSCI 31200, HSCI 31300, HSCI 51400, HSCI 52600, HSCI 53400, HSCI 54000, and HSCI 57400, and they cannot be taken as pass/no pass.

GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Science degree.

Pass/No Pass Policy

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

University Requirements

University Core Requirements

For a complete listing of University Core Course Selectives, visit the Provost’s Website.

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

Civics Literacy Proficiency Requirement
The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency Website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Sample 4-Year Plan

Fall 1st Year

- BIOL 11000 - Fundamentals Of Biology I Credits: 4.00 ♦
- CHM 11500 - General Chemistry Credits: 4.00 ♦
- COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦
- HSCI 10100 - Introduction To The Health Sciences Professions Credits: 2.00

Radiological Health Sciences-Pre-Medical Physics, BS

About the Program

This radiological health sciences major, the pre-medical physics concentration (PRMP), is dedicated to advancing the biomedical, health and scientific uses of radiation in medicine. PRMP prepares students in applying physics to medical imaging and radiation therapy, to ensure the proper application, safe operation and maintenance of equipment and new technologies in the clinic. The
Medical Physics program at Purdue is a CAMPEP accredited program that provides an important need in a variety of professional environments: clinic, hospital, private practice, or university. Medical physicists work closely with physicians and patients to develop radiation therapy treatments that minimize side effects while effectively treating cancer and medical imaging procedures and technology to diagnose disease.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)
Critical Course

The course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

Radiological Health Sciences/Radiation Health and Safety Concentration, BS

About the Program

The radiological health sciences major is dedicated to advancing the biomedical, health and scientific uses of radiation while protecting individuals, communities, and the environment from its harmful effects. This major also applies radiation to medicine to ensure the safe operation and maintenance of equipment that diagnoses and treats disease. The radiation health and safety concentration prepares students for the profession devoted to protecting people and their environment from potential radiation and other occupational and environmental hazards. Radiation health and safety technicians are responsible for evaluating the hazard environment using instruments and calculations to ensure the safety of workers and the public.

School of Health Sciences

Radiological Health Sciences Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (48 credits)

A minimum grade of "C" is required for HSCI 31200, 31300, 51400, and 54000.

- BIOL 11000 - Fundamentals Of Biology I Credits: 4.00 (satisfies Science 1 for core)
- BIOL 11100 - Fundamentals Of Biology II Credits: 4.00 (satisfies Science 2 for core)
- BIOL 20300 - Human Anatomy And Physiology Credits: 4.00
- BIOL 20400 - Human Anatomy And Physiology Credits: 4.00
- CHM 11500 - General Chemistry Credits: 4.00
- CHM 11600 - General Chemistry Credits: 4.00
- HSCI 10100 - Introduction To The Health Sciences Professions Credits: 2.00
- HSCI 20100 - Principles Of Public Health Science Credits: 3.00
- HSCI 20200 - Essentials Of Environmental, Occupational, And Radiological Health Sciences Credits: 3.00
- HSCI 31200 - Radiation Science Fundamentals Credits: 3.00
- HSCI 31300 - Principles Of Radiation Detection And Measurement Credits: 2.00
- HSCI 51400 - Radiation Instrumentation Laboratory Credits: 2.00
- HSCI 54000 - Radiation Biology Credits: 3.00
- STAT 30100 - Elementary Statistical Methods Credits: 3.00 (satisfies Information Literacy for core) Math-Computer Science Selective - select from list - Credit Hours: 3.00

Radiation Health and Safety Concentration (46 credits)

A minimum grade of "C" is required for HSCI 35300, 34500, 41500, 53400, and 57400.

- HSCI 22500 - Healthcare Leadership And Safety Credits: 3.00
- HSCI 34500 - Introduction To Occupational And Environmental Health Sciences Credits: 3.00
- HSCI 35300 - Occupational Safety Management And Culture Credits: 3.00
- HSCI 41500 - Introduction To Nuclear And Radiological Source Security Credits: 3.00
- HSCI 48500 - Health Physics Internship Credits: 1.00 to 8.00
- HSCI 53400 - Applied Health Physics Credits: 3.00
- HSCI 57400 - Medical Health Physics Credits: 2.00
- MA 16010 - Applied Calculus I Credits: 3.00 ♦ (satisfies Quantitative Reasoning for core)
- PHYS 22000 - General Physics Credits: 4.00 ♦ or
- PHYS 23300 - Physics For Life Sciences I Credits: 4.00
- PHYS 22100 - General Physics Credits: 4.00 ♦ or
- PHYS 23400 - Physics For Life Sciences II Credits: 4.00
- Science Selective - select from list - Credit Hours: 12.00
- Math-Computer Science or Science Selective - select from list - Credit Hours: 3.00

Other Departmental/Program Course Requirements (18-19 credits)

- COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦ (satisfies Oral Communication for core)
- ENGL 10600 - First Year Composition With Conferences Credits: 4.00
  ♦ (satisfies Written Communication and Information Literacy for core) or
  ♦ (satisfies Written Communication and Information Literacy for core)
- ENGL 10800 - First Year Composition Credits: 3.00
  Human Cultures: Behavioral & Social Sciences Selective - Credit Hours: 3.00 &dams; (satisfies Human Cultures: Behavioral & Social Sciences for core)
- English Selective (any ENGL course 20000 level or above) - Credit Hours: 3.00
- HSCI Humanities, Behavioral/Social Sciences Selective - select from list - Credit Hours: 3.00
- Human Cultures: Humanities Selective - Credit Hours: 3.00 (satisfies Human Cultures: Humanities for core)

Electives (7-8 credits)
Supplemental Lists

Radiological Health Sciences Supplemental Information

Grade Requirements

A minimum grade of C must be earned in HSCI 31200, HSCI 31300, HSCI 34500, HSCI 35300, HSCI 41500, HSCI 51400, HSCI 53400, HSCI 54000, and HSCI 57400, and they cannot be taken as pass/no pass.

GPA Requirements

- 2.0 Graduation GPA required for Bachelor of Science degree.

Pass/No Pass Policy

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

University Requirements

University Core Requirements

For a complete listing of University Core Course Selectives, visit the Provost's Website.

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency Website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
• Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
• Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

• Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
• Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Sample 4-Year Plan

Fall 1st Year

• BIOL 11000 - Fundamentals Of Biology I Credits: 4.00
• CHM 11500 - General Chemistry Credits: 4.00
• COM 11400 - Fundamentals Of Speech Communication Credits: 3.00
• HSCI 10100 - Introduction To The Health Sciences Professions Credits: 2.00
• MA 16010 - Applied Calculus I Credits: 3.00

16 Credits

Spring 1st Year

• BIOL 11100 - Fundamentals Of Biology II Credits: 4.00
• CHM 11600 - General Chemistry Credits: 4.00
• ENGL 10600 - First Year Composition With Conferences Credits: 4.00 or
• ENGL 10800 - First Year Composition Credits: 3.00
• MA/CS Science Selective - Credit Hours: 3.00

14-15 Credits

Fall 2nd Year

• BIOL 20300 - Human Anatomy And Physiology Credits: 4.00
• HSCI 20200 - Essentials Of Environmental, Occupational, And Radiological Health Sciences Credits: 3.00
• PHYS 22000 - General Physics Credits: 4.00 or
• PHYS 23300 - Physics For Life Sciences I Credits: 4.00
• Human Cultures: Behavioral & Social Sciences - Credit Hours: 3.00

14 Credits
Spring 2nd Year

- BIOL 20400 - Human Anatomy And Physiology Credits: 4.00
- HSCI 20100 - Principles Of Public Health Science Credits: 3.00
- HSCI 22500 - Healthcare Leadership And Safety Credits: 3.00
- PHYS 22100 - General Physics Credits: 4.00 or PHYS 23400 - Physics For Life Sciences II Credits: 4.00

14 Credits

Fall 3rd Year

- HSCI 31200 - Radiation Science Fundamentals Credits: 3.00
- HSCI 31300 - Principles Of Radiation Detection And Measurement Credits: 2.00
- HSCI 34500 - Introduction To Occupational And Environmental Health Sciences Credits: 3.00
- HSCI 35300 - Occupational Safety Management And Culture Credits: 3.00
- STAT 30100 - Elementary Statistical Methods Credits: 3.00
- HSCI Humanities Selective - Credit Hours: 3.00

17 Credits

Spring 3rd Year

- HSCI 51400 - Radiation Instrumentation Laboratory Credits: 2.00
- HSCI 54000 - Radiation Biology Credits: 3.00
- Science Selective - Credit hours: 3.00
- Science Selective - Credit hours: 3.00
- English Selective (any ENGL course 20000 level or above) - Credit hours: 3.00

14 Credits

Fall 4th Year

- HSCI 48500 - Health Physics Internship Credits: 1.00 to 8.00
- HSCI 57400 - Medical Health Physics Credits: 2.00
- Science Selective - (HSCI 52600 Recommended) - Credit Hours: 3.00
- Science Selective - Credit Hours: 3.00
- MA/CS or Science Selective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

17 Credits

Spring 4th Year

- HSCI 41500 - Introduction To Nuclear And Radiological Source Security Credits: 3.00
- HSCI 53400 - Applied Health Physics Credits: 3.00
- Human Cultures: Humanities - Credit Hours: 3.00
- Elective - Credit Hours: 3.00-4.00

13-14 Credits

Radiological Health Sciences Minor

Requirements for the Minor (15-16 credits)

Fundamental Required Courses (5 credits)
• HSCI 31200 - Radiation Science Fundamentals Credits: 3.00
• HSCI 31300 - Principles Of Radiation Detection And Measurement Credits: 2.00

Advanced Required Courses (8 credits)

• HSCI 51400 - Radiation Instrumentation Laboratory Credits: 2.00
• HSCI 52600 - Principles Of Health Physics And Dosimetry Credits: 3.00
• HSCI 54000 - Radiation Biology Credits: 3.00

Selective: (2-3 credits)
Choose one.

• HSCI 53400 - Applied Health Physics Credits: 3.00 (HP emphasis)
• HSCI 57000 - Introduction To Medical Diagnostic Imaging Credits: 3.00 (MP Emphasis/Imaging Sciences Emphasis)
• HSCI 57200 - Radiation Oncology Physics Credits: 3.00 (MP Emphasis)
• HSCI 57400 - Medical Health Physics Credits: 2.00 (MP emphasis)

Notes

• GPA for all HSCI courses must be 2.0 or higher.
• Minor requires a total of 15 or more HSCI credit hours, and all prerequisites for these courses.
• The Pass / Not-Pass option may not be adopted for any courses used to fulfill any College of Health and Human Sciences (HHS) minor requirements. For further information, students should refer to the HHS Pass / Not-Pass Policy.

- PHIL 35000 - Philosophy And Probability Credits: 3.00
- PHYS 22000 - General Physics Credits: 4.00
- PHYS 22100 - General Physics Credits: 4.00
- PHYS 31000 - Intermediate Mechanics Credits: 4.00
- PHYS 36000 - Quantum Mechanics Credits: 3.00
- PHYS 55000 - Introduction To Quantum Mechanics Credits: 3.00
- PHYS 55600 - Introductory Nuclear Physics Credits: 3.00
- PHYS 56400 - Introduction To Elements Particle Physics Credits: 3.00
- PHYS 56500 - Introduction To Elementary Particle Physics II Credits: 3.00
- PUBH 40500 - Principles Of Epidemiology Credits: 3.00

Health Physics Selective

- HSCI 39000 - Special Topics Credits: 1.00 to 8.00 - Radiological Emergency Management (must take 3.00 credits)
- HSCI 41500 - Introduction To Nuclear And Radiological Source Security Credits: 3.00
- HSCI 54700 - Fundamentals Of Epidemiology Credits: 3.00
- HSCI 55100 - Physical Agents In Environmental Health Credits: 3.00
- HSCI 55200 - Introduction To Aerosol Science Credits: 3.00
- HSCI 59000 - Special Topics Credits: 1.00 to 8.00 - Public Health Law and Policy
- ME 20000 - Thermodynamics I Credits: 3.00
- ME 27000 - Basic Mechanics I Credits: 3.00
- NUCL 30000 - Nuclear Structure And Radiation Interactions Credits: 3.00
- NUCL 31000 - Introduction To Neutron Physics Credits: 3.00
- NUCL 35000 - Nuclear Thermal-Hydraulics I Credits: 3.00
- NUCL 35100 - Nuclear Thermal-Hydraulics II Credits: 3.00
- NUCL 50100 - Nuclear Engineering Principles Credits: 3.00
- NUCL 50300 - Radioactive Waste Management Credits: 3.00
- NUCL 50400 - Nuclear Engineering Experiments Credits: 3.00
- NUCL 51000 - Nuclear Reactor Theory I Credits: 3.00

HSCI Humanities, Behavioral/Social Sciences Selective

Select 3 credits in any 10000-59999 course(s) from the following subjects:
• American Sign Language (ASL)
• Anthropology (ANTH)
• Arabic (ARAB)
• Art & Design (AD)
• Chinese (CHNS)

Math-Computer Science Selective

• CS 15900 - C Programming Credits: 3.00
• CS 18000 - Problem Solving And Object-Oriented Programming Credits: 4.00
• CS 31400 - Numerical Methods Credits: 3.00
• CS 47800 - Introduction To Bioinformatics Credits: 3.00
• ECE 20875 - Python For Data Science Credits: 3.00
• MA 26200 - Linear Algebra And Differential Equations Credits: 4.00 *not recommended for Radiation Health & Safety Concentration
• MA 41600 - Probability Credits: 3.00
• MA 52700 - Advanced Mathematics For Engineers And Physicists I Credits: 3.00
• MA 52800 - Advanced Mathematics For Engineers And Physicists II Credits: 3.00
• PHYS 58000 - Computational Physics Credits: 3.00 *not recommended for Radiation Health & Safety Concentration
• STAT 31100 - Introductory Probability Credits: 3.00
• STAT 51200 - Applied Regression Analysis Credits: 3.00
Radiological Health Sciences Selective for Health Physics Concentration

- HSCI 19000 - Special Topics Credits: 1.00 to 8.00 In Radiological Health Sciences Credit Hours: 3.00
- Any course from the Health Physics Selective list - 3.00 credits
- HSCI 29000 - Special Topics Credits: 1.00 to 8.00 In Radiological Health Sciences Credit Hours: 3.00
- HSCI 39000 - Special Topics Credits: 1.00 to 8.00 In Radiological Health Sciences Credit Hours: 3.00
- HSCI 49000 - Special Topics Credits: 1.00 to 8.00 In Radiological Health Sciences Credit Hours: 3.00
- HSCI 59000 - Special Topics Credits: 1.00 to 8.00 In Radiological Health Sciences Credit Hours: 3.00
- HSCI 30500 - Basics Of Oncology Credits: 3.00
- HSCI 31000 - Imaging In Medicine Credits: 3.00
- HSCI 57000 - Introduction To Medical Diagnostic Imaging Credits: 3.00
- HSCI 57200 - Radiation Oncology Physics Credits: 3.00

Radiological Health Sciences Selective for Pre-Medical Physics Concentration

- AT 57200 - Human Error And Safety Credits: 3.00
- BIOL 41500 - Introduction To Molecular Biology Credits: 3.00
- BIOL 44400 - Human Medical Genetics Credits: 3.00
- BIOL 51600 - Molecular Biology Of Cancer Credits: 3.00
- BIOL 54200 - Modular Upper-Division Laboratory Course Credits: 1.00 or 2.00 - Animal Cell Culture
- CHM 22400 - Introductory Quantitative Analysis Credits: 4.00
- CHM 25500 - Organic Chemistry For The Life Sciences I Credits: 3.00
- CHM 25501 - Organic Chemistry For The Life Sciences Laboratory I Credits: 1.00
- CHM 25600 - Organic Chemistry For The Life Sciences II Credits: 3.00
- CHM 25601 - Organic Chemistry For The Life Sciences Laboratory II Credits: 1.00
- ECE 20875 - Python For Data Science Credits: 3.00
- ECE 26400 - Advanced C Programming Credits: 3.00
- ECE 30100 - Signals And Systems Credits: 3.00
- ECE 30200 - Probabilistic Methods In Electrical And Computer Engineering Credits: 3.00
- ECE 36800 - Data Structures Credits: 3.00
- ECE 36900 - Discrete Mathematics For Computer Engineering Credits: 3.00
- ECE 43800 - Digital Signal Processing With Applications Credits: 4.00
- ECE 47300 - Introduction To Artificial Intelligence Credits: 3.00
- ECE 49595 - Selected Topics In Electrical And Computer Engineering Credits: 1.00 to 5.00 - must be Data Mining Basic Concepts & Techniques;&nbsp;or Cameras, Images, and Statistical Inverse Problems
- ECE 50024 - Machine Learning Credits: 3.00
- ECE 56900 - Introduction To Robotic Systems Credits: 3.00
- ECE 59500 - Selected Topics In Electrical Engineering Credits: 1.00 to 3.00 - must be Intro to Deep Learning; Deep Learning for Computer Vision; Natural Language Processing; or Introduction to Data Mining
- HSCI 30500 - Basics Of Oncology Credits: 3.00
- HSCI 31000 - Imaging In Medicine Credits: 3.00
- HSCI 34500 - Introduction To Occupational And Environmental Health Sciences Credits: 3.00
- HSCI 41500 - Introduction To Nuclear And Radiological Source Security Credits: 3.00
- HSCI 54700 - Fundamentals Of Epidemiology Credits: 3.00
- HSCI 55100 - Physical Agents In Environmental Health Credits: 3.00
• HSCI 55200 - Introduction To Aerosol Science Credits: 3.00
• HSCI 56000 - Toxicology Credits: 3.00
• HSCI 58000 - Occupational Biomechanics And Ergonomics Credits: 2.00
• PHIL 27000 - Biomedical Ethics Credits: 3.00
• PHIL 29000 - Environmental Ethics Credits: 3.00
• PHIL 35000 - Philosophy And Probability Credits: 3.00
• PHYS 31000 - Intermediate Mechanics Credits: 4.00
• PHYS 36000 - Quantum Mechanics Credits: 3.00
• PHYS 55000 - Introduction To Quantum Mechanics Credits: 3.00
• PHYS 55600 - Introductory Nuclear Physics Credits: 3.00
• PHYS 56400 - Introduction To Elements Particle Physics Credits: 3.00
• PHYS 56500 - Introduction To Elementary Particle Physics II Credits: 3.00
• PUBH 40500 - Principles Of Epidemiology Credits: 3.00

Science Selective for Radiation Health & Safety Concentration

• AT 57200 - Human Error And Safety Credits: 3.00
• BCHM 30700 - Biochemistry Credits: 3.00
• CHM 22400 - Introductory Quantitative Analysis Credits: 4.00
• CHM 25500 - Organic Chemistry For The Life Sciences I Credits: 3.00
• CHM 25501 - Organic Chemistry For The Life Sciences Laboratory I Credits: 1.00
• CHM 25600 - Organic Chemistry For The Life Sciences II Credits: 3.00
• CHM 25601 - Organic Chemistry For The Life Sciences Laboratory II Credits: 1.00
• CHM 33900 - Biochemistry: A Molecular Approach Credits: 3.00
• HSCI 19000 - Special Topics Credits: 1.00 to 8.00 In Radiological Health Sciences Credit Hours: 3.00
• HSCI 29000 - Special Topics Credits: 1.00 to 8.00 In Radiological Health Sciences Credit Hours: 3.00
• HSCI 39000 - Special Topics Credits: 1.00 to 8.00 In Radiological Health Sciences Credit Hours: 3.00
• HSCI 49000 - Special Topics Credits: 1.00 to 8.00 In Radiological Health Sciences Credit Hours: 3.00
• HSCI 59000 - Special Topics Credits: 1.00 to 8.00 In Radiological Health Sciences Credit Hours: 3.00
• HSCI 31000 - Imaging In Medicine Credits: 3.00
• HSCI 34600 - Industrial Hygiene Engineering Control Credits: 4.00 or
• HSCI 54600 - Advanced Industrial Hygiene Control Technology Credits: 4.00
• HSCI 34800 - Industrial Hygiene Instrumentation Techniques Credits: 3.00 or
• HSCI 54800 - Advanced Industrial Hygiene Instrumentation Techniques Credits: 3.00
• HSCI 44400 - Exposure Assessment In OEHS Credits: 3.00 or
• HSCI 54400 - Advanced Topics In Exposure Assessment Credits: 2.00
• HSCI 52000 - Risk Assessment In Environmental Health Credits: 3.00
• HSCI 52600 - Principles Of Health Physics And Dosimetry Credits: 3.00
• HSCI 54700 - Fundamentals Of Epidemiology Credits: 3.00
• HSCI 55100 - Physical Agents In Environmental Health Credits: 3.00
• HSCI 55200 - Introduction To Aerosol Science Credits: 3.00
• HSCI 56000 - Toxicology Credits: 3.00
• HSCI 58000 - Occupational Biomechanics And Ergonomics Credits: 2.00
• NUCL 50100 - Nuclear Engineering Principles Credits: 3.00
• PHIL 27000 - Biomedical Ethics Credits: 3.00
• PHIL 29000 - Environmental Ethics Credits: 3.00
• PHIL 35000 - Philosophy And Probability Credits: 3.00
White Lodging-J.W. Marriott Jr. School of Hospitality and Tourism Management

About White Lodging-J.W. Marriott Jr. School of Hospitality and Tourism Management

In the White Lodging-J.W. Marriott Jr. School of Hospitality and Tourism Management (HTM) students gain experience and knowledge in food production and service skills in the Boiler Bistro and John Purdue Room, and from internships (in the United States and abroad) at convention and visitor bureaus, resorts, sports facilities, restaurants, and hotels. Students develop critical thinking ability and a broad perspective in human resource management, hospitality law, accounting, finance, marketing, information systems, international relations, senior living, and transportation. Students can choose concentrations in the following areas: Environment Sustainability, Human Resources, Layout and Design, Marketing/Sales.

Bachelor of Science

Financial Counseling and Planning, BS

About the Program
The Financial Counseling and Planning program (FCPL) prepares students to be full-service financial planners, helping individuals and families manage their finances, plan for financial goals, and achieve or improve their financial security. The program is the only Purdue Certified Financial Planner Board (CFP®-registered degree program), and successful completion of the program satisfies the education component of the CFP® certification process. The program features a required internship or work experience prior to graduation, providing students with valuable professional development and practical experience.

Hosted within the program, the Purdue student chapter of the Financial Planning Association connects students with financial planning professionals from small and large corporations, through guest speakers and industry conferences.

Division of Consumer Science

Financial Counseling and Planning Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

**Departmental/Program Major Course Requirements (30 credits)**

- AGEC 42500 - Estate Planning And Property Transfer Credits: 3.00 ♦
- AGEC 45600 - Federal Income Tax Law Credits: 3.00 ♦
- CSR 10000 - Introduction To CSR Credits: 1.00
- CSR 20000 - Professional Development In Consumer Science Credits: 1.00 or
- ENTR 46000 - Internship And Career Preparation Seminar Credits: 1.00 or
- HTM 20000 - Career Exploration And Development Seminar Credits: 1.00 or
- MGMT 29500 - Career Readiness & Exploration Credits: 1.00
- CSR 30900 - Leadership Strategies Credits: 3.00
- CSR 34200 - Personal Finance Credits: 3.00
- CSR 38600 - Risk Management Credits: 3.00
- CSR 48000 - Financial Counseling And Planning Internship Credits: 1.00
- CSR 48100 - Ethics And Behaviors In Financial Planning Credits: 3.00
- CSR 48400 - Consumer Investment And Savings Decisions Credits: 3.00
- CSR 48500 - Case Studies In Financial Planning Credits: 3.00
- CSR 48600 - Retirement Planning And Employee Benefits Credits: 3.00

**Other Departmental/Program Course Requirements (67-74 credits)**

- AGEC 33100 - Principles Of Industrial Selling Credits: 3.00 ♦
- CNIT 13600 - Personal Computing Technology And Applications Credits: 3.00 ♦
- COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦ (satisfies Oral Communication for core)
- COM 21200 - Approaches To The Study Of Interpersonal Communication Credits: 3.00 ♦
- COM 32500 - Interviewing: Principles And Practice Credits: 3.00 ♦
- ECON 25100 - Microeconomics Credits: 3.00 ♦
- ECON 25200 - Macroeconomics Credits: 3.00 ♦
- MGMT 32300 - Principles Of Marketing Credits: 3.00 ♦ or
- MGMT 32400 - Marketing Management Credits: 3.00
- MGMT 25400 - Legal Foundations Of Business I Credits: 3.00 or
- MGMT 45500 - Legal Background For Business I Credits: 3.00 ♦
- MGMT 45600 - Legal Foundations For Business II Credits: 3.00 ♦
- PSY 12000 - Elementary Psychology Credits: 3.00 ♦ (satisfies Human Cultures: Behavioral & Social Sciences for core)
- SOC 10000 - Introductory Sociology Credits: 3.00 ♦
- STAT 11300 - Statistics And Society Credits: 3.00 ♦ (satisfies Science, Technology and Society for core)
- ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ (satisfies Written Communication and Information Literacy for core) or
- ENGL 10800 - First Year Composition Credits: 3.00 ♦ (satisfies Written Communication and Information Literacy for core)
- HTM 14100 - Financial Accounting For The Service Industries Credits: 3.00 or
- MGMT 21200 - Business Accounting Credits: 3.00 or
- MGMT 20000 - Introductory Accounting Credits: 3.00 ♦
- HTM 24100 - Managerial Accounting In Service Industries Credits: 3.00 or
- MGMT 20100 - Management Accounting I Credits: 3.00 ♦
  Statistics Selective - must be completed with a C- or better. Choose one course below:
- STAT 22500 - Introduction To Probability Models Credits: 3.00
- STAT 30100 - Elementary Statistical Methods Credits: 3.00
- STAT 30301 - Probability And Statistics For Business Credits: 3.00
- STAT 50100 - Experimental Statistics I Credits: 3.00
- SOC 38200 - Introduction To Statistics In Sociology Credits: 3.00
- ENGL/COM Writing Selective - Credit Hours: 3.00
  Quantitative Reasoning ♦ - Credit Hours: 3.00-5.00 (MA 15555 - Quantitative Reasoning or select any course from the University list EXCEPT MA 13800 or PHIL 15000) (satisfies Quantitative Reasoning for core)
- International Selective - Credit Hours 3.00
- Human Cultures: Humanities - Credit Hours: 3.00 (satisfies Humanities for core)
- Science - Credit Hours: 2.00-4.00 (satisfies Science for core)
- Science - Credit Hours: 2.00-4.00 (satisfies Science for core)

**Electives (16-23 credits)**

**Supplemental Lists**

- Consumer Science Majors Supplemental Information for FCPL, REMG, SELL

**Grade Requirements**

- C- or better required for Statistics Selective

**GPA Requirements**

- 2.0 GPA required for graduation

**Pass/No Pass Policy**
A student may elect the Pass / Not-Pass option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

University Requirements

University Core Requirements

For a complete listing of University Core Course Selectives, visit the [Provost's Website](#).

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the [Civics Literacy Proficiency website](#).

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Sample 4-Year Plan

Fall 1st Year
• CSR 10000 - Introduction To CSR Credits: 1.00
• CNIT 13600 - Personal Computing Technology And Applications Credits: 3.00♦
• ENGL 10600 - First Year Composition With Conferences Credits: 4.00♦ or
• ENGL 10800 - First Year Composition Credits: 3.00♦
• PSY 12000 - Elementary Psychology Credits: 3.00♦
• Quantitative Reasoning core♦ - Credits Hours: 3.00-5.00
• Human Cultures: Humanities core - Credit Hours: 3.00

16-19 Credits

Spring 1st Year

• COM 11400 - Fundamentals Of Speech Communication Credits: 3.00♦
• ECON 25100 - Microeconomics Credits: 3.00♦
• SOC 10000 - Introductory Sociology Credits: 3.00
• STAT 11300 - Statistics And Society Credits: 3.00♦
• Science core - Credit Hours: 2.00-4.00

14-16 Credits

Fall 2nd Year

• CSR 34200 - Personal Finance Credits: 3.00
• ECON 25200 - Macroeconomics Credits: 3.00♦
• HTM 14100 - Financial Accounting For The Service Industries Credits: 3.00 or
• MGMT 21200 - Business Accounting Credits: 3.00 or
• MGMT 20000 - Introductory Accounting Credits: 3.00♦
• Science core - Credit Hours: 2.00-4.00
• Elective - Credit Hours: 3.00-4.00

15-16 Credits

Spring 2nd Year

• CSR 20000 - Professional Development In Consumer Science Credits: 1.00 or
• ENTR 46000 - Internship And Career Preparation Seminar Credits: 1.00 or
• HTM 20000 - Career Exploration And Development Seminar Credits: 1.00 or
• MGMT 29500 - Career Readiness & Exploration Credits: 1.00
• CSR 38600 - Risk Management Credits: 3.00
• COM 21200 - Approaches To The Study Of Interpersonal Communication Credits: 3.00♦
• HTM 24100 - Managerial Accounting In Service Industries Credits: 3.00 or
• MGMT 20100 - Management Accounting I Credits: 3.00♦
• International Selective - Credit Hours: 3.00

13 Credits
Fall 3rd Year

- AGEC 33100 - Principles Of Industrial Selling Credits: 3.00 ♦
- AGEC 45600 - Federal Income Tax Law Credits: 3.00 ♦
- MGMT 32300 - Principles Of Marketing Credits: 3.00 ♦ or
- MGMT 32400 - Marketing Management Credits: 3.00
- STAT 22500 - Introduction To Probability Models Credits: 3.00 or
- STAT 30100 - Elementary Statistical Methods Credits: 3.00 or
- STAT 30301 - Probability And Statistics For Business Credits: 3.00 or
- STAT 50100 - Experimental Statistics I Credits: 3.00 or
- SOC 38200 - Introduction To Statistics In Sociology Credits: 3.00
- Elective - Credit Hours: 3.00-4.00

15-16 Credits

Spring 3rd Year

- AGEC 42500 - Estate Planning And Property Transfer Credits: 3.00 ♦
- COM 32500 - Interviewing: Principles And Practice Credits: 3.00 ♦
- CSR 30900 - Leadership Strategies Credits: 3.00
- CSR 48100 - Ethics And Behaviors In Financial Planning Credits: 3.00
- MGMT 45500 - Legal Background For Business I Credits: 3.00 ♦ or
- MGMT 25400 - Legal Foundations Of Business I Credits: 3.00

15 Credits

Summer 3rd Year

- CSR 48000 - Financial Counseling And Planning Internship Credits: 1.00

1 Credit

Fall 4th Year

- CSR 48400 - Consumer Investment And Savings Decisions Credits: 3.00
- CSR 48600 - Retirement Planning And Employee Benefits Credits: 3.00
- ENGL/COM Writing Selective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00-4.00

12-13 Credits

Spring 4th Year

- CSR 48500 - Case Studies In Financial Planning Credits: 3.00
- MGMT 45600 - Legal Foundations For Business II Credits: 3.00 ♦
Elective - Credit Hours: 3.00-4.00
Elective - Credit Hours: 3.00-4.00
Elective - Credit Hours: 1.00-3.00

13-17 Credits

Pre-Requisite Information

For pre-requisite information, log in to mypurdue.purdue.edu and click here.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

Hospitality and Tourism Management, BS

About the Program

Consistently ranked as one of the leading hospitality and tourism management programs both nationally and internationally, Purdue's Hospitality and Tourism Management major immerses students in the fast-paced hospitality and tourism industry, preparing them to work in a variety of leadership positions. By equipping students with valuable skills to create transformational experiences, graduates of the Hospitality and Tourism Management program possess an innovative mindset necessary to sustain an industry that is internationally relevant and a powerful economic driver.
Coursework is challenging and relevant to today's workforce needs. Students learn from faculty who bring years of industry experience into the classroom, preparing students to become well-rounded hospitality business professionals. Coursework allows students to explore topics critical to their professional success, including leadership, accounting, marketing, lodging, foodservice, tourism, human resource management, law and more. In addition to providing a strong management foundation, the program's hands-on learning experiences prepare students to work in any facet of the industry, from foodservice to lodging to tourism as well as hospitality adjacent industries such as healthcare, senior living, and real estate and investment. Students participate in a paid internship that aligns with their professional career goals and can add a minor in areas such as Event and Meeting Management, Real Estate, and Finance.

School of Hospitality and Tourism Management

Hospitality and Tourism Management Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (68-69 credits)

Students must earn a "C-" or better in all required major courses.

- HTM 10010 - Exploring Transformational Experiences In Hospitality And Tourism Credits: 1.00
- HTM 14100 - Financial Accounting For The Service Industries Credits: 3.00
- HTM 17300 - Tourism Systems Credits: 3.00
- HTM 18000 - Hospitality Operations Credits: 3.00
- HTM 18101 - The Union Club Hotel Experience Credits: 1.00
- HTM 20000 - Career Exploration And Development Seminar Credits: 1.00
- HTM 21200 - Leading For Success In Service Industries Credits: 3.00
- HTM 21800 - Creating Experiences For A Diverse Society Credits: 3.00
- HTM 23100 - Marketing In Service Industries Credits: 3.00
- HTM 24100 - Managerial Accounting In Service Industries Credits: 3.00
- HTM 25501 - Fundamentals Of Excel And Data Analytics In Service Industries Credits: 3.00
- HTM 29001 - Food And Beverage Management Credits: 3.00
- HTM 29101 - The John Purdue Room Restaurant Experience Credits: 2.00
- HTM 30200 - Hospitality And Tourism Industry Internship I Credits: 1.00 or 2.00 (Single semester required: minimum 320 work hours for 1 credit or 640 for 2 credits)
- HTM 31200 - Talent Management For Service Industries Credits: 3.00
- HTM 35700 - Disruption And Innovation In Hospitality & Tourism Credits: 3.00
- HTM 38110 - Revenue Management In Service Industries Credits: 3.00
- HTM 38600 - Fundamentals Of Hotel Asset Management Credits: 3.00
- HTM 40000 - Career Mastery: Navigating Your Career And Professional Development Seminar Credits: 1.00
- HTM 40200 - Hospitality And Tourism Industry Internship II Credits: 1.00
- HTM 41100 - Hospitality And Tourism Law Credits: 3.00
- HTM 42200 - Hospitality Facilities Design And Management Credits: 3.00
- HTM 44300 - Hospitality Operations Control And Analysis Credits: 3.00
- HTM 49901 - Strategic Management In Service Industries Credits: 3.00
- HTM 34200 - Financial Management For Service Industries Credits: 3.00 or
- CSR 48400 - Consumer Investment And Savings Decisions Credits: 3.00 or
- MGMT 30400 - Introduction To Financial Management Credits: 3.00 or
- MGMT 31000 - Financial Management Credits: 3.00
- HTM Selective - select from HTM Selective List - Credit Hours: 6.00

Optional Concentrations

- Environmental Sustainability Optional Concentration for HTM
- Finance Optional Concentration for HTM
- Hospitality Facilities Design and Management Optional Concentration for HTM
- Marketing and Sales Optional Concentration for HTM

Other Departmental/Program Course Requirements (36-43 credits)

- COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦ (satisfies Oral Communication for core)
- CNIT 13600 - Personal Computing Technology And Applications Credits: 3.00 ♦
- CSR 28200 - Customer Relations Management Credits: 3.00
- ECON 21000 - Principles Of Economics Credits: 3.00 &nbsp;(satisfies Human Cultures: Behavioral & Social Sciences for core) or
- AGEC 21700 - Economics Credits: 3.00 (satisfies Human Cultures: Behavioral & Social Sciences for core) or
- ECON 25100 - Microeconomics Credits: 3.00 &nbsp;(satisfies Human Cultures: Behavioral & Social Sciences for core) or
- ECON 25200 - Macroeconomics Credits: 3.00 ♦ (satisfies Human Cultures: Behavioral & Social Sciences for core)
- ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ (satisfies Written Communication and Information Literacy for core) or
- ENGL 10800 - First Year Composition Credits: 3.00 ♦ (satisfies Written Communication and Information Literacy for core)
- MA 15300 - College Algebra Credits: 3.00 ♦ (satisfies Quantitative Reasoning for core) or
- MA 15555 - Quantitative Reasoning Credits: 3.00 ♦ (satisfies Quantitative Reasoning for core) or
- MA 16010 - Applied Calculus I Credits: 3.00 ♦ (satisfies Quantitative Reasoning for core) or
- MA 16100 - Plane Analytic Geometry And Calculus I Credits: 5.00 ♦ (satisfies Quantitative Reasoning for core)
- NUTR 30300 - Essentials Of Nutrition Credits: 3.00 ♦ (satisfies Science for core)
- PSY 12000 - Elementary Psychology Credits: 3.00
- SOC 10000 - Introductory Sociology Credits: 3.00 or
- ANTH 10000 - Being Human: Introduction To Anthropology Credits: 3.00
- STAT 22500 - Introduction To Probability Models Credits: 3.00 ♦ or
- STAT 30100 - Elementary Statistical Methods Credits: 3.00 ♦
- Science - Credit Hours: 2.00 - 4.00 (satisfies Science for core)
- Human Cultures: Humanities - Credit Hours: 3.00 (satisfies Humanities for core)
- Science, Technology & Society - Credit Hours: 1.00 - 3.00 (satisfies Science, Technology & Society for core)

Electives (8-16 credits)

Supplemental Lists
Hospitality and Tourism Management Supplemental Information

Grade Requirements

- Students must earn a "C-" or better in all HTM courses.

Pass/No Pass Policy

- A student may elect the Pass / Not-Pass option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

University Requirements

University Core Requirements

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement
• Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
• Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Sample 4-Year Plan

Fall 1st Year

- ENGL 10600 - First Year Composition With Conferences Credits: 4.00 or
- ENGL 10800 - First Year Composition Credits: 3.00 ♦
- HTM 10010 - Exploring Transformational Experiences In Hospitality And Tourism Credits: 1.00
- HTM 17300 - Tourism Systems Credits: 3.00
- HTM 18000 - Hospitality Operations Credits: 3.00
- MA 15300 - College Algebra Credits: 3.00 ♦ or
- MA 15555 - Quantitative Reasoning Credits: 3.00 ♦ or
- MA 16010 - Applied Calculus I Credits: 3.00 ♦ or
- MA 16100 - Plane Analytic Geometry And Calculus I Credits: 5.00 ♦

13-16 Credits

Spring 1st Year

- CNIT 13600 - Personal Computing Technology And Applications Credits: 3.00 ♦
- COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦
- CSR 28200 - Customer Relations Management Credits: 3.00
- HTM 18101 - The Union Club Hotel Experience Credits: 1.00
- Elective - Credit Hours: 3.00
- HTM 14100 - Financial Accounting For The Service Industries Credits: 3.00

16 Credits

Fall 2nd Year

- HTM 20000 - Career Exploration And Development Seminar Credits: 1.00
- HTM 25501 - Fundamentals Of Excel And Data Analytics In Service Industries Credits: 3.00
- HTM 24100 - Managerial Accounting In Service Industries Credits: 3.00
- HTM 29001 - Food And Beverage Management Credits: 3.00
- SOC 10000 - Introductory Sociology Credits: 3.00 or
- ANTH 10000 - Being Human: Introduction To Anthropology Credits: 3.00
- ECON 21000 - Principles Of Economics Credits: 3.00 or
- AGEC 21700 - Economics Credits: 3.00 or
- ECON 25100 - Microeconomics Credits: 3.00 or
- ECON 25200 - Macroeconomics Credits: 3.00
16 Credits

Spring 2nd Year

- HTM 29101 - The John Purdue Room Restaurant Experience Credits: 2.00
- HTM 21200 - Leading For Success In Service Industries Credits: 3.00
- HTM 21800 - Creating Experiences For A Diverse Society Credits: 3.00
- HTM 23100 - Marketing In Service Industries Credits: 3.00
- PSY 12000 - Elementary Psychology Credits: 3.00 ♦

14 Credits

Summer 2nd Year

- HTM 30200 - Hospitality And Tourism Industry Internship I Credits: 1.00 or 2.00

1-2 credits

Fall 3rd Year

- HTM 34200 - Financial Management For Service Industries Credits: 3.00 or
- CSR 48400 - Consumer Investment And Savings Decisions Credits: 3.00 or
- MGMT 30400 - Introduction To Financial Management Credits: 3.00 or
- MGMT 31000 - Financial Management Credits: 3.00
- HTM 38600 - Fundamentals Of Hotel Asset Management Credits: 3.00
- NUTR 30300 - Essentials Of Nutrition Credits: 3.00 ♦
- STAT 22500 - Introduction To Probability Models Credits: 3.00 or
- STAT 30100 - Elementary Statistical Methods Credits: 3.00
- Elective - Credit Hours: 3.00

15 Credits

Spring 3rd Year

- HTM 31200 - Talent Management For Service Industries Credits: 3.00
- HTM 35700 - Disruption And Innovation In Hospitality & Tourism Credits: 3.00
  Human Cultures: Humanities core - Credit Hours: 3.00
  Elective - Credit Hours: 3.00
- HTM 38110 - Revenue Management In Service Industries Credits: 3.00

15 Credits

Summer 3rd Year

- HTM 40200 - Hospitality And Tourism Industry Internship II Credits: 1.00
Fall 4th Year

- HTM 40000 - Career Mastery: Navigating Your Career And Professional Development Seminar Credits: 1.00
- HTM 41100 - Hospitality And Tourism Law Credits: 3.00
- Elective - Credit Hours: 3.00
- HTM Selective - Credit Hours: 3.00
- Science - Credit Hours: 2.00-4.00
- HTM 44300 - Hospitality Operations Control And Analysis Credits: 3.00

15-17 Credits

Spring 4th Year

- HTM 42200 - Hospitality Facilities Design And Management Credits: 3.00
- Elective - Credit Hours: 1.00-4.00
- HTM Selective - Credit Hours: 3.00
- Science, Technology & Society selective - Credit Hours: 1.00-3.00
- HTM 49901 - Strategic Management In Service Industries Credits: 3.00

13-14 Credits

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."

Disclaimer
The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

**Retail Management, BS**

**About the Program**

The Retail Management program prepares students for successful careers in the buying, distribution, merchandising, and marketing of consumer goods and services in the fast-paced and constantly evolving world of retail and related industries. Through the program, students develop a strong foundation in critical thinking, communication, and practical skills. These include: consumer behavior, retail operations, strategy, and leadership. Students acquire knowledge and skill sets that encompass industry trend analysis, retail marketing plans, luxury branding, and cutting-edge retail technology. The Program requires an internship prior to graduation to gain valuable industry experience. Overall, graduates of this program are well equipped to pursue a range of exciting opportunities, including positions in retail management, buying, product merchandising, brand strategy, and supply chain management.

For students interested in the fashion retail industry, the Program offers a unique one-year study opportunity with the Fashion Institute of Technology (FIT) in New York City. Students accepted to the FIT program spend their junior year studying Fashion Business Management. Courses taken in this program transfer back to Purdue, and students successfully completing the FIT program earn an associate degree from FIT.

Selling and Sales Management, BS

About the Program

Professional selling is one of the fastest growing segments in business, creating a strong demand for technically-sophisticated, professional sales experts. Professional selling is one of the key business applications for most successful businesses. Based on research, graduates of sales programs like Purdue's achieve more long-term career success in the sales field. The Purdue program focuses on experiential learning, including sales competitions, and ongoing coursework in current technology (e.g., Salesforce software). Through a professional sales education, students develop knowledge and skills in communication, consumer behavior, customer relations, marketing, and sales leadership.

The Purdue Center for Professional Selling regularly brings sales executives to the classroom to participate in sales roleplay and sales competitions. The Center also sponsors the Purdue Sales Team, which competes each semester in multiple regional and national competitions.

  or complete the Interns for Indiana Internship (3 credits) to fulfill this requirement.

Pass/No Pass Policy

• A student may elect the Pass / Not-Pass option for elective courses only, unless an academic unit requires that a
  specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum
  courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational
  outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective
  courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information,
  students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

University Requirements

University Core Requirements

For a complete listing of University Core Course Selectives, visit the Provost's Website.

• Human Cultures: Behavioral/Social Science (BSS)
• Human Cultures: Humanities (HUM)
• Information Literacy (IL)
• Oral Communication (OC)
• Quantitative Reasoning (QR)
• Science #1 (SCI)
Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency Website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Sample 4-Year Plan

Fall 1st Year

- CSR 10000 - Introduction To CSR Credits: 1.00
- CSR 28200 - Customer Relations Management Credits: 3.00
- CNIT 13600 - Personal Computing Technology And Applications Credits: 3.00 ♦
- ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ or
- ENGL 10800 - First Year Composition Credits: 3.00 ♦
- PSY 12000 - Elementary Psychology Credits: 3.00 ♦
- Quantitative Reasoning core ♦ - MA 15555 or select any course from university list (except MA 13800 or PHIL 15000)
  - Credit Hours: 3.00

16-17 Credits

Spring 1st Year

- COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦
  Statistics Selective: Credit Hours - 3.00
- SOC 10000 - Introductory Sociology Credits: 3.00 ♦
- Science- Credit Hours: 2.00-4.00
- Elective - Credit Hours: 3.00
14-16 Credits

Fall 2nd Year

- CSR 20000 - Professional Development In Consumer Science Credits: 1.00
- CSR 20100 - Introduction To Professional Sales Credits: 3.00 or
- AGEC 33100 - Principles Of Industrial Selling Credits: 3.00
- HTM 14100 - Financial Accounting For The Service Industries Credits: 3.00 or
- MGMT 20000 - Introductory Accounting Credits: 3.00 ♦
- HTM 25500 - Advanced Spreadsheet Techniques For Hospitality And Tourism Management Credits: 2.00
- Human Cultures: Humanities core - Credit Hours: 3.00
- Science- Credit Hours: 2.00-4.00

14-16 Credits

Spring 2nd Year

- AGEC 21700 - Economics Credits: 3.00 ♦ or
- ECON 21000 - Principles Of Economics Credits: 3.00 ♦ or
- ECON 25100 - Microeconomics Credits: 3.00 ♦ or
- ECON 25200 - Macroeconomics Credits: 3.00
- CSR 10300 - Introduction To Personal Finance Credits: 3.00 or
- CSR 34200 - Personal Finance Credits: 3.00
- COM 31800 - Principles Of Persuasion Credits: 3.00 ♦
- HTM 24100 - Managerial Accounting In Service Industries Credits: 3.00 or
- MGMT 20100 - Management Accounting I Credits: 3.00 ♦
- MGMT 32300 - Principles Of Marketing Credits: 3.00 ♦

15 Credits

Fall 3rd Year

- CSR 31500 - Relationship Selling Credits: 3.00
- CSR 33100 - Consumer Behavior Credits: 3.00
- MGMT 45500 - Legal Background For Business I Credits: 3.00 ♦
- COM Selective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15 Credits

Spring 3rd Year

- CSR 30900 - Leadership Strategies Credits: 3.00
- CSR 34400 - Fundamentals Of Negotiations Credits: 3.00
- CSR 41500 - Sales Force Management Credits: 3.00
• Elective - Credit Hours: 3.00
• Elective - Credit Hours: 3.00

15 Credits

Summer 3rd Year

• CSR 30700 - Field Experience In Selling And Sales Management Credits: 1.00 or
• CSR 39800 - International Special Topics Credits: 1.00 to 6.00 - Credit Hours: 3.00

1-3 Credits

Fall 4th Year

• CSR 41800 - Selling And Sales Management Capstone Credits: 3.00
• CSR 40400 - Strategic Management For Service Industries Credits: 3.00
• International Selective - Credit Hours: 3.00
• Elective - Credit Hours: 3.00
• Elective - Credit Hours: 3.00

15 Credits

Spring 4th Year

• ENGL/COM Writing Selective - Credit Hours: 3.00
• Science, Technology, & Society core - Credit Hours: 1.00-3.00
• Elective - Credit Hours: 3.00
• Elective - Credit Hours: 3.00
• Elective - Credit Hours: 3.00

13-15 Credits

Pre-Requisite Information

For pre-requisite information, log in to mypurdue.purdue.edu and click here.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

Critical Course
The course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

Concentration

Environmental Sustainability Optional Concentration for HTM

Environmental Sustainability (12 credits)

Required Course (3 credits)

- HTM 37000 - Sustainable Tourism And Responsible Travel Credits: 3.00

Choose Three (9 credits)

- FNR 12500 - Environmental Science And Conservation Credits: 3.00
- PHIL 29000 - Environmental Ethics Credits: 3.00
- POL 22300 - Introduction To Environmental Policy Credits: 3.00
- POL 32300 - Comparative Environmental Policy Credits: 3.00
- POL 32700 - Global Green Politics Credits: 3.00
- POL 42300 - International Environmental Policy Credits: 3.00

Finance Optional Concentration for HTM

Finance Concentration (15 credits)

A grade of C- or better must be earned in any course used to satisfy the concentration.

Required Course (3 credits)

- MGMT 31000 - Financial Management Credits: 3.00
Choose Four (12 credits)

- MGMT 41100 - Investment Management Credits: 3.00
- MGMT 41200 - Financial Institutions And Markets Credits: 3.00
- MGMT 41300 - Corporate Finance Credits: 3.00
- MGMT 41500 - International Financial Management Credits: 3.00
- MGMT 41601 - Corporate Mergers And Acquisitions Credits: 3.00

Note

Non-School of Business students must complete the Request to Enroll in an Upper Level Course on the School of Business website for permission to register for these upper-division classes.

**Hospitality Facilities Design and Management Optional Concentration for HTM**

Hospitality Facilities Design and Management Concentration (12 credits)

Choose Four (12 credits)

- BCM 23000 - Mechanical And Electrical Systems Credits: 3.00
- CM 10000 - Introduction To Construction Management Credits: 3.00
- HTM 52200 - Foodservice Equipment And Facility Design Credits: 4.00
- IET 21400 - Introduction To Supply Chain Management Technology Credits: 3.00
- IET 33520 - Human Factors For Technology Systems Credits: 3.00
- IET 34250 - Purchasing And Contract Management Credits: 3.00
- LA 10110 - Survey Of Landscape Architecture Credits: 2.00
- NRES 12500 - Environmental Science And Conservation Credits: 3.00
- TLI 21300 - Project Management Credits: 3.00

**Human Resources Optional Concentration for HTM**

Human Resources Concentration (12 credits)

Minimum 12 credits with no more than two courses from any one area. May not count both COM 37500 and OLS 47700 as part of the 12 credits.

**Human Behavior**

- COM 21200 - Approaches To The Study Of Interpersonal Communication Credits: 3.00
- COM 41200 - Theories Of Human Interaction Credits: 3.00
- PSY 27200 - Introduction To Industrial-Organizational Psychology Credits: 3.00

**Employment**
• COM 32500 - Interviewing: Principles And Practice Credits: 3.00

Training

• EDCI 57200 - Introduction To Learning Systems Design Credits: 3.00
• OLS 37500 - Training Methods Credits: 3.00

Employee Relations

• COM 30300 - Intercultural Communication Credits: 3.00
• COM 37500 - Conflict And Negotiation Credits: 3.00
• OLS 47700 - Conflict Management Credits: 3.00

Marketing and Sales Optional Concentration for HTM

Marketing and Sales Concentration (12 credits)

Required Course (3 credits)

• HTM 33100 - Hospitality And Tourism Sales And Service Credits: 3.00

Choose Three (9 credits)

• COM 25300 - Introduction To Public Relations Credits: 3.00
• COM 25600 - Introduction To Advertising Credits: 3.00
• CSR 31500 - Relationship Selling Credits: 3.00
• CSR 33100 - Consumer Behavior Credits: 3.00
• CSR 33200 - Cross-Cultural Marketing And International Retailing Credits: 3.00
• CSR 34400 - Fundamentals Of Negotiations Credits: 3.00
• HTM 53100 - Hospitality And Tourism Marketing II Credits: 3.00
• IET 21400 - Introduction To Supply Chain Management Technology Credits: 3.00
• IET 34300 - Technical And Service Selling Credits: 3.00
• IET 34350 - Business To Business Sales Management Credits: 3.00
• MGMT 32300 - Principles Of Marketing Credits: 3.00

Minor

Event and Meeting Management Minor

Requirements for the Minor (15 credits)

Required Courses (15 credits)
• HTM 16200 - Introduction To Event And Meeting Planning Industry Credits: 3.00
• HTM 17300 - Tourism Systems Credits: 3.00
• HTM 26200 - Festivals And Special Events Credits: 3.00
• HTM 36200 - Event And Meeting Management Credits: 3.00
• HTM 46200 - Advanced Event And Meeting Management Credits: 3.00

Notes

• The Pass / Not-Pass grading option may not be adopted for any courses used to fulfill any College of Health and Human Sciences (HHS) minor requirements. For further information, students should refer to the HHS Pass / Not-Pass Policy.

Division of Consumer Science

About the Division of Consumer Science

The Division of Consumer Science is passionate about providing transformative scholarship, teaching, and research in order to make a difference in people's lives. Our goal is to equip students with the education and experience needed to succeed and make an impact in their chosen fields. The faculty and staff serve the needs of students, industry, and the community by focusing talents and resources to improve people's lives and meet the needs of the future.

Our undergraduate majors in the department include: Financial Counseling and Planning, Selling and Sales Management, and Retail Management. Students in Retail Management can choose an optional concentration in Apparel Design and Technology

- Department of Human Development and Family Science

About the Department of Human Development and Family Science

The Developmental and Family Science curriculum allows students to take an interdisciplinary approach to studying families and human development across the lifespan. Students receive a broad education in human development and family studies, with many opportunities for specialization, including optional concentrations in child development or family and community health. The major culminates in a capstone experience, designed by the student from among three choices: an internship, mentored research, or a study abroad experience. This degree will prepare you for a wide variety of careers working directly with people, or designing programs and policies to improve people's lives. It is also a great choice for students interested in graduate or professional school.

Bachelor of Science

Developmental and Family Science, BS

About the Program

The Developmental and Family Science curriculum allows students to take an interdisciplinary approach to studying families and human development across the lifespan. Students gain knowledge and skills that can help them support individuals and families, develop community programs and interventions, and implement policies and practices that benefit individuals and families. Students have many opportunities for specialization within their coursework including optional concentrations in child development or family and community health. The major culminates in a capstone experience, designed by the student from among three choices: an internship, a research thesis, or a study abroad experience. This degree will prepare you for a wide variety of careers working directly with people, or designing programs and policies to improve people's lives. It is also a great choice for students interested in graduate or professional school.

Department of Human Development and Family Studies

Developmental and Family Science Major Change (CODO) Requirements

Degree Requirements
120 Credits Required

Departmental/Program Major Course Requirements (25-39 credits)

- HDFS 10000 - Orientation To Current Issues In Human Development And Family Science Credits: 1.00
- HDFS 20100 - Introduction To Relationship And Family Science Credits: 3.00
- HDFS 21000 - Introduction To Human Development Credits: 3.00
- HDFS 28000 - Diversity In Individual And Family Life Credits: 3.00 (satisfies Human Cultures: Behavioral & Social Sciences for core)

- Advanced Content Courses Selective - Credit Hours: 6.00 (select from the courses listed below. Courses may not be double-counted to fulfill both this requirement and a concentration requirement).
  - HDFS 30500 - Biosocial Foundations Of The Family Credits: 3.00
  - HDFS 31100 - Child Development Credits: 3.00
  - HDFS 31200 - Adult Development Credits: 3.00
  - HDFS 31300 - Adolescent Development Credits: 3.00
  - HDFS 31400 - Atypical Child Development Credits: 3.00
  - HDFS 33000 - Sexuality And Family Life Credits: 3.00
- Capstone Experience - select one option from capstone list - Credit Hours: 6.00 - 8.00
- HDFS 33200 - Stress And Coping In Contemporary Families Credits: 3.00
- HDFS Selectives - any HDFS courses - Credit Hours: 0 - 12.00
  - If NOT completing a concentration, student must complete 12 credits of HDFS Selectives. If completing a concentration, student must complete 6 credits of HDFS Selectives. If completing two concentrations, no HDFS Selectives are required. Courses may not be double-counted to fulfill both this requirement and a concentration or capstone requirement.

Optional Concentrations

- Child Development Concentration for Developmental and Family Science
- Family & Community Health Concentration for Developmental and Family Science

Other Departmental/Program Course Requirements (40-48 credits)

- CNIT 13600 - Personal Computing Technology And Applications Credits: 3.00 ♦
- COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦ (satisfies Oral Communication for core)
  or
- EDPS 31500 - Collaborative Leadership: Interpersonal Skills Credits: 3.00 ♦ (satisfies Oral Communication for core)
- ENGL 10600 - First Year Composition With Conferences Credits: 4.00 (satisfies Written Communication and Information Literacy for core) ♦ or
- ENGL 10800 - First Year Composition Credits: 3.00 ♦ (satisfies Written Communication and Information Literacy for core)
- STAT 11300 - Statistics And Society Credits: 3.00 ♦ or
- STAT 30100 - Elementary Statistical Methods Credits: 3.00 ♦ or
- SOC 38200 - Introduction To Statistics In Sociology Credits: 3.00 ♦ or
- PSY 20100 - Introduction To Statistics In Psychology Credits: 3.00 ♦
- Quantitative Reasoning - any course from the University list EXCEPT MA 13800 - Credit Hours: 3.00-5.00 (satisfies Quantitative Reasoning for core)
- Global Perspectives & International Cultures Selective - select from list - Credit Hours: 3.00
- Human Health Selective - select from list - Credit Hours: 3.00
- Human Cultures: Humanities - Credit Hours: 3.00 (satisfies Humanities for core)
- Science - Credit Hours: 3.00 (satisfies Science for core)
- Science - Credit Hours: 3.00 (satisfies Science for core)
- Science, Technology & Society - Credit Hours: 1.00-3.00 (satisfies Science, Technology & Society for core. If STAT 11300 is selected for other requirements, this requirement is satisfied.)

Foreign Language Selective (9-12 credits)

The Foreign Language requirement may be met by completing ONE of the three options below.

(Select from American Sign Language, Arabic, Chinese, French, German, Greek, Hebrew, Italian, Japanese, Korean, Latin, Portuguese, Russian, or Spanish)

Option 1:

Proficiency through level III in any one foreign language

- 10100 (Credit Hours: 3.00-4.00)
- 10200 (Credit Hours: 3.00-4.00)
- 20100 (Credit Hours: 3.00-4.00)

Option 2:

Proficiency through level II in any one foreign language AND an additional course from the Global Perspectives & International Cultures Selective list.

- 10100 (Credit Hours: 3.00-4.00)
- 10200 (Credit Hours: 3.00-4.00)
- additional course from the Global Perspectives & International Cultures Selective list (Credit Hours: 3.00) The selection for this category cannot be used to satisfy other major requirements.

Option 3:

Proficiency through level II in any one foreign language AND an approved study abroad experience that takes place outside of the United States and is at least 14 days in duration.

- 10100 (Credit Hours: 3.00-4.00)
- 10200 (Credit Hours: 3.00-4.00)
- Approved Study Abroad Experience (Credit Hours: 3.00) The selection for this category cannot be used to satisfy other major requirements.

Supplemental Lists

- Developmental and Family Science Supplemental Information

Electives (33-55 credits)
When selecting electives, note that 32 credits of upper division (30000/40000 level) classes must be completed to meet graduation requirements.

GPA Requirements

- 2.0 GPA is required for graduation.

Course Requirements and Notes

- Courses used to fulfill the Advanced Content Courses Selective may not be double-counted to fulfill a concentration requirement.
- Courses used to fulfill the HDFS Selective may not be double-counted to fulfill a concentration or capstone requirement.
- If not completing an optional concentration, students must complete 12 credit hours of HDFS Selectives.
- Capstone Experience courses and credit hours are dependent upon the Capstone Experience chosen. Please see your Academic Advisor for more information.
- To count toward the Capstone Experience, a study abroad experience must include a minimum of 14 full days abroad.

Pass/No Pass Policy

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

University Requirements

University Core Requirements

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency Website.
Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Sample 4-Year Plan

Fall 1st Year

- HDFS 10000 - Orientation To Current Issues In Human Development And Family Science Credits: 1.00
- HDFS 20100 - Introduction To Relationship And Family Science Credits: 3.00
- CNIT 13600 - Personal Computing Technology And Applications Credits: 3.00 ♦
- COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦ or
- EDPS 31500 - Collaborative Leadership: Interpersonal Skills Credits: 3.00 ♦
- Quantitative Reasoning ♦ - Credit Hours: 3.00-5.00

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATIN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

Early Childhood Education and Exceptional Needs, BS

About the Program
If you have thought about working with young children, young children with disabilities or developmental delays, or even directing early learning programs, then the early childhood education and exceptional needs major is for you.

ECEEN students develop skills for working with children who are typically developing as well as children with disabilities and developmental delays and their families. Students are prepared to work with children from birth through 3rd grade.

Students complete a program that prepares them to apply for dual Indiana Teaching licensure as Early Childhood Generalist and Exceptional Needs: Mild Intervention (birth-grade 3). Through their degree and licensure program, students are prepared to work in early intervention programs, pre-kindergarten classrooms in schools and community programs, and early childhood regular and special education classrooms in public or private schools, and kindergarten through 3rd grade.

Students receive hands-on experience at the Ben and Maxine Miller Child Development Laboratory School, in community schools and other early childhood programs as well as complete a full-time student teaching experience in an early childhood program in a child development center, public or private school.

At least 32 credits of Purdue coursework required at 300 level or higher to meet graduation requirements.

This program meets state and national licensure standards and is accredited by the Council for the Accreditation of Educator Preparation (CAEP) and the State of Indiana, State Board of Education. Admission to and successful completion of the Teacher Education Program (TEP) are required.

Department of Human Development and Family Studies

Early Childhood Education and Exceptional Needs Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (72 credits)

All required Major: Content and Major: Professional Education courses are calculated into the 2.5 Overall Teacher Education GPA requirement with no grade lower than a "C".

Required Major Courses (15 credits)

- HDFS 20100 - Introduction To Relationship And Family Science Credits: 3.00
- HDFS 21000 - Introduction To Human Development Credits: 3.00 (satisfies Human Cultures: Behavioral & Social Sciences for core)
- HDFS 28000 - Diversity In Individual And Family Life Credits: 3.00
- HDFS 31100 - Child Development Credits: 3.00
- HDFS 34600 - Research Design And Program Evaluation Credits: 3.00

Professional Education Requirements (57 credits)

- AD 20100 - Art For Elementary School Teachers Credits: 3.00
• EDCI 27000 - Introduction To Educational Technology And Computing Credits: 1.00 to 3.00 ♦ (Credit Hours: 1.00) (satisfies Information Literacy for core)
• EDPS 32700 - Classroom Assessment Credits: 1.00 to 3.00 ♦ (Credit Hours: 1.00)
• EDPS 36201 - Positive Behavioral Supports Credits: 2.00 or 3.00 (Credit Hours: 2.00)
• HDFS 26000 - Young Children With Exceptional Needs Credits: 3.00 or
  EDPS/EDCI 20001 Special Populations Seminar: Focus on Student With Disabilities and Differentiation Approaches
  AND
• EDPS 26501 - The Inclusive Classroom Credits: 2.00
• HDFS 31000 - Guidance In Early Childhood Credits: 3.00
• HDFS 31801 - Developmental Assessment Credits: 3.00
• HDFS 40000 - Social Studies In Preschool And Primary Grades Credits: 2.00
• HDFS 40510 - Literacy In Preschool And Primary Grades Credits: 3.00
• HDFS 40600 - Mathematics In Preschool And Primary Grades Credits: 4.00
• HDFS 40800 - Early Intervention / Early Childhood Special Education: Issues And Professional Practices Credits: 4.00
• HDFS 40900 - Science In Preschool And Primary Grades Credits: 3.00
• HDFS 41200 - Professionalism And Music And Movement In Early Childhood Credits: 3.00
• HDFS 41500 - Approaches To Early Childhood Education Credits: 3.00
• HDFS 42000 - Developmental Foundations Of Infant And Toddler Curriculum Credits: 3.00
• HDFS 44000 - Expanded ECEEN Student Teaching Credits: 1.00 to 3.00 (Credit Hours: 1.00) (satisfies Oral Communication for core)
• HDFS 45010 - Supervised Teaching In Inclusive Programs For Young Children Credits: 12.00 (satisfies Oral Communication Core)
• SLHS 30900 - Language Development Credits: 3.00

Other Departmental/Program Course Requirements (38-44 credits)

• BIOL 20500 - Biology For Elementary School Teachers Credits: 3.00 (satisfies Science for core) or
• BIOL 20600 - Biology For Elementary School Teachers Credits: 3.00 (satisfies Science for core)
• EAPS 31201 - Earth Systems Science For Elementary Teachers Credits: 3.00 (satisfies Science for core) or
• PHYS 23000 - Physical Science For Elementary Education Credits: 3.00 (satisfies Science for core)
• ENGL 10600 - First Year Composition With Conferences Credits: 4.00 (satisfies Written Communication and Information Literacy for core) ♦ or
• ENGL 10800 - First Year Composition Credits: 3.00 ♦ (satisfies Written Communication and Information Literacy for core)
• ENGL 23000 - Great Narrative Works Credits: 3.00 or
• ENGL 23800 - Introduction To Fiction Credits: 3.00 or
• LC 23900 - Women Writers In Translation Credits: 3.00 or
• SPAN 23500 - Spanish American Literature In Translation Credits: 3.00
• HDFS 10000 - Orientation To Current Issues In Human Development And Family Science Credits: 1.00
• HIST 10400 - Introduction To The Modern World Credits: 3.00 (satisfies Human Cultures: Humanities for core)
• HIST 15100 - American History To 1877 Credits: 3.00 or
• HIST 15200 - United States Since 1877 Credits: 3.00
• MUS 25000 - Music Appreciation Credits: 3.00
• STAT 11300 - Statistics And Society Credits: 3.00 ♦ or
• STAT 30100 - Elementary Statistical Methods Credits: 3.00 ♦ or
• SOC 38200 - Introduction To Statistics In Sociology Credits: 3.00 ♦ or
• PSY 20100 - Introduction To Statistics In Psychology Credits: 3.00 ♦
• Quantitative Reasoning - any course from the University list EXCEPT MA 13800 (satisfies Quantitative Reasoning for core) - Credit Hours: 3.00
• Science, Technology & Society Core - select from University list - Credit Hours: 1.00 - 3.00 (If STAT 11300 is selected for other requirement, this requirement is satisfied)

Foreign Language Selective (9-12 credits)

The Foreign Language requirement may be met by completing ONE of the three options below.

(Select from American Sign Language, Arabic, Chinese, French, German, Greek, Hebrew, Italian, Japanese, Korean, Latin, Portuguese, Russian, or Spanish)

Option 1:
Proficiency through level III in any one foreign language

• 10100 (Credit Hours: 3.00-4.00)
• 10200 (Credit Hours: 3.00-4.00)
• 20100 (Credit Hours: 3.00-4.00)

Option 2:
Proficiency through level II in any one foreign language AND a course from the Global Perspectives & International Cultures Selective list.

• 10100 (Credit Hours: 3.00-4.00)
• 10200 (Credit Hours: 3.00-4.00)
• course from the Global Perspectives & International Cultures Selective list (Credit Hours: 3.00) The selection for this category cannot be used to satisfy other major requirements.

Option 3:
Proficiency through level II in any one foreign language AND an approved study abroad experience that takes place outside of the United States and is at least 14 days in duration.

• 10100 (Credit Hours: 3.00-4.00)
• 10200 (Credit Hours: 3.00-4.00)
• Approved Study Abroad Experience (Credit Hours: 3.00) The selection for this category cannot be used to satisfy other major requirements.

Electives (4-10 credits)

GPA Requirements

• 2.0 Graduation GPA is required for the Bachelor of Science degree.
• 2.5 Overall GPA is required for the Teacher Education Program.

Pass/No Pass Policy
• A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Family and Consumer Sciences Education, BS

About the Program
Making a difference in the lives of young people is what Family and Consumer Sciences (FCS) Education is all about. As a family and consumer sciences educator, you can make a lifelong impact. You can help students develop the ability to become independent, to assume family and community roles, and to succeed in the workplace. Students in FCS benefit from extensive field experiences in schools and community agencies.

Purdue's FCS Education graduates are in high demand and often receive several job offers. Because the program is aligned with national standards, you will not only have met requirements for an Indiana teacher's license, but you'll also be prepared to teach anywhere in the United States. FCS Education is an interdisciplinary program between the College of Health and Human Sciences and the College of Education. See Teacher Licensure Information in the plan below.

This program meets state and national licensure standards and is accredited by the Council for the Accreditation of Educator Preparation (CAEP) and the State of Indiana, State Board of Education.

- HDFS 31300 - Adolescent Development Credits: 3.00
- HDFS 33000 - Sexuality And Family Life Credits: 3.00
- HDFS 33100 - Skills For Helping Professionals In Individual, Family And Group Settings Credits: 3.00 or
- HDFS 34800 - Administration Of Social Service Not-For-Profit Organizations Credits: 3.00
- HTM 29101 - The John Purdue Room Restaurant Experience Credits: 2.00 ♦
- HTM 29102 - Introduction To Foodservice Management Credits: 3.00 ♦
- NUTR 20500 - Food Science I Credits: 3.00 ♦
- NUTR 31500 - Fundamentals Of Nutrition Credits: 3.00
- NUTR 36500 - Physiology And Nutrition During The Life Cycle Credits: 3.00
• PUBH 23000 - Community, Culture And Social Justice From A Public Health Perspective Credits: 3.00
• Must document ServSafe Manager Certification

Professional Education Requirements

All required Professional Education, and Learner Specialty Pathway courses are calculated into the 2.5 Overall Teacher Education GPA requirement with no grade lower than a "C".

Foundational Courses

• EDCI 20001 - Special Populations Seminar: Focus On Students With Disabilities And Differentiation Approaches Credits: 1.00 
• EDCI 20002 - Special Populations Seminar: English Language Learners And Students With Gifts And Talents Credits: 1.00
• EDCI 20500 - Exploring Teaching As A Career Credits: 2.00 to 3.00 (Credit Hours: 2.00) (satisfies Written Communication for core)
• EDCI 27000 - Introduction To Educational Technology And Computing Credits: 1.00 to 3.00 (Credit Hours: 1.00)
• EDCI 28500 - Multiculturalism And Education Credits: 2.00 to 3.00 (satisfies Information Literacy for core) (Credit Hours: 2.00)
• EDCI 30900 - Reading In Middle And Secondary Schools: Methods And Problems Credits: 1.00 to 3.00 (Credit Hours: 1.00)
• EDCI 35000 - Community Issues & Applications For Educators Credits: 1.00 to 3.00 (Credit Hours: 1.00)
• EDCI 37001 - Teaching And Learning English As A New Language Credits: 2.00 or 3.00 (Credit Hours: 2.00)
• EDPS 23500 - Learning And Motivation Credits: 2.00 or 3.00 (Credit Hours: 2.00)
• EDPS 24000 - Children With Gifts, Creativity, And Talents Credits: 1.00
• EDPS 24800 - Differentiating Curriculum And Instruction Credits: 1.00
• EDPS 26501 - The Inclusive Classroom Credits: 2.00
• EDPS 32700 - Classroom Assessment Credits: 1.00 to 3.00 (Credit Hours: 1.00)
• EDPS 36201 - Positive Behavioral Supports Credits: 2.00 or 3.00 (Credit Hours: 2.00)
• EDPS 43010 - Secondary Creating And Managing Learning Environments Credits: 1.00 to 3.00 (Credit Hours: 2.00)
• EDST 20010 - Educational Policies And Laws Credits: 1.00 to 3.00 (Credit Hours: 1.00)

Family & Consumer Sciences Education

• EDCI 25000 - Professional Development In Family And Consumer Sciences Education Credits: 1.00 or 2.00 *(1.00 credit course, repeated for at least 2 credits)
• EDCI 35000 - Community Issues & Applications For Educators Credits: 1.00 to 3.00 (Credit Hours: 2.00)
• EDCI 35600 - Career Education In Family And Consumer Sciences Credits: 3.00
• EDCI 36000 - Curriculum And Instruction In Family And Consumer Sciences: Middle School Credits: 3.00
• EDCI 44400 - Methods For Teaching Family And Consumer Sciences Credits: 4.00
• EDCI 49800 - Supervised Teaching Credits: 8.00 to 16.00 Title: Supervised Teaching of Middle School Family & Consumer Sciences - Credit Hours: 4.00
• EDCI 49800 - Supervised Teaching - Title: Supervised Teaching of High School Family & Consumer Sciences - Credit Hours: 8.00 (satisfies Oral Communication for core)
• **Employment Requirement**: Must complete 4,000 clock hours of successful employment in family and consumer sciences or 1,500 clock hours of supervised work in family and consumer sciences under an approved teacher education program or an equivalent combination - Credit Hours: 0.00

Learner Specialty Pathway Optional Concentration

• *If you desire additional information regarding the Learner Specialty Pathway Concentrations, please reach out to your academic advisor or visit the Learner Specialty Concentrations tab found here.*

• English Language Learners
• High Ability
• Special Education

Other Departmental/Program Course Requirements (16-19 credits)

• CHM 11100 - General Chemistry Credits: 3.00 ♦ (satisfies Science for core)
• ENTR 20000 - Introduction To Entrepreneurship And Innovation Credits: 3.00
• POL 12000 - Introduction To Public Policy And Public Administration Credits: 3.00
• ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ (satisfies Written Communication for core) or
• ENGL 10800 - First Year Composition Credits: 3.00 ♦ (satisfies Written Communication for core)
• Quantitative Reasoning ♦ - select any course from the University list EXCEPT MA 13800 - Credit Hours: 3.00 (satisfies Quantitative Reasoning for core) EDCI 22200 - Knowing The World Through Mathematics or MA 15555 - Quantitative Reasoning (Recommended)
• Science, Technology & Society - all courses on University list are accepted, a course from the list below is recommended. Credit Hours: 1.00 - 3.00 (satisfies Science, Technology and Society for core)
  o EAPS 12000 - Introduction To Geography
  o FS 16100 - Science Of Food
  o HIST 30305 - Food In Modern America
  o LA 16100 - Land And Society
  o STAT 11300 - Statistics And Society
  o SYS 30000 - It's A Complex World - Addressing Global Challenges

GPA Requirements

• 2.5 Overall GPA is required to qualify for admission to teacher education and student teaching.
• 2.0 Overall Graduation GPA is required for a Bachelor of Science degree.

Non-course / Non-credit Requirements

• Must document ServSafe Manager Certification.
• Must complete 4,000 clock hours of successful employment in Family and Consumer Sciences or 1,500 clock hours of supervised work in Family and Consumer Sciences under an approved Teacher Education Program or an equivalent combination.

Pass/No Pass Policy
• A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

University Requirements

University Core Requirements

• Human Cultures: Behavioral/Social Science (BSS)
• Human Cultures: Humanities (HUM)
• Information Literacy (IL)
• Oral Communication (OC)
• Quantitative Reasoning (QR)
• Science #1 (SCI)
• Science #2 (SCI)
• Science, Technology, and Society (STS)
• Written Communication (WC)

Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

• Attending six approved civics-related events and completing an assessment for each; or
• Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
• Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

• Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
• Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Additional Information

• Indiana Licensure information.
Sample 4-Year Plan

Fall 1st Year

- AD 12500 - Introduction To Interior Design Credits: 3.00
- CHM 11100 - General Chemistry Credits: 3.00
- CSR 10300 - Introduction To Personal Finance Credits: 3.00
- EDCI 20500 - Exploring Teaching As A Career Credits: 2.00 to 3.00 (Credit Hours: 2.00)
- EDCI 25000 - Professional Development In Family And Consumer Sciences Education Credits: 1.00 or 2.00 (Credit Hours: 1.00)
- HDFS 10000 - Orientation To Current Issues In Human Development And Family Science Credits: 1.00
- HDFS 20100 - Introduction To Relationship And Family Science Credits: 3.00

16 Credits

Spring 1st Year

- AD 28000 - Human Behavior And Designed Environment Credits: 3.00
- CHM 11200 - General Chemistry Credits: 3.00
- EDCI 25000 - Professional Development In Family And Consumer Sciences Education Credits: 1.00 or 2.00 (Credit Hours: 1.00)
- EDCI 28500 - Multiculturalism And Education Credits: 2.00 to 3.00 (Credit Hours: 2.00)
- EDCI 35000 - Community Issues & Applications For Educators Credits: 1.00 to 3.00 (Credit Hours: 1.00)
- HDFS 21000 - Introduction To Human Development Credits: 3.00
- Quantitative Reasoning - Credit Hours 3.00

16 Credits

Fall 2nd Year

- EDCI 20002 - Special Populations Seminar: English Language Learners And Students With Gifts And Talents Credits: 1.00
- EDCI 20700 - Construction And Textile Lab Management Credits: 3.00
- EDCI 35600 - Career Education In Family And Consumer Sciences Credits: 3.00
- EDCI 37001 - Teaching And Learning English As A New Language Credits: 2.00 or 3.00
- EDPS 24000 - Children With Gifts, Creativity, And Talents Credits: 1.00
- EDPS 36201 - Positive Behavioral Supports Credits: 2.00 or 3.00 (Credit Hours: 2.00)
- NUTR 31500 - Fundamentals Of Nutrition Credits: 3.00
- POL 12000 - Introduction To Public Policy And Public Administration Credits: 3.00

18 Credits

Spring 2nd Year

- ENGL 10800 - First Year Composition Credits: 3.00
• EDCI 20001 - Special Populations Seminar: Focus On Students With Disabilities And Differentiation Approaches Credits: 1.00
• EDPS 23500 - Learning And Motivation Credits: 2.00 or 3.00 Credit Hours: 2.00
• EDPS 24800 - Differentiating Curriculum And Instruction Credits: 1.00
• EDPS 26501 - The Inclusive Classroom Credits: 2.00
• EDST 20010 - Educational Policies And Laws Credits: 1.00 to 3.00 Credit Hours: 1.00

  Middle School - Credit Hours: 4.00  
  High School - Credit Hours: 8.00

12 Credits

### Pre-Requisite Information

For pre-requisite information, log in to mypurdue.purdue.edu and click here.

### World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

### Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."

### Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

### Teacher Licensure Information

Successful completion of the Purdue University Family and Consumer Sciences Education Program, Family and Consumer Sciences Education, BS, and the State of Indiana licensure requirements results in an Indiana initial instructional License in
Career and Technical Education (CTE): Family and Consumer Sciences (5-12), and Blended and Online Teaching (5-12).
Contact the Office of Teacher Education and Licensure for additional information regarding Teacher Education and licensure requirements.

Office of Teacher Education and Licensure

Teacher Education Program (TEP) Requirements and Milestones

Indiana Licensure information - Each student must meet all degree, program, and licensure requirements prior to being recommended for licensure.

- 2.5 Overall GPA is required for the Teacher Education Program.
- Students must successfully progress through Milestone A to enroll in any Professional Education **Restricted Methods course.
- Successful completion of all Major, Professional Education (including all Foundations Courses with linked Foundations Portfolio Common Assessments and **Restricted Methods Courses), Learner Specialty Concentration/Pathway, and degree courses are required prior to Milestone C. Program limitations restrict additional courses to be taken simultaneously with or following student teaching without advance authorization.
- Successful completion of all Foundations Portfolio Common Assessments are required prior to Milestone D.
- Blended and online Teaching licensure requirements are embedded into coursework for all Undergraduate Licensure Programs.
- Beginning July 1, 2025 - According to the Indiana State Board of Education, students seeking an Initial Indiana License in a content area involving literacy instruction, including special education, must obtain an early literacy endorsement, Science of Reading (P-5), as required under IC 20-28-5-19.7.

Human Services, BS

About the Program

If you are interested in working with people to help improve their life circumstances, the Human Services major may be an excellent choice for you. Students in this major are concerned about today's individuals and families and want to help them find solutions to challenging circumstances.

Human Services students are trained for a variety of careers in community-based programs, home-based programs, health-related social services, and mental health organizations. The Human Services major is designed to provide students with basic knowledge in human development and family science, skills for working with people in service agencies, and program evaluation skills. Throughout the academic program, students develop knowledge and skills to work with children, adults and families.

The culminating capstone experience in this major is a semester-long internship with a human services agency. The human services major also offers an optional concentration in addiction studies. Students who complete this concentration earn an addiction studies certificate from Ivy Tech Community College, a bachelor's degree from Purdue University, and are eligible to apply for Indiana's bachelor's-level, pre-supervision license in the field of addiction counseling (LACA).

Department of Human Development and Family Studies

Human Services Major Change (CODO) Requirements

Degree Requirements

120 Credits Required
Departmental/Program Major Course Requirements (45 credits)

- HDFS 10000 - Orientation To Current Issues In Human Development And Family Science Credits: 1.00
- HDFS 20100 - Introduction To Relationship And Family Science Credits: 3.00 (satisfies Human Cultures: Behavioral & Social Sciences for core)
- HDFS 21000 - Introduction To Human Development Credits: 3.00
- HDFS 28000 - Diversity In Individual And Family Life Credits: 3.00 (satisfies Human Cultures: Behavioral & Social Sciences for core)
- HDFS 34600 - Research Design And Program Evaluation Credits: 3.00
- HDFS 45100 - Internship & Career Preparation For Human Services Credits: 2.00
- Advanced Content Courses Selective - select from list - Credit Hours: 9.00
- Practical Skills Courses Selective - select from list - Credit Hours: 9.00
- Capstone Requirement - select one option - Credit Hours: 12.00

Other Departmental/Program Requirements (40-46 credits)

- CNIT 13600 - Personal Computing Technology And Applications Credits: 3.00 ♦
- COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦ (satisfies Oral Communication for core) or
- EDPS 31500 - Collaborative Leadership: Interpersonal Skills Credits: 3.00 ♦ (satisfies Oral Communication for core)
- ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ (satisfies Written Communication and Information Literacy for core) or
- ENGL 10800 - First Year Composition Credits: 3.00 ♦ (satisfies Written Communication and Information Literacy for core)
- STAT 11300 - Statistics And Society Credits: 3.00 ♦ or
- STAT 30100 - Elementary Statistical Methods Credits: 3.00 ♦ or
- SOC 38200 - Introduction To Statistics In Sociology Credits: 3.00 ♦ or
- PSY 20100 - Introduction To Statistics In Psychology Credits: 3.00 ♦
- Global Perspectives & International Cultures Selective - select from list - Credit Hours: 3.00
- Human Health Selective - select from list - Credit Hours: 3.00
- Quantitative Reasoning - EDCI 22200 or MA 15555 or any course from the University list except MA 13800 - Credit Hours: 3.00 ♦ (satisfies Quantitative Reasoning for core)
- Humanities - Credit Hours: 3.00 (satisfies Humanities for core)
- Science - Credit Hours: 3.00 (satisfies Science for core)
- Science - Credit Hours: 3.00 (satisfies Science for core)
- Science, Technology & Society - Credit Hours: 1.00 - 3.00 (satisfies Science, Technology and Society for core. If STAT 11300 is selected for other requirements, this requirement is satisfied)

Foreign Language Selective (9-12 credits)

The Foreign Language requirement may be met by completing ONE of the three options below.

(Select from American Sign Language, Arabic, Chinese, French, German, Greek, Hebrew, Italian, Japanese, Korean, Latin, Portuguese, Russian, or Spanish)
Option 1:
Proficiency through level III in any one foreign language

- 10100 (Credit Hours: 3.00-4.00)
- 10200 (Credit Hours: 3.00-4.00)
- 20100 (Credit Hours: 3.00-4.00)

Option 2:
Proficiency through level II in any one foreign language AND an additional course from the Global Perspectives & International Cultures Selective list.

- 10100 (Credit Hours: 3.00-4.00)
- 10200 (Credit Hours: 3.00-4.00)
- additional course from the Global Perspectives & International Cultures Selective list (Credit Hours: 3.00) The selection for this category cannot be used to satisfy other major requirements.

Option 3:
Proficiency through level II in any one foreign language AND an approved study abroad experience that takes place outside of the United States and is at least 14 days in duration.

- 10100 (Credit Hours: 3.00-4.00)
- 10200 (Credit Hours: 3.00-4.00)
- Approved Study Abroad Experience (Credit Hours: 3.00) The selection for this category cannot be used to satisfy other major requirements.

Lower division selectives (0-9 credits)

- ANTH 10000 - Being Human: Introduction To Anthropology Credits: 3.00
- ANTH 20500 - Human Cultural Diversity Credits: 3.00
- HK 25300 - Principles Of Motor Development Credits: 3.00
- NUR 22201 - Population Health Credits: 2.00
- SLHS 11500 - Introduction To Communicative Disorders Credits: 3.00
- SOC 27500 - Sociology Of Aging And The Life Course Credits: 3.00

Upper division selectives (6-15 credits)

- ANTH 33600 - Human Variation Credits: 3.00
- ANTH 34000 - Global Perspectives On Health Credits: 3.00
- COM 37800 - Introduction To Health Communication Credits: 3.00
- HDFS 31200 - Adult Development Credits: 3.00
- HK 44400 - Balance Rehab In Older Adults Credits: 3.00
- HK 46900 - Exercise Testing And Prescription In Special Populations Credits: 3.00
- NUTR 30300 - Essentials Of Nutrition Credits: 3.00 or
- NUTR 31500 - Fundamentals Of Nutrition Credits: 3.00
• NUTR 36500 - Physiology And Nutrition During The Life Cycle Credits: 3.00
• PSY 36700 - Adult Development And Aging Credits: 3.00
• SLHS 30200 - Hearing Science Credits: 3.00
• SLHS 30300 - Anatomy And Physiology Of The Speech Mechanism Credits: 3.00
• SLHS 43000 - Speech-Language Disorders In Health Care Settings Credits: 3.00
• SLHS 46000 - Assessment Audiology And Aural Rehabilitation Across The Lifespan Credits: 4.00
• SOC 37400 - Medical Sociology Credits: 3.00
• SOC 46100 - Health And Social Behavior Credits: 3.00

Concentration

Addiction Studies Concentration in Human Services

Required Courses (21 Credits)

This is an optional concentration within the Human Services major.

Purdue University Courses
• PSY 12000 - Elementary Psychology Credits: 3.00
• PSY 35000 - Abnormal Psychology Credits: 3.00

Ivy Tech Courses
• HUMS 113 Problems of Substance Abuse in Society
• HUMS 208 Treatment Models of Substance Abuse
• HUMS 209 Counseling Issues in Substance Abuse
• HUMS 210 Issues of Substance Abuse in Family Systems
• HUMS 267 Theories of Personality

Notes

• The Addiction Studies concentration within the Human Services major at Purdue University is a collaboration between the College of Health and Human Sciences at Purdue University West Lafayette and the School of Public and Social Services at Ivy Tech Community College - Lafayette.
To complete the addictions concentration, your capstone requirement (see Human Services curriculum) must be completed via 12 credits of HDFS 45500 in an approved addictions-related placement.

**Child Development Concentration for Developmental and Family Science**

**Child Development Concentration Requirements (12 credits)**

- HDFS 31100 - Child Development **Credits**: 3.00
- HDFS 31400 - Atypical Child Development **Credits**: 3.00
- HDFS 31000 - Guidance In Early Childhood **Credits**: 3.00 or
- HDFS 34100 - Working With Parents **Credits**: 3.00
- HDFS 31300 - Adolescent Development **Credits**: 3.00 or
- HDFS 42000 - Developmental Foundations Of Infant And Toddler Curriculum **Credits**: 3.00

**Note**

To complete a concentration, your required capstone experience must also be related to the concentration(s).

**Child Development Optional Concentration for Developmental and Family Science**

**Concentration Courses (12 Credits)**

- HDFS 31000 - Guidance In Early Childhood **Credits**: 3.00 or
- HDFS 34100 - Working With Parents **Credits**: 3.00
- HDFS 31100 - Child Development **Credits**: 3.00
- HDFS 31300 - Adolescent Development **Credits**: 3.00 or
- HDFS 42000 - Developmental Foundations Of Infant And Toddler Curriculum **Credits**: 3.00
- HDFS 31400 - Atypical Child Development **Credits**: 3.00

**Note**

To complete a concentration, your required capstone experience must also be related to the concentration(s).

**Early Childhood Concentration for Family and Consumer Sciences Education**

**Concentration Courses (9 credits)**
Family & Community Health Concentration for Developmental and Family Science

Family & Community Health Concentration (FCHL) (11-12 credits)

- ANTH 34000 - Global Perspectives On Health Credits: 3.00 or
- PUBH 24000 - Global Health Credits: 2.00
- HDFS 30500 - Biosocial Foundations Of The Family Credits: 3.00
- HDFS 32500 - Health And Health Care For Children And Families Credits: 3.00 or
- PUBH 22500 - Contemporary Women's Health Credits: 3.00
- HSCI 20100 - Principles Of Public Health Science Credits: 3.00

Note

To complete a concentration, your required capstone experience must also be related to the concentration(s).

Family & Community Health Optional Concentration for Developmental and Family Science

Concentration Courses (11 credits)

- HDFS 30500 - Biosocial Foundations Of The Family Credits: 3.00
- HDFS 32500 - Health And Health Care For Children And Families Credits: 3.00 or
- PUBH 22500 - Contemporary Women's Health Credits: 3.00
- HDFS 59000 - Family Relationships and Health - Credit Hours: 3.00
- NUR 22201 - Population Health Credits: 2.00

Note

To complete a concentration, your required capstone experience must also be related to the concentration(s).

Family and Consumer Sciences Education Required Concentration

Select one of the following concentrations.

Early Childhood (ECLD) - Credit Hours: 9.00

- HDFS 31000 - Guidance In Early Childhood Credits: 3.00
- HDFS 34100 - Working With Parents Credits: 3.00
- HDFS 42000 - Developmental Foundations Of Infant And Toddler Curriculum Credits: 3.00

Human Services (XHSB) - Credit Hours: 9.00

- HDFS 33100 - Skills For Helping Professionals In Individual, Family And Group Settings Credits: 3.00
- HDFS 34300 - Assessment And Case Management Credits: 3.00
- HDFS 34100 - Working With Parents Credits: 3.00 or
- HDFS 34800 - Administration Of Social Service Not-For-Profit Organizations Credits: 3.00

Nutrition (NUTR) - Credit Hours: 9.00

- CHM 25700 - Organic Chemistry Credits: 4.00 ♦
- NUTR 36500 - Physiology And Nutrition During The Life Cycle Credits: 3.00 ♦
- NUTR 43000 - Public Health Nutrition Credits: 2.00 ♦ or
- NUTR 45400 - Food Chemistry Laboratory Credits: 2.00

Human Services Concentration for Family and Consumer Sciences Education

Concentration Courses (9 Credits)

- HDFS 33100 - Skills For Helping Professionals In Individual, Family And Group Settings Credits: 3.00
- HDFS 34100 - Working With Parents Credits: 3.00
- HDFS 34300 - Assessment And Case Management Credits: 3.00
- HDFS 34800 - Administration Of Social Service Not-For-Profit Organizations Credits: 3.00

Nutrition Concentration for Family and Consumer Sciences Education

Concentration Courses (9 Credits)

- CHM 25700 - Organic Chemistry Credits: 4.00
- NUTR 36500 - Physiology And Nutrition During The Life Cycle Credits: 3.00
- NUTR 43000 - Public Health Nutrition Credits: 2.00

Minor

Human Development and Family Science Minor

Requirements for the Minor (15 credits)
Required Courses (6 credits)

- HDFS 20100 - Introduction To Relationship And Family Science Credits: 3.00
- HDFS 21000 - Introduction To Human Development Credits: 3.00

Additional Courses (9 credits)

- HDFS courses - Credit Hours: 9.00 (HDFS 39000 Maximum of 3.00 credit hours can count toward the minor/ HDFS 39800 - maximum of 3.00 credit hours can count toward the minor)

Notes

- A grade of "C-" or better must be earned in any course used to fulfill the HDFS minor.
- The Pass / Not-Pass grading option may not be adopted for any courses used to fulfill any College of Health and Human Sciences (HHS) minor requirements. For further information, students should refer to the HHS Pass / Not-Pass Policy.

Pre-Requisite Information

For pre-requisite information, log in to mypurdue.purdue.edu and click here.

Non-Degree

Developmental and Family Science Supplemental Information

Capstone Experience (6-8 credits)

Students must propose their capstone plan and receive Undergraduate Committee (Capstone Subcommittee) approval. All capstones must be clearly relevant to the major.

If the student is completing a concentration, the capstone experience must have a clear connection to the student's designated concentration.

If a student chooses to complete more than one concentration, the capstone experience must have a clear connection to all of the student's designated concentrations.

Select ONE of the following three options.
Thesis Option (6 credits)
Must have completed statistics requirement and HDFS 34600 before beginning thesis capstone. The six credits of HDFS 49101 and 49102 must be completed across two consecutive semesters.

HDFS 49101 - Mentored Research In Human Development And Family Studies I - 3 credits
HDFS 49102 - Mentored Research In Human Development And Family Studies II - 3 credits

Internship Option (8 credits)
HDFS 45400 - Internship & Career Preparation for Developmental and Family Science - 2 credits
HDFS 45800 - Development And Family Science Capstone Internship - 6 credits

Study Abroad Option (6 credits) To count toward the capstone experience, a study abroad experience must include a minimum of 14 full days abroad.

- Study Abroad experience - Credit Hours: 6.00
  or
  - Study Abroad experience - Credit Hours: 3.00 and
  - select additional course from Global Perspectives & International Cultures List - Credit Hours: 3.00
  or
  - Study Abroad experience - Credit Hours: 3.00 and
  - Fourth semester of foreign language (must be same language selected for "Other Departmental/Program Requirements" area) - Credit Hours: 3.00

Global Perspectives & International Cultures Selective
Select 3 credits from the following list.

- AGEC 25000 - Economic Geography Of World Food And Resources Credits: 3.00
- ANTH 23000 - Gender Across Cultures Credits: 3.00
- ANTH 34100 - Culture And Personality Credits: 3.00
- ARAB 23900 - Arab Women Writers Credits: 3.00
- ARAB 28000 - Arabic Culture Credits: 3.00
- ARAB 28100 - Introduction To Islamic Civilization And Culture Credits: 3.00
- CHNS 28000 - Topics In Chinese Civilization And Culture Credits: 3.00
- CHNS 28100 - Introduction To Chinese Food Culture Credits: 3.00
- COM 22400 - Communicating In The Global Workplace Credits: 3.00
- EDPDS 31600 - Collaborative Leadership: Cross-Cultural Settings Credits: 3.00
- GSLA 10100 - Global Awareness Credits: 3.00
- HDFS 22500 - Human Development Across Cultures Credits: 3.00
- HIST 21000 - The Making Of Modern Africa Credits: 3.00
- HIST 34000 - Modern China Credits: 3.00
- HTM 37200 - Global Tourism Geography Credits: 3.00
- ITAL 28000 - Italian Culture And Civilization Credits: 3.00
- JPNS 28000 - Introduction To Modern Japanese Civilization Credits: 3.00
- KOR 38000 - Special Topics In Korean Culture Credits: 3.00 - must take Introduction to Korean Culture
- LC 23900 - Women Writers In Translation Credits: 3.00
- PHIL 11400 - Global Moral Issues Credits: 3.00
- PHIL 23000 - Religions Of The East Credits: 3.00
- POL 13000 - Introduction To International Relations Credits: 3.00
- POL 14100 - Governments Of The World Credits: 3.00
- REL 20000 - Introduction To The Study Of Religion Credits: 3.00
- RUSS 29800 - Special Topics In Russian Credits: 3.00 - must take Food and Culture in Russia
- SPAN 32200 - Spanish For The Health Professions Credits: 3.00
- TECH 33000 - Technology And The Global Society Credits: 3.00
- WGSS 38000 - Comparative Studies In Gender And Culture Credits: 3.00

Human Health Selective

Select 3 credits from the following list.

- ANTH 21200 - Culture, Food And Health Credits: 3.00
- ANTH 33700 - Human Diet: Origins And Evolution Credits: 3.00
- ANTH 34000 - Global Perspectives On Health Credits: 3.00
- COM 37800 - Introduction To Health Communication Credits: 3.00
- COM 47800 - Health Communication Campaigns Credits: 3.00
- HDFS 32500 - Health And Health Care For Children And Families Credits: 3.00
- HIST 36305 - The History Of Medicine And Public Health Credits: 3.00
- HIST 47005 - Women And Health In America Credits: 3.00
- HSCI 20100 - Principles Of Public Health Science Credits: 3.00
- HSCI 30500 - Basics Of Oncology Credits: 3.00
- NUTR 30300 - Essentials Of Nutrition Credits: 3.00
- NUTR 31500 - Fundamentals Of Nutrition Credits: 3.00
- PHIL 27000 - Biomedical Ethics Credits: 3.00
- PUBH 20500 - Basic Public Health Studies Credits: 3.00
- PUBH 22500 - Contemporary Women's Health Credits: 3.00
- PUBH 23500 - Stress And Human Health Credits: 3.00
- SOC 37400 - Medical Sociology Credits: 3.00
- SOC 57600 - Health And Aging In Social Context Credits: 3.00

Early Childhood Education and Exceptional Needs Supplemental Information

Global Perspectives & International Cultures Selective

- AGEC 25000 - Economic Geography Of World Food And Resources Credits: 3.00
- ANTH 23000 - Gender Across Cultures Credits: 3.00
- ANTH 34100 - Culture And Personality Credits: 3.00
- ARAB 23900 - Arab Women Writers Credits: 3.00
- ARAB 28000 - Arabic Culture Credits: 3.00
School of Nursing

About

The School of Nursing is responsible for administering all degree programs in nursing offered at the West Lafayette campus of Purdue University.

A broad liberal and scientific education is necessary to prepare baccalaureate nursing program students for professional nursing practice. The Purdue University School of Nursing curriculum provides each student with a firm foundation in the liberal arts, supportive sciences, and professional education. Education of the professional nurse is enriched by a diverse faculty who have clinical expertise and scholarly achievement by participation in continuing education and in professional nursing organizations.

Following successful completion of the program of study, the nursing graduate may apply to take the National Council Licensure Examination (NCLEX) for licensure as a registered nurse (RN). There are specific requirements for eligibility to take the examination. Any person who applies to the Indiana State Board of Nursing for license to practice as a registered nurse must not have been convicted of a crime that has a direct bearing on the person's ability to competently practice or have committed an act that would constitute a ground for disciplinary sanction under Indiana statutes.
Eligibility requirements in other states may vary. You may request a copy of eligibility requirements by writing to the Board of Nursing in the state in which you are seeking licensure.

Fax: 765-496-1800
E-mail: nursing@purdue.edu

**Graduate Information**

For Graduate Information please see Nursing Graduate Program Information.

**Bachelor of Science in Nursing**

**Accelerated Nursing, BSN**

About the Program

For individuals who hold at least an undergraduate degree and wish to pursue a career in Nursing

This full-time program lasts 4 semesters (59 credits)

Graduates are prepared to take the national nursing licensure exam, NCLEX, and be licensed as a Registered Nurse (RN). Graduates will receive a Bachelor of Science in Nursing

The program emphasizes clinical leadership, evidence-based practice, health promotion and prevention, and quality improvement. Faculty are committed to providing students with innovative, evidenced-based teaching/learning strategies to prepare students to deliver safe, high-quality nursing care for individuals and families with diverse needs.

Graduates can immediately enter professional nursing practice or continue their studies toward an advanced practice nursing specialty or doctoral degree (DNP or Ph.D.).

School of Nursing

**Requirements**

**59 Credits Required**
Departmental/Program Major Course Requirements

Required Major Courses (59 credits)

- NUR 21901 - Pathopharmacology I Credits: 3.00
- NUR 22101 - Pathopharmacology II Credits: 3.00
- NUR 22201 - Population Health Credits: 2.00
- NUR 22401 - Nursing Practice Foundations I: Health Assessment Credits: 4.00
- NUR 22501 - Nursing Practice Foundations II: Fundamentals Credits: 4.00
- NUR 22601 - Topics In Nursing Research And Evidence-Based Practice Credits: 3.00
- NUR 31401 - Health Alterations In Adults I Credits: 6.00
- NUR 31501 - Nursing Of Childbearing Families Credits: 5.00
- NUR 31601 - Integration Seminar I Credits: 1.00
- NUR 31701 - Health Alterations In Adults II Credits: 6.00
- NUR 31801 - Psychiatric And Mental Health Nursing Credits: 5.00
- NUR 31901 - Integration Seminar II Credits: 1.00
- NUR 41401 - Pediatric Nursing Credits: 5.00
- NUR 41501 - Public Health Nursing Credits: 5.00
- NUR 41701 - Leadership In Nursing Credits: 3.00
- NUR 41901 - Professional Nursing: Evolution As A Clinician And Leader Credits: 3.00

Civics Literacy Proficiency Requirement:

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course)

For more information visit the Civics Literacy Proficiency website.

Sample 4-Semester Plan

Fall 1st Year

- NUR 21901 - Pathopharmacology I Credits: 3.00
- NUR 22201 - Population Health Credits: 2.00
- NUR 22401 - Nursing Practice Foundations I: Health Assessment Credits: 4.00
- NUR 22501 - Nursing Practice Foundations II: Fundamentals Credits: 4.00
- NUR 22601 - Topics In Nursing Research And Evidence-Based Practice Credits: 3.00

16 Credits
Spring 1st Year

- NUR 22101 - Pathopharmacology II Credits: 3.00
- NUR 31701 - Health Alterations In Adults II Credits: 6.00
- NUR 31801 - Psychiatric And Mental Health Nursing Credits: 5.00
- NUR 31901 - Integration Seminar II Credits: 1.00

15 Credits

Summer 1st Year

- NUR 31401 - Health Alterations In Adults I Credits: 6.00
- NUR 31501 - Nursing Of Childbearing Families Credits: 5.00
- NUR 31601 - Integration Seminar I Credits: 1.00

12 Credits

Fall 2nd Year

- NUR 41401 - Pediatric Nursing Credits: 5.00
- NUR 41501 - Public Health Nursing Credits: 5.00
- NUR 41701 - Leadership In Nursing Credits: 3.00
- NUR 41901 - Professional Nursing: Evolution As A Clinician And Leader Credits: 3.00

16 Credits

Notes

- 2.0 Graduation GPA required for Bachelor of Nursing degree.
- "C" or better required in all NUR major courses

Pre-Requisite Information

For pre-requisite information, log in to mypurdue.purdue.edu and click here.

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."
Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

Nursing, BSN

About the Program

The School of Nursing offers programs from baccalaureate to doctoral level, including:

- Four-year baccalaureate program for high school graduates
- Second degree baccalaureate program
- Master of Science (MS) as an Adult Gerontology Nurse Practitioner
- Master of Science (MS) as a Primary Care Pediatric Nurse Practitioner
- Master of Science (MS) as a Primary Care Family Nurse Practitioner
- Post master's Adult Gerontology Nurse Practitioner Certificate
- Post master's Primary Care Pediatric Nurse Practitioner Certificate
- DNP Doctor of Nursing Practice
- Ph.D. Doctor of Philosophy in Nursing

Nursing Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (66 credits)

Nursing Courses Level I (23 credits)

Minimum grade of C required in each course. Average GPA of this area must be 2.75 or better

- NUR 10800 - Introduction To Nursing Credits: 1.00 ♦
- NUR 10900 - Introduction To Nursing II Credits: 1.00 ♦
- NUR 21801 - Health Assessment And Essentials Of Nursing Practice I Credits: 5.00 ♦
- NUR 21901 - Pathopharmacology I Credits: 3.00 ♦
- NUR 22001 - Essentials Of Nursing Practice II Credits: 5.00 ♦
- NUR 22101 - Pathopharmacology II Credits: 3.00 ♦
- NUR 22201 - Population Health Credits: 2.00 ♦
- NUR 22301 - Foundations Of Research And Evidence-Based Practice Credits: 3.00 ♦ (satisfies Information Literacy for core)
Nursing Courses Level II (24 credits)

Minimum grade of C required in each course. Average GPA of this area must be 2.75 or better

- NUR 31401 - Health Alterations In Adults I Credits: 6.00
- NUR 31501 - Nursing Of Childbearing Families Credits: 5.00
- NUR 31601 - Integration Seminar I Credits: 1.00
- NUR 31701 - Health Alterations In Adults II Credits: 6.00
- NUR 31801 - Psychiatric And Mental Health Nursing Credits: 5.00
- NUR 31901 - Integration Seminar II Credits: 1.00

Nursing Courses Level III (19 credits)

Minimum grade of C required in each course. Average GPA of this area must be 2.75 or better

- NUR 41001 - Issues In Professional Nursing Credits: 2.00
- NUR 41401 - Pediatric Nursing Credits: 5.00
- NUR 41501 - Public Health Nursing Credits: 5.00
- NUR 41701 - Leadership In Nursing Credits: 3.00
- NUR 42001 - Transition To Professional Nursing Practice Credits: 4.00

Other Departmental/Program Course Requirements (51-52 credits)

Minimum grade of C required in each course

- Human Cultures: Humanities - Credit Hours: 3.00 (satisfies Humanities for core)
- Oral Communication - Credit Hours: 3.00 (satisfies Oral Communication for core)
- School of Nursing Guided Health & Human Sciences Selective - select from supplemental list - Credit Hours: 3.00
- Quantitative Reasoning - Credit Hours: 3.00 (satisfies Quantitative Reasoning for core)
  **Guided Sociology Selective**
  - SOC 22000 - Social Problems Credits: 3.00 ♦ (satisfies Human Cultures: Behavioral & Social Sciences for core) or
  - SOC 31000 - Race And Ethnicity Credits: 3.00 ♦ or
  - SOC 34000 - General Social Psychology Credits: 3.00 ♦ or
  - SOC 37400 - Medical Sociology Credits: 3.00 ♦ or
  - SOC 41100 - Social Inequality Credits: 3.00 ♦
  **Guided Statistics Selective**
  - STAT 11300 - Statistics And Society Credits: 3.00 ♦ (satisfies Science, Technology & Society for core; satisfies Information Literacy for core) or
  - PSY 20100 - Introduction To Statistics In Psychology Credits: 3.00 ♦ or
  - SOC 38200 - Introduction To Statistics In Sociology Credits: 3.00 ♦ or
  - STAT 30100 - Elementary Statistical Methods Credits: 3.00 ♦

General Courses

Minimum grade of C required in each course

- HDFS 21000 - Introduction To Human Development Credits: 3.00 ♦ (satisfies Human Cultures: Behavioral & Social Sciences for core)
• NUTR 30300 - Essentials Of Nutrition Credits: 3.00 ♦
• PSY 12000 - Elementary Psychology Credits: 3.00 ♦ (satisfies Human Cultures: Behavioral & Social Sciences for core)
• PSY 35000 - Abnormal Psychology Credits: 3.00 ♦
• ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ (satisfies Written Communication for core) or
• ENGL 10800 - First Year Composition Credits: 3.00 ♦ (satisfies Written Communication for core) or
• HONR 19903 - Interdisciplinary Approaches In Writing Credits: 3.00 ♦ (satisfies Written Communication for core)

Science Courses

Minimum grade of C required in each course. Average GPA of this area must be 2.70 or better.

• BIOL 20300 - Human Anatomy And Physiology Credits: 4.00 ♦ (satisfies Science for core)
• BIOL 20400 - Human Anatomy And Physiology Credits: 4.00 ♦ (satisfies Science for core)
• BIOL 22100 - Introduction To Microbiology Credits: 4.00 ♦
• CHM 11100 - General Chemistry Credits: 3.00 ♦ (satisfies Science for core)
• CHM 11200 - General Chemistry Credits: 3.00 ♦ (satisfies Science for core)

Electives (2-3 credits)

Supplemental Lists

Nursing Supplemental Information

Grade Requirements

• Students must earn a “C” or higher in all required and selective courses.

Pass/No Pass Policy

• A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

University Requirements

University Core Requirements

For a complete listing of University Core Course Selectives, visit the Provost's Website.

• Human Cultures: Behavioral/Social Science (BSS)
Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Sample 4-Year Plan

Fall 1st Year

- BIOL 20300 - Human Anatomy And Physiology Credits: 4.00 ♦
- CHM 11100 - General Chemistry Credits: 3.00 ♦
- HDFS 21000 - Introduction To Human Development Credits: 3.00 ♦
- NUR 10800 - Introduction To Nursing Credits: 1.00 ♦

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

**Department of Nutrition Science**

**About**

Nutrition Science is a multidisciplinary science at the core of health, wellness, and quality of life. An education in Nutrition Science incorporates the human perspective to a foundation of strong basic sciences such as biochemistry, physiology, and statistics with experiential learning.

The department offers many opportunities for students to work and learn in a clinical research setting. With this kind of education and training, Purdue's Nutrition Science graduates are prepared to become the future leaders in nutrition and food science.

The department offers undergraduate study in the following areas:

- Dietetics
- Nutrition, Fitness, and Health
- Nutrition Science

The department also offers two undergraduate minors:

- Foods and Nutrition
- Nutrition
Faculty

Bachelor of Science

Dietetics/Nutrition, Fitness and Health, BS

About the Program

The Nutrition Science Department at Purdue has a unique and popular double major offering in Nutrition, Fitness, and Health (NFHL) and the Didactic Program in Nutrition and Dietetics (DPND). This combination allows students to fulfill the requirements for obtaining the Certified Strength and Conditioning Specialist (CSCS) credential together with the first step in becoming a Registered Dietitian Nutritionist (RDN), as well as gain a comprehensive approach to human health and fitness. This double major can be completed in four years.

The Didactic Program in Nutrition and Dietetics (DPND) part of the double major provides a foundation for students to pursue a required advanced degree (master's degree), complete a supervised practice (commonly referred to as "internship"), and become a registered dietitian nutritionist (RDN) by passing the National Registration Exam for Dietitians (RD exam). In addition to our undergraduate program, Purdue offers a professional master's degree in Dietetics which incorporates the necessary supervised practice hours. The undergraduate and graduate programs are fully ACEND accredited, and the Purdue Nutrition Science Department offers all of the required steps to be eligible to sit for the RDN exam. Scores on the national RDN exam by Purdue graduates are consistently well above the national average.

The Nutrition, Fitness, and Health (NFHL) part is designed for students interested in careers in nutrition, fitness, or wellness programs in hospitals, colleges, or industry. The Purdue NFHL major has formal recognition from the National Strength and Conditioning Association for its excellence in undergraduate strength and conditioning education and one is eligible to sit for the credentialing exam upon graduation to earn the CSCS credential.

Electives (0 credit)

Supplemental List

Nutrition Science Majors Supplemental Information

Grade Requirements

- A grade of C or better is required for major courses except a "C-" or better is acceptable for NUTR 43700 and NUTR 43800, and there is no minimum grade requirement for NUTR 41100.

GPA Requirements

- An average GPA of 2.75/4.00 and minimum course grades are required for Departmental/Program Major Courses.

Pass/No Pass Policy

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

University Requirements

University Core Requirements

For a complete listing of University Core Course Selectives, visit the Provost's Website.

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Sample 4-Year Plan

Fall 1st Year

- BIOL 11000 - Fundamentals Of Biology I Credits: 4.00 ♦
- NUTR 10500 - Nutrition In The 21st Century Credits: 1.00
- NUTR 10600 - Introduction To The Profession Of Dietetics Credits: 1.00
- NUTR Math Selective - Credit Hours: 3.00-5.00
- CHM 11000 - General Chemistry Credits: 3.00 ♦ or
- CHM 11500 - General Chemistry Credits: 4.00 ♦
- ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ or
- ENGL 10800 - First Year Composition Credits: 3.00 ♦

15-19 Credits

Spring 1st Year

- BIOL 11100 - Fundamentals Of Biology II Credits: 4.00 ♦
- PSY 12000 - Elementary Psychology Credits: 3.00
- CHM 11200 - General Chemistry Credits: 3.00 ♦ or
• CHM 11600 - General Chemistry Credits: 4.00 ♦
• Human Cultures: Humanities - Credit Hours: 3.00
• Oral Communication Core - Credit Hours: 3.00

16-17 Credits

Fall 2nd Year

• BIOL 20300 - Human Anatomy And Physiology Credits: 4.00 ♦
• NUTR 20500 - Food Science I Credits: 3.00
• PSY 27200 - Introduction To Industrial-Organizational Psychology Credits: 3.00
• NUTR 12500 - Food Safety Certification And Career Development Credits: 1.00
• NUTR 31500 - Fundamentals Of Nutrition Credits: 3.00 (If CHM 25500/25600 option is chosen instead of CHM 25700, move NUTR 31500 to next fall in place of elective, and other courses move also.)
• Science, Technology, & Society- Credit Hours: 1.00 - 3.00

15-17 Credits

Spring 2nd Year

• BIOL 20400 - Human Anatomy And Physiology Credits: 4.00 ♦
• BIOL 22100 - Introduction To Microbiology Credits: 4.00
• HTM 31100 - Procurement Management For Foodservice Credits: 3.00
• CHM 25700 - Organic Chemistry Credits: 4.00 ♦ (or CHM 25600 if chose CHM 25500 option in fall)
• NUTR 35000 - Dietetics Practicum In Quantity Food Production Credits: 1.00 to 3.00 Credit Hours: 1.00 or
• HTM 29101 - The John Purdue Room Restaurant Experience Credits: 2.00

16-19 Credits

Fall 3rd year

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."
Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

Nutrition and Dietetics, BS

About the Program

The Department of Nutrition Science at Purdue University Didactic Program in Dietetics provides a foundation for students needed to pursue a required advanced degree (master's degree), complete a supervised practice (commonly referred to as "internship"), and become a registered dietitian nutritionist (RDN) by passing the National Registration Exam for Dietitians (RD exam). The Purdue University Nutrition and Dietetics program has been in existence for over 110 years with the placement of students in supervised practice programs and a first-year pass rate for the National Registration Examination for Dietitians higher than the national average. The program is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) and equips students with didactic courses to meet the knowledge requirements established by ACEND. The DPND major is 120 credit hours and can be completed in four years.

The Nutrition Science Department at Purdue University offers all of the required steps to be eligible to sit for the RDN exam, the advanced, professional master's degree in Dietetics, and the necessary clinical, community, and food service supervised practice hours. The graduate program is fully ACEND accredited.

- CHM 11100 - General Chemistry Credits: 3.00 or
- CHM 11500 - General Chemistry Credits: 4.00
- ENGL 10600 - First Year Composition With Conferences Credits: 4.00 or
- ENGL 10800 - First Year Composition Credits: 3.00
- NUTR Math Selective - Credit Hours: 3.00-5.00

15-19 Credits

Spring 1st Year

- BIOL 11100 - Fundamentals Of Biology II Credits: 4.00
- PSY 12000 - Elementary Psychology Credits: 3.00
- CHM 11200 - General Chemistry Credits: 3.00 or
- CHM 11600 - General Chemistry Credits: 4.00
- Human Cultures: Humanities - Credit Hours 3.00
- Oral Communication Core - Credit Hours: 3.00

16-17 Credits

Fall 2nd Year

- BIOL 20300 - Human Anatomy And Physiology Credits: 4.00
- NUTR 12500 - Food Safety Certification And Career Development Credits: 1.00
- NUTR 20500 - Food Science I Credits: 3.00
- PSY 27200 - Introduction To Industrial-Organizational Psychology Credits: 3.00
- Science, Technology, & Society core - Credit Hours: 1.00-3.00
- NUTR 31500 - Fundamentals Of Nutrition Credits: 3.00 (If CHM 25500/25600 option is chosen instead of CHM 25700, move NUTR 31500 to next fall in place of elective, and other courses move also.)

15-17 Credits

Spring 2nd Year
• BIOL 20400 - Human Anatomy And Physiology Credits: 4.00 ♦
• BIOL 22100 - Introduction To Microbiology Credits: 4.00
• HTM 31100 - Procurement Management For Foodservice Credits: 3.00
• CHM 25700 - Organic Chemistry Credits: 4.00 ♦ (or CHM 25600 if chose CHM 25500 option in fall)

14-15 Credits

Fall 3rd Year

• BCHM 30700 - Biochemistry Credits: 3.00 ♦
• NUTR 33000 - Diet Selection And Planning Credits: 3.00
• NUTR 45400 - Food Chemistry Laboratory Credits: 2.00
• NUTR 35000 - Dietetics Practicum In Quantity Food Production Credits: 1.00 to 3.00 (must take 1.00 credit) or
• HTM 29101 - The John Purdue Room Restaurant Experience Credits: 2.00
• STAT 30100 - Elementary Statistical Methods Credits: 3.00
• Electives - Credit Hours: 3.00

15-16 Credits

Spring 3rd Year

• NUTR 33200 - Nutrition Counseling Credits: 3.00
• NUTR 36500 - Physiology And Nutrition During The Life Cycle Credits: 3.00
• NUTR 43600 - Nutritional Assessment Credits: 2.00
• NUTR 43700 - Macronutrient Metabolism In Human Health And Disease Credits: 3.00
• Electives - Credit Hours: 3.00-4.00

14-15 Credits

Fall 4th Year

• NUTR 41100 - Dietetics Career Planning Credits: 1.00
• NUTR 43800 - Micronutrient And Phytochemical Metabolism In Human Health And Disease Credits: 3.00
• NUTR 48000 - Medical Nutrition Therapy I Credits: 4.00
• ECON 21000 - Principles Of Economics Credits: 3.00 or
• AGEC 21700 - Economics Credits: 3.00
• Electives - Credit Hours: 4.00

15 Credits

Spring 4th Year

• NUTR 43000 - Public Health Nutrition Credits: 2.00
• NUTR 44200 - Foodservice Systems Management Credits: 3.00
• NUTR 42400 - Communication Techniques In Foods And Nutrition Credits: 3.00
• Electives - Credit Hours: 4.00 - 7.00

12-15 Credits

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

Nutrition Science, BS

About the Program

The Nutrition Science major provides a foundation to pursue careers that improve lives, prevent diseases, promote health, and make a difference. What you eat can not only promote health, but it also influences your risk of many diseases including cancer, diabetes, heart disease, osteoporosis, and obesity. Nutrition Science majors often go on to obtain doctoral, masters, medical, physical therapy, physician assistant, and dentistry degrees, as well as earn careers as research assistants, chemists, program managers, product developers, pharmaceutical sales representatives, and many other important roles in areas such as medicine, government, industry (food, agriculture, pharmaceutical), and non-profit. Students who major in Nutrition Science develop a knowledge base in science and nutrition to understand and explore the relationship between what we eat and human health. Courses specific to this major emphasize the fundamentals of nutrition, the metabolism of nutrients in health and disease, and nutrition science research.
Graduates from the Nutrition Science major are recognized as having a strong grasp of biomedical research. Many will spend their careers discovering new knowledge that will directly impact the way that nutrition-related diseases are treated and managed. Medical practitioners rely on discoveries made through research to develop new recommendations for the improvement of public health. While earning their degree, Purdue Nutrition Science students work alongside world-renowned faculty experts to gain a deeper understanding of the process whereby such discoveries are made.

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (22-23 credits)

- NUTR 10500 - Nutrition In The 21st Century Credits: 1.00
- NUTR 10700 - Introduction To Nutrition Science Credits: 1.00
- NUTR 31500 - Fundamentals Of Nutrition Credits: 3.00
- NUTR 36500 - Physiology And Nutrition During The Life Cycle Credits: 3.00
- NUTR 43600 - Nutritional Assessment Credits: 2.00
- NUTR 43700 - Macronutrient Metabolism In Human Health And Disease Credits: 3.00
- NUTR 43800 - Micronutrient And Phytochemical Metabolism In Human Health And Disease Credits: 3.00
- NUTR 49600 - Evaluation Of Nutrition Science Research Credits: 3.00
- NUTR 39000 - Independent Undergraduate Research Credits: 1.00 to 3.00 or
- NUTR 49000 - Independent Undergraduate Research Credits: 1.00 to 4.00 or
- NUTR 45300 - Food Chemistry Credits: 4.00 or
- NUTR 39700 - Directed Honors Research Credits: 1.00 to 3.00 or
- NUTR 49700 - Honors Research Project Credits: 1.00 to 3.00 (If NUTR 45300 not selected, need 3.00 credit hours of research.)

Other Departmental/Program Course Requirements (75-84 credits)

- BIOL 20300 - Human Anatomy And Physiology Credits: 4.00
- BIOL 20400 - Human Anatomy And Physiology Credits: 4.00
- CHM 11500 - General Chemistry Credits: 4.00 (satisfies Science for core)
- CHM 11600 - General Chemistry Credits: 4.00 (satisfies Science for core)
- CHM 25500 - Organic Chemistry For The Life Sciences I Credits: 3.00
- CHM 25501 - Organic Chemistry For The Life Sciences Laboratory I Credits: 1.00
- CHM 25600 - Organic Chemistry For The Life Sciences II Credits: 3.00
- CHM 25601 - Organic Chemistry For The Life Sciences Laboratory II Credits: 1.00
- PSY 12000 - Elementary Psychology Credits: 3.00
- SOC 10000 - Introductory Sociology Credits: 3.00 (satisfies Human Cultures: Behavioral & Social Sciences for core)
- STAT 30100 - Elementary Statistical Methods Credits: 3.00 (satisfies Information Literacy for core)
- BCHM 30700 - Biochemistry Credits: 3.00 and
- BCHM 30900 - Biochemistry Laboratory Credits: 1.00 OR
- BCHM 56100 - General Biochemistry I Credits: 3.00 and
- BCHM 56200 - General Biochemistry II Credits: 3.00
- BIOL 13100 - Biology II: Development, Structure, And Function Of Organisms Credits: 3.00
• BIOL 13500 - First Year Biology Laboratory Credits: 2.00 and
• BIOL 23100 - Biology III: Cell Structure And Function Credits: 3.00 and
• BIOL 23200 - Laboratory In Biology III: Cell Structure And Function Credits: 2.00
OR
• BIOL 11000 - Fundamentals Of Biology I Credits: 4.00 and
• BIOL 11100 - Fundamentals Of Biology II Credits: 4.00
• BIOL 24100 - Biology IV: Genetics And Molecular Biology Credits: 3.00 ♦ and
• BIOL 24200 - Laboratory In Biology IV: Genetics And Molecular Biology Credits: 2.00 ♦
OR
• AGRY 32000 - Genetics Credits: 3.00 ♦ and
• AGRY 32100 - Genetics Laboratory Credits: 1.00 ♦
• ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ (satisfies Written Communication for core) or
• ENGL 10800 - First Year Composition Credits: 3.00 ♦ (satisfies Written Communication for core)
• MA 16100 - Plane Analytic Geometry And Calculus I Credits: 5.00 (satisfies Quantitative Reasoning for core)
OR
• MA 16010 - Applied Calculus I Credits: 3.00 and
• MA 16020 - Applied Calculus II Credits: 3.00 (satisfies Quantitative Reasoning for core)
• PHYS 22000 - General Physics Credits: 4.00 ♦ and
• PHYS 22100 - General Physics Credits: 4.00 ♦
OR
• PHYS 23300 - Physics For Life Sciences I Credits: 4.00 ♦ and
• PHYS 23400 - Physics For Life Sciences II Credits: 4.00 ♦
• ENGL course from ENGL 20000-49999 - Credit Hours: 3.00
• Human Cultures: Humanities - Credit Hours: 3.00 (satisfies Humanities for core)
• Oral Communication - Credit Hours: 3.00 (satisfies Oral Communication for core)
• Science, Technology & Society - Credit Hours: 1.00 - 3.00 (satisfies Science, Technology & Society for core)

Electives (13-23 credits)

GPA Requirements

• 2.0 Graduation GPA required for Bachelor of Science degree.

Course Requirements and Notes

• Biology sequence option A: BIOL 11000 and BIOL 11100  Biology sequence option B: BIOL 12100 (not required in major, counts as STS core, counts in BIOL minor); BIOL 13100+13500; BIOL 23100+23200.

Pass/No Pass Policy

• A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.
University Requirements

University Core Requirements

For a complete listing of University Core Course Selectives, visit the Provost’s Website.

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency Website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Sample 4-Year Plan

Fall 1st Year

- BIOL 11000 - Fundamentals Of Biology I **Credits:** 4.00 ♦ (See note - Biology sequences below.)
- CHM 11500 - General Chemistry **Credits:** 4.00 ♦
- MA 16010 - Applied Calculus I **Credits:** 3.00 ♦
- NUTR 10500 - Nutrition In The 21st Century **Credits:** 1.00
- NUTR 10700 - Introduction To Nutrition Science **Credits:** 1.00
- ENGL 10600 - First Year Composition With Conferences **Credits:** 4.00 ♦ or
- ENGL 10800 - First Year Composition Credits: 3.00

16-17 Credits

Spring 1st Year

- CHM 11600 - General Chemistry Credits: 4.00
- MA 16020 - Applied Calculus II Credits: 3.00
- BIOL 11100 - Fundamentals Of Biology II Credits: 4.00 or
- BIOL 13100 - Biology II: Development, Structure, And Function Of Organisms Credits: 3.00 and
- BIOL 13500 - First Year Biology Laboratory Credits: 2.00 (BIOL 13100 and BIOL 13500 only if Biology option B - see note below.)
- Oral Communications core - Credit Hours: 3.00

14 Credits

Fall 2nd Year

- BIOL 20300 - Human Anatomy And Physiology Credits: 4.00
- PSY 12000 - Elementary Psychology Credits: 3.00
- CHM 25500 - Organic Chemistry For The Life Sciences I Credits: 3.00
- CHM 25501 - Organic Chemistry For The Life Sciences Laboratory I Credits: 1.00
- BIOL 23100 - Biology III: Cell Structure And Function Credits: 3.00
- BIOL 23200 - Laboratory In Biology III: Cell Structure And Function Credits: 2.00 (BIOL 23100 and BIOL 23200 only if Biology option B - see note below.)
- Elective - Credit Hours: 3.00

14 Credits

Spring 2nd Year

- BIOL 20400 - Human Anatomy And Physiology Credits: 4.00
- CHM 25600 - Organic Chemistry For The Life Sciences II Credits: 3.00
- CHM 25601 - Organic Chemistry For The Life Sciences Laboratory II Credits: 1.00
- AGRY 32000 - Genetics Credits: 3.00 or
- BIOL 24100 - Biology IV: Genetics And Molecular Biology Credits: 3.00
- AGRY 32100 - Genetics Laboratory Credits: 1.00 or
Elective - Credit Hours: 4.00
- BIOL 24200 - Laboratory In Biology IV: Genetics And Molecular Biology Credits: 2.00

16-17 Credits

Fall 3rd Year

- BCHM 30700 - Biochemistry Credits: 3.00
- BCHM 30900 - Biochemistry Laboratory Credits: 1.00
• SOC 10000 - Introductory Sociology Credits: 3.00
• NUTR 31500 - Fundamentals Of Nutrition Credits: 3.00
• PHYS 22000 - General Physics Credits: 4.00 ♦ or
• PHYS 23300 - Physics For Life Sciences I Credits: 4.00 ♦
• Elective - Credit Hours: 1.00

15 Credits

Spring 3rd Year

• NUTR 36500 - Physiology And Nutrition During The Life Cycle Credits: 3.00
• NUTR 43700 - Macronutrient Metabolism In Human Health And Disease Credits: 3.00
• STAT 30100 - Elementary Statistical Methods Credits: 3.00
• NUTR 43600 - Nutritional Assessment Credits: 2.00
• PHYS 22100 - General Physics Credits: 4.00 ♦ or
• PHYS 23400 - Physics For Life Sciences II Credits: 4.00 ♦

15 Credits

Fall 4th Year

• NUTR 43800 - Micronutrient And Phytochemical Metabolism In Human Health And Disease Credits: 3.00
• NUTR 49000 - Independent Undergraduate Research Credits: 1.00 to 4.00 or
• NUTR 39700 - Directed Honors Research Credits: 1.00 to 3.00 or
• NUTR 49700 - Honors Research Project Credits: 1.00 to 3.00 or
• NUTR 45300 - Food Chemistry Credits: 4.00
  (If NUTR 45300 not selected, need 3.00-4.00 credit hours of research.)
• Human Cultures: Humanities - Credit Hours: 3.00
• Science, Technology, & Society - Credit Hours: 1.00-3.00
• Elective - Credit Hours: 2.00-4.00

12-17 Credits

Spring 4th Year

• NUTR 49600 - Evaluation Of Nutrition Science Research Credits: 3.00
• ENGL 20000-49900 - Credit Hours: 3.00
• Electives - Credit Hours: 3.00
• Electives - Credit Hours: 3.00-5.00

12-14 Credits

Nutrition, Fitness, and Health, BS

About the Program

Eating right and exercising is not just a habit, it's your life philosophy. If you'd like to learn the science behind healthy living and help others make positive lifestyle changes, consider the nutrition, fitness, and health program.

Traditionally, professionals have been trained in only one discipline, but key components of fitness are both physical activity and nutrition. The NFHL major is one of the few programs in the country that combines coursework in exercise physiology with a science-based nutrition curriculum. Purdue's NFHL major has formal recognition from the National Strength and Conditioning Association for its excellence in undergraduate strength and conditioning education. Upon successful completion of the program, you will earn a Bachelor of Science degree and be eligible to sit for the Certified Strength and Conditioning Specialist (CSCS) credential.

With its strong curriculum in both exercise physiology and nutrition, the NFHL degree is also great preparation for professional school in areas like medicine, physical therapy, and other graduate healthcare programs.

Degree Requirements

120 Credits Required
Departmental/Program Major Course Requirements (34 credits)

- NUTR 10500 - Nutrition In The 21st Century Credits: 1.00

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

Minor

Foods and Nutrition Minor

The Foods and Nutrition minor provides coursework in nutrition science with an emphasis on food.
Requirements for the Minor (15 credits)

A. Required Courses (6 credits)

- NUTR 20500 - Food Science I Credits: 3.00
- NUTR 31500 - Fundamentals Of Nutrition Credits: 3.00

B. Additional Courses (9 credits)

- NUTR 33000 - Diet Selection And Planning Credits: 3.00
- NUTR 36500 - Physiology And Nutrition During The Life Cycle Credits: 3.00
- NUTR 43000 - Public Health Nutrition Credits: 2.00
- NUTR 43700 - Macronutrient Metabolism In Human Health And Disease Credits: 3.00
- NUTR 43800 - Micronutrient And Phytochemical Metabolism In Human Health And Disease Credits: 3.00
- NUTR 45400 - Food Chemistry Laboratory Credits: 2.00
- NUTR 53400 - Human Sensory Systems And Food Evaluation Credits: 3.00
- NUTR 39000 - Independent Undergraduate Research Credits: 1.00 to 3.00 or
- NUTR 49000 - Independent Undergraduate Research Credits: 1.00 to 4.00 Credit Hours: 1.00-3.00

Notes

- A grade of "C" or better must be earned in any course used to fulfill a minor. "C-" or below is not acceptable.
- All pre-requisites for courses in the minors must be taken.
- The Pass/Not-Pass grading option may not be adopted for any courses used to fulfill any College of Health and Human Sciences (HHS) minor requirements. For further information, students should refer to the HHS Pass/Not-Pass Policy.

Nutrition Minor

Requirements for the Minor (15 credits)

The Nutrition minor provides coursework in nutrition science and health.
A. Required Courses (9 credits)

- NUTR 31500 - Fundamentals Of Nutrition Credits: 3.00
- NUTR 43700 - Macronutrient Metabolism In Human Health And Disease Credits: 3.00
- NUTR 43800 - Micronutrient And Phytochemical Metabolism In Human Health And Disease Credits: 3.00

B. Additional Courses (6 credits)

Select 2-3 of the following courses.

- NUTR 33000 - Diet Selection And Planning Credits: 3.00
- NUTR 36500 - Physiology And Nutrition During The Life Cycle Credits: 3.00
- NUTR 43000 - Public Health Nutrition Credits: 2.00
- NUTR 39000 - Independent Undergraduate Research Credits: 1.00 to 3.00 or
- NUTR 49000 - Independent Undergraduate Research Credits: 1.00 to 4.00
  Credit Hours: 1.00-3.00

Notes

- A grade of "C" or better must be earned in any course used to fulfill a minor. "C-" or below is not acceptable.
- All pre-requisites for courses in the minors must be taken.
- The Pass / Not-Pass grading option may not be adopted for any courses used to fulfill any College of Health and Human Sciences (HHS) minor requirements. For further information, students should refer to the HHS Pass / Not-Pass Policy.

• MA 16010 - Applied Calculus I Credits: 3.00
• MA 16020 - Applied Calculus II Credits: 3.00
• MA 16100 - Plane Analytic Geometry And Calculus I Credits: 5.00
• MA 16200 - Plane Analytic Geometry And Calculus II Credits: 5.00
• MA 16500 - Analytic Geometry And Calculus I Credits: 4.00
• MA 16600 - Analytic Geometry And Calculus II Credits: 4.00

- Department of Psychological Sciences

About

Psychology is the study of behavior and mental processes (thought) where the focus is on individuals. The word psychology comes from the Greek words "psyche" (mind) and "logos" (knowledge of). Psychology, as a recognized field of study, has only been around for a little over a hundred years, but people have had discussions of human behavior for centuries.

The Department of Psychological Sciences at Purdue is consistently among the top 50 psychology departments in the US (out of more than 300). The many professors you will have in class wear a number of different hats. They conduct and publish research that advances the field of psychology and train graduate students. They also teach a majority of our undergraduate classes, giving you the opportunity to learn from several of them during your time at Purdue.

With a bachelor's degree in psychology, your career opportunities will be many and varied. You could obtain advanced training in Psychology or seek a career in affiliated fields such as clinical social work, social work, mental health counseling, marriage & family therapy, or school counseling. Another option is to enroll in a graduate program in such fields as law, medicine, or business. Your knowledge of psychology will be invaluable in all these areas. You may also choose to take a job immediately after graduation, in diverse settings such as a hospital, group home, government agency, business or industry, applying your skills in areas such as personnel selection, advertising, consumer-product research, or public opinion polling. Because you will learn about many aspects of psychology while at Purdue, you will be well-prepared for many career opportunities.

Areas of Psychology

• Mental health, various forms of mental illness, and other facets of Clinical Psychology
• Perception, attention, memory, and other facets of Cognitive Psychology
• Industrial / Organizational Psychology
• Arousal, brain functioning, and other facets of Behavioral Neuroscience
• Statistics, measurement of human characteristics, and other facets of Mathematical and Computational Cognitive Science
• Stereotyping, attitudes, relationships, social influence and other facets of Social Psychology

Bachelor of Science

Brain and Behavioral Sciences, BS

About the Program

The Brain and Behavioral Sciences major (BBS) is appropriate for students interested in the more science or math-oriented areas of psychology. This program is also popular with students who want careers in medicine. Like the Psychological Sciences major, this major includes a foundation in both basic and applied areas of psychology and offers substantial opportunity to explore other areas of interest. The advanced coursework emphasizes behavioral neuroscience, cognitive psychology, and quantitative areas of psychology.

Department of Psychological Sciences

Brain and Behavioral Sciences Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (36 credits)

A cumulative GPA of 2.3 is required for all courses used to meet major (Areas A-C) requirements.

A) Brain and Behavioral Sciences Required Courses (9 credits)

- PSY 12000 - Elementary Psychology Credits: 3.00 (satisfies Human Cultures: Behavioral & Social Sciences for core)
- PSY 20100 - Introduction To Statistics In Psychology Credits: 3.00
- PSY 20300 - Introduction To Research Methods In Psychology Credits: 3.00

B) Brain and Behavioral Sciences Selectives (12 credits)

Select two courses from each of the following groups.
B1
• PSY 20000 - Introduction To Cognitive Psychology Credits: 3.00
• PSY 22200 - Introduction To Behavioral Neuroscience Credits: 3.00
• PSY 31400 - Introduction To Learning Credits: 3.00
B2
• PSY 23500 - Child Psychology Credits: 3.00
• PSY 24000 - Introduction To Social Psychology Credits: 3.00
• PSY 27200 - Introduction To Industrial-Organizational Psychology Credits: 3.00
• PSY 35000 - Abnormal Psychology Credits: 3.00

C) Advanced Content Courses (15 credits)

Select five 3-credit courses from the following options. Only one PSY 39000, PSY 39800, or PSY 49800 may count towards this requirement.

Courses numbered 30000 or higher from locations other than Purdue-WL cannot be used to fulfill requirement C unless the outside course has been officially designated as equivalent to an approved Purdue-WL PSY course numbered 30000 or higher; other courses will be reviewed for approval on an ad hoc basis.

• PSY 30500 - Understanding And Analyzing Psychological Data Credits: 3.00
• PSY 30600 - Understanding And Analyzing Experiments Credits: 3.00
• PSY 31000 - Sensory And Perceptual Processes Credits: 3.00
• PSY 31100 - Human Memory Credits: 3.00
• PSY 32400 - Introduction Cognitive Neuroscience Credits: 3.00
• PSY 35200 - Introduction To Neuropsychology Credits: 3.00
• PSY 37600 - Attention And Cognitive Control Credits: 3.00
• PSY 38000 - Behavior Change Methods Credits: 3.00
• PSY 40100 - Language And The Brain Credits: 3.00
• PSY 40300 - Psycholinguistics Credits: 3.00
• PSY 40400 - Honors Research Seminar I Credits: 3.00
• PSY 40500 - Honors Research Seminar II Credits: 3.00
• PSY 41800 - Understanding Autism Credits: 3.00
• PSY 42100 - Alcohol Use And Disorders Credits: 3.00
• PSY 42200 - Genes and Behavior Credits: 3.00
• PSY 42800 - Drugs And Behavior Credits: 3.00
• PSY 42900 - Hormones And Behavior Credits: 3.00
• PSY 43400 - Neurobiology Of Disease Credits: 3.00
• PSY 43600 - Foods And Behavior Credits: 3.00
• PSY 43700 - Behavioral And Neural Systems Of Learning And Memory Credits: 3.00
• PSY 46400 - Research Ethics In Psychological Sciences Credits: 3.00
• PSY 48400 - The Psychology Of Consciousness Credits: 3.00
• PSY 51200 - Neural Systems Credits: 3.00
• PSY 51500 - Neuroscience Of Consciousness Credits: 3.00
• PSY 57700 - Human Factors In Engineering Credits: 3.00
• PSY 58100 - Neuroethics Credits: 3.00
• PSY 39000 - Research Experience In Psychology Credits: 1.00 to 3.00 (if selected, 3.00 credits required) or
• PSY 39800 - Independent Research In Psychology Credits: 3.00 or
• PSY 49800 - Senior Research Credits: 3.00
Optional Concentration

Research-Focused Honors Optional Concentration for PSYS & BBS

Other Departmental/Program Course Requirements (40-76 credits)

- **COM 11400 - Fundamentals Of Speech Communication** Credits: 3.00 ♦ (satisfies Oral Communication for core)
- **ENGL 10600 - First Year Composition With Conferences** Credits: 4.00 ♦ (satisfies Written Communication and Information Literacy for core) or
- **ENGL 10800 - First Year Composition** Credits: 3.00 ♦ (satisfies Written Communication and Information Literacy for core) or
- **HONR 19903 - Interdisciplinary Approaches In Writing** Credits: 3.00 ♦ (satisfies Written Communication and Information Literacy for core)
- **MA 15300 - College Algebra** Credits: 3.00 ♦ (satisfies Quantitative Reasoning for core) or
- **MA 15800 - Precalculus - Functions And Trigonometry** Credits: 3.00 ♦ (satisfies Quantitative Reasoning for core) or
- **MA 16010 - Applied Calculus I** Credits: 3.00 ♦ (satisfies Quantitative Reasoning for core) or
- **MA 16100 - Plane Analytic Geometry And Calculus I** Credits: 5.00 ♦ (satisfies Quantitative Reasoning for core) or
- **MA 16500 - Analytic Geometry And Calculus I** Credits: 4.00 ♦ (satisfies Quantitative Reasoning for core)
- Cultural/International Diversity Selective - Credit Hours: 0.00-16.00
- Economics/Finance Selective - Credit Hours: 3.00
- Human Cultures: Humanities Core - Credit Hours: 3.00-4.00 (If a foreign language is chosen for Cultural/International Diversity Selective, this requirement is satisfied.)
- Management & Leadership Selective - Credit Hours: 3.00; (If PSY 27200 is selected for BBS Major Area B, this requirement is satisfied.)
- Science Core - Credit Hours: 2.00-5.00 (Recommend course from Area D or E that is also on University Science Core list. If course chosen for BBS Major Area D is also on University Science Core list, this requirement is satisfied.)
- Science Core - Credit Hours: 2.00-5.00 (Recommend course from Area D or E that is also on University Science Core list. If course chosen for BBS Major Area E is also on University Science Core list, this requirement is satisfied.)
- Science, Technology & Society Core - Credit Hours: 1.00-3.00 (Recommend course from Area D or E that is also on University Science Technology & Society Core list. If course chosen for BBS Major Area D or E, or for Social Ethics Selective, is also on University Science Technology Society Core list, this requirement is satisfied.)
- Social Ethics Selective - Credit Hours: 3.00 (If PSY 46400 or PSY 58100 is selected for BBS Major Area C, this requirement is satisfied.)

D) Foundations in Natural Sciences, Mathematics & Information Technology Selective (5-9 credits)

- Select two courses for a total of 5-9 credits from FOUNDATIONS List.
- Courses selected must be from two different groups.
- At least one course from Areas D or E must be a lab natural science course.

E) Additional Study in Natural Sciences, Mathematics & Information Technology (9-13 credits)

- Select at least 9 credits from ADDITIONAL STUDY List.
At least one course from Areas D or E must be a lab natural science course.

Electives (8-44 credits)

Supplemental List

Brain and Behavioral Sciences Supplemental Information

GPA Requirements

- A cumulative GPA of 2.3 is required for all courses used to meet major (Areas A-C) requirements.
- 2.0 GPA required for Graduation

Course Requirements and Notes

- Courses that fulfill Core requirements may also be used to fulfill Selective requirements, if applicable.
- Courses that fulfill major requirements (Areas A-C) may also be used to fulfill Selective requirements, if applicable.
- Courses that fulfill major requirements (Areas A-C) and Natural Sciences, Mathematics & Information Technology requirements (Areas D-E) may also be used to fulfill Core requirements.

Pass/No Pass Policy

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

Transfer Credit Policy

- Courses numbered 30000 or higher from locations other than Purdue-WL cannot be used to fulfill major requirement Area C unless the outside course has been officially designated as equivalent to an approved Purdue-WL PSY course numbered 30000 or higher; other courses will be reviewed for approval on an ad hoc basis

University Requirements

University Core Requirements

For a complete listing of University Core Course Selectives, visit the Provost's Website.

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Additional Information

- Students may NOT major in both Brain & Behavioral Sciences and Psychological Sciences.

Sample 4-Year Plan

Fall 1st Year

- PSY 12000 - Elementary Psychology Credits: 3.00 ♦
- COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦
- MA 15300 - College Algebra Credits: 3.00 or
- MA 15800 - Precalculus - Functions And Trigonometry Credits: 3.00 or
- MA 16010 - Applied Calculus I Credits: 3.00 or
- MA 16100 - Plane Analytic Geometry And Calculus I Credits: 5.00 or
- MA 16500 - Analytic Geometry And Calculus I Credits: 4.00
- Cultural/International Diversity Selective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-17 Credits
Spring 1st Year

- ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ or
- ENGL 10800 - First Year Composition Credits: 3.00 ♦ or
- HONR 19903 - Interdisciplinary Approaches In Writing Credits: 3.00 ♦
- BBS Major Area B2 ♦ - Credit Hours: 3.00
- Cultural/International Diversity Selective - Credit Hours: 3.00
- BBS Major Area E + Science #1 - Credit Hours: 3.00-4.00
- Elective - Credit Hours: 3.00

15 - 17 Credits

Fall 2nd Year

- PSY 20100 - Introduction To Statistics In Psychology Credits: 3.00 ♦
- BBS Major Area B1 ♦ - Credit Hours: 3.00
- BBS Major Area D - Credit Hours: 2.00-4.00
- Cultural/International Diversity Selective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

14-16 Credits

Spring 2nd Year

- PSY 20300 - Introduction To Research Methods In Psychology Credits: 3.00 ♦
- BBS Major Area B1 ♦ - Credit Hours: 3.00
- BBS Major Area D - Credit Hours: 3.00-5.00
- Cultural/International Diversity Selective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-17 Credits

Fall 3rd Year

- BBS Major Area B2 ♦ - Credit Hours: 3.00
- BBS Major Area C - Credit Hours: 3.00
- BBS Major Area E + Science, Tech, & Society - Credit Hours: 3.00-4.00
- Human Cultures: Humanities core - Credit Hours: 3.00-4.00
- Elective - Credit Hours: 3.00

15-17 Credits

Spring 3rd Year

- BBS Major Area C - Credit Hours: 3.00
• BBS Major Area C - Credit Hours: 3.00
• BBS Major Area E + Science #2 - Credit Hours: 3.00-5.00
• Social Ethics Selective - Credit Hours: 3.00
• Elective - Credit Hours: 2.00-3.00

15-16 Credits

Fall 4th Year

• BBS Major Area C - Credit Hours: 3.00
• BBS Major Area C - Credit Hours: 3.00
• Electives - Credit Hours: 3.00
• Electives - Credit Hours: 1.00-3.00
• Electives - Credit Hours: 2.00-3.00

15 Credits

Spring 4th Year

• Economics/Finance Selective - Credit Hours: 3.00
• Management & Leadership Selective - Credit Hours: 3.00
• Electives - Credit Hours: 3.00
• Electives - Credit Hours: 3.00

12 Credits

Psychological Sciences, BS

About the Program

The Psychological Sciences major provides a broad foundation in psychology, but also provides maximum flexibility in psychology course selection. Students learn about applied and basic aspects of psychology as well as have a chance to take advanced courses that give an authentic experience in diverse areas of psychology. This major leaves plenty of space for additional courses in other areas of interest and provides excellent preparation for graduate and professional programs. This program is often chosen by students interested in careers as therapists or in other human services areas, or by students who plan careers in other areas of psychology, business, or health.

Department of Psychological Sciences website

Psychological Science Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (36 credits)

A cumulative GPA of 2.3 is required for all courses used to meet major (Areas A-C) requirements.

A) Psychology Required Courses (9 credits)

- PSY 12000 - Elementary Psychology Credits: 3.00 (satisfies Human Cultures: Behavioral & Social Sciences for core)
- PSY 20100 - Introduction To Statistics In Psychology Credits: 3.00 ♦
- PSY 20300 - Introduction To Research Methods In Psychology Credits: 3.00 ♦

B) Psychology Selectives (12 credits)

Select two courses from each of the following groups.

B1 ♦

- PSY 20000 - Introduction To Cognitive Psychology Credits: 3.00
- PSY 22200 - Introduction To Behavioral Neuroscience Credits: 3.00
• PSY 31400 - Introduction To Learning Credits: 3.00
B2 ♦
• PSY 23500 - Child Psychology Credits: 3.00
• PSY 24000 - Introduction To Social Psychology Credits: 3.00
• PSY 27200 - Introduction To Industrial-Organizational Psychology Credits: 3.00
• PSY 35000 - Abnormal Psychology Credits: 3.00

C) Additional Psychology Courses (15 credits)

Select five additional 3-credit Psychology courses (15 credits) numbered 30000-59900. PSY 31400 & PSY 35000 may NOT be used to satisfy Area C and only one of the following 3-credit courses may be used for Area C: PSY 39000, PSY 39100, PSY 39800, PSY 49200, or PSY 49800. (PSY courses in this section may also satisfy some Selective Requirements)

Courses numbered 30000 or higher from locations other than Purdue-WL cannot be used to fulfill requirement C unless the outside course has been officially designated as equivalent to an approved Purdue-WL PSY course numbered 30000 or higher; other courses will be reviewed for approval on an ad hoc basis.

Optional Concentration

Research-Focused Honors Optional Concentration for PSYS & BBS

Other Departmental/Program Course Requirements (31-68 credits)

• COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦ (satisfies Oral Communication for core)
• ENGL 10600 - First Year Composition With Conferences Credits: 4.00 ♦ (satisfies Written Communication and Information Literacy for core) or
• ENGL 10800 - First Year Composition Credits: 3.00 ♦ (satisfies Written Communication and Information Literacy for core) or
• HONR 19903 - Interdisciplinary Approaches In Writing Credits: 3.00 ♦ (satisfies Written Communication and Information Literacy for core)
• MA 15300 - College Algebra Credits: 3.00 ♦ (satisfies Quantitative Reasoning for core) or
• MA 15800 - Precalculus - Functions And Trigonometry Credits: 3.00 ♦ (satisfies Quantitative Reasoning for core) or
• MA 16010 - Applied Calculus I Credits: 3.00 ♦ (satisfies Quantitative Reasoning for core) or
• MA 16100 - Plane Analytic Geometry And Calculus I Credits: 5.00 ♦ (satisfies Quantitative Reasoning for core) or
• MA 16500 - Analytic Geometry And Calculus I Credits: 4.00 ♦ (satisfies Quantitative Reasoning for core)
• Cultural/International Diversity Selective - Credit Hours: 0.00 -16.00 credits
• Economics/Finance Selective - Credit Hours: 3.00
• Management & Leadership Selective - Credit Hours: 3.00 (IF PSY 27200 is selected for PSYS Major Area B, this requirement is satisfied.)
  *Natural Sciences, Math, & Information Technology Selectives must total 9 or more credits.
• Natural Sciences, Math, & Information Technology Selective - select from Group 1 list - Credit Hours: 2.00 - 4.00* (IF course chosen is also on University Science Core list, one Science Core requirement will be satisfied)
• Natural Sciences, Math, & Information Technology Selective - Credit Hours: 2.00 - 5.00* (IF course chosen is also on University Science Core list, one Science Core requirement will be satisfied.)
• Natural Sciences, Math, & Information Technology Selective - Credit Hours: 1.00 - 5.00*; Must have lab component unless one of the other courses selected has lab component. (IF course chosen is also on University Science Technology & Society Core list, then Science Technology & Society core requirement will be satisfied)
Electives (16-53 credits)

Supplemental List

Psychological Sciences Supplemental Information

GPA Requirements

- 2.0 GPA required for graduation.

Course Requirements and Notes

- Courses that satisfy University Core requirements may also be used to satisfy Selective requirements, if applicable.
- Courses that satisfy major requirements (Areas A-C) may also be used to satisfy Selective requirements, if applicable.

Pass/No Pass Policy

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

Transfer Credit Policy

Courses numbered 30000 or higher from locations other than Purdue-WL cannot be used to satisfy Major Requirement Area C unless the outside course has been officially designated as equivalent to an approved Purdue-WL PSY course numbered 30000 or higher; other courses will be reviewed for approval on an ad hoc basis.

University Requirements

University Core Requirements
For a complete listing of University Core Course Selectives, visit the Provost's Website.

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Additional Information

- Students may NOT major in both Psychological Sciences (PSYS) and Brain & Behavioral Sciences (BBS).

Sample 4-Year Plan

Fall 1st Year

- PSY 12000 - Elementary Psychology Credits: 3.00 ♦
- COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 ♦
- MA 15300 - College Algebra Credits: 3.00 ♦ or
- MA 15800 - Precalculus - Functions And Trigonometry Credits: 3.00 ♦ or
- MA 16010 - Applied Calculus I Credits: 3.00 ♦ or
- MA 16100 - Plane Analytic Geometry And Calculus I Credits: 5.00 ♦ or
- MA 16500 - Analytic Geometry And Calculus I Credits: 4.00
- Cultural/International Diversity Selective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-17 Credits

Spring 1st Year

- ENGL 10600 - First Year Composition With Conferences Credits: 4.00 or
- ENGL 10800 - First Year Composition Credits: 3.00 or
- HONR 19903 - Interdisciplinary Approaches In Writing Credits: 3.00
- PSYS Major Area B2 - Credit Hours: 3.00
- Cultural/International Diversity Selective - Credit Hours: 3.00
- NSM&IT Selective + Science #1 - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15 - 16 Credits

Fall 2nd Year

- PSY 20100 - Introduction To Statistics In Psychology Credits: 3.00
- PSYS Major Area B1 - Credit Hours: 3.00
- Cultural/International Diversity Selective - Credit Hours: 3.00
- NSM&IT Selective + Science #2 - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15 Credits

Spring 2nd Year

- PSY 20300 - Introduction To Research Methods In Psychology Credits: 3.00
- PSYS Major Area B2 - Credit Hours: 3.00
- Cultural/International Diversity Selective - Credit Hours: 3.00
- Human Cultures: Humanities core - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15 Credits

Fall 3rd Year

- PSYS Major Area B1 - Credit Hours: 3.00
- PSYS Major Area C - Credit Hours: 3.00
- NSM&IT Selective + Sci, Tech, & Society - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
15 Credits

Spring 3rd Year

- PSYS Major Area C - Credit Hours: 3.00
- Social Ethics Selective - Credit Hours: 3.00
- Economics/Finance Selective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15 Credits

Fall 4th Year

- PSYS Major Area C - Credit Hours: 3.00
- PSYS Major Area C - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15 Credits

Spring 4th Year

- PSYS Major Area C - Credit Hours: 3.00
- Management & Leadership Selective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

Critical Course
The course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

Concentration

Research-Focused Honors Optional Concentration for PSYS & BBS

Required Courses (13 credits)

- PSY 39100 - Readings In Psychology Credits: 1.00 to 3.00 Credit Hours: 1.00
- PSY 40400 - Honors Research Seminar I Credits: 3.00
- PSY 40500 - Honors Research Seminar II Credits: 3.00
- PSY 49800 - Senior Research Credits: 3.00
  (Must take twice)

Minor

Psychology Minor

Requirements for the Minor (15 credits)

A. Required Course (3 credits)

- PSY 12000 - Elementary Psychology Credits: 3.00

B. Selective (3 credits)

Choose one.

- PSY 20000 - Introduction To Cognitive Psychology Credits: 3.00
- PSY 22200 - Introduction To Behavioral Neuroscience Credits: 3.00
C. Selective (3 credits)

Choose one.

- PSY 23500 - Child Psychology Credits: 3.00
- PSY 24000 - Introduction To Social Psychology Credits: 3.00
- PSY 27200 - Introduction To Industrial-Organizational Psychology Credits: 3.00
- PSY 35000 - Abnormal Psychology Credits: 3.00

D. Additional Psychology Courses (6 credits)

- Select two additional 3-credit psychology courses.
- Courses may include PSY 12300 or any PSY course numbered 20000-59900 not used to fulfill other requirements in the minor.
- Only one of the following courses may be used: PSY 39000 or PSY 39100.
- Undistributed transfer credit must be reviewed and approved before being used for this requirement.

Notes

- A grade of "C-" or better must be earned in any course used to fulfill a minor requirement.*
- All courses in Sections B and C require PSY 12000 as a prerequisite.
- *PSY 22000 cannot be used toward fulfillment of the minor requirements.
- The Pass / Not-Pass grading option may not be adopted for any courses used to fulfill any College of Health and Human Sciences (HHS) minor requirements. For further information, students should refer to the HHS Pass / Not-Pass Policy.

Non-Degree

Brain and Behavioral Sciences Supplemental Information

Cultural/International Diversity Selective (0-16 credits)
The Cultural/International Diversity requirement may be met by completing ONE of the four options listed below. The Cultural/International Diversity Selective requirement may be waived for international students. See Academic Advisor for guidelines and approval.

- **Option 1:** Proficiency through level IV in any one foreign language. Select from American Sign Language, Arabic, Chinese, French, German, Greek, Hebrew, Italian, Japanese, Korean, Latin, Portuguese, Russian, or Spanish.
  - 10100 - Credit Hours: 3.00 - 4.00
  - 10200 - Credit Hours: 3.00 - 4.00
  - 20100 - Credit Hours: 3.00 - 4.00
  - 20200 - Credit Hours: 3.00 - 4.00

- **Option 2:** Proficiency through level III in any one foreign language AND a course from Cultural/International Diversity Selective list.
  - 10100 - Credit Hours: 3.00 - 4.00
  - 10200 - Credit Hours: 3.00 - 4.00
  - 20100 - Credit Hours: 3.00 - 4.00
  - Select a course from Cultural/International Diversity Selective List - credit hours: 3.00

- **Option 3:** Two courses in any one foreign language AND an approved study abroad experience of at least 6 weeks in duration, which meets the following criteria:
  - a) Must take place outside the United States
  - b) Have significant immersion in the local culture and language independent of any U.S.-based program in which the student may be participating.
  - c) Student passes at least 6 credit hours of course work
    - 10100 - Credit Hours: 3.00 - 4.00
    - 10200 - Credit Hours: 3.00 - 4.00
    - Study Abroad Experience

- **Option 4:** An approved semester length (Fall/Spring) study abroad experience which satisfies the following criteria:
  - a) Must take place outside the United States
  - b) Have significant immersion in the local culture and language independent of any U.S.-based program in which the student may be participating.
  - c) Student passes at least 12 credit hours of course work
    - Study Abroad Experience

AAS 27100 - Introduction To African American Studies Credits: 3.00
AAS 37100 - The African American Experience Credits: 3.00
AAS 37300 - Issues In African American Studies Credits: 3.00
ANTH 20500 - Human Cultural Diversity Credits: 3.00
ANTH 21200 - Culture, Food And Health Credits: 3.00
ANTH 23000 - Gender Across Cultures Credits: 3.00
ANTH 37900 - Native American Cultures Credits: 3.00
ASAM 24000 - Introduction To Asian American Studies Credits: 3.00
ASAM 34000 - Contemporary Issues In Asian American Studies Credits: 3.00
ASL 28000 - American Deaf Community: Language, Culture, And Society Credits: 3.00
COM 22400 - Communicating In The Global Workplace Credits: 3.00
COM 37600 - Communication And Gender Credits: 3.00
ENGL 25700 - Literature Of Black America Credits: 3.00
ENGL 36000 - Gender And Literature Credits: 3.00
HDFS 28000 - Diversity In Individual And Family Life Credits: 3.00
HIST 10500 - Survey Of Global History Credits: 3.00
HIST 21000 - The Making Of Modern Africa Credits: 3.00
• HIST 24000 - East Asia And Its Historic Tradition Credits: 3.00
• HIST 24100 - East Asia In The Modern World Credits: 3.00
• HIST 24300 - South Asian History And Civilizations Credits: 3.00
• HIST 27100 - Introduction To Colonial Latin American History (1492-1810) Credits: 3.00
• HIST 27200 - Introduction To Modern Latin American History (1810 To The Present) Credits: 3.00
• HIST 35400 - Women In America To 1870 Credits: 3.00
• HIST 35700 - History And Culture Of Native America Credits: 3.00
• HIST 39600 - African American History To 1877 Credits: 3.00
• HIST 39800 - African American History Since 1877 Credits: 3.00
• JWST 33000 - Introduction To Jewish Studies Credits: 3.00
• PHIL 22500 - Philosophy And Gender Credits: 3.00
• PHIL 23000 - Religions Of The East Credits: 3.00
• PHIL 24200 - Philosophy, Culture, And The African American Experience Credits: 3.00
• POL 13000 - Introduction To International Relations Credits: 3.00
• POL 14100 - Governments Of The World Credits: 3.00
• POL 22200 - Women, Politics, And Public Policy Credits: 3.00
• POL 23100 - Introduction To United States Foreign Policy Credits: 3.00
• PSY 23900 - The Psychology Of Women Credits: 3.00
• PSY 33500 - Stereotyping And Prejudice Credits: 3.00
• SOC 31000 - Race And Ethnicity Credits: 3.00
• SOC 33800 - Global Social Movements Credits: 3.00
• SOC 33900 - Sociology Of Global Development Credits: 3.00
• SOC 45000 - Gender Roles In Modern Society Credits: 3.00
• SPAN 23500 - Spanish American Literature In Translation Credits: 3.00
• SPAN 33500 - The Literature Of The Spanish-Speaking Peoples In The United States Credits: 3.00
• WGSS 28000 - Women's, Gender, And Sexuality Studies: An Introduction Credits: 3.00
• WGSS 28200 - Introduction To LGBTQ Studies Credits: 3.00
• WGSS 38000 - Comparative Studies In Gender And Culture Credits: 3.00

Economics/Finance Selective (3 credits)

• AGEC 21700 - Economics Credits: 3.00
• CSR 10300 - Introduction To Personal Finance Credits: 3.00
• CSR 34200 - Personal Finance Credits: 3.00
• ECON 21000 - Principles Of Economics Credits: 3.00
• ECON 25100 - Microeconomics Credits: 3.00
• ECON 25200 - Macroeconomics Credits: 3.00

Management & Leadership Selective (3 credits)

• COM 37500 - Conflict And Negotiation Credits: 3.00
• ENTR 20000 - Introduction To Entrepreneurship And Innovation Credits: 3.00
• MGMT 44301 - Management Of Human Resources Credits: 3.00
• PSY 27200 - Introduction To Industrial-Organizational Psychology Credits: 3.00
• TLI 11200 - Foundations Of Organizational Leadership Credits: 3.00
• TLI 15200 - Business Principles For Organizational Leadership Credits: 3.00
Social Ethics Selective (3 credits)

- ENTM 22830 - Forensic Testimony And Ethics Credits: 3.00
- PHIL 11100 - Introduction To Ethics Credits: 3.00
- PHIL 11400 - Global Moral Issues Credits: 3.00
- PHIL 20800 - Ethics Of Data Science Credits: 3.00
- PHIL 27000 - Biomedical Ethics Credits: 3.00
- PHIL 28000 - Ethics And Animals Credits: 3.00
- PHIL 29000 - Environmental Ethics Credits: 3.00
- PSY 46400 - Research Ethics In Psychological Sciences Credits: 3.00
- PSY 58100 - Neuroethics Credits: 3.00

D. Foundations in Natural Sciences, Mathematics & Information Technology Selective (5-9 credits)

Courses selected must be from two different groups. At least one course from Area D or E must be a lab natural science course (Lab courses are indicated by an asterisk *).

Group 1

- BIOL 11000 - Fundamentals Of Biology I Credits: 4.00 *
- BIOL 11100 - Fundamentals Of Biology II Credits: 4.00 *
- BIOL 11200 - Fundamentals Of Biology Credits: 2.00 and
- BIOL 11300 - Fundamentals Of Biology Credits: 2.00
- BIOL 12100 - Biology I: Diversity, Ecology, And Behavior Credits: 2.00
- BIOL 13100 - Biology II: Development, Structure, And Function Of Organisms Credits: 3.00
- BIOL 20100 - Human Anatomy And Physiology Credits: 2.00 or
- BIOL 20300 - Human Anatomy And Physiology Credits: 4.00 *
- BIOL 20200 - Human Anatomy And Physiology Credits: 2.00 or
- BIOL 20400 - Human Anatomy And Physiology Credits: 4.00 *
- BIOL 22100 - Introduction To Microbiology Credits: 4.00 *

Group 2

- MA 16010 - Applied Calculus I Credits: 3.00
- MA 16100 - Plane Analytic Geometry And Calculus I Credits: 5.00
- MA 16500 - Analytic Geometry And Calculus I Credits: 4.00

Group 3

- CNIT 14100 - Internet Foundations, Technologies, and Development Credits: 3.00
- CNIT 15501 - Introduction To Software Development Concepts Credits: 3.00
- CNIT 17500 - Visual Programming Credits: 3.00
- CNIT 17600 - Information Technology Architectures Credits: 3.00
- CS 15900 - C Programming Credits: 3.00
• CS 17700 - Programming With Multimedia Objects Credits: 4.00
• CS 18000 - Problem Solving And Object-Oriented Programming Credits: 4.00

E. ADDITIONAL STUDY in Natural Sciences, Mathematics & Information Technology (9 credits)

At least one course from Area D or E must be a lab natural science course (Lab courses are indicated by an asterisk *).

• AGRY 12500 - Environmental Science And Conservation Credits: 3.00
• ANSC 10600 - Biology Companion Animal Credits: 3.00
• ANSC 22100 - Principles Of Animal Nutrition Credits: 3.00
• ANSC 23000 - Physiology Of Domestic Animals Credits: 4.00
• ANSC 30300 - Animal Behavior Credits: 3.00
• ASTR 26300 - Descriptive Astronomy: The Solar System Credits: 3.00 *
• ASTR 26400 - Descriptive Astronomy: Stars And Galaxies Credits: 3.00 *
• BCHM 10000 - Introduction To Biochemistry Credits: 2.00
• BIOL 11000 - Fundamentals Of Biology I Credits: 4.00 *
• BIOL 11100 - Fundamentals Of Biology II Credits: 4.00 *
• BIOL 11200 - Fundamentals Of Biology Credits: 2.00
• BIOL 11300 - Fundamentals Of Biology Credits: 2.00
• BIOL 12100 - Biology I: Diversity, Ecology, And Behavior Credits: 2.00
• BIOL 13100 - Biology II: Development, Structure, And Function Of Organisms Credits: 3.00
• BIOL 20100 - Human Anatomy And Physiology Credits: 2.00 or
• BIOL 20300 - Human Anatomy And Physiology Credits: 4.00 *
• BIOL 20200 - Human Anatomy And Physiology Credits: 2.00 or
• BIOL 20400 - Human Anatomy And Physiology Credits: 4.00 *
• BIOL 22100 - Introduction To Microbiology Credits: 4.00 *
• BTNY 20700 - The Microbial World Credits: 3.00
• CHM 11100 - General Chemistry Credits: 3.00 *
• CHM 11200 - General Chemistry Credits: 3.00 *
• CHM 11500 - General Chemistry Credits: 4.00 *
• CHM 11600 - General Chemistry Credits: 4.00 *
• CHM 22400 - Introductory Quantitative Analysis Credits: 4.00
• CHM 25500 - Organic Chemistry For The Life Sciences I Credits: 3.00
• CHM 25501 - Organic Chemistry For The Life Sciences Laboratory I Credits: 1.00 *
• CHM 25600 - Organic Chemistry For The Life Sciences II Credits: 3.00
• CHM 25601 - Organic Chemistry For The Life Sciences Laboratory II Credits: 1.00 *
• CHM 25700 - Organic Chemistry Credits: 4.00
• CHM 25701 - Organic Chemistry Laboratory Credits: 1.00 *
• CNIT 14100 - Internet Foundations, Technologies, and Development Credits: 3.00
• CNIT 15501 - Introduction To Software Development Concepts Credits: 3.00
• CNIT 17500 - Visual Programming Credits: 3.00
• CS 15900 - C Programming Credits: 3.00
• CS 17700 - Programming With Multimedia Objects Credits: 4.00

• PHYS 23400 - Physics For Life Sciences II Credits: 4.00 *
• SLHS 21500 - Exploring Audiology And Hearing Science Credits: 3.00
• SLHS 30200 - Hearing Science Credits: 3.00
• STAT 22500 - Introduction To Probability Models Credits: 3.00 or
• STAT 31100 - Introductory Probability Credits: 3.00
• STAT 51100 - Statistical Methods Credits: 3.00

Psychological Sciences Supplemental Information

Cultural/International Diversity Selective (0-16 credits)

The Cultural/International Diversity requirement may be met by completing ONE of the four options listed below.

The Cultural/International Diversity Selective requirement may be waived for international students. See Academic Advisor for guidelines and approval.
Option 1. Proficiency through level IV in any one foreign language. Select from American Sign Language, Arabic, Chinese, French, German, Greek, Hebrew, Italian, Japanese, Korean, Latin, Portuguese, Russian, or Spanish.

- 10100 (Credit Hours: 3.00-4.00)
- 10200 (Credit Hours: 3.00-4.00)
- 20100 (Credit Hours: 3.00-4.00)
- 20200 (Credit Hours: 3.00-4.00)

Option 2. Proficiency through level III in any one foreign language AND a course from Cultural/International Diversity Selective list.

- 10100 (Credit Hours: 3.00-4.00)
- 10200 (Credit Hours: 3.00-4.00)
- 20100 (Credit Hours: 3.00-4.00)

Option 3. Two courses in any one foreign language AND an approved study abroad experience of at least 6 weeks in duration, which meets the following criteria:

a) Must take place outside the United States

b) Has significant immersion in the local culture and language independent of any U.S.-based program in which the student may be participating.

c) Student passes at least 6 credit hours of course work

- 10100 (Credit Hours: 3.00-4.00)
- 10200 (Credit Hours: 3.00-4.00)
- Study Abroad Experience

Option 4. An approved semester length (Fall/Spring) study abroad experience, which meets the following criteria:

a) Must take place outside the United States
b) Has significant immersion in the local culture and language independent of any U.S.-based program in which the student may be participating.

c) Student passes at least 12 credit hours of course work

- Study Abroad Experience

Department of Public Health

About Public Health

The Department of Public Health prepares students who have a passion for helping others to use science-based approaches to make healthier communities. Our faculty, students and alumni work as educators, researchers, practitioners, and policy makers to tackle challenges affecting the health and well-being of a variety of populations. We engage in groundbreaking, interdisciplinary research with individuals, families, communities, and societies to address the social determinants of health and health inequities at local, national and global levels. Our focus is on disease prevention and health promotion, and we are committed to social justice and the belief that health is a human right.
We offer a Bachelor of Science (BS) degree in public health as well as a 4+1 Master of Public Health (MPH) degree. All undergraduate and graduate students can customize their course selections to match their particular interests in the field of public health and complete a practicum to gain real-world work experience in a public health setting. Graduates of Purdue University's Department of Public Health are well positioned to start in a variety of public health work settings or to continue to graduate school or professional programs.

The department is a member of the Association of Schools and Programs in Public Health (ASPPH), and the Master of Public Health graduate program is accredited by the Council on Education for Public Health (CEPH).

Join us to take your passion for helping others to the next level!

Bachelor of Science

Public Health, BS

About the Program

The Public Health major prepares students to plan, implement, and evaluate public health programs for individuals, groups, and populations in a variety of settings that include worksites, hospitals, and communities. As healthcare costs continue to rise in the United States, training a highly skilled public health workforce is becoming a much greater priority. Courses in this major introduce students to the five core public health competency areas (Behavioral Social Sciences, Biostatistics, Environmental Health, Epidemiology, and Health Policy and Management). Students have the flexibility to customize their course selections to match their particular interests in the field of public health. An internship in a clinical, community, worksite, or government public health setting is part of the curriculum.

Department of Public Health

Public Health Major Change (CODO) Requirements
Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (36 credits)

"C-" or better required in all PUBH courses.

- PUBH 10001 - Introduction To Public Health Credits: 3.00
- PUBH 23000 - Community, Culture And Social Justice From A Public Health Perspective Credits: 3.00
- PUBH 24000 - Global Health Credits: 2.00
- PUBH 29500 - Internship & Career Preparation Credits: 1.00
- PUBH 32000 - Health Behavior And Health Promotion Credits: 3.00
- PUBH 32500 - Methods Of Health Promotion And Education Credits: 3.00
- PUBH 36500 - Public Health Research Methods Credits: 3.00
- PUBH 38000 - Public Health Policy Credits: 3.00
- PUBH 40500 - Principles Of Epidemiology Credits: 3.00
- PUBH 48000 - Internship For Public Health Credits: 9.00
- Public Health Selective - Credit Hours: 3.00 (select from list)

Other Departmental/Program Course Requirements (60-65 credits)

- BIOL 20300 - Human Anatomy And Physiology Credits: 4.00 (satisfies Science for core)
- BIOL 20400 - Human Anatomy And Physiology Credits: 4.00 (satisfies Science for core)
- CHM 11100 - General Chemistry Credits: 3.00
- CHM 11200 - General Chemistry Credits: 3.00
- COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 (satisfies Oral Communication for core) or
- COM 21700 - Science Writing And Presentation Credits: 3.00 (satisfies Oral Communication for core)
- COM 37800 - Introduction To Health Communication Credits: 3.00 or
- COM 47800 - Health Communication Campaigns Credits: 3.00
- CS 17600 - Data Engineering In Python Credits: 3.00
- ENGL 10600 - First Year Composition With Conferences Credits: 4.00 (satisfies Written Communication and Information Literacy for core) or
- ENGL 10800 - First Year Composition Credits: 3.00 (satisfies Written Communication and Information Literacy for core)
- ENGL 42000 - Business Writing Credits: 3.00 or
- ENGL 42100 - Technical Writing Credits: 3.00 or
- ENGL 42201 - Writing For The Health And Human Sciences Credits: 3.00
- HSCI 20200 - Essentials Of Environmental, Occupational, And Radiological Health Sciences Credits: 3.00 or
- HSCI 34500 - Introduction To Occupational And Environmental Health Sciences Credits: 3.00
- MA 15300 - College Algebra Credits: 3.00 or
- MA 15800 - Precalculus - Functions And Trigonometry Credits: 3.00 or
- MA 16010 - Applied Calculus I Credits: 3.00 or
- MA 16020 - Applied Calculus II Credits: 3.00 or
- MA 16100 - Plane Analytic Geometry And Calculus I Credits: 5.00
• PSY 12000 - Elementary Psychology Credits: 3.00 (satisfies Human Cultures: Behavioral & Social Sciences for core)
• SOC 10000 - Introductory Sociology Credits: 3.00
• STAT 30100 - Elementary Statistical Methods Credits: 3.00 or
• STAT 35000 - Introduction To Statistics Credits: 3.00
• Other Language 10100 (satisfies Human Cultures: Humanities for core) - Credit Hours: 3.00
• Other Language 10200 (total of 6 credits - must be from one language) - Credit Hours: 3.00
• Culture & Diversity Selective - Credit Hours: 3.00
• Ethics Selective - Credit Hours: 3.00
• Social Determinants of Health Selective - Credit Hours: 3.00
• Science, Technology & Society Selective - select from PUBH Core Science, Technology, & Society list;- Credit Hours: 1.00-3.00

Electives (19-24 credits)

Supplemental Lists

Public Health Supplemental Information

Grade Requirements

• "C-" or better required in all PUBH courses.

GPA Requirements

• 2.0 Graduation GPA required for Bachelor of Science degree.

Course Requirements and Notes

• Double-counting policy - Double-counting courses are allowed if the course is listed on multiple selective lists.
• Study Abroad Course for Culture & Diversity Selective can be used upon approval of PUBH department.

Pass/No Pass Policy

• A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

Transfer Credit Policy

• Transfer credit can be applied to the major if it is equivalent to the major requirements.
• Undistributed credits may be applied to elective credits required in the major.
University Requirements

University Core Requirements

For a complete listing of University Core Course Selectives, visit the Provost's Website.

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency Website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Sample 4-Year Plan

Fall 1st Year

- BIOL 20300 - Human Anatomy And Physiology Credits: 4.00
- COM 11400 - Fundamentals Of Speech Communication Credits: 3.00 or
- COM 21700 - Science Writing And Presentation Credits: 3.00
- MA 15300 - College Algebra Credits: 3.00 or
- MA 15800 - Precalculus - Functions And Trigonometry Credits: 3.00 or
- MA 16010 - Applied Calculus I Credits: 3.00 or
• MA 16020 - Applied Calculus II Credits: 3.00 or
• MA 16100 - Plane Analytic Geometry And Calculus I Credits: 5.00
• PUBH 10001 - Introduction To Public Health Credits: 3.00
• Other Language 10100 - Credit Hours: 3.00

16-18 Credits

Spring 1st Year

• BIOL 20400 - Human Anatomy And Physiology Credits: 4.00
• PUBH 23000 - Community, Culture And Social Justice From A Public Health Perspective Credits: 3.00
• ENGL 10600 - First Year Composition With Conferences Credits: 4.00 or
• ENGL 10800 - First Year Composition Credits: 3.00
• PSY 12000 - Elementary Psychology Credits: 3.00
• Other Language 10200 - Credit Hours: 3.00

16-17 Credits

Fall 2nd Year

• CHM 11100 - General Chemistry Credits: 3.00
• PUBH 24000 - Global Health Credits: 2.00
• SOC 10000 - Introductory Sociology Credits: 3.00
• CS 17600 - Data Engineering In Python Credits: 3.00
• Culture & Diversity Selective - Credit Hours: 3.00
• Elective - Credit Hours: 2.00

16 Credits

Spring 2nd Year

• CHM 11200 - General Chemistry Credits: 3.00
• PUBH Selective - Credit Hours: 3.00
• Ethics Selective - Credit Hours: 3.00
• STAT 30100 - Elementary Statistical Methods Credits: 3.00 or
• STAT 35000 - Introduction To Statistics Credits: 3.00

• Elective - Credit Hours: 3.00

15 Credits

Fall 3rd Year

• ENGL 42000 - Business Writing Credits: 3.00 or
• ENGL 42100 - Technical Writing Credits: 3.00 or
- ENGL 42201 - Writing For The Health And Human Sciences Credits: 3.00
- PUBH 29500 - Internship & Career Preparation Credits: 1.00
- PUBH 32000 - Health Behavior And Health Promotion Credits: 3.00
  Social Determinants of Health Selective
- HSCI 20200 - Essentials Of Environmental, Occupational, And Radiological Health Sciences Credits: 3.00 or
- HSCI 34500 - Introduction To Occupational And Environmental Health Sciences Credits: 3.00
- Elective - Credit Hours: 3.00

15-16 Credits

Spring 3rd Year

- PUBH 40500 - Principles Of Epidemiology Credits: 3.00
- PUBH 32500 - Methods Of Health Promotion And Education Credits: 3.00
- COM 37800 - Introduction To Health Communication Credits: 3.00 or
- COM 47800 - Health Communication Campaigns Credits: 3.00

  Elective - Credit Hours: 3.00
  Science, Technology, & Society - Credit Hours: 3.00

15 Credits

Fall 4th Year

- PUBH 38000 - Public Health Policy Credits: 3.00
- PUBH 36500 - Public Health Research Methods Credits: 3.00
  Elective - Credit Hours: 3.00
  Elective - Credit Hours: 3.00
  Elective - Credit Hours: 3.00

15 Credits

Spring 4th Year

Students may also do internship during the summer and graduate in August.

- PUBH 48000 - Internship For Public Health Credits: 9.00
  Elective - Credit Hours: 3.00

12 Credits

Pre-Requisite Information
For pre-requisite information, log in to mypurdue.purdue.edu and click here.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

- Department of Speech, Language, and Hearing Sciences

About Speech, Language, and Hearing Sciences

Speech, Language, and Hearing Sciences (SLHS) is a top-ranked program that offers an undergraduate major focused on the science of human communication, and disorders affecting our ability to communicate effectively. In SLHS you will learn about
the mechanisms underlying our ability to hear sounds, understand language, speak efficiently, and swallow safely. You will gain foundational knowledge in the evaluation, treatment, and research driving the field of human communication and its disorders. Students use this knowledge to solve problems and impact communities across the state and country.

SLHS is housed in Lyles-Porter Hall and offers audiology clinics, speech, language, and swallowing clinics, and state-of-the-art research laboratories. The SLHS major provides students with the foundational tools for a variety of career opportunities in healthcare. Our courses fulfill requirements needed to enter graduate programs in speech-language pathology or audiology. The major also provides students the opportunity to pursue specialized research interests within the field of communication sciences and disorders.

Bachelor of Science

Speech, Language, and Hearing Sciences, BS

About the Program

The Speech, Language, and Hearing Sciences major prepares students with the foundational tools for a variety of career opportunities in healthcare. Courses in the major introduce students to basic processes of speech, language, hearing, swallowing, and to disorders affecting these processes from infancy to adulthood. Additional coursework on evaluation, treatment, and research on communication disorders as well as neuroscience and scientific communication are offered. Students may also earn course credit working as research assistants, participating in clinical observations, and completing clinical internships under the supervision of department faculty. The Bachelor of Science degree in Speech, Language, and Hearing Sciences prepares students for pursuing graduate degrees (MS, AuD, PhD), as well as a variety of careers in healthcare and scientific communication.
Department of Speech, Language, and Hearing Sciences

Speech, Language, and Hearing Sciences Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (33 credits)

Students are required to earn a C- or higher in all of the SLHS Foundation and Area 1 courses.

SLHS Foundation Requirements (18 credits)

A minimum GPA of 2.5 in SLHS 11500, 22700, 30200, 30300, 30600, and 30900 is required. (No grade lower than a "C-" will be allowed.)

- SLHS 11500 - Introduction To Communicative Disorders Credits: 3.00 (satisfies Science, Technology & Society for core)
- SLHS 22700 - Elements Of Linguistics Credits: 3.00 (satisfies Human Cultures: Behavioral & Social Sciences for core)
- SLHS 30200 - Hearing Science Credits: 3.00
- SLHS 30300 - Anatomy And Physiology Of The Speech Mechanism Credits: 3.00
- SLHS 30600 - Introduction To Phonetics Credits: 3.00
- SLHS 30900 - Language Development Credits: 3.00

Area 1: Speech, Language, and Hearing Sciences Selective (15 credits)

Select 15 credits of any SLHS courses not used to satisfy the SLHS Foundation Requirements.

- A minimum of 12 credits MUST be at the 40000 level or above.
- No more than 3 credits can come from SLHS 34500, 49000 or 49800.

Other Departmental/Program Course Requirements (51-74 credits)

Cultural Competence Selective (12-16 credits)

The Cultural Competence Selective may be met by completing ONE of the six options below. Depending on selection, courses may also be used to satisfy University Core.

(Select from American Sign Language, Arabic, Chinese, French, German, Greek, Hebrew, Italian, Japanese, Korean, Latin, Portuguese, Russian, or Spanish. Modern language satisfies Human Cultures: Humanities for core.)

Option 1:

Proficiency through level IV in any one modern language

- 10100 (Credit Hours: 3.00-4.00)
• 10200 (Credit Hours: 3.00-4.00)
• 20100 (Credit Hours: 3.00-4.00)
• 20200 (Credit Hours: 3.00-4.00)

Option 2:

Proficiency through level III in any one modern language AND a course from the Cultural Competence Selective list.

• 10100 (Credit Hours: 3.00-4.00)
• 10200 (Credit Hours: 3.00-4.00)
• 20100 (Credit Hours: 3.00-4.00)
• Cultural Competence Selective (Credit Hours: 3.00)

Option 3:

Proficiency through level II in any one modern language AND two courses from Cultural Competence Selective list.

• 10100 (Credit Hours: 3.00-4.00)
• 10200 (Credit Hours: 3.00-4.00)
• Cultural Competence Selective (Credit Hours: 3.00)
• Cultural Competence Selective (Credit Hours: 3.00)

Option 4:

Two courses in any one modern language AND one or two approved study abroad experiences that total at least six weeks in duration and six total credits. Study Abroad Experience/s must take place outside of the United States, have a significant cultural immersion and language component either through the nature of the courses taken abroad or through extracurricular activities, and be approved by the SLHS Undergraduate Curriculum Committee.

• 10100 (Credit Hours: 3.00-4.00)
• 10200 (Credit Hours: 3.00-4.00)
• Study Abroad Experience/s (Credit Hours: 6.00)

Option 5:

One level of a modern language AND three courses from the Cultural Competence Selective list.

• 10100 (Credit Hours: 3.00-4.00)
• Cultural Competence Selective (Credit Hours: 3.00)
• Cultural Competence Selective (Credit Hours: 3.00)
• Cultural Competence Selective (Credit Hours: 3.00)

Option 6:

Four courses from the Cultural Competence Selective list.

• Cultural Competence Selective (Credit Hours: 3.00)
• Cultural Competence Selective (Credit Hours: 3.00)
• Cultural Competence Selective (Credit Hours: 3.00)
• Cultural Competence Selective (Credit Hours: 3.00)

Math and Science Requirements (12-16 credits)

Depending on selection, courses may also be used to fulfill University Core.

• Biology: Any BIOL course except BIOL 14700, 20500, or 20600 - Credit Hours: 3.00-4.00
• Chemistry/Physics: Any CHM course OR Any PHYS course except PHYS 21500 - Credit Hours: 3.00-4.00
• MA 15300 or select any course from University list EXCEPT MA 13800 or PHIL 15000 - Credit Hours: 3.00-5.00 (satisfies Quantitative Reasoning for core)
• Statistics: STAT 30100, or SOC 38200, or any STAT 30000-59999 level course - Credit Hours: 3.00

Area 2: Pure and Applied Sciences (6-8 credits)

Select 6-8 credits. Cannot use a course that is used to fulfill University Core or Math and Science requirement.

• Biology: Any BIOL course except BIOL 11000, 14700, 20500, or 20600
• Chemistry: Any CHM course above CHM 11100
• Electrical and Computer Engineering: Any ECE course
• Math: MA 15555 or numerically higher
• Physics: Any PHYS course except PHYS 21500
• Statistics: Any STAT course at 30000 level or higher or SOC 38200

Area 3: Behavioral, Linguistic, and Social Sciences (6 credits)

Select 6 credits. Cannot use a course that is used to fulfill University Core or Math and Science requirement.

• Anthropology: ANTH 34000, 36800, or 41400
• American Sign Language: ASL 28000
• Health and Kinesiology: HK 25300, or any 30000 - 49999 level HK course
• Languages and Cultures: LC 36100
• Linguistics: Any LING 30000-49999 level course except LING 31500 (credit cannot be given for both LING 31500 and SLHS 30600)
• Psychology: PSY 20000, 22200, 23500, or any PSY 30000 - 49999 level course
• Public Health: PUBH 30500, 32000, 32500, 40000, 40500, 48000, or 49200
• Sociology: SOC 27500 or 37400

Additional Other Departmental/Program Course Requirements: (15-28 credits)

• SLHS Human Cultures: Behavioral & Social Sciences - Credit Hours: 3.00; (This is an SLHS requirement in addition to the University core requirement fulfilled by SLHS 22700)
• SLHS Information Literacy - Credit Hours: 1.00-4.00 (This is an SLHS requirement in addition to the University core requirement)
• Information Literacy - Credit Hours: 1.00-4.00 (satisfies Information Literacy for core. If STAT 30100 is selected for other requirements, this requirement is fulfilled)
• Oral Communication - Credit Hours: 3.00 (satisfies Oral Communication for core)
• Science - Credit Hours: 2.00-5.00 (satisfies Science for core. MAY be fulfilled, depending on course selected for other requirements)
• Science - Credit Hours: 2.00-5.00 (satisfies Science for core. MAY be fulfilled, depending on course selected for other requirements)
• Written Communication ♦ - Credit Hours: 3.00-4.00 (satisfies Written Communication for core)

Electives (13-36 credits)
Grade Requirements

- Students are required to earn a C- or higher in all of the SLHS Foundation and Area 1 courses.
- No grade lower than a "C-" will be allowed in SLHS 11500, 22700, 30200, 30300, 30600, and 30900.

GPA Requirements

- A minimum GPA of 2.5 in SLHS 11500, 22700, 30200, 30300, 30600, and 30900 is required. (No grade lower than a "C-" will be allowed)
- 2.0 GPA is required for graduation.

Course Requirements and Notes

- Courses may not double count between the following SLHS Major and Departmental Requirements:
  - SLHS Foundations
  - SLHS Area 1
  - SLHS Area 2: Pure and Applied Sciences
  - SLHS Area 3: Behavioral, Linguistic, and Social Sciences
  - SLHS Math and Science
  - SLHS Cultural Competence Requirement.
  - SLHS Departmental Behavioral/Social Science Requirement
  - SLHS Departmental Information Literacy Requirement

Pass/No Pass Policy

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass.

- Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option.

- A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

Transfer Credit Policy

- Transfer credit (including AP, IB, dual credit) may be applied toward the SLHS Major and Departmental Requirements, if approved by the SLHS Undergraduate Curriculum Committee.

University Requirements

University Core Requirements

For a complete listing of University Core Course Selectives, visit the Provost's Website.
Civics Literacy Proficiency Requirement

The Civics Literacy Proficiency activities are designed to develop civic knowledge of Purdue students in an effort to graduate a more informed citizenry. For more information visit the Civics Literacy Proficiency website.

Students will complete the Proficiency by passing a test of civic knowledge, and completing one of three paths:

- Attending six approved civics-related events and completing an assessment for each; or
- Completing 12 podcasts created by the Purdue Center for C-SPAN Scholarship and Engagement that use C-SPAN material and completing an assessment for each; or
- Earning a passing grade for one of these approved courses (or transferring in approved AP or departmental credit in lieu of taking a course).

Upper Level Requirement

- Resident study at Purdue University for at least two semesters and the enrollment in and completion of at least 32 semester hours of coursework required and approved for the completion of the degree. These courses are expected to be at least junior-level (30000+) courses.
- Students should be able to fulfill most, if not all, of these credits within their major requirements; there should be a clear pathway for students to complete any credits not completed within their major.

Sample 4-Year Plan

Fall 1st Year

- SLHS 11500 - Introduction To Communicative Disorders Credits: 3.00
- Written Communication core - Credit Hours: 3.00-4.00
- Modern Language 10100 or Cultural Competence Selective- Credit Hours: 3.00-4.00
- Quantitative Reasoning core - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-17 Credits

Spring 1st Year

- SLHS 22700 - Elements Of Linguistics Credits: 3.00
- Oral Communication - Credit Hours: 3.00
- Science Selective (CHM or PHYS) - Credit Hours: 3.00-4.00
- Modern Language 10200 or Cultural Competence Selective - Credit Hours: 3.00 - 4.00
- Elective - Credit Hours: 3.00

15-17 Credits

Fall 2nd Year

Choose 2 courses from the following - Credit Hours: 6.00
- SLHS 30200 - Hearing Science Credits: 3.00 or
- SLHS 30300 - Anatomy And Physiology Of The Speech Mechanism Credits: 3.00 or
- SLHS 30600 - Introduction To Phonetics Credits: 3.00 or
- SLHS 30900 - Language Development Credits: 3.00
- Modern Language 20100 or Cultural Competence Selective - Credit Hours: 3.00 - 4.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-16 Credits

Spring 2nd Year

Choose 2 courses from the following - Credit Hours: 6.00
- SLHS 30200 - Hearing Science Credits: 3.00 or
- SLHS 30300 - Anatomy And Physiology Of The Speech Mechanism Credits: 3.00 or
- SLHS 30600 - Introduction To Phonetics Credits: 3.00 or
- SLHS 30900 - Language Development Credits: 3.00
- Modern Language 20200 or Cultural Competence Selective - Credit Hours: 3.00 - 4.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-16 Credits

Fall 3rd Year

- Additional Behavioral/Social Sciences - Credit Hours: 3.00
- STAT Selective - Credit Hours: 3.00
- Area 1 - Credit Hours: 3.00
- Area 1 - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15 Credits

Spring 3rd Year

- BIOL (Science) - Credit Hours: 3.00 - 4.00
- Area 1 - Credit Hours: 3.00 - 4.00
- Area 2 - Credit Hours: 3.00 - 4.00
- Area 3 - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-18 Credits

Fall 4th Year

- Area 1 - Credit Hours: 3.00 - 4.00
- Area 3 - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-16 Credits

Spring 4th Year

- Area 1 - Credit Hours: 3.00
- Area 2 - Credit Hours: 3.00 - 4.00
- Information Literacy Core - Credit Hours: 3.00
- SLHS Additional Information Literacy - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-16 Credits

Pre-Requisite Information

For pre-requisite information, log in to mypurdue.purdue.edu and click here.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor. (ASL-American Sign Language; ARAB-Arabic; CHNS-Chinese; FR-French; GER-German; GREK-Greek(Ancient); HEBR-Hebrew(Biblical); HEBR-Hebrew(Modern); ITAL-Italian; JPNS-Japanese; KOR-Korean; LATN-Latin; PTGS=Portuguese; RUSS-Russian; SPAN-Spanish)

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program."
Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements. Consultation with an advisor may result in an altered plan customized for an individual student. The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Comparative information about Purdue University and other U.S. educational institutions is also available through the College Navigator tool, provided by the National Center for Education Statistics, and through the U.S. Department of Education College Scorecard.

Other Degrees

Speech, Language, and Hearing Sciences Supplemental Information

Cultural Competence Selective

- AAS 27100 - Introduction To African American Studies Credits: 3.00
- AAS 27700 - African American Popular Culture Credits: 3.00
- AAS 37500 - The Black Family Credits: 3.00
- AAS 37600 - The Black Male Credits: 3.00
- AGR 20100 - Communicating Across Culture Credits: 3.00
- AMST 30100 - Perspectives On America Credits: 3.00 - Intro Asian American Studies only
- ANTH 20500 - Human Cultural Diversity Credits: 3.00
- ANTH 23000 - Gender Across Cultures Credits: 3.00
- ANTH 33600 - Human Variation Credits: 3.00
- ANTH 37900 - Native American Cultures Credits: 3.00
- ARAB 28000 - Arabic Culture Credits: 3.00

Department/School Head:

Timothy P. Gavin

Academic Programs:

Masters and Ph.D. Programs

Purdue University's Department of Health and Kinesiology (HK) confronts issues related to health through research, student learning, and community engagement that focuses on athletic training, human movement, sports performance and management, exercise and fitness, and disease prevention. Utilizing a multidiscipline, team approach, Health and Kinesiology is a leader in faculty-led, student-centered education and research.

The Department of Health and Kinesiology offers three-degree programs:

- Master of Science in Athletic Training (MSAT)
- Master of Science (MS)
- Doctor of Philosophy (Ph.D.)

Concentrations (Areas of Study):

- Biomechanics, Motor Control, & Motor Development
- Exercise Physiology
- Exercise Psychology
- Recreation & Sport Management

Academic Programs:

Master's and Ph.D. Programs

Purdue University's School of Health Sciences is committed to creating, disseminating, preserving and applying knowledge in the areas of Radiological, Occupational and Environmental Health Science through leading-edge scholarly research, teaching, and engagement. The School offers nationally recognized educational programs in Medical Laboratory Sciences, Radiological Health Science, Occupational Health Science, Environmental Health Science, and maintains career-advancing programs in pre-allied health and other clinical and medical related Health Science Pre-Professional programs. We also offer advanced and accredited degrees in Occupational and Environmental Health - Industrial Hygiene (ABET), Medical Physics (CAMPEP), Health Physics, Imaging Sciences, and Toxicology. With a commitment to excellence, the School serves local, national and international citizens through the following initiatives:

Research and development that enhances health, the environment, and safe working conditions.

State-of-the-art comprehensive programs that provide a strong basis of learning that prepares graduates to succeed as tomorrow's leaders, professionals and citizens instilled with critical thinking skills and able to function in a global technological environment.

Engagement that develops strong associations with our students, alumni, university colleagues, industry, and community.

The Diversity of faculty, staff, and students to reflect our social environment and culture.
Concentrations (Areas of Study):

Health Physics - HTHP (MS, Ph.D.), Imaging Sciences - IMGS (MS, Ph.D.), Medical Physics - MEDP (MS, Ph.D.),
Occupational and Environmental Health Sciences - OEHS (MS, Ph.D.), and Toxicology - TOXC (MS, Ph.D.)

Combined Degree Programs:

(Undergraduate Degree / Master's Degree)

Radiological Health Pre-Med Physics (4+1) Program; Industrial Hygiene BS/MS (4+1) Program; Accelerated Health Sciences-
Management BS/MBA (3+2) Program

Concentration

Computational Life Science Concentration for Medical Physics MS and PHD

Computational Life Science Concentration for Medical Physics, MS & PHD

CLS Required Core Courses (6 credits)

Core Life Sciences

- BCHM 56100 - General Biochemistry I Credits: 3.00 or
- BCHM 56200 - General Biochemistry II Credits: 3.00
- BIOL 51700 - Molecular Biology: Proteins Credits: 2.00
- BIOL 54100 - Molecular Genetics Of Bacteria Credits: 3.00
- BIOL 55001 - Eukaryotic Molecular Biology Credits: 4.00
- BIOL 58000 - Evolution Credits: 3.00
- BME 69500 - Advanced Topics In Biomedical Engineering Credits: 1.00 to 3.00 Title - Multi-Scale Modeling in Biological Systems
- BME 69900 - Research PhD Thesis Credits: 1.00 to 18.00 Title - Quantitative Systems Biology
- FS 59100 - Special Topics Credits: 1.00 to 3.00
- MCMP 57000 - Basic Principles Of Chemical Action On Biological Systems Credits: 3.00

Core Computing

- BIOL 59500 - Special Assignments Credits: 0.00 to 18.00
- CHM 69600 - Special Topics In Chemistry Credits: 1.00 to 3.00
• CS 50100 - Computing For Science And Engineering Credits: 3.00
• CS 514 - Numerical Analysis Credits: 3.00
• CS 51500 - Numerical Linear Algebra Credits: 3.00
• CS 52500 - Parallel Computing Credits: 3.00
• CS 53000 - Introduction To Scientific Visualization Credits: 3.00
• CS 54100 - Database Systems Credits: 3.00
• CS 573 - Data Mining Credits: 3.00
• CS 578 - Statistical Machine Learning Credits: 3.00
• CS 57900 - Bioinformatics Algorithms Credits: 3.00
• CS 58000 - Algorithm Design, Analysis, And Implementation Credits: 3.00
• CS 590 - Topics In Computer Sciences Credits: 1.00 to 5.00
• CS 61500 - Numerical Methods For Partial Differential Equations I Credits: 3.00
• MA 51400 - Numerical Analysis Credits: 3.00
• MA 61500 - Numerical Methods For Partial Differential Equations I Credits: 3.00
• PHYS 57000 - Selected Topics In Physics Credits: 3.00
• PHYS 58000 - Computational Physics Credits: 3.00
• STAT 54500 - Introduction To Computational Statistics Credits: 3.00

CLS Relevant Courses

• MS students take 1 Relevant Course (3 credit hours) from the below options.
• PhD students take 2 Relevant Courses (6 credit hours) from the below options.
• AGRY 51100 - Population Genetics Credits: 3.00
• AGRY 53000 - Advanced Plant Genetics Credits: 3.00
• AGRY 60000 - Genomics Credits: 3.00
• ANSC 51100 - Population Genetics Credits: 3.00
• BCHM 56100 - General Biochemistry I Credits: 3.00
• BCHM 60501 - Macromolecules Credits: 3.00
• BCHM 61000 - Regulation Of Eukaryotic Gene Expression Credits: 3.00
• BIOL 51700 - Molecular Biology: Proteins Credits: 2.00
• BIOL 54100 - Molecular Genetics Of Bacteria Credits: 3.00
• BIOL 55001 - Eukaryotic Molecular Biology Credits: 4.00
• BIOL 56310 - Protein Bioinformatics Credits: 3.00
• BIOL 58000 - Evolution Credits: 3.00
• BIOL 59500 - Special Assignments Credits: 0.00 to 18.00
• BIOL 61100 - Crystallography Of Macromolecules Credits: 3.00
• BIOL 64700 - Membrane Protein Structural Biology Credits: 2.00
• CHM 57900 - Computational Chemistry Credits: 3.00
• CHM 67100 - Advanced Physical Chemistry Credits: 3.00
• CHM 67300 - Computational Quantum Chemistry Credits: 3.00
• CHM 67605 - Molecular Spectroscopy Credits: 3.00
• CS 50100 - Computing For Science And Engineering Credits: 3.00
• CS 514 - Numerical Analysis Credits: 3.00
• CS 51500 - Numerical Linear Algebra Credits: 3.00
• CS 52500 - Parallel Computing Credits: 3.00
• CS 53000 - Introduction To Scientific Visualization Credits: 3.00
• CS 54100 - Database Systems Credits: 3.00
• CS 573 - Data Mining Credits: 3.00
• CS 578 - Statistical Machine Learning Credits: 3.00
• CS 57900 - Bioinformatics Algorithms Credits: 3.00
• CS 58000 - Algorithm Design, Analysis, And Implementation Credits: 3.00
• CS 61500 - Numerical Methods For Partial Differential Equations I Credits: 3.00
• ECE 52800 - Measurement And Stimulation Of The Nervous System Credits: 3.00
• ECE 58000 - Optimization Methods For Systems And Control Credits: 3.00
• ECE 66200 - Pattern Recognition And Decision-Making Processes Credits: 3.00
• HORT 59000 - Special Studies In Horticulture Credits: 1.00 to 3.00
• HSCI 52500 - Introduction To Statistical And Computational Approaches For Health Sciences Credits: 3.00
• IE 53800 - Nonlinear Optimization Algorithms And Models Credits: 3.00
• MA 51400 - Numerical Analysis Credits: 3.00
• MA 52300 - Introduction To Partial Differential Equations Credits: 3.00
• MA 52700 - Advanced Mathematics For Engineers And Physicists I Credits: 3.00
• MCMP 57000 - Basic Principles Of Chemical Action On Biological Systems Credits: 3.00
• PHYS 57000 - Selected Topics In Physics Credits: 3.00
• PHYS 58000 - Computational Physics Credits: 3.00
• STAT 50300 - Statistical Methods For Biology Credits: 3.00
• STAT 51200 - Applied Regression Analysis Credits: 3.00
• STAT 51400 - Design Of Experiments Credits: 3.00
• STAT 51600 - Basic Probability And Applications Credits: 3.00
• STAT 51700 - Statistical Inference Credits: 3.00
• STAT 52400 - Applied Multivariate Analysis Credits: 3.00
• STAT 52500 - Intermediate Statistical Methodology Credits: 3.00
• STAT 52600 - Advanced Statistical Methodology Credits: 3.00
• STAT 53200 - Elements Of Stochastic Processes Credits: 3.00
• STAT 54900 - An Introduction To QTL Mapping In Experimental Populations Credits: 3.00
• STAT 59800 - Topics In Statistical Methods Credits: 0.00 to 6.00

Imaging Sciences Concentration, (Graduate)

Master of Science

Health Physics, MS

Concentrations:

• Nuclear Engineering & Radiological Health Science
• Radiation Biology

Health Sciences, MS

Concentrations:
• Biotechnology - PULSe
• Computational Life Science
• Health Physics
• Integrated Neuroscience - PULSe
• Interdisciplinary Ecological Sciences & Engineering
• Interdisciplinary Ergonomics
• Molecular Signaling and Cancer Biology - PULSe
• Occupational & Environmental Health Sciences

**Imaging Sciences, MS**

Concentrations:

• Biotechnology - PULSe
• Computational Life Science
• Integrative Neuroscience - PULSe
• Molecular Signaling and Cancer Biology - PULSe

**Medical Physics, MS**

Concentrations:

• Computational Life Science

**Occupational and Environmental Health Sciences, MS**

Concentrations:

• Biotechnology - PULSe
• Computational Life Science
• Interdisciplinary Ergonomics
• Integrative Neuroscience - PULSe
• Molecular Signaling and Cancer Biology - PULSe

**Toxicology, MS**

Concentrations:

• Biotechnology - PULSe
• Computational Life Science
• Integrative Neuroscience - PULSe
• Molecular Signaling and Cancer Biology - PULSe
Doctor of Philosophy

Health Physics, PhD

Concentrations:

- Nuclear Engineering & Radiological Health Science
- Radiation Biology

Health Sciences, PHD

Concentrations:

- Biotechnology - PULSe
- Computational Life Science
- Health Physics
- Integrated Neuroscience - PULSe
- Interdisciplinary Ecological Sciences & Engineering
- Interdisciplinary Ergonomics
- Molecular Signaling and Cancer Biology - PULSe
- Occupational & Environmental Health Sciences

Health Sciences/Cancer Research, PHD

Imaging Sciences, PhD

Concentrations:

- Biotechnology - PULSe
- Computational Life Science
- Integrative Neuroscience - PULSe
- Molecular Signaling and Cancer Biology - PULSe

Medical Physics, PhD

Concentrations:
Computational Life Science

Occupational and Environmental Health Sciences, PhD

Concentrations:

- Biotechnology - PULSe
- Computational Life Science
- Interdisciplinary Ergonomics
- Integrative Neuroscience - PULSe
- Molecular Signaling and Cancer Biology - PULSe

Toxicology, PhD

Concentrations:

- Biotechnology - PULSe
- Computational Life Science
- Integrative Neuroscience - PULSe
- Molecular Signaling and Cancer Biology - PULSe

Post-Masters Certificate

Medical Physics, Post Masters Certificate

School of Hospitality and Tourism Management (Graduate)

Website URL:

https://hhs.purdue.edu/graduate-students/programs/?department=hospitality-and-tourism-management

Department/School Head:

Ceridwyn King, Professor and Head

Academic Programs:

PhD Program
The PhD program is designed to be one of the strongest research-based programs in the world. The program - which includes a strong element of statistics and research design - prepares you for careers in major research universities or research-based agencies. Upon graduation, you are expected to have a curriculum vitae, which includes teaching experience, publishing experience in research journals, and a record of presentations to industry and research societies. The program has limited enrollment to allow you to develop exceptionally close working relationships with faculty.

**Master of Science Program**

The Master of Science program offers one of the most up-to-date and integrated blends of theory, technology and applications in the hospitality industry. You will have a choice of thesis or non-thesis plans of study in our residential program. Core courses will advance your understanding of this dynamic industry while exploring how to conduct research and analyze information.

If you choose to complete the online program, you will complete courses designed specifically for mid-career professions in the hospitality and tourism industry.

**Concentrations (Areas of Study):**

In the hospitality and tourism management master's and doctoral programs, you'll gain significant exposure to research, working directly with the school's faculty to explore important issues facing the hospitality industry:

- Food service operations
- Nutrition labeling in the hospitality industry
- Food Safety
- Sustainable tourism
- Responsible travel
- Employee well-being
- Visitor econmics behavior
- Tourism experience design and marketing
- Travel experience, wellness, and technology
- Visitor Harassment

**Regular Graduate Faculty by Rank:**

**Professor**

C. King (HTM)  
L. Cai (HTM)  
R. Ghiselli (HTM)  
S. Jang (HTM)  
X. Lehto (HTM)  
R. Runyan (CSR)

**Associate Professor**
Assistant Professor

K. Byrd (HTM)
S. Jung (HTM)

Emeritus Faculty

B. Almanza
L. Kreul
B. Lazarus
A. Morrison
T. Pearson
J. Rouselle

Master of Science

Consumer Science, MS

Concentrations:

- Consumer Behavior
- Family and Consumer Economics
- Retail Management
- Textile Science

Hospitality & Tourism Management, MS (Modality: Regional & Online)

Doctor of Philosophy
Consumer Science, PHD

Concentrations:

- Consumer Behavior
- Consumer Health
- Family and Consumer Economy
- Retail Management
- Textile Science

Consumer Science/Gerontology, PHD

Hospitality & Tourism Management, PHD

Hospitality & Tourism Management/Gerontology, PHD

Post-Baccalaureate Certificate

Healthcare Service Excellence, Post Baccalaureate Certificate
(Modality: Online)

The graduate certificate in Healthcare Service Excellence provides students with the knowledge and skills to manage programs designed to deliver service excellence in healthcare organizations. Coursework is designed to ensure students can design high-quality service experiences for their patients and lead and implement service-oriented change programs in healthcare organizations. The certificate is designed to provide healthcare managers and leaders with the ability to effectively execute programs that provide excellent patient experiences that meet the competitive needs of the healthcare industry.

Department of Human Development and Family Science (Graduate)

Website URL:

https://www.purdue.edu/hhs/hdfs/students/graduate

Department/School Head:

Valerie Knopik
Academic Programs:

Ph.D. Program

Students are admitted to the doctoral degree program. Students may, but are not required to, receive a master's degree in the process of completing doctoral requirements.

Human Development & Family Science, PHD
Human Development & Family Science/Gerontology, PHD

The HDFS graduate program prepares scholars to define problems and conduct innovative and rigorous research that informs policies and practices aimed at promoting the health and well-being of individuals and families. A central focus of the program is to develop skills to study the complex interplay of biological, developmental, interpersonal, and contextual determinants that protect and/or undermine the health and well-being of individuals and families across their life course. The doctoral program emphasizes integration and critical evaluation of research as well as the use of sophisticated methodologies that advance discovery and implementation of novel approaches to better the lives of individuals and families across multiple social contexts.

Regular Graduate Faculty by Rank:

Professor

French, Doran
Friedman, Elliot
Knopik, Valerie
MacDermid Wadsworth, Shelley
McBride, Catherine (Cammie)
Posada, German
Purpura, David
Updegraff, Kimberly

Associate Professor

Christ, Sharon
Franks, Melissa
Marceau, Kristine
Nichols, Deborah
Schwichtenberg, A. J.
Taylor, Zoe

Assistant Professor

Atkin, Annabelle
Eason, Sarah
Elenbaas, Laura
Marks, Rebecca
McCormick, Carolyn
Moding, Kameron
Robbins, Paul
Shrout, Rosie

Clinical Professor

Dobbs-Oates, Jennifer
Purcell, Megan

Clinical Associate Professor

Elias, Cezanne
Watkins, Natasha

Clinical Assistant Professor

Harbin, Shawna
Quichocho, Davina

Master of Science

Human Development & Family Studies, MS

Concentrations:

- Developmental Studies
- Family Studies
- Marriage & Family Therapy

Doctor of Philosophy

Human Development & Family Studies, PHD

Concentrations:

- Developmental Studies
- Family Studies
- Marriage & Family Therapy

Human Development Family Studies/Gerontology, PHD

Department/School Head:

Christopher Coleman

Academic Programs:

Master's, DNP, and PhD Programs

AGNP
The Adult-Gerontology Primary Care Nurse Practitioner (MS/AGNP) program offers an interdisciplinary approach to advanced practice education. Options for interdisciplinary work include medicine, pharmacy, audiology, speech pathology, social work, and physical and occupational therapy. Adult-Gerontology Nurse Practitioners are specialists in adult care who see patients ages 13 and older in a variety of settings. The AGNP program is designed to educate nurses who can provide competent, culturally sensitive, cost-effective, accessible and efficient care with an emphasis on rural underserved populations. It is certified by the National Hartford Center of Gerontological Nursing Excellence. Graduates are eligible to sit for the appropriate certification examination.

FNP
The Family Nurse Practitioner specialization develops leadership and practice skills necessary to shape nursing practice in a dynamic, complex, and globally interdependent healthcare system with a focus on the family delivering care to all ages. The FNP program is designed to educate nurses who can provide competent, culturally sensitive, cost-effective, accessible and efficient care with an emphasis on rural underserved populations. Graduates are eligible to sit for the appropriate certification examination.

PNP-PC
The Primary Care Pediatric Nurse Practitioner specialization develops leadership and practice skills necessary to shape nursing practice in a dynamic, complex, and globally interdependent healthcare system. The PNP-PC program is designed to educate nurses who can provide competent, culturally sensitive, cost-effective, accessible, and efficient care with an emphasis on rural underserved populations to infants, children, and adolescents. Graduates are eligible to sit for the appropriate certification examination.

PMHNP
The Psychiatric Mental Health Nurse Practitioner specialization is designed to educate nurses who can provide competent, culturally sensitive, cost-effective, accessible and efficient mental health care. The PMHNP program focuses on developing leadership and practice skills to deliver advanced psychiatric/mental health care to families and individuals of all ages. Graduates are eligible to sit for the appropriate certification examination.

DNP
The DNP program prepares nurses for knowledge and skill-building in areas of scholarly practice, innovation, practice improvement, health policy, leadership, quality and system improvement, evaluation of health outcomes, clinical expertise for advanced nursing education and testing of care delivery models. There are four BSN-DNP specializations (AGPCNP, FNP, PNP-PC, PMHNP). The Post MS DNP offers two tracks, Direct Patient Care or Public Health/Homeland Security for both Advanced Practice RNs and non-Advanced Practice RNs). BSN-DNP graduates are eligible to sit for the appropriate certification examination.

Doctor of Philosophy in Nursing

This campus-based learning program is designed to prepare the next generation of nurse scholars and scientists. The Ph.D. in Nursing program curriculum is designed to prepare the nurse scientist for innovative and translational research through the use of transdisciplinary collaboration and teams. The Ph.D. in Nursing emphasizes the optimization of health care delivery through innovative care and innovations in healthcare delivery systems. Graduates are prepared to conduct rigorous, transdisciplinary research to expand nursing science and translate findings to the practice; lead interdisciplinary teams that can transform the science of healthcare; and theory, existing evidence, and scientific methods to innovative solutions to healthcare challenges. The program also offers a dual-title Ph.D. in Gerontology through the Center for Aging and the Life Course (CALC).

- Master of Science (MS) as an Adult-Gerontology Primary Care Nurse Practitioner
- Master of Science (MS) as a Primary Care Pediatric Nurse Practitioner
- Master of Science (MS) as a Primary Care Family Nurse Practitioner
- Master of Science (MS) as a Psychiatric Mental Health Nurse Practitioner
- Post-BSN to Doctor of Nursing Practice (DNP)
- Post-MSN to Doctor of Nursing Practice (DNP)
- Doctor of Philosophy (Ph.D.)

Graduate Certificates

- Post Master's Adult-Gerontology Primary Care Nurse Practitioner Certificate
- Post Master's Primary Care Pediatric Nurse Practitioner Certificate
- Post Master's Psychiatric Mental Health Nurse Practitioner Certificate
- Post Master's Family Nurse Practitioner Certificate

Regular Graduate Faculty by Rank:

Professor

Gregory W. Arling
Christopher Coleman
Nancy E. Edwards
Karen J. Foli
Sara A. McComb

Associate Professor

Kathleen Abrahamson
Azza H. Ahmed
Assistant Professor

Qinglan (Priscilla) Ding
Zachery Hass
Nasreen Lalani
Pi-Ju (Marian) Liu
Jiayun Xu

Clinical Professor

Jennifer A. Coddington
Pamela M. Karagory

Clinical Associate Professor

Nicole Adams
Mopelola T. Adeola
Julian Gallegos
Becky Good
Diane Hountz
Kristen F. Kirby
Janelle Potetz

Clinical Assistant Professor

Mary Ajuwon
Karen Atcheson
Sandra Gilpin
Laura Hawkins
Carmen A. Jones
Elizabeth Jones
Susan Kersey
Ann Loomis
Laura Moffat
Karla C. Ross
Margaret (Meg) Sorg
Amanda Ward

Master of Science
Nursing, MS

Concentrations:

- Adult Gerontology Primary Care NP
- Primary Care Family NP
- Primary Care Pediatric NP
- Psychiatric Mental Health NP

Doctor of Nursing Practice

Nursing, DNP

Concentrations:

- Primary Care Family NP
- Primary Care Pediatric NP
- Psychiatric Mental Health NP
- Adult Gerontology Primary Care NP

Nursing, DNP (Systemwide)

Doctor of Philosophy

Nursing, PHD

Nursing/Gerontology, PHD

Post-Masters Certificate

Adult Gerontology Primary Care Nurse Practitioner, Post Master's Certificate

Primary Care Family Nurse Practitioner, Post Master's Certificate

Primary Care Pediatric Nurse Practitioner, Post Master's Certificate
Psychiatric Mental Health Nurse Practitioner, Post Master's Certificate

- Department of Nutrition Science (Graduate)

Website URL:
https://hhs.purdue.edu/nutr/

Department/School Head:
Laura Murray-Kolb

Academic Programs:

Master's and Ph.D. Programs

Research in nutrition science integrates information from many disciplines: including biochemistry, cell biology, physiology, psychology, food science, genetics, and epidemiology. The Interdepartmental Nutrition Program (INP) is an interdisciplinary training program for students interested in the study of nutrition science.

Professional Master's Program

The Master of Science in dietetics, an Accreditation Council for Education in Nutrition and Dietetics (ACEND)-accredited coordinated program, is a combination of residential classroom learning and supervised practice experience that results in eligibility to sit for the national Commission on Dietetics Registration (CDR) exam to become a registered dietitian nutritionist (RDN).

We offer programs leading to the Master of Science and Doctor of Philosophy degrees.

Regular Graduate Faculty by Rank:

Professor:

Kimberly Buhman
Wayne Campbell
Heather Eicher-Miller
Qing Jiang
Richard Mattes-Distinguished
Laura Murray-Kolb
Dennis Savaiano
Dorothy Teegarden

**Associate Professor:**

John Burgess
Cordelia Running

**Assistant Professor:**

Annabel Biruete
Tzu-Wen Cross
Greg Henderson
Brandon Kistler
Anita Panjwani
Patricia Wolf

**Clinical Associate Professor:**

Dinah Dalder

**Emeritus Faculty**

William Evers
Karen Jamesen
Elsa Janle
Charles R. Santerre
Jon Story
Bruce Watkins
Connie Weaver
Olivia Wood

**Master of Science**

**Dietetics, MS**

**Master of Science in Dietetics**

The Master of Science in dietetics, an Accreditation Council for Education in Nutrition and Dietetics (ACEND)-accredited coordinated program, is a combination of residential classroom learning and supervised practice experience that results in eligibility to sit for the national Commission on Dietetics Registration (CDR) exam to become a registered dietitian nutritionist (RDN). The MSD curriculum, including supervised practice coursework, is organized and designed to achieve the expected depth and breadth of knowledge and competency required by ACEND.

**Degree Requirement**
32 Credits Required

Required Courses

- NUTR 51100 - Applied Nutrition Counseling Credits: 3.00
- NUTR 51200 - Dietary Supplements Credits: 2.00
- NUTR 52100 - Advanced Medical Nutrition Therapy Credits: 3.00
- NUTR 52300 - Trends In Nutrition & Dietetics Credits: 2.00
- NUTR 53100 - Ethical Practice And Professionalism In Dietetics Credits: 1.00
- NUTR 53300 - Community Nutrition Experience Credits: 3.00
- NUTR 53900 - Foodservice Systems Management Experience Credits: 4.00
- NUTR 54200 - Engagement Experience Credits: 3.00
- NUTR 54300 - Medical Nutrition Therapy Experience Credits: 4.00
- NUTR 54400 - Advanced Medical Nutrition Therapy For Special Populations Credits: 1.00
- NUTR 59000 - Special Problems In Nutrition Credits: 1.00 to 4.00
- Eating Disorders and Healthy Weight Maintenance - Credit Hours: 3.00
- Nutrition Pathophysiology - Credit Hours: 2.00
- Leadership in Dietetics - Credit Hours: 1.00

Nutrition, MS

Concentrations:

- Chromatin Regulation Gene Expression - PULSe
- Food Chemistry
- Food Microbiology & Biotechnology
- Food Processing & Technology
- Interdepartmental Food Science
- Interdepartmental Nutrition Program
- Membrane Biology - PULSe
- Molecular Signaling and Cancer Biology - PULSe

Master of Science in Dietetics

Nutrition & Dietetics, MSD (Modality: Residential & Hybrid)

Doctor of Philosophy
Nutrition Science/Cancer Research, PHD

Nutrition Science/Gerontology, PHD

Concentrations:

- Interdepartmental Food Science
- Interdepartmental Nutrition Program

Nutrition, PHD

Concentrations:

- Chromatin Regulation Gene Expression - PULSe
- Food Chemistry
- Food Microbiology & Biotechnology
- Food Processing & Technology
- Ingestive Behavior
- Interdepartmental Food Science
- Interdepartmental Nutrition Program
- Membrane Biology - PULSe
- Molecular Signaling and Cancer Biology - PULSe

Department of Psychological Sciences (Graduate)

Website URL:

http://www.purdue.edu/hhs/psy/

Department/School Head:

Dr. Jeffrey D. Karpicke

Academic Programs:
Master's and Ph.D. Programs

The Department of Psychological Sciences offers six graduate majors, each culminating in the Ph.D. as listed below (note that the Department does not offer terminal master's degree programs).

Clinical Psychological Sciences

The Clinical Psychological Sciences major within the Department of Psychological Sciences dates to the very beginning of the sub-discipline of clinical psychology. In 1935, the American Psychological Association (APA) recommended that clinical psychologists receive specialty training. In 1948, the Clinical Psychology Program at Purdue University was accredited by the APA and has been continuously accredited since that time.

The purpose of the Doctoral Program in Clinical Psychological Sciences is to train students who are involved in the generation of new knowledge in psychology, and competent in the professional application of clinical science to the prevention and remediation of clinical problems. A general background in general and clinical psychology is provided by didactic courses and seminars. Research expertise is honed through apprenticeship to an active clinical science researcher and the completion of a first-year project, M.S. thesis, Preliminary Exam, and Ph.D. dissertation. Clinical experience is provided by participation in both in-house and external practice. The breadth and integration of academic work, research, and clinical training are consistent with standards set forth by the American Psychological Association (APA).

Cognitive Psychology

The graduate major in cognitive psychology is primarily oriented toward doctoral training. All students are required to complete a master's thesis leading to an M.S. degree before continuing the doctoral program. The normal time course for a master's degree is two years, with two additional years for the doctorate. The term "cognitive psychology" encompasses most topics in human experimental psychology. The interests of the faculty in this area include sensory processes, perception, information processing, memory, attention, judgment, thinking, problem-solving, and human factors. Faculty specializing in mathematical psychology, behavioral neuroscience, and animal learning also participate in the cognitive graduate program. Human factors is an interdisciplinary area of interest that focuses on the systematic application of knowledge about human sensory, perceptual, mental, psychomotor, and other characteristics to the design of the many human-made facilities of our current civilization.

Industrial-Organizational Psychology

Purdue's Industrial and Organizational (I-O) psychology major is among the oldest in the world, conferring its first degree in 1939. The program has graduated more PhDs, and produced more SIOP Fellows, than any other I-O program, and is among the top-ranked programs in the nation. We are primarily a Ph.D. program, and as such, training is heavily research-oriented. Students are strongly encouraged to participate in faculty research and eventually to formulate and direct their own individual research projects. Teaching experience is also provided for most students during their graduate program. Most students enter the Ph.D. program with a bachelor's degree, although some enter with a master's degree. Graduate students are admitted to work with one of the primary I-O faculty members who serve as their major professor. Graduate training is based on a science-practice model, where students are trained both as researchers as well as applied scientists equipped to work with organizations on human resource issues. The current faculty has a wide range of research interests, many of which center around the psychological experiences of people at work.

Mathematical and Computational Psychology

Mathematical psychologists and cognitive modelers develop and test quantitative theories of cognition, behavior, neuroscience, and other psychological phenomena. If you like mathematics and are looking for a challenging field in which to apply your skills, you may be interested in a career in mathematical psychology and cognitive modeling. There are quantitative theories of perception, motor performance, social interactions, memory, decision-making, learning, problem-solving, and neuroscience.
These theories can take the form of mathematical equations, but also of computational models and neural network simulations. Students in the mathematical psychology program at Purdue University acquire a solid background in mathematics, psychology, and statistics to use as a basis for creating mathematical, statistical, and computational models in a wide range of psychological areas ranging from low-level perception to higher-level cognitive function such as problem-solving and reasoning. Researchers in the mathematical and computational cognitive science area use different research methodologies such as mathematical modeling, behavioral experiments, simulation experiments, and neuroimaging experiments. Psychology, of course, intersects every human activity, and students are encouraged to take advantage of the excellent opportunities at Purdue to delve into neighboring disciplines such as artificial intelligence, neuroimaging, neurophysiology, robotics, image and video processing, computer science, systems theory, and linguistics.

Neuroscience and Behavior

This program focuses on the study of brain-behavior relationships, broadly defined. It offers students exceptional flexibility to customize their graduate training and research. The program also provides equally exceptional access to state-of-the-art techniques and technologies, such as single-cell recording, optogenetics, electrophysiology (EEG/ERP), magnetic resonance imaging (MRI), and computer simulation. Problems studied by the neuroscience area include, but are not limited to: molecular and genetic determinants of behavior, physiological bases of motivated behaviors (e.g., appetitive, sexual, maternal and drug seeking behaviors), neural and hormonal bases of learning and memory, neural bases of anxiety, physiological bases of psychiatric disorders, and the underlying mechanisms of cognitive processing and social interaction. Cognitive processes currently under investigation include associative learning, reward processing, decision-making, selective attention, and problem-solving. Clinical phenomena currently under investigation include alcoholism, anorexia, diabetes, epilepsy, obesity, depression, anxiety, post-traumatic stress disorder, and autism.

Social Psychology

Welcome to the Social Psychology program at Purdue University! With a long history of distinguished accomplishments, we are proud to be one of the world's leading training programs in social psychology. Our faculty is world-renowned experts in the core areas of social psychology, including social cognition, social influence, prejudice and discrimination, group dynamics, and interpersonal relationships. Graduates from our program are leaders in the field.

Graduate Majors:

- Clinical Psychological Sciences
- Cognitive Psychology
- Industrial-Organizational Psychology
- Mathematical and Computational Psychology
- Neuroscience and Behavior
- Social Psychology

Department/School Head:
Randolph Hubach, PhD, MPH

Research Degree Programs:

Master of Science (MS)
The MS degree in public health is a traditional research master's program. Students complete 34 credit hours over a two-year period under the guidance of a faculty mentor. A research-based thesis is completed as a graduation requirement, preparing students for doctoral training and careers in research institutions.

Master of Science Website:
https://hhs.purdue.edu/graduate-programs/public-health-graduate-program/

Doctor of Philosophy (PhD)
The Ph.D. program is designed to prepare students for careers in high-level research positions in a variety of academic institutions and government agencies as well as private and non-profit organizations. Students must complete a research-intensive dissertation under the mentorship of public health faculty that is aligned with their public health interest area as part of the 90-credit graduation requirement.

Professional Degree Programs

Master of Health Administration (MHA)
The MHA program trains students on a range of health administration-related skills, methods, and tools to ensure cost-effective quality care and patient safety. Students will explore current health administration, health policy, and public health concerns facing the management of complex healthcare organizations. Students are prepared to handle real-world issues that healthcare managers face and the curriculum includes a capstone course where students apply what they have learned to a real healthcare administration problem.

Online Master of Health Administration Website: https://www.purdue.edu/hhs/public-health/graduate/graduate-degrees/mha-online/overview.php

Master of Public Health (MPH)
The MPH program, accredited by the Council on Education for Public Health, prepares students to evaluate and address the changing dynamics affecting health and access to services. It includes a rigorous background in core public health disciplines and specialization in one of two concentrations. Students will develop and apply skills through a 200-hour practicum and culminating project course.

Program Tracks

- Standalone (traditional two-year program)
- Combined Degree Program (BS/BA + MPH)
- Dual-Degree (PhD/MS/MA + MPH)

Concentrations

- Family and Community Health (Residential and Online)
- Biostatistics (Residential)

Residential Master of Public Health Website:

Master of Public Health

Public Health, MPH

Concentrations:

- Family and Community Health
- Biostatistics

Public Health, MPH (Modality: Online)

Concentrations:

- Biostatistics
- Environmental Health
- Family and Community Health

Master of Health Administration

Public Health, MHA (Modality: Residential & Online)

Master of Science
Public Health, MS

Doctor of Philosophy

Public Health, PhD

Post-Baccalaureate Certificate

Healthcare Leadership, Post Baccalaureate Certificate (Modality: Residential & Online)

Healthcare Operations, Post Baccalaureate Certificate (Modality: Residential & Online)

Healthcare Quality Improvement, Post Baccalaureate Certificate (Modality: Residential & Online)

Department of Speech, Language, and Hearing Sciences (Graduate)

Website URL:
https://hhs.purdue.edu/graduate-students/programs/?department=speech-language-and-hearing-sciences

Department/School Head:

Jennifer Simpson (interim)

Academic Programs:

Master's, Au.D., and Ph.D. Programs
The Department of Speech, Language, and Hearing Sciences emphasizes the study of human communication sciences and disorders. All aspects of communication - including speech, language, and hearing - as well as essential functions of swallowing and balance, are explored through all stages of the lifespan. The Department provides excellence in education across undergraduate, graduate professional (MS-SLP and AuD), and research programs (Ph.D.).

- Ph.D. Program
- Au.D. Program
- MS-SLP Program
- Dual Track Degree Programs

**Concentrations (Areas of Study):**

- Auditory Perception, Neural Plasticity, and Sensory Aids
- Augmentative and Alternative Communication
- Aural Rehabilitation for Children and Adults
- Autism Spectrum Disorders
- Cognitive Neuroscience Approaches to Hearing, Language Processing, and Communicative Disorders: Applications of Functional Brain Imaging and Evidence from Brain-Damaged Individuals
- Language Structure, Development, and Disorders: Single Language and Crosslinguistic Studies
- Linguistics Applied to Communicative Sciences and Disorders
- Sign Language Linguistics
- Speech and Voice Physiology
- Speech Perception
- Speech Production, Development, and Disorders: A Lifespan Perspective
- Swallowing Physiology and Swallowing Disorders

**Regular Graduate Faculty by Rank:**

**Professor**

- Alexander L. Francis
- Michelle Gutmann
- Michael Heinz
- David Kemmerer
- Ravi Krishnan
- Laurence B. Leonard
- Chenell Loudermill
- Georgia Malandraki
- Jennifer Simpson
- Preeti Sivasankar
- Beth Strickland
- Dawn Wetzel
- Ronnie Wilbur
- Shannon Van Hyfte

**Associate Professor**
Joshua Alexander
Jaime Bauer Malandraki
Arielle Borovsky
Françoise Brosseau-Lapré
Natalya Kaganovich
Brandon Keehn
Jiyeon Lee
Christi Masters

Assistant Professor
Anne Gritt
Jillian Hubertz
Kwang Kim
Windi Krok
Lydia Kruse
Arianna LaCroix
Zachary La Fratta
Malinda McPherson
Melissa Newell
Allison Schaser
Maureen Shader

Emeritus Faculty
Barb Cicholski
David Ertmer
Macalyne Fristoe
Jackson T. Gandour
Luella Glick
Lisa Goffman
David Goldstein
Hope Gulker
Keith Kluender
Lata Krishnan
Jeanette Leonard
Claudia Mourmout
William Murphy
Robert Novak
Mary Lou Poole
Anne Smith
David Snow
Barbara Solomon
Christine Weber

Master of Science
Speech/Language/Hearing Science, MS
Concentrations:

- Clinical Slp/Thesis
- Clinical Speech Language
- Hearing Science
- Integrated Neuroscience - PULSe
- Non-Clinical Speech & Language
- Pre-Clinical Audiology
- Research Speech & Language Science

**Doctor of Audiology**

**Speech/Language/Hearing Sciences, DAUD**

Audiology (AuD) - College of Health and Human Sciences (purdue.edu)

**Doctor of Philosophy**

**Speech/Language/Hearing Science, PHD**

Concentration:

- Integrated Neuroscience - PULSe

**Speech/Language/Hearing Science/Gerontology, PHD**

- **Division of Consumer Science (Graduate)**

**Department/School Head:**

Ceridwyn King, Professor and Head
Academic Programs:

The consumer science graduate program offers world-class postgraduate programs for industry professionals seeking to move ahead in their careers and aspiring academics seeking to gain the knowledge and skills to be researchers and teachers.

PhD Program

The PhD program is designed to be one of the strongest research-based programs in the world. The program - which includes a strong element of statistics and research design - prepares you for careers at major research universities or research-based agencies. Upon graduation, you are expected to have a curriculum vitae that includes instructional knowledge, publishing experience in research journals, and a record of presentations to industry and research societies.

Master of Science Programs

The Master of Science degree program allows you to specialize and apply theoretically grounded, cutting-edge research in one of two areas: consumer behavior or family and consumer economics. The MS program offers one of the most up-to-date and integrated blends of theory, technology and applications in consumer science. Core courses will advance your understanding of this dynamic industry while allowing you to explore how to conduct research and analyze information. You will then specialize in your area of interest through a variety of electives and research projects. The non-thesis option meets the needs of those wishing to earn a master's degree and return to the industry. Students pursuing this degree track are not eligible for automatic consideration into the consumer science PhD program.

Concentrations (Areas of Study):

In the consumer science master's and doctoral programs, you'll gain significant exposure to research, working directly with the school's faculty to explore important issues across consumer science:

- Branding and consumer experience
- Consumer financial behavior
- Machine learning and data analysis in consumer research
- Financial risk tolerance and behavioral finance
- Retail innovation and shopping behavior

Students in the Consumer Science graduate programs can select a concentration to provide a primary focus of study.

- **Consumer Behavior.** Theories from several disciplines are employed in the study of the decision process, and activities and influences while individuals engage in the various stages of evaluation, use, and disposal of consumer goods and service. Previous background in the social sciences, marketing, or economics is assumed. Students who do not possess this background may need to enroll in supplementary coursework to build entry competencies.

- **Family and Consumer Economics.** Primary areas of study for the Master of Science degree or the Doctor of Philosophy degree are consumer economics, consumer resource management, or family economics. In addition to the primary area, both the M.S. and Ph.D. plans of study must include one or more related areas of study. These areas include, but are not limited to agricultural economics, economics, management, psychology, sociology, and statistics.

HHS Policies & Procedures

HHS Pass / Not-Pass Policy

Students enrolled in the College of Health & Human Sciences may take courses under the Pass / Not-Pass option subject to the following regulations:

1. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements.

2. A student may elect the Pass / Not-Pass option for elective courses only, unless a department / academic unit requires that a specific departmental course/s be taken Pass / Not-Pass.

3. The option may not be adopted for any courses used to fulfill any HHS minor requirements.

4. In addition to elective courses, students may elect to take University Core Curriculum (UCC) courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option.

   1. If the Pass / Not-Pass option is exercised for a UCC course, students must pass the course in which the foundational outcome is addressed based on Purdue's approved grading scale (including a grade of P). Passing the course indicates that the student has satisfactorily met the foundational outcome (Provost Curriculum FAQ).

5. If a student elects to take a course P/NP, the student will indicate which course is taken P/NP at the time the student registers. Standard registration procedures, such as the rules governing drop/add, withdrawal from courses, etc., will be followed. The deadlines for when the grade mode of a course can be modified can be found on the drop/add/modify calendar.

6. The Pass / Not-Pass option cannot be elected for a course that already appears on a student's academic record, with the exception of when a student repeats a course previously taken with the Pass / Not-Pass option.

7. A student who passes a course, which is required by an HHS department / academic unit, under the option, while enrolled in another school or college at Purdue University, and switches / CODOs into an HHS program, will be required to complete the course for a grade. With departmental / academic unit approval, switch/CODO students could use a P/NP course to satisfy a program requirement.

PROCEDURAL NOTE:

Regarding "G" of the proposed policy: until the University Educational Policy and Curriculum (EPC) Committee amends the current repeat regulation, the Registrar will permit exceptions to repeat with a grade if previously taken P/N in another program with an e-mail from the advisor indicating it is a degree requirement.
