

College of Health and Human Sciences

College of Health and Human Sciences

Overview

From cancer researcher to preschool teacher and beyond, HHS prepares students for dynamic careers in the ever-expanding fields of health and human sciences. You'll be amazed by the wide-range of career options HHS majors can offer. Just click on the links below and see for yourself!

- Health and Kinesiology
- Health Sciences
- Hospitality and Tourism Management
 - Consumer Science
- Human Development and Family Studies
- Nursing
- Nutrition Science
- Psychological Sciences
- Public Health Program
- Speech, Language, and Hearing Sciences

Today's competitive workplace demands more than just classroom learning. HHS offers students experiences beyond the classroom, such as undergraduate research, study abroad, real world healthcare training (clinical) and internships.

Advising

Academic advising is essential to student success at Purdue University. The central goal for the academic advising relationship is to assist students in the purposeful creation of an educational plan that includes curricular, co-curricular

and extracurricular goals, objectives, and activities. Click the appropriate link below for a listing of advisors for that department. For information about academic advising and what you can expect, click [here](#).

Department of Health and Kinesiology

Health & Kinesiology Overview

Purdue University's Department of Health and Kinesiology (HK) confronts issues related to health through research, student learning and community engagement that focuses on human movement, sports performance and management, exercise and fitness, public health, and disease prevention. Utilizing a multidiscipline, team approach, Health and Kinesiology is a leader in faculty-led, student-centered research.

We are shaping the future by preparing the next generation - HK students - to help others develop and sustain a healthy and active lifestyle. From physical activity and health professionals to researchers and policymakers, HK graduates are tackling global health concerns across the lifespan. We invite you to explore our website to learn more about HK's majors, hands-on learning facilities and outstanding faculty.

Graduate Information

For Graduate Information please see Health and Kinesiology Graduate Program Information.

Baccalaureate

Kinesiology, BS

About the Program

The Kinesiology major is based on the idea of studying human movement and sport from the point of view of sub-disciplines in kinesiology. The curriculum includes courses in exercise physiology, biomechanics, motor control, motor development, and sport and exercise psychology. Students will choose five advanced courses, based on their interests, to further develop their knowledge. Students also have the opportunity to work with a professor to conduct research in a specific area of Kinesiology. This major offers excellent preparation for students who plan to attend graduate school in an area of kinesiology or professional school. Examples include physical therapy (PT), occupational therapy (OT), medicine, physician assistant (PA), chiropractic, biomechanics, exercise physiology, motor learning, motor development, etc.

Students in this major can choose to pursue an optional Clinical Exercise Physiology Concentration.

Department of Health and Kinesiology

Kinesiology Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (39-40 credits)

- HK 10000 - Foundations Of Kinesiology
- HK 13500 - Introduction To Health And Kinesiology
- HK 25300 - Principles Of Motor Development
- HK 25800 - Foundations Of Motor Skill Learning

- HK 26300 - Biomechanical Foundations Of Motor Skills
- HK 30200 - Applied Clinical Anatomy
- HK 36800 - Exercise Physiology I
- HK 37200 - Sport And Exercise Psychology I
- HK 46500 - Research Methods
- Kinesiology Selectives - select 5 courses - Credit Hours: 14.00-15.00 or
- Optional Concentration - Clinical Exercise Physiology Concentration for Kinesiology

Other Departmental/Program Course Requirements (43-48 credits)

- BIOL 20300 - Human Anatomy And Physiology ♦ (satisfies Science for core)
- BIOL 20400 - Human Anatomy And Physiology ♦ (satisfies Science for core)
- CNIT 13600 - Personal Computing Technology And Applications ♦
- COM 11400 - Fundamentals Of Speech Communication ♦ (satisfies Oral Communication for core)
- MA 15800 - Precalculus- Functions And Trigonometry (satisfies Quantitative Reasoning for core)
- PHYS 22000 - General Physics ♦
- PSY 12000 - Elementary Psychology ♦ (satisfies Human Cultures: Behavioral & Social Sciences for core)
- STAT 30100 - Elementary Statistical Methods ♦
- CHM 11100 - General Chemistry ♦ or
- CHM 11500 - General Chemistry ♦
- CHM 11200 - General Chemistry ♦ or
- CHM 11600 - General Chemistry ♦
- ENGL 10600 - First-Year Composition ♦ (satisfies Written Communication and Information Literacy for core) or
- ENGL 10800 - Accelerated First-Year Composition ♦ (satisfies Written Communication and Information Literacy for core)
- Culture & Diversity Selective - Credit Hours: 3.00
- Human Cultures: Humanities - Credit Hours: 3.00 (satisfies Humanities for core)
- Science, Technology & Society - Credit Hours: 1.00-3.00 (satisfies Science, Technology & Society for core)

Electives (16-21 credits) or (32-38 credits)

If completing 14-15 credit hours in the Kinesiology Selectives for the major then 32-38 elective credits are required.

If completing the optional Clinical Exercise Physiology Concentration in place of the 14-15 credits in Kinesiology Selectives then 16-21 elective credits are required.

Additional Requirements

- Kinesiology Supplemental Information

Clinical Exercise Physiology Optional Concentration

Clinical Exercise Physiology Concentration for Kinesiology

University Core Requirements

For a complete listing of University Core Course Selectives, visit the [Provost's Website](#).

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

Program Requirements

Fall 1st Year

- BIOL 20300 - Human Anatomy And Physiology ♦
- HK 13500 - Introduction To Health And Kinesiology
- MA 15800 - Precalculus- Functions And Trigonometry
- CNIT 13600 - Personal Computing Technology And Applications ♦
- ENGL 10600 - First-Year Composition ♦ or
- ENGL 10800 - Accelerated First-Year Composition ♦

14-15 Credits

Spring 1st Year

- BIOL 20400 - Human Anatomy And Physiology ♦
- COM 11400 - Fundamentals Of Speech Communication ♦
- HK 10000 - Foundations Of Kinesiology
- PSY 12000 - Elementary Psychology ♦
- Elective - Credit Hours: 3.00

16 Credits

Fall 2nd Year

- HK 30200 - Applied Clinical Anatomy
- HK 36800 - Exercise Physiology I
- CHM 11100 - General Chemistry ♦ or

- CHM 11500 - General Chemistry ♦
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-16 Credits

Spring 2nd Year

- HK 26300 - Biomechanical Foundations Of Motor Skills
- HK 37200 - Sport And Exercise Psychology I
- CHM 11200 - General Chemistry ♦ or
- CHM 11600 - General Chemistry ♦
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-16 Credits

Fall 3rd Year

- HK 25300 - Principles Of Motor Development
- PHYS 22000 - General Physics ♦
- STAT 30100 - Elementary Statistical Methods ♦
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

16 Credits

Spring 3rd Year

- HK 25800 - Foundations Of Motor Skill Learning
- HK 46500 - Research Methods
- Kinesiology Selective - Credit Hours: 3.00
- Culture & Diversity Selective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15 Credits

Fall 4th Year

- Human Cultures: Humanities core - Credit Hours: 3.00
- Kinesiology Selective - Credit Hours: 3.00
- Kinesiology Selective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15 Credits

Spring 4th Year

- Kinesiology Selective - Credit Hours: 3.00
- Kinesiology Selective - Credit Hours: 3.00
- Science, Technology & Society core - Credit Hours: 1.00 - 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 1.00

14-16 Credits

Notes

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.
- 2.0 Graduation GPA required for Bachelor of Science degree.
- "C-" or better required in all HK courses
- At least 32 credits of Purdue coursework required at 30000 level or higher for graduation.
 - *KINE includes 29-30 credits (if taken at Purdue).*
 - *Kinesiology with Optional Concentration includes 43 credits (if taken at Purdue).*

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor.

ASL-American Sign Language	ARAB-Arabic	CHNS-Chinese
GER-German	GREK-Greek (ancient)	HEBR-Hebrew (Biblical)
ITAL-Italian	JPNS-Japanese	KOR-Korean
PTGS-Portuguese	RUSS-Russian	SPAN-Spanish

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Program Information

Behavior Social Sciences Concentration for Public Health

Concentration Courses (18-19 Credits)

Required Courses (3-4 credits)

- BIOL 11000 - Fundamentals Of Biology I or

Introduction Course (3 credits)

- ANTH 20300 - Biological Bases Of Human Social Behavior or
- ANTH 21200 - Culture, Food And Health or
- ANTH 34000 - Global Perspectives On Health

Select 12 credits from the following: (from minimum of two departments)

- COM 37800 - Introduction To Health Communication
- COM 47800 - Health Communication Campaigns
- COM 57600 - Health Communication
- HDFS 21000 - Introduction To Human Development
- HDFS 32500 - Health And Health Care For Children And Families
- POL 30000 - Introduction To Political Analysis
- POL 52400 - Public Policy And The Family
- PSY 22200 - Introduction To Behavioral Neuroscience
- PSY 35000 - Abnormal Psychology
- SOC 22000 - Social Problems
- SOC 35200 - Drugs, Culture, And Society
- SOC 38200 - Introduction To Statistics In Sociology
- SOC 38300 - Introduction To Research Methods In Sociology
- SOC 53100 - Community Organization
- SOC 57100 - Health And Behavior
- SOC 57200 - Comparative Healthcare Systems

- SOC 57300 - The Human Side Of Medicine
- SOC 57600 - Health And Aging In Social Context
- PSY 24000 - Introduction To Social Psychology or
- SOC 34000 - General Social Psychology
- TLI 11200 - Foundations Of Organizational Leadership or
- OLS 25200 - Human Relations In Organizations
- TLI 25400 - Leading Change In Technology Organizations or
- OLS 38600 - Leadership For Organizational Change And Innovation

Biostatistics/Communications & Information/Systems Thinking Concentration for Public Health

Concentration Courses (18 credits)

Required Courses (3 credits)

- CGT 14100 - Internet Foundations Technologies And Development

Select 15 credits from the following: (from minimum of two departments)

- CNIT 45800 - Biomedical Informatics
- COM 25300 - Introduction To Public Relations
- COM 31500 - Speech Communication Of Technical Information
- COM 41500 - Discussion Of Technical Problems
- COM 43500 - Communication And Emerging Technologies
- MET 52700 - Technology From A Global Perspective
- NUR 52500 - Informatics In Nursing
- PSY 27200 - Introduction To Industrial-Organizational Psychology
- SOC 57200 - Comparative Healthcare Systems
- SOC 38200 - Introduction To Statistics In Sociology
- SOC 38300 - Introduction To Research Methods In Sociology
- STAT 49000 - Topics In Statistics For Undergraduates
- SYS 35000 - Systems Theories And Approaches
- IET 23500 - Introduction To Lean And Sustainable Systems
- TLI 25300 - Principles Of Technology Strategy
- IET 43640 - Lean Six Sigma
- TLI 25400 - Leading Change In Technology Organizations or
- OLS 38600 - Leadership For Organizational Change And Innovation

Clinical Exercise Physiology Concentration for Kinesiology

Required Courses (31 credits)

Includes 14 credits of Kinesiology Selectives

- HK 22100 - Foundations For The Fitness Professional
- HK 26900 - Career Development And Preparation For The Health And Fitness Fields
- HK 31800 - Strength And Conditioning And Exercise Instruction Across The Lifespan
- HK 41100 - Clinical Applications Of Health/Fitness Concepts III
- HK 42100 - Health Screening And Fitness Evaluation And Design
- HK 42200 - Basic Concepts In Exercise Program Design
- HK 46900 - Exercise Testing And Prescription In Special Populations
- HK 48500 - Electrocardiography, Cardiovascular Disease And Exercise
- HK 49201 - Internship For Exercise And Health
- NUTR 30300 - Essentials Of Nutrition

Note

Students must earn a C- or higher in all HK courses

Environmental Health/Epidemiology/Public Health Biology Concentration for Public Health

Concentration Courses (20 credits)

Required Courses (8 credits)

- BIOL 11000 - Fundamentals Of Biology I and
- BIOL 11100 - Fundamentals Of Biology II

Select 12 credits from the following: (from minimum of two departments)

- AGRY 12500 - Environmental Science And Conservation or
- EAPS 12500 - Environmental Science And Conservation or
- NRES 12500 - Environmental Science And Conservation or
- FNR 12500 - Environmental Science And Conservation

- AGECE 20400 - Introduction To Resource Economics And Environmental Policy
- AGECE 52500 - Environmental Policy Analysis
- AGRY 32000 - Genetics
- ANTH 32700 - Environment And Culture

- ANTH 39300 - Interdisciplinary Approaches To Environmental And Sustainability Studies or
- ENGL 39300 - Interdisciplinary Approaches To Environmental And Sustainability Studies or
- NRES 39300 - Interdisciplinary Approaches To Environmental And Sustainability Studies or

- BCHM 30700 - Biochemistry
- BIOL 22100 - Introduction To Microbiology
- BIOL 24100 - Biology IV: Genetics And Molecular Biology
- BIOL 48300 - Great Issues: Environmental And Conservation Biology
- CHM 25500 - Organic Chemistry
- CHM 25600 - Organic Chemistry
- CHM 25700 - Organic Chemistry
- CHM 33300 - Principles Of Biochemistry
- FNR 48800 - Global Environmental Issues
- HSCI 20200 - Essentials Of Environmental, Occupational, And Radiological Health Sciences
- HSCI 34500 - Introduction To Occupational And Environmental Health Sciences
- NUTR 59000 - Special Problems In Nutrition
- PHIL 27000 - Biomedical Ethics
- PHIL 29000 - Environmental Ethics
- POL 22300 - Introduction To Environmental Policy
- POL 22900 - Emerging Problems In Political Science
- PSY 42200 - Genes and Behavior
- POL 42300 - International Environmental Policy
- SOC 37400 - Medical Sociology
- SOC 57200 - Comparative Healthcare Systems

Global Health Concentration for Public Health

Concentration Courses (18 credits)

Required Courses (3 credits)

- ANTH 20500 - Human Cultural Diversity or
- ANTH 34000 - Global Perspectives On Health

Select 15 credits from the following: (from minimum of two departments)

- AAS 37100 - The African American Experience (variable topics- approval by Public Health faculty)
- AAS 37300 - Issues In African American Studies (variable topics- approval by Public Health faculty)
- AGR 20100 - Communicating Across Culture
- ANTH 21200 - Culture, Food And Health
- ANTH 33700 - Human Diet: Origins And Evolution
- ANTH 48200 - Sexual Diversity In Global Perspectives
- ASAM 24000 - Introduction To Asian American Studies
- ASAM 34000 - Contemporary Issues In Asian American Studies
- COM 22400 - Communicating In The Global Workplace
- FNR 48800 - Global Environmental Issues
- HDFS 21000 - Introduction To Human Development
- HDFS 30500 - Biosocial Foundations Of The Family
- HDFS 32500 - Health And Health Care For Children And Families
- HIST 30000 - Eve Of Destruction: Global Crises And World Organization In The 20th Century

- IDIS 59100 - Selected Topics In Interdisciplinary Studies (variable topics- approval by Public Health faculty)
- LALS 25000 - Introduction To Latin American And Latino Studies
- MET 52700 - Technology From A Global Perspective
- PHIL 11400 - Global Moral Issues
- POL 22900 - Emerging Problems In Political Science

- PSY 24000 - Introduction To Social Psychology or
- SOC 34000 - General Social Psychology

- PSY 33500 - Stereotyping And Prejudice
- SOC 31000 - Race And Ethnicity
- SOC 33800 - Global Social Movements
- SOC 33900 - Introduction To The Sociology Of Developing Nations
- SOC 35200 - Drugs, Culture, And Society
- SOC 38200 - Introduction To Statistics In Sociology
- SOC 57200 - Comparative Healthcare Systems
- SOC 57400 - The Social Organization Of Healthcare
- SOC 57600 - Health And Aging In Social Context

Health Policy & Management Concentration for Public Health

Concentration Courses (18 credits)

Required Courses (6 credits)

- POL 12000 - Introduction To Public Policy And Public Administration
- IET 43640 - Lean Six Sigma

Select 12 credits from the following: (from minimum of two departments)

- COM 22400 - Communicating In The Global Workplace
- COM 25300 - Introduction To Public Relations
- COM 32000 - Small Group Communication
- COM 32400 - Introduction To Organizational Communication
- COM 32800 - Diversity At Work: A Rhetorical Approach
- COM 37500 - Conflict And Negotiation
- COM 41900 - Judgment And Decision Making
- CSR 30900 - Leadership Strategies
- CSR 33100 - Consumer Behavior
- ECON 25100 - Microeconomics
- ECON 25200 - Macroeconomics
- MGMT 20000 - Introductory Accounting
- MGMT 20100 - Management Accounting I
- MGMT 30400 - Introduction To Financial Management

- MGMT 32300 - Principles Of Marketing
- MGMT 44301 - Management Of Human Resources
- MGMT 44362 - Leadership & Organizational Change
- MGMT 45500 - Legal Background For Business I
- OLS 38800 - Leadership Through Teams
- POL 30000 - Introduction To Political Analysis
- POL 52400 - Public Policy And The Family
- PSY 27200 - Introduction To Industrial-Organizational Psychology
- SOC 22000 - Social Problems
- SOC 37400 - Medical Sociology

- SOC 57300 - The Human Side Of Medicine
- SOC 57400 - The Social Organization Of Healthcare
- SOC 57600 - Health And Aging In Social Context
- SYS 40000 - Science And Technology Policy
- TLI 15200 - Business Principles For Organizational Leadership
- TLI 21300 - Project Management

- TLI 25400 - Leading Change In Technology Organizations or
- OLS 38600 - Leadership For Organizational Change And Innovation

Interdisciplinary Concentration for Public Health

Concentration Courses (18 credits)

- Introduction Course Selectives - Credit Hours: 6.00
 - Course selections determined in consultation with Public Health faculty
- INTC Concentration Selectives - Credit Hours: 12.00 from minimum of two departments.
 - Course selections determined in consultation with Public Health faculty

Kinesiology Supplemental Information

Kinesiology Selectives - select 5 courses (14-15 credits)

If not completing the Clinical Exercise Physiology concentration, student must complete 5 courses (14-15 credits) of Kinesiology Selectives. To complete the optional CEXP concentration, student must complete all courses in the concentration.

Students must earn a C- or higher in all HK courses.

- HK 31800 - Strength And Conditioning And Exercise Instruction Across The Lifespan
- HK 32500 - Instructional Skills For Kinesiology
- HK 33100 - Developmentally Appropriate Physical Activity For Children
- HK 37600 - History Of Sport
- HK 42100 - Health Screening And Fitness Evaluation And Design
- HK 42200 - Basic Concepts In Exercise Program Design

- HK 42400 - Health And Fitness Program Management
- HK 44300 - Neuroscience Of Movement
- HK 44400 - Balance Rehab In Older Adults
- HK 45300 - Motor Coordination And Development
- HK 45800 - Principles Of Motor Control And Learning
- HK 46300 - Analysis Of Human Motion
- HK 46800 - Advanced Exercise Physiology II
- HK 46900 - Exercise Testing And Prescription In Special Populations
- HK 47200 - Sport And Exercise Psychology II
- HK 47400 - Youth Physical Activity Behavior
- HK 48500 - Electrocardiography, Cardiovascular Disease And Exercise
- HK 49000 - Special Topics In Health And Kinesiology
- HK 49500 - International Special Topics
- HK 49600 - Mentored Research In Kinesiology

Culture & Diversity Selective List (3 credits)

- AAS 27100 - Introduction To African American Studies
- AAS 27700 - African American Popular Culture
- AAS 37000 - Black Women Rising
- AAS 37100 - The African American Experience
- AAS 37300 - Issues In African American Studies
- AAS 37600 - The Black Male
- ANTH 20500 - Human Cultural Diversity
- ANTH 21200 - Culture, Food And Health
- ANTH 23000 - Gender Across Cultures
- ANTH 34000 - Global Perspectives On Health
- ANTH 37900 - Native American Cultures
- ASAM 24000 - Introduction To Asian American Studies
- ASAM 34000 - Contemporary Issues In Asian American Studies
- ASL 28000 - American Deaf Community: Language, Culture, And Society
- CHNS 28000 - Topics In Chinese Civilization and Culture
- COM 22400 - Communicating In The Global Workplace
- COM 30300 - Intercultural Communication
- COM 37600 - Communication And Gender
- COM 38100 - Gender And Feminist Studies In Communication
- HDFS 28000 - Diversity In Individual And Family Life
- HIST 21000 - The Making Of Modern Africa
- HIST 24000 - East Asia And Its Historic Tradition
- HIST 24100 - East Asia In The Modern World
- HIST 24300 - South Asian History And Civilizations
- HIST 24500 - Introduction To The Middle East History And Culture
- HIST 24600 - Modern Middle East And North Africa
- HIST 27100 - Introduction To Colonial Latin American History (1492-1810)
- HIST 27200 - Introduction To Modern Latin American History (1810 To The Present)
- HIST 34400 - History Of Modern Japan
- HIST 36600 - Hispanic Heritage Of The United States

- HIST 37700 - History And Culture Of Native America
- JWST 33000 - Introduction To Jewish Studies
- LALS 25000 - Introduction To Latin American And Latino Studies
- PHIL 22500 - Philosophy And Gender
- PHIL 24200 - Philosophy, Culture, And The African American Experience
- POL 22200 - Women, Politics, And Public Policy
- PSY 23900 - The Psychology Of Women
- PSY 33500 - Stereotyping And Prejudice
- SOC 31000 - Race And Ethnicity
- SOC 33900 - Introduction To The Sociology Of Developing Nations
- SOC 45000 - Gender Roles In Modern Society
- WGSS 28000 - Women's, Gender, And Sexuality Studies: An Introduction
- WGSS 38000 - Gender And Multiculturalism
- WGSS 38100 - Women Of Color In The United States
- WGSS 38300 - Women And Work

Study Abroad Course upon approval of HK department

Public Health Required Concentration List

One of the following concentrations is required for the Public Health major.

Environmental Health/Epidemiology/Public Health Biology Concentration - EHEP (20 credits)

Required

- BIOL 11000 - Fundamentals Of Biology I and
- BIOL 11100 - Fundamentals Of Biology II

Select 12 credits from the following: (from minimum of two departments)

- AGRY 12500 - Environmental Science And Conservation or
- EAPS 12500 - Environmental Science And Conservation or
- NRES 12500 - Environmental Science And Conservation or
- FNR 12500 - Environmental Science And Conservation
- AGEC 20400 - Introduction To Resource Economics And Environmental Policy
- AGEC 52500 - Environmental Policy Analysis
- AGRY 32000 - Genetics
- ANTH 32700 - Environment And Culture
- ANTH 39300 - Interdisciplinary Approaches To Environmental And Sustainability Studies
- ENGL 39300 - Interdisciplinary Approaches To Environmental And Sustainability Studies
- NRES 39300 - Interdisciplinary Approaches To Environmental And Sustainability Studies
- BCHM 30700 - Biochemistry
- BIOL 22100 - Introduction To Microbiology
- BIOL 24100 - Biology IV: Genetics And Molecular Biology
- BIOL 48300 - Great Issues: Environmental And Conservation Biology
- CHM 25500 - Organic Chemistry

- CHM 25600 - Organic Chemistry
- CHM 25700 - Organic Chemistry
- CHM 33300 - Principles Of Biochemistry
- FNR 48800 - Global Environmental Issues
- HSCI 20200 - Essentials Of Environmental, Occupational, And Radiological Health Sciences
- HSCI 34500 - Introduction To Occupational And Environmental Health Sciences NUTR 59000 - Nutritional Epidemiology Credit Hours: 1.00 to 4.00
- PHIL 27000 - Biomedical Ethics
- PHIL 29000 - Environmental Ethics
- POL 22300 - Introduction To Environmental Policy
- POL 22900 - Emerging Problems In Political Science
- POL 42300 - International Environmental Policy
- PSY 42200 - Genes and Behavior
- SOC 37400 - Medical Sociology
- SOC 57200 - Comparative Healthcare Systems

Global Health Concentration - GHLH (18 credits)

Required

- ANTH 20500 - Human Cultural Diversity or
- ANTH 34000 - Global Perspectives On Health

Select 15 credits from the following: (from minimum of two departments)

- AAS 37100 - The African American Experience (variable topics - approval by Public Health faculty)
- AAS 37300 - Issues In African American Studies (variable topics - approval by Public Health faculty)
- AGR 20100 - Communicating Across Culture
- ANTH 21200 - Culture, Food And Health
- ANTH 33700 - Human Diet: Origins And Evolution
- ANTH 48200 - Sexual Diversity In Global Perspectives
- ASAM 24000 - Introduction To Asian American Studies
- ASAM 34000 - Contemporary Issues In Asian American Studies
- COM 22400 - Communicating In The Global Workplace
- FNR 48800 - Global Environmental Issues
- HDFS 21000 - Introduction To Human Development
- HDFS 30500 - Biosocial Foundations Of The Family
- HDFS 32500 - Health And Health Care For Children And Families
- HIST 30000 - Eve Of Destruction: Global Crises And World Organization In The 20th Century
- IDIS 59100 - Selected Topics In Interdisciplinary Studies
- LALS 25000 - Introduction To Latin American And Latino Studies
- MET 52700 - Technology From A Global Perspective
- PHIL 11400 - Global Moral Issues
- POL 22900 - Emerging Problems In Political Science

- PSY 24000 - Introduction To Social Psychology or
- SOC 34000 - General Social Psychology

- PSY 33500 - Stereotyping And Prejudice
- SOC 31000 - Race And Ethnicity

- SOC 33800 - Global Social Movements
- SOC 33900 - Introduction To The Sociology Of Developing Nations
- SOC 35200 - Drugs, Culture, And Society
- SOC 38200 - Introduction To Statistics In Sociology
- SOC 57200 - Comparative Healthcare Systems
- SOC 57400 - The Social Organization Of Healthcare
- SOC 57600 - Health And Aging In Social Context

Health Policy & Management Concentration - HPMG (18 credits)

- IET 43640 - Lean Six Sigma
- POL 12000 - Introduction To Public Policy And Public Administration

Select 12 credits from the following: (from minimum of two departments)

- COM 22400 - Communicating In The Global Workplace
- COM 25300 - Introduction To Public Relations
- COM 32000 - Small Group Communication
- COM 32400 - Introduction To Organizational Communication
- COM 32800 - Diversity At Work: A Rhetorical Approach
- COM 37500 - Conflict And Negotiation
- COM 41900 - Judgment And Decision Making
- CSR 30900 - Leadership Strategies
- CSR 33100 - Consumer Behavior
- ECON 25100 - Microeconomics
- ECON 25200 - Macroeconomics
- MGMT 20000 - Introductory Accounting
- MGMT 20100 - Management Accounting I
- MGMT 30400 - Introduction To Financial Management
- MGMT 32300 - Principles Of Marketing
- MGMT 44301 - Management Of Human Resources
- MGMT 44362 - Leadership & Organizational Change
- MGMT 45500 - Legal Background For Business I
- OBHR 33000 - Introduction To Organizational Behavior
- OLS 38800 - Leadership Through Teams
- POL 30000 - Introduction To Political Analysis
- POL 52400 - Public Policy And The Family
- PSY 27200 - Introduction To Industrial-Organizational Psychology
- SOC 22000 - Social Problems
- SOC 37400 - Medical Sociology
- SOC 53100 - Community Organization
- SOC 57200 - Comparative Healthcare Systems
- SOC 57300 - The Human Side Of Medicine
- SOC 57400 - The Social Organization Of Healthcare
- SOC 57600 - Health And Aging In Social Context
- SYS 40000 - Science And Technology Policy
- TLI 15200 - Business Principles For Organizational Leadership

- TLI 21300 - Project Management
- TLI 25400 - Leading Change In Technology Organizations or
- OLS 38600 - Leadership For Organizational Change And Innovation

Interdisciplinary Concentration - INTC [by approval only] (18 credits)

- Intro Course Selectives - Credit Hours 6.00
Course selections determined in consultation with Public Health faculty.
- INTC Concentration Selectives - Credit Hours 12.00 from minimum of two departments.
Course selections determined in consultation with Public Health faculty.

School of Health Sciences

About Health Sciences

Undergraduate majors in Purdue's School of Health Sciences prepare students for fulfilling health-related careers. Our challenging curriculum offers a common core of courses in mathematics, physics, biology, and chemistry. Within Health Sciences students have the opportunity to participate in multiple health-related student organizations, gain real-world experience through internships, and conduct groundbreaking undergraduate research. Graduates from the School of Health Sciences have found excellent success in gaining employment and admission to professional school programs including medicine, dentistry, physical therapy (PT), occupational therapy (OT), optometry, public health, and physician assistant (PA).

Recent alumni of the School of Health Sciences work for a variety of companies including Google, Amazon.com, Johnson & Johnson, Subaru, Alcoa, Indiana State Department of Health, Purdue University, Indiana State Police, IU Health, St. Elizabeth Hospital, Lyondell Basell, and Flint Hills Resources. In 2013, approximately 70% of Health Sciences graduates enrolled in professional or graduate school programs.

Baccalaureate

Environmental Health Sciences, BSEH

About the Program

The quality and quantity of the air we breathe, the water we drink, the food we eat, and the environments where we live have a profound impact on our health and well-being. Environmental health professionals are involved with improving our understanding of how environmental agents may affect health in order to promote health and prevent disease. Areas of environmental health science include assessing exposure to environmental agents, understanding the relationships between exposure and disease, and translating this knowledge into science-based policy.

Environmental Health Sciences Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (86 credits)

- AGRY 12500 - Environmental Science And Conservation
- BIOL 11000 - Fundamentals Of Biology I ♦ (satisfies Science for core)
- BIOL 11100 - Fundamentals Of Biology II ♦ (satisfies Science for core)
- BIOL 20300 - Human Anatomy And Physiology ♦
- BIOL 20400 - Human Anatomy And Physiology ♦
- BIOL 22100 - Introduction To Microbiology
- CE 35000 - Introduction To Environmental And Ecological Engineering
- CHM 11500 - General Chemistry ♦
- CHM 11600 - General Chemistry ♦
- CHM 25700 - Organic Chemistry ♦
- CHM 25701 - Organic Chemistry Laboratory ♦
- CHM 32100 - Analytical Chemistry I
- HSCI 10100 - Introduction to the Health Sciences Professions
- HSCI 20100 - Principles of Public Health Science (satisfies Science, Technology & Society for core)
- HSCI 20200 - Essentials Of Environmental, Occupational, And Radiological Health Sciences
- HSCI 34500 - Introduction To Occupational And Environmental Health Sciences (a minimum grade of "C" is required)
- HSCI 56000 - Toxicology
- MA 16010 - Applied Calculus I ♦ (satisfies Quantitative Reasoning for core)
- MA 16020 - Applied Calculus II
- PUBH 40500 - Principles Of Epidemiology
- STAT 30100 - Elementary Statistical Methods ♦
- BCHM 30700 - Biochemistry ♦
- PHYS 22000 - General Physics ♦ or
- PHYS 23300 - Physics For Life Sciences I ♦
- PHYS 22100 - General Physics ♦ or

- PHYS 23400 - Physics For Life Sciences II ♦
- Environmental Policy Selective - Credit Hours: 3.00
- HSCI Humanities, Behavioral/Social Sciences Selective - Credit Hours: 3.00

Other Departmental/Program Course Requirements (18-19 credits)

- COM 11400 - Fundamentals Of Speech Communication ♦ (satisfies Oral Communication for core)
- POL 22300 - Introduction To Environmental Policy (satisfies Human Cultures: Behavioral & Social Sciences for core)
- ENGL 10600 - First-Year Composition ♦ (satisfies Written Communication and Information Literacy for core) or
- ENGL 10800 - Accelerated First-Year Composition ♦ (satisfies Written Communication and Information Literacy for core)
- OLS 25200 - Human Relations In Organizations or
- OLS 27400 - Applied Leadership or
- TLI 11200 - Foundations Of Organizational Leadership
- English Selective (any ENGL 20000-level or above) - Credit Hours: 3.00
- Human Cultures: Humanities - Credit Hours: 3.00 (satisfies Humanities for core)

Electives (15-16 credits)

Additional Requirements

Environmental Health Sciences Supplemental Information

University Core Requirements

- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 1.00

13 Credits

Notes

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also

fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

- A minimum grade of "C" is required for HSCI 34500 and cannot take as pass/no pass.
- An Ethics course (such as PHIL 11100 Ethics or PHIL 27000 Environmental Ethics) is highly recommended for elective credits.
- Students must complete 32 credit hours of Purdue coursework at the 30000 level or above to graduate at Purdue.
- 2.0 Graduation GPA required for Bachelor of Science degree.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor.

ASL-American Sign Language	ARAB-Arabic	CHNS-Chinese
GER-German	GREK-Greek (ancient)	HEBR-Hebrew (Biblical)
ITAL-Italian	JPNS-Japanese	KOR-Korean
PTGS-Portuguese	RUSS-Russian	SPAN-Spanish

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Health Science Pre-Professional/Interdisciplinary Health Science Concentration, BS

The new Interdisciplinary concentration within the Health Sciences Pre-Professional major provides a flexible plan of study that can be applied to a variety of health related fields. Students will be empowered to enhance the basic Health Science Pre-Professional curricula with the science courses that best fit their own interests. The customizable nature of the concentration is ideal for addressing new emerging fields and opportunities.

Health Science Pre-Professional/Pre-Dentistry Concentration, BS

About the Program

The Health Science Pre-Professional (HSPP) programs are designed to prepare students for entry into professional schools in a wide arena of health-related professions. Building a solid foundation in the Sciences and Humanities prepares our undergraduates for the challenges of pursuing a career in the diverse and ever-changing healthcare industry. Due to the thoughtful design of our curriculum, students take similar coursework the first two years of enrollment, allowing the flexibility of switching from one HSPP program to another. The most outstanding feature of HSPP is that the course requirements for entry into professional school are incorporated into the plans of study, resulting in no extra coursework for our undergraduates.

Notes

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.
- An Ethics course (such as PHIL 11100 Ethics or PHIL 27000 Environmental Ethics) is highly recommended for elective credit.
- 2.0 Graduation GPA required for Bachelor of Science degree.
- Students must complete 32 credit hours of 30000 level or above courses at Purdue for graduation.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor.

ASL-American Sign Language	ARAB-Arabic	CHNS-Chinese
GER-German	GREK-Greek (ancient)	HEBR-Hebrew (Biblical)
ITAL-Italian	JPNS-Japanese	KOR-Korean
PTGS-Portuguese	RUSS-Russian	SPAN-Spanish

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Health Science Pre-Professional/Pre-Optometry Concentration, BS

About the Program

The Health Science Pre-Professional (HSPP) programs are designed to prepare students for entry into professional schools in a wide arena of health-related professions. Building a solid foundation in the Sciences and Humanities prepares our undergraduates for the challenges of pursuing a career in the diverse and ever-changing healthcare industry. Due to the thoughtful design of our curriculum, students take similar coursework the first two years of enrollment, allowing the flexibility of switching from one HSPP program to another. The most outstanding feature of HSPP is that the course requirements for entry into professional school are incorporated into the plans of study, resulting in no extra coursework for our undergraduates.

Medical Laboratory Sciences, BS

About the Program

Medical Laboratory Science is a branch of health sciences concerned with the performance and analysis of clinical tests on patient tissues, blood and other body fluids. These disease detectives play a critical role in the patient care team by providing vital information concerning the accurate diagnosis and treatment of disease. Working with doctors and nurses, individuals in this profession draw on their critical thinking skills daily to aid in the promotion of patient health and overall well-being.

16 Credits

Notes

- A student may elect the Pass/Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass/Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass/Not-Pass option. A maximum of 24 credits of elective courses under the Pass/Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.
- Most Medical Laboratory Sciences students graduate in August.
- Clinical year includes coursework in Chemistry, Hematology, Serology, Immunohematology, Microbiology, Urinalysis, and special topics such as: Laboratory Management, Parasitology, etc. The course titles and credits may vary depending on the affiliate site, but will adhere to the overall total of 32 credits at the 40000 level.
- An Ethics course (such as PHIL 11100 Ethics or PHIL 27000 Environmental Ethics) is highly recommended for elective credit.
- Students must complete 32 credit hours of Purdue coursework at the 30000 level or higher for graduation.

- 3 years plus 1 year clinical (application required for clinical).
- A cumulative GPA of at least 3.00 and a minimum science (CHM, BIOL, PHYS, MA) GPA of at least 2.75 is required for admission into the clinical year.
- 2.0 GPA required for graduation

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor.

ASL-American Sign Language	ARAB-Arabic	CHNS-Chinese
GER-German	GREK-Greek (ancient)	HEBR-Hebrew (Biblical)
ITAL-Italian	JPNS-Japanese	KOR-Korean
PTGS-Portuguese	RUSS-Russian	SPAN-Spanish

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Occupational Health Science, BS

About the Program

Occupational Health Science is a science dedicated to the anticipation, recognition, evaluation, and control of hazards in the workplace. The industrial hygienist performs qualitative and quantitative workplace exposure assessments of adverse chemical, physical, radiological, and biological agents. The goal of occupational health science is to control such exposures to prevent fatalities, injuries, and/or illnesses that impact the health, performance and well-being of workers. At Purdue the occupational health science program emphasis is on exposure assessment and use of engineering controls to eliminate such hazards.

School of Health Sciences

Degree Requirements

120 Credits Required

Departmental/Major Course Requirements (94 credits)

A minimum grade of "C" is required for HSCI 34500, 34600, 34800, 44600, and 58000.

- BIOL 11000 - Fundamentals Of Biology I ♦ (satisfies Science for core)
- BIOL 11100 - Fundamentals Of Biology II ♦ (satisfies Science for core)
- BIOL 20300 - Human Anatomy And Physiology ♦
- BIOL 20400 - Human Anatomy And Physiology ♦
- CE 35000 - Introduction To Environmental And Ecological Engineering
- CHM 11500 - General Chemistry ♦
- CHM 11600 - General Chemistry ♦
- CHM 25700 - Organic Chemistry ♦
- CHM 25701 - Organic Chemistry Laboratory ♦
- CHM 32100 - Analytical Chemistry I
- HSCI 10100 - Introduction to the Health Sciences Professions
- HSCI 20100 - Principles of Public Health Science (satisfies Science, Technology & Society for core)
- HSCI 20200 - Essentials Of Environmental, Occupational, And Radiological Health Sciences
- HSCI 34500 - Introduction To Occupational And Environmental Health Sciences
- HSCI 34600 - Industrial Hygiene Engineering Control
- HSCI 34800 - Industrial Hygiene Instrumentation Techniques
- HSCI 44500 - Industrial Hygiene Internship (*An internship is strongly recommended but is not required; HSCI 44500 can be taken as an elective if the student has had a previous acceptable industrial hygiene work experience.*)
- HSCI 44600 - Applied Industrial Hygiene
- HSCI 56000 - Toxicology
- HSCI 58000 - Occupational Safety And Ergonomics
- MA 16010 - Applied Calculus I ♦
- MA 16020 - Applied Calculus II ♦
- PUBH 40500 - Principles Of Epidemiology
- STAT 30100 - Elementary Statistical Methods ♦
- BCHM 30700 - Biochemistry ♦

Radiological Health Sciences-Health Physics, BS

About the Program

Radiation is all around us and is used to generate power, analyze samples and materials, diagnose medical conditions and treat cancer. These powerful tools require trained individuals (radiation safety officer/health physicist/medical physicist) to protect patients, medical staff and the public from unnecessary exposure to radiation. A radiation safety officer within an organization is responsible for the safe use of radiation and radioactive materials as well as regulatory compliance. A trained health physicist evaluates the radiation environment using instruments and calculations and works with regulatory authorities to ensure compliance with radiation exposure standards. Medical physicists work closely with physicians and patients to develop radiation therapy treatments that minimize side effects while effectively treating cancer.

- Human Cultures: Humanities core - Credit Hours: 3.00
- RADH HSCI Selective - Credit Hours: 3.00

14 Credits

Spring 4th Year

- HSCI 57000 - Introduction To Medical Diagnostic Imaging
- HSCI 57200 - Radiation Oncology Physics
- Physics Selective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15 Credits

Notes

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.
- A minimum grade of C must be earned in HSCI 31200, HSCI 31300, HSCI 51400, HSCI 54000, HSCI 57000, HSCI 57200, HSCI 57400; MA 16100/MA 16200 or MA 16500/MA 16600; and PHYS 17200, and they cannot be taken as pass/no pass.
- An Ethics course (such as PHIL 11100 Ethics, PHIL 27000 Biomedical Ethics, or PHIL 29000 Environmental Ethics) is highly recommended for elective credit.
- Students must complete 32 credit hours of 30000 level or higher courses at Purdue for graduation.
- 2.0 Graduation GPA required for Bachelor of Science degree.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor.

ASL-American Sign Language	ARAB-Arabic	CHNS-Chinese
GER-German	GREK-Greek (ancient)	HEBR-Hebrew (Biblical)
ITAL-Italian	JPNS-Japanese	KOR-Korean
PTGS-Portuguese	RUSS-Russian	SPAN-Spanish

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Minor

Occupational Health Science Minor

Required Courses (16 credits)

Fundamental Required Courses (10 credits)

- HSCI 34500 - Introduction To Occupational And Environmental Health Sciences
- HSCI 34600 - Industrial Hygiene Engineering Control
- HSCI 34800 - Industrial Hygiene Instrumentation Techniques

Advanced Required Course (3 credits)

- HSCI 44600 - Applied Industrial Hygiene

Selective Course - Choose One (3 credits)

- HSCI 58000 - Occupational Safety And Ergonomics
- IET 33100 - Advanced Industrial Safety And Health Management

Notes

- Cumulative GPA over all courses required for the minor must be 2.0 or higher.
- The Pass / Not-Pass grading option may not be adopted for any courses used to fulfill any College of Health and Human Sciences (HHS) minor requirements. For further information, students should refer to the HHS Pass / Not-Pass Policy.

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Radiological Health Sciences Minor

Requirements for the Minor (15-16 credits)

Fundamental Required Courses (5 credits)

- HSCI 31200 - Radiation Science Fundamentals
- HSCI 31300 - Principles Of Radiation Detection And Measurement

Advanced Required Courses (8 credits)

- HSCI 51400 - Radiation Instrumentation Laboratory
- HSCI 52600 - Principles Of Health Physics And Dosimetry
- HSCI 54000 - Radiation Biology

Selectives: Choose One (2-3 credits)

- HSCI 53400 - Applied Health Physics (HP emphasis)
- HSCI 57000 - Introduction To Medical Diagnostic Imaging (MP Emphasis/Imaging Sciences Emphasis)
- HSCI 57200 - Radiation Oncology Physics (MP Emphasis)
- HSCI 57400 - Medical Health Physics (MP emphasis)

Notes

- GPA for all HSCI courses must be 2.0 or higher.
- Minor requires a total of 15 or more HSCI credit hours, and all prerequisites for these courses.
- The Pass / Not-Pass option may not be adopted for any courses used to fulfill any College of Health and Human Sciences (HHS) minor requirements. For further information, students should refer to the HHS Pass / Not-Pass Policy.

Program Information

Environmental Health Sciences Supplemental Information

Environmental Policy Selective List (3 credits)

- ANTH 32700 - Environment And Culture
- CE 35500 - Engineering Environmental Sustainability
- EAPS 32700 - Climate, Science And Society
- FNR 48800 - Global Environmental Issues
- POL 32700 - Global Green Politics
- POL 42300 - International Environmental Policy
- POL 42500 - Environmental Law And Politics

HSCI Humanities, Behavioral/Social Sciences Selective List

Select 3 credits in any course from the following subjects:

- Anthropology (ANTH)
- Art & Design (AD)
- Classics (CLCS)
- Communication (COM)
- Dance (DANC)
- Economics (ECON)
- English (ENGL)
- Foreign Languages & Literature (FLL)
- History (HIST)
- Interdisciplinary Studies (IDIS)
- Music (MUS)
- Philosophy (PHIL)
- Political Science (POL)
- Psychology (PSY)
- Sociology (SOC)
- Theatre (THTR)

Health Science Pre-Professional Supplemental Information

HSCI Selectives (12 credits)

- HSCI 30500 - Basics Of Oncology
- HSCI 31000 - Imaging In Medicine
- HSCI 33300 - Introduction To Immunology
- HSCI 34500 - Introduction To Occupational And Environmental Health Sciences
- HSCI 34600 - Industrial Hygiene Engineering Control
- HSCI 34800 - Industrial Hygiene Instrumentation Techniques
- HSCI 41500 - Introduction To Nuclear And Radiological Source Security
- HSCI 42000 - Applied Anatomy For Medicine
- HSCI 56000 - Toxicology
- HSCI 56200 - Analytical Toxicology And Pathology
- HSCI 58000 - Occupational Safety And Ergonomics

HSCI Humanities, Behavioral/Social Sciences Selective (3 credits)

Select 3 credits in any course from the following subjects:

Anthropology (ANTH)

Art & Design (AD)

Classical Studies (CLCS)

Communication (COM)

Dance (DANC)

Economics (ECON)

English (ENGL)

Foreign Language & Literature (FLL)

History (HIST)

Interdisciplinary Studies (IDIS)

Music (MUS)

Philosophy (PHIL)

Political Science (POL)

Psychology (PSY)

Sociology (SOC)

Theater (THTR)

Science and Health Selective

Select any 30000-59999 course(s) from the following subjects:

- Biochemistry (BCHM)
- Chemistry (CHM)
- Nutrition Science (NUTR)

or

Select any 20000-59999 course(s) from the following subjects:

- Animal Sciences (ANSC)
- Biological Sciences (BIOL)
- Entomology (ENTM)
- Health & Kinesiology (HK)
- Human Dev & Family Studies (HDFS)
- Mathematics (MA)
- Physics (PHYS)
- Psychological Sciences (PSY)
- Public Health (PUBH)

or

Select from the following courses:

- AGRY 32000 - Genetics
- AGRY 32100 - Genetics Laboratory
- ANTH 20400 - Human Origins
- ANTH 21200 - Culture, Food And Health

- ANTH 53400 - Human Osteology
- MA 16020 - Applied Calculus II
- MA 16200 - Plane Analytic Geometry And Calculus II
- MA 16600 - Analytic Geometry And Calculus II
- PHYS 17200 - Modern Mechanics
- VM 10200 - Careers In Veterinary Medicine

Medical Laboratory Sciences Supplemental Information

Science Selective (7 credits)

Any 30000 or above offering in the following areas:

BCHM 30000 - 59999

CHM 30000 - 59999

HSCI 30000 - 59999

NUTR 30000 - 59999

OR

Any 20000 or above offering in the following areas:

BIOL 20000 - 59999

ENTM 20000 - 59999

HDFS 20000 - 59999

MA 20000 - 59999

PHYS 20000 - 59999

PSY 20000 - 59999

OR

- AGRY 32100 - Genetics Laboratory

School of Hospitality and Tourism Management

About Hospitality and Tourism Management

In Hospitality and Tourism Management (HTM) students gain experience and knowledge in food production and service skills in the Boiler Bistro and John Purdue Room, and from internships (in the United States and abroad) at convention and visitor bureaus, resorts, sports facilities, restaurants, and hotels. Students develop critical thinking ability and a broad perspective in human resource management, hospitality law, accounting, finance, marketing, information systems, international relations, senior living, and transportation. Students can choose concentrations in the following areas: Environment Sustainability, Human Resources, Layout and Design, Marketing/Sales.

Hospitality and Tourism Management, BS

About the Program

In Hospitality and Tourism Management (HTM) students gain experience and knowledge in food production and service skills in the Boiler Bistro and John Purdue Room, and from internships (in the United States and abroad) at convention and visitor bureaus, resorts, sports facilities, restaurants, and hotels. Students develop critical thinking ability and a broad perspective in human resource management, hospitality law, accounting, finance, marketing, information systems, international relations, senior living, and transportation. Students can choose concentrations in the following areas: Environment Sustainability, Human Resources, Layout and Design, Marketing/Sales.

School of Hospitality and Tourism Management

Hospitality and Tourism Management Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (63-64 credits)

Students must earn a "C-" or better in all HTM courses

- HTM 10010 - Introduction To The Hospitality And Tourism Industry
- HTM 14100 - Financial Accounting For The Service Industries
- HTM 17300 - Introduction To Tourism Management
- HTM 18100 - Introduction To Lodging Management
- HTM 19100 - Sanitation And Health In Foodservice, Lodging, And Tourism
- HTM 20200 - Hospitality And Tourism Work Experience
- HTM 21200 - Organization And Management In The Hospitality And Tourism Industry
- HTM 23100 - Hospitality And Tourism Marketing
- HTM 24100 - Managerial Accounting And Financial Management In Hospitality Operations
- HTM 25500 - Advanced Spreadsheet Techniques For Hospitality And Tourism Management
- HTM 29101 - Quantity Food Production And Service Laboratory
- HTM 29102 - Introduction To Foodservice Management
- HTM 30200 - Hospitality And Tourism Industry Internship (Single semester required: minimum 320 work hours for 1 credit or 640 for 2 credits)
- HTM 31200 - Human Resources Management For The Service Industries
- HTM 32200 - Hospitality Facilities Management

- HTM 34100 - Cost Controls In Foodservice And Lodging
- HTM 38110 - Revenue Management In The Lodging Industry
- HTM 41100 - Hospitality And Tourism Law
- HTM 49111 - Beverage Operation Management
- HTM 49201 - Hospitality Operation Management And Leadership
- HTM 49901 - Business Development In Hospitality And Tourism
- HTM 44100 - Financial Management For The Hospitality Industry or
- CSR 48400 - Consumer Investment And Savings Decisions or
- MGMT 30400 - Introduction To Financial Management or
- MGMT 31000 - Financial Management
- HTM Selective - select from HTM Selective List - Credit Hours: 6.00

Other Departmental/Program Course Requirements (36-43 credits)

- COM 11400 - Fundamentals Of Speech Communication ♦ (satisfies Oral Communication for core)
- CSR 28200 - Customer Relations Management
- NUTR 30300 - Essentials Of Nutrition ♦ (satisfies Science for core)
- PSY 12000 - Elementary Psychology
- CS 23500 - Introduction To Organizational Computing ♦ or
- CNIT 13600 - Personal Computing Technology And Applications ♦
- ECON 21000 - Principles Of Economics ♦ (satisfies Human Cultures: Behavioral & Social Sciences for core) or
- AGECE 21700 - Economics ♦ (satisfies Human Cultures: Behavioral & Social Sciences for core) or
- ECON 25100 - Microeconomics ♦ (satisfies Human Cultures: Behavioral & Social Sciences for core) or
- ECON 25200 - Macroeconomics ♦ (satisfies Human Cultures: Behavioral & Social Sciences for core)
- ENGL 10600 - First-Year Composition ♦ (satisfies Written Communication and Information Literacy for core) or
- ENGL 10800 - Accelerated First-Year Composition ♦ (satisfies Written Communication and Information Literacy for core)
- MA 15300 - College Algebra ♦ (satisfies Quantitative Reasoning for core) or
- MA 15555 - Quantitative Reasoning ♦ (satisfies Quantitative Reasoning for core) or
- MA 16010 - Applied Calculus I ♦ (satisfies Quantitative Reasoning for core) or
- MA 16100 - Plane Analytic Geometry And Calculus I ♦ (satisfies Quantitative Reasoning for core)
- SOC 10000 - Introductory Sociology or
- ANTH 10000 - Being Human: Introduction to Anthropology
- STAT 22500 - Introduction To Probability Models ♦ or
- STAT 30100 - Elementary Statistical Methods ♦
- Science - Credit Hours: 2.00 - 4.00 (satisfies Science for core)
- Human Cultures: Humanities - Credit Hours: 3.00 (satisfies Humanities for core)
- Science, Technology & Society - Credit Hours: 1.00 - 3.00 (satisfies Science, Technology & Society for core)

Electives (13-21 credits)

- Electives - Credit Hours: 13.00-21.00

Additional Requirements

Optional Concentrations

- Environmental Sustainability Optional Concentration for HTM
- Finance Optional Concentration for HTM
- Hospitality Facilities Design and Management Optional Concentration for HTM
- Marketing and Sales Optional Concentration for HTM

University Core Requirements

- Human Cultures: Humanities core - Credit Hours: 3.00
- Electives - Credit Hours: 3.00 or
- Science, Technology & Society selective - Credit Hours: 1.00-3.00

15-16 Credits

Notes

- 2.0 Graduation GPA required for Bachelor of Science degree.
- 32 credits of Purdue coursework at the 30000 level or above are required for graduation.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor.

ASL-American Sign Language	ARAB-Arabic	CHNS-Chinese
GER-German	GREK-Greek (ancient)	HEBR-Hebrew (Biblical)
ITAL-Italian	JPNS-Japanese	KOR-Korean
PTGS-Portuguese	RUSS-Russian	SPAN-Spanish

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Minor

Event and Meeting Management Minor

Requirements for the Minor (15 credits)

Required Courses (15 credits)

- HTM 16200 - Introduction To Event And Meeting Planning Industry
- HTM 17300 - Introduction To Tourism Management
- HTM 26200 - Festivals And Special Events
- HTM 36200 - Event And Meeting Management
- HTM 46200 - Advanced Event And Meeting Management

Notes

- The Pass / Not-Pass grading option may not be adopted for any courses used to fulfill any College of Health and Human Sciences (HHS) minor requirements. For further information, students should refer to the HHS Pass / Not-Pass Policy.

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

HTM International Studies Minor

Requirements for the Minor (21 credits)

I. Approved full-time Work or Study Abroad (Minimum 12 weeks)

- Full-time employment, internship, study abroad or combination

II. Foreign Language (6 credits)

- All foreign language credits must be in the same language.

III. International Focus Coursework (15 credits)

A. Non-HTM courses (6 credits)

- Regional or Country Focus - *see list in Section C*
- Global Issues - *see list in Section C*

B. HTM courses (6 credits)

- HTM 37200 - Global Tourism Geography (required)
- HTM 39000 - Undergraduate Special Problems Credit hours: 3.00 or
- HTM 39800 - International Special Topics Credit hours: 3.00

C. Additional International Focus coursework (3 credits)

1. Non-HTM Courses: Regional or Country Focus

- CHNS 28000 - Topics in Chinese Civilization and Culture
- HIST 24000 - East Asia And Its Historic Tradition
- HIST 24100 - East Asia In The Modern World
- HIST 33900 - Traditional China

- PHIL 23000 - Religions Of The East

2. Non-HTM Courses: Global Issues

- COM 22400 - Communicating In The Global Workplace
- CSR 33200 - Cross-Cultural Marketing And International Retailing
- HIST 10400 - Introduction To The Modern World
- HIST 10500 - Survey Of Global History
- PHIL 20600 - Introduction To Philosophy Of Religion
- POL 13000 - Introduction To International Relations
- POL 14100 - Governments Of The World
- POL 23500 - International Relations Among Rich And Poor Nations

Notes

- This minor is available only to students in Hospitality & Tourism Management or the Department of Consumer Science.
- The Pass / Not-Pass grading option may not be adopted for any courses used to fulfill any College of Health and Human Sciences (HHS) minor requirements. For further information, students should refer to the HHS Pass / Not-Pass Policy.

- IET 34300 - Technical And Service Selling
- IET 34350 - Business To Business Sales Management

Division of Consumer Science

About the Division of Consumer Science

The **Division of Consumer Science** is passionate about providing transformative scholarship, teaching, and research in order to make a difference in people's lives. Our goal is to equip students with the education and experience needed to succeed and make an impact in their chosen fields. The faculty and staff serve the needs of students, industry, and the community by focusing talents and resources to improve people's lives and meet the needs of the future.

Our **undergraduate majors** in the department include: Financial Counseling and Planning, Selling and Sales Management, and Retail Management. Students in Retail Management can choose an optional concentration in Apparel Design and Technology

Baccalaureate

Financial Counseling and Planning, BS

About the Program

Do you enjoy math but want to do more than crunch numbers for a career? In financial counseling and planning, you'll learn how to combine your financial aptitude with communication skills to help others achieve financial security. The program is registered with the Certified Financial Planner Board, and successful completion of the program satisfies the education component of the CFP certification process.

Division of Consumer Science

Financial Counseling and Planning Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (29 credits)

- AGEC 42500 - Estate Planning And Property Transfer ♦
- AGEC 45600 - Federal Income Tax Law ♦
- CSR 10000 - Introduction To CSR
- CSR 20000 - Professional Development In Consumer Science
- CSR 30900 - Leadership Strategies
- CSR 34200 - Personal Finance
- CSR 38600 - Risk Management

- CSR 48000 - Financial Counseling And Planning Internship
- CSR 48100 - Ethics And Compliance In Financial Counseling And Planning
- CSR 48400 - Consumer Investment And Savings Decisions
- CSR 48500 - Case Studies In Financial Planning
- CSR 48600 - Retirement Planning And Employee Benefits

14 Credits

Notes

- A student may elect the Pass / Not-Pass option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.
- Students must complete 32 credit hours of Purdue coursework at the 30000 level or above for graduation.
- 2.0 GPA required for graduation
- Field Experience: Students may opt for Interns for Indiana Internship (3 credits) to fulfill this requirement.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor.

- Elective - Credit Hours: 4 - 6.00

13-15 Credits

Notes

- A student may elect the Pass / Not-Pass option for elective courses only. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.
- Field Experience: Students may opt for the Study Abroad Internship Program in Dublin, London, or Sydney (6 credits) or complete the Interns for Indiana Internship (3 credits) to fulfill this requirement.
- Students must complete 32 credit hours of Purdue coursework at the 30000 level or above for graduation.
- 2.0 GPA required for graduation.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor.

ASL-American Sign Language	ARAB-Arabic	CHNS-Chinese
GER-German	GREK-Greek (ancient)	HEBR-Hebrew (Biblical)
ITAL-Italian	JPNS-Japanese	KOR-Korean
PTGS-Portuguese	RUSS-Russian	SPAN-Spanish

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Selling and Sales Management, BS

About the Program

Professional selling is one of the fastest growing segments in business, creating a strong demand for technically sophisticated and professional sales experts. You'll develop strong skills in communication, consumer behavior, customer relations, sales management, business, and marketing.

Division of Consumer Science

Selling and Sales Management Major Change (CODO) Requirements

Department of Human Development and Family Studies

About the Department of Human Development and Family Studies

The Department of Human Development and Family Studies develops knowledge, skills, and programming to promote people's well-being, from the youngest to the oldest ages, and across a wide variety of settings and contexts. The department is widely regarded as a leader in the study of families and individuals of all ages. The department's academic programs prepare specialists at the bachelor's and PhD levels. Faculty conduct significant research on a range of critical issues facing individuals and families in today's society. And, the department employs innovative outreach efforts that extend knowledge to policymakers, employers, professionals, and citizens in Indiana and beyond.

At the undergraduate level, the Human Development and Family Studies Department prides itself on providing an educational experience which includes great academic preparation, personal attention, and real-world experience. Each of the majors in the department include multiple opportunities for hands-on experience applying students' new knowledge to real-life situations. In particular, each major includes a required capstone experience focused on in-depth, applied, experiential learning.

Graduate Information

For Graduate Information please see Human Development and Family Studies Graduate Program Information.

Baccalaureate

Developmental and Family Science, BS

About the Program

The Developmental and Family Science curriculum allows students to take an interdisciplinary approach to studying families and human development across the lifespan. Students receive a broad education in human development and family studies, with many opportunities for specialization, including optional concentrations in child development or family and community health. The major culminates in a capstone experience, designed by the student from among three choices: an internship, a research thesis, or a study abroad experience. This degree will prepare you to work with families in the contexts of schools and communities or for you to pursue an advanced academic degree.

Department of Human Development and Family Studies

Developmental and Family Science Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (25-39 credits)

- HDFS 10000 - Orientation To Current Issues In Human Development And Family Studies

- Optional Concentration Course or Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective(s) - Credit Hours: 4.00

15 Credits

Spring 4th Year

- Capstone Experience- Thesis, Study Abroad, or Internship Option² - Credit Hours: 2.00 - 6.00
- HDFS Selective¹ or Elective - Credit Hours: 3.00
- Optional Concentration Course or Elective - Credit Hours: 3.00
- Elective - Credit Hours: 2.00
- Elective - Credit Hours: 0.00 - 4.00

14 Credits

Notes

¹If not doing an optional concentration, students must complete 12 hours of HDFS Selectives.

²There is also a Study Abroad Capstone Experience option. Courses and credit hours are dependent upon the Capstone Experience chosen. Please see your Academic Advisor for more information.

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.
- At least 32 credits of Purdue coursework required at 30000 level or higher to meet graduation requirements.
- 2.0 GPA is required for graduation.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor.

ASL-American Sign Language	ARAB-Arabic	CHNS-Chinese

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Early Childhood Education and Exceptional Needs, BS

About the Program

If you have thought about working with young children with or without special needs or even directing educational child care programs, then the early childhood education and exceptional needs major is for you.

ECEEN students develop skills for working with typically developing children as well as children with exceptional needs and their families. Students are prepared to work with children from birth through 3rd grade.

Successful graduates of the program earn two teacher licenses in Indiana: Early Childhood Generalist and Exceptional Needs through grade 3. Through their degree and licensure program, students are prepared to work in early intervention programs; infant, toddler, or pre-kindergarten classrooms in schools and community programs; and early elementary regular and special education classrooms in public or private schools, kindergarten through 3rd grade.

Students receive hands-on experience at the Ben and Maxine Miller Child Development Laboratory School, in community schools and other early childhood programs as well as completing a semester as a student teacher in an early childhood program in a child development center or public or private school.

Department of Human Development and Family Studies

Early Childhood Education and Exceptional Needs Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (75 credits)

Content Courses (15 credits)

Maintain a minimum Content GPA of 2.80/4.00

- HDFS 20100 - Introduction To Family Processes
- HDFS 21000 - Introduction To Human Development (satisfies Human Cultures: Behavioral & Social Sciences for core)
- HDFS 28000 - Diversity In Individual And Family Life
- HDFS 31100 - Child Development
- HDFS 34600 - Research Design And Program Evaluation

Professional Education Courses (60 credits)

Maintain a Professional Education GPA of 3.00/4.00 with no grade lower than a "B-" in HDFS 31000, 40500, 40600, 40800, 40900 and no grade lower than a "C-" in the remaining courses. No incompletes for any single professional education course.

- AD 20100 - Art For Elementary School Teachers ♦
- EDCI 27000 - Introduction To Educational Technology And Computing ♦ (satisfies Information Literacy for core)
- EDCI 32500 - Literacy In The Primary Classroom
- EDPS 32700 - Classroom Assessment ♦
- EDPS 36300 - Psychoeducational, Medical, And Physical Aspects Of Individuals With Disabilities ♦
- EDPS 45901 - Assistive Technology ♦
- HDFS 26000 - Young Children With Exceptional Needs Or
- EDPS 26500 - The Inclusive Classroom ♦
- HDFS 31000 - Guidance In Early Childhood
- HDFS 40500 - Language, Literacy, And Social Studies In Preschool And Primary Grades
- HDFS 40600 - Mathematics In Preschool And Primary Grades
- HDFS 40800 - Curriculum Applications Of Atypical Development
- HDFS 40900 - Science In Preschool And Primary Grades
- HDFS 41200 - Music And Movement In Preschool And Primary Grades
- HDFS 41500 - Approaches To Early Childhood Education
- HDFS 42000 - Developmental Foundations Of Infant And Toddler Curriculum
- HDFS 45000 - Supervised Teaching In Inclusive Programs For Young Children

Other Departmental/Program Course Requirements (40-44 credits)

- BIOL 20500 - Biology For Elementary School Teachers (satisfies Science for core) or
- BIOL 20600 - Biology For Elementary School Teachers (satisfies Science for core)

Family and Consumer Sciences Education, BS

About the Program

Making a difference in the lives of young people is what Family and Consumer Sciences (FCS) Education is all about. As a family and consumer sciences educator, you can make a lifelong impact. You can help students develop the ability to become independent, to assume family and community roles, and to succeed in the workplace. Students in FCS benefit from extensive field experiences in middle and high schools.

Purdue's FCS Education graduates are in high demand and often receive several job offers. Because the program is aligned with national standards, you will not only have met requirements for an Indiana teacher's license, but you'll also be prepared to teach anywhere in the United States. FCS Education is an interdisciplinary collaboration of the College of Health and Human Sciences and the College of Education.

Department of Human Development and Family Studies

Human Services, BS

About the Program

If you are interested in working with people to help improve their life circumstances, the Human Services major may be an excellent choice for you. Students in this major are concerned about today's individuals and families and want to help them find solutions to challenging circumstances.

Human Services students are trained for a variety of careers in community-based programs, home-based programs, health-related social services, and mental health organizations. The Human Services option is designed to provide students with basic knowledge in human development and family studies, skills for working with people in service agencies, and program evaluation skills. Throughout the academic program, students develop practical skills that allow them to meet the needs of clients of all ages and backgrounds.

The culminating experience in this major is an internship with a human services agency. This internship is usually completed in the last or next-to-last semester of study, and can be done in the fall, spring, or summer semester.

Department of Human Development and Family Studies

Human Services Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (45 credits)

- HDFS 10000 - Orientation To Current Issues In Human Development And Family Studies
- HDFS 20100 - Introduction To Family Processes (satisfies Human Cultures: Behavioral & Social Sciences for core)
- HDFS 21000 - Introduction To Human Development
- HDFS 28000 - Diversity In Individual And Family Life
- HDFS 34600 - Research Design And Program Evaluation
- HDFS 45400 - Career Assessment And Professional Development
- Advanced Content Courses Selective - select from list - Credit Hours: 9.00
- Practical Skills Courses Selective - select from list - Credit Hours: 9.00
- Capstone Requirement - select one option - Credit Hours: 12.00

Other Departmental/Program Requirements (40-43 credits)

- COM 11400 - Fundamentals Of Speech Communication (satisfies Oral Communication for core) ♦ or

- EDPS 31500 - Collaborative Leadership: Interpersonal Skills ♦ (satisfies Oral Communication for core)
- CNIT 13600 - Personal Computing Technology And Applications ♦ or
- CS 23500 - Introduction To Organizational Computing ♦
- ENGL 10600 - First-Year Composition ♦ (satisfies Written Communication and Information Literacy for core) or
- ENGL 10800 - Accelerated First-Year Composition ♦ (satisfies Written Communication and Information Literacy for core)
- STAT 11300 - Statistics And Society ♦ or
- STAT 30100 - Elementary Statistical Methods ♦ or
- SOC 38200 - Introduction To Statistics In Sociology ♦ or
- PSY 20100 - Introduction To Statistics In Psychology ♦
- Foreign Language 10100 - Credit Hours: 3.00 (Total of 9 credits must be from one language)
- Foreign Language 10200 - Credit Hours: 3.00 (Total of 9 credits must be from one language)
- Foreign Language 20100 - Credit Hours: 3.00 (Total of 9 credits must be from one language)
- Global Perspectives & International Cultures Selective - *select from list* - Credit Hours: 3.00
- Human Health Selective - *select from list* - Credit Hours: 3.00
- Quantitative Reasoning - MA 15555 or any course from the University list except MA 13800 and PHIL 15000 - Credit Hours: 3.00 ♦ (satisfies Quantitative Reasoning for core)
- Human Cultures: Humanities - Credit Hours: 3.00 (satisfies Humanities for core)
- Science - Credit Hours: 3.00 (satisfies Science for core)
- Science - Credit Hours: 3.00 (satisfies Science for core)
- Science, Technology & Society - Credit Hours: 1.00 - 3.00 (satisfies Science, Technology and Society for core. If STAT 11300 is selected for other requirements, this requirement is satisfied)

- HDFS Advanced Content - Credit Hours: 3.00
- Science, Tech, & Society Core - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15 Credits

Fall 4th Year

- HDFS 45400 - Career Assessment And Professional Development
- HDFS 34100 - Working With Parents or
- HDFS 34800 - Administration Of Social Service Not-For-Profit Organizations
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 2.00-3.00

16-17 Credits

Spring 4th Year

- HDFS 45500 - Human Services Capstone Internship

Must take 12 credits total for Capstone Requirement

12 Credits

Notes

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.
- 32 credits in Purdue earned upper level coursework 30000 level or above is required for graduation.
- 2.0 GPA is required for graduation.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor.

ASL-American Sign Language	ARAB-Arabic	CHNS-Chinese
GER-German	GREK-Greek (ancient)	HEBR-Hebrew (Biblical)
ITAL-Italian	JPNS-Japanese	KOR-Korean
PTGS-Portuguese	RUSS-Russian	SPAN-Spanish

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Minor

Human Development and Family Studies Minor

Requirements for the Minor (15 credits)

Required Courses (6 credits)

- HDFS 20100 - Introduction To Family Processes
- HDFS 21000 - Introduction To Human Development

Additional Courses (9 credits)

- HDFS courses - Credit Hours: 9.00 (HDFS 39000 Maximum of 3.00 credit hours can count toward the minor/ HDFS 39800 - maximum of 3.00 credit hours can count toward the minor)

Notes

- A grade of "C-" or better must be earned in any course used to fulfill the HDFS minor.
- The Pass / Not-Pass grading option may not be adopted for any courses used to fulfill any College of Health and Human Sciences (HHS) minor requirements. For further information, students should refer to the HHS Pass / Not-Pass Policy.

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

Program Information

Addiction Studies Concentration in Human Services

Required Courses (21 Credits)

This is an optional concentration within the Human Services major.

Purdue University Courses

- PSY 12000 - Elementary Psychology
- PSY 35000 - Abnormal Psychology

Ivy Tech Courses

- HUMS 113 Problems of Substance Abuse in Society
- HUMS 208 Treatment Models of Substance Abuse
- HUMS 209 Counseling Issues in Substance Abuse
- HUMS 210 Issues of Substance Abuse in Family Systems
- HUMS 267 Theories of Personality

Notes

- The Addiction Studies concentration within the Human Services major at Purdue University is a collaboration between the College of Health and Human Sciences at Purdue University West Lafayette and the School of Public and Social Services at Ivy Tech Community College - Lafayette.
- To complete the addictions concentration, your capstone requirement (see Human Services curriculum) must be completed via 12 credits of HDFS 45500 in an approved addictions-related placement.

Child Development Optional Concentration for Developmental and Family Science

Concentration Courses (12 Credits)

- HDFS 31000 - Guidance In Early Childhood or
- HDFS 34100 - Working With Parents
- HDFS 31100 - Child Development
- HDFS 31300 - Adolescent Development or
- HDFS 42000 - Developmental Foundations Of Infant And Toddler Curriculum
- HDFS 31400 - Atypical Child Development

Note

To complete a concentration, your required capstone experience must also be related to the concentration(s).

Developmental and Family Science Optional Concentrations

In order to complete a concentration, your required capstone experience (above) must also be related to the concentration(s).

Child Development Concentration (CHLV) (12 credits)

- HDFS 31000 - Guidance In Early Childhood or
- HDFS 34100 - Working With Parents
- HDFS 31100 - Child Development
- HDFS 31300 - Adolescent Development or
- HDFS 42000 - Developmental Foundations Of Infant And Toddler Curriculum
- HDFS 31400 - Atypical Child Development

Family & Community Health Concentration (FCHL) (11 credits)

Credit Hours: 11.00

- HDFS 30500 - Biosocial Foundations Of The Family
- HDFS 32500 - Health And Health Care For Children And Families or
- PUBH 22500 - Contemporary Women's Health

- HDFS 59000 Family Relationships and Health
- NUR 22201 - Population Health

Note

To complete a concentration, your required capstone experience must also be related to the concentration(s).

Developmental and Family Science Supplemental Information

Capstone Experience (6-8 credits)

Students must propose their capstone plan and receive Undergraduate Committee (Capstone Subcommittee) approval. All capstones must be clearly relevant to the major.

If the student is completing a concentration, the capstone experience must have a clear connection to the student's designated concentration.

If a student chooses to complete more than one concentration, the capstone experience must have a clear connection to all of the student's designated concentrations.

Select ONE of the following three options.

Thesis Option (6 credits)

Must have completed statistics requirement and HDFS 34600 before beginning thesis capstone. The six credits of HDFS 49101 and 49102 must be completed across two consecutive semesters.

HDFS 49101 - Mentored Research In Human Development And Family Studies I - 3 credits

HDFS 49102 - Mentored Research In Human Development And Family Studies II - 3 credits

Internship Option (8 credits)

HDFS 45400 - Career Assessment And Professional Development - 2 credits

HDFS 45800 - Development And Family Science Capstone Internship - 6 credits

Study Abroad Option (6 credits) To count toward the capstone experience, a study abroad experience must include a minimum of 14 full days abroad.

- Study Abroad experience - Credit Hours: 6.00

or

- Study Abroad experience - Credit Hours: 3.00 and
- select additional course from Global Perspectives & International Cultures List - Credit Hours: 3.00

or

- Study Abroad experience - Credit Hours: 3.00 and

- Fourth semester of foreign language (must be same language selected for "Other Departmental/Program Requirements" area) - Credit Hours: 3.00

Global Perspectives & International Cultures Selective

Select 3 credits from the following list.

- AGEC 25000 - Economic Geography Of World Food And Resources
- ANTH 23000 - Gender Across Cultures
- ARAB 23900 - Arab Women Writers
- ARAB 28000 - Arabic Culture
- ARAB 28100 - Introduction To Islamic Civilization And Culture
- CHNS 28000 - Topics in Chinese Civilization and Culture
- COM 22400 - Communicating In The Global Workplace
- HDFS 22500 - Human Development Across Cultures
- HIST 21000 - The Making Of Modern Africa
- HIST 34000 - Modern China
- HTM 37200 - Global Tourism Geography
- LC 23900 - Women Writers In Translation
- PHIL 11400 - Global Moral Issues
- PHIL 23000 - Religions Of The East
- POL 13000 - Introduction To International Relations
- POL 14100 - Governments Of The World
- REL 20000 - Introduction To The Study Of Religion
- SPAN 32200 - Spanish For The Health Professions

Human Health Selective

Select 3 credits from the following list.

- ANTH 21200 - Culture, Food And Health
- ANTH 33700 - Human Diet: Origins And Evolution
- ANTH 34000 - Global Perspectives On Health
- COM 37800 - Introduction To Health Communication
- COM 47800 - Health Communication Campaigns
- HDFS 32500 - Health And Health Care For Children And Families
- HIST 36305 - The History Of Medicine And Public Health
- HIST 47005 - Women And Health In America
- HK 23100 - Substance Abuse And Health
- HSCI 20100 - Principles of Public Health Science
- HSCI 30500 - Basics Of Oncology
- NUTR 30300 - Essentials Of Nutrition
- NUTR 31500 - Fundamentals Of Nutrition
- PHIL 27000 - Biomedical Ethics
- PUBH 20500 - Basic Public Health Studies
- PUBH 22500 - Contemporary Women's Health
- PUBH 23500 - Stress And Human Health
- SOC 37400 - Medical Sociology

- SOC 57600 - Health And Aging In Social Context

Early Childhood Concentration for Family and Consumer Sciences Education

Concentration Courses (9 Credits)

- HDFS 31000 - Guidance In Early Childhood
- HDFS 34100 - Working With Parents
- HDFS 42000 - Developmental Foundations Of Infant And Toddler Curriculum

Family & Community Health Optional Concentration for Developmental and Family Science

Concentration Courses (11 Credits)

- HDFS 30500 - Biosocial Foundations Of The Family
- HDFS 32500 - Health And Health Care For Children And Families or
- PUBH 22500 - Contemporary Women's Health
- HDFS 59000 - Family Relationships and Health -
- NUR 22201 - Population Health

Note

To complete a concentration, your required capstone experience must also be related to the concentration(s).

Family and Consumer Sciences Education Required Concentration

Select one of the following concentrations.

Early Childhood (ECLD) - Credit Hours: 9.00

- HDFS 31000 - Guidance In Early Childhood
- HDFS 34100 - Working With Parents
- HDFS 42000 - Developmental Foundations Of Infant And Toddler Curriculum

Human Services (XHSB) - Credit Hours: 9.00

- HDFS 33100 - Skills For Helping Professionals In Individual, Family And Group Settings
- HDFS 34300 - Assessment And Case Management
- HDFS 34100 - Working With Parents or

- HDFS 34800 - Administration Of Social Service Not-For-Profit Organizations

Nutrition (NUTR) - Credit Hours: 9.00

- CHM 25700 - Organic Chemistry ♦
- NUTR 36500 - Physiology And Nutrition During The Life Cycle ♦
- NUTR 43000 - Public Health Nutrition ♦

Human Services Concentration for Family and Consumer Sciences Education

Concentration Courses (9 Credits)

- HDFS 33100 - Skills For Helping Professionals In Individual, Family And Group Settings
- HDFS 34100 - Working With Parents
- HDFS 34300 - Assessment And Case Management
- HDFS 34800 - Administration Of Social Service Not-For-Profit Organizations

Human Services Supplemental Information

Advanced Content Courses Selective - Credit Hours: 9.00

Select 9 credits.

- HDFS 30500 - Biosocial Foundations Of The Family
- HDFS 31100 - Child Development
- HDFS 31200 - Adult Development
- HDFS 31300 - Adolescent Development
- HDFS 31400 - Atypical Child Development
- HDFS 33000 - Sexuality And Family Life
- HDFS 33200 - Stress And Coping In Contemporary Families

Practical Skills Courses Selective - Credit Hours: 9.00

Select 9 credits.

- HDFS 33100 - Skills For Helping Professionals In Individual, Family And Group Settings
- HDFS 34100 - Working With Parents or
- HDFS 34800 - Administration Of Social Service Not-For-Profit Organizations
- HDFS 34300 - Assessment And Case Management

Capstone Requirement - Credit Hours: 12.00

Select one option - 12 credits required.

- HDFS 45500 - Human Services Capstone Internship - Must take 12 credit hours: 12.00 or
- HDFS 45500 - Human Services Capstone Internship - Credit Hours: 6.00
and
- select 6 credits from any HDFS course 30000 level or above - Credit Hours: 6.00

Global Perspectives & International Cultures Selective - Credit Hours: 3.00

- AGE 25000 - Economic Geography Of World Food And Resources
- ANTH 23000 - Gender Across Cultures

- NUTR 43000 - Public Health Nutrition

School of Nursing

About

The School of Nursing is responsible for administering all degree programs in nursing offered at the West Lafayette campus of Purdue University.

A broad liberal and scientific education is necessary to prepare baccalaureate nursing program students for professional nursing practice. The Purdue University School of Nursing curriculum provides each student with a firm foundation in the liberal arts, supportive sciences, and professional education. Education of the professional nurse is enriched by a diverse faculty who have clinical expertise and scholarly achievement by participation in continuing education and in professional nursing organizations.

Following successful completion of the program of study, the nursing graduate may apply to take the National Council Licensure Examination (NCLEX) for licensure as a registered nurse (RN). There are specific requirements for eligibility to take the examination. Any person who applies to the Indiana State Board of Nursing for license to practice as a registered nurse must not have been convicted of a crime that has a direct bearing on the person's ability to competently practice or have committed an act that would constitute a ground for disciplinary sanction under Indiana statutes.

Eligibility requirements in other states may vary. You may request a copy of eligibility requirements by writing to the Board of Nursing in the state in which you are seeking licensure.

Graduate Information

For Graduate Information please see Nursing Graduate Program Information.

Baccalaureate

Nursing Accelerated, BSN

About the Program

For individuals who hold at least an undergraduate degree and wish to pursue a career in Nursing

This full time program lasts 4 semesters (59 credits)

Graduates are prepared to take the national nursing licensure exam, NCLEX, and be licensed as a Registered Nurse (RN). Graduates will receive a Bachelor of Science in Nursing

Program emphasizes clinical leadership, evidence-based practice, health promotion and prevention, and quality improvement. Faculty are committed to provide students with innovative evidenced based teaching/learning strategies to prepare students to deliver safe, high quality nursing care for individuals and families with diverse needs.

Graduates can immediately enter professional nursing practice OR continue their studies towards an advance practice nursing specialty or doctoral degree (DNP or PhD).

Nursing, BSN

About the Program

The School of Nursing offers programs from baccalaureate to doctoral level, including:

- Four-year baccalaureate program for high school graduates
- Second degree baccalaureate program
- Master of Science (MS) as an Adult Gerontology Nurse Practitioner
- Master of Science (MS) as a Primary Care Pediatric Nurse Practitioner
- Master of Science (MS) as a Primary Care Family Nurse Practitioner
- Post master's Adult Gerontology Nurse Practitioner Certificate
- Post master's Primary Care Pediatric Nurse Practitioner Certificate
- DNP Doctor of Nursing Practice

Nursing Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (99-100 credits)

General Courses (15-16 credits)

Minimum grade of C required in each course

- HDFS 21000 - Introduction To Human Development ♦ (satisfies Human Cultures: Behavioral & Social Sciences for core)
- NUTR 30300 - Essentials Of Nutrition ♦
- PSY 12000 - Elementary Psychology ♦ (satisfies Human Cultures: Behavioral & Social Sciences for core)
- PSY 35000 - Abnormal Psychology ♦
- ENGL 10600 - First-Year Composition ♦ (satisfies Written Communication for core) or
- ENGL 10800 - Accelerated First-Year Composition ♦ (satisfies Written Communication for core) or
- HONR 19903 - Interdisciplinary Approaches In Writing ♦ (satisfies Written Communication for core)

Science Courses (18 credits)

Minimum grade of C required in each course. Average GPA of this area must be 2.7 or better.

- BIOL 20300 - Human Anatomy And Physiology ♦ (satisfies Science for core)
- BIOL 20400 - Human Anatomy And Physiology ♦ (satisfies Science for core)
- BIOL 22100 - Introduction To Microbiology ♦
- CHM 11100 - General Chemistry ♦ (satisfies Science for core)
- CHM 11200 - General Chemistry ♦ (satisfies Science for core)

Nursing Courses Level I (23 credits)

Minimum grade of C required in each course. Average GPA of this area must be 2.75 or better

- NUR 10800 - Introduction To Nursing
- NUR 10900 - Introduction To Nursing II
- NUR 21801 - Health Assessment And Essentials Of Nursing Practice I
- NUR 21901 - Pathopharmacology I
- NUR 22001 - Essentials Of Nursing Practice II
- NUR 22101 - Pathopharmacology II
- NUR 22201 - Population Health
- NUR 22301 - Foundations Of Research And Evidence-Based Practice (satisfies Information Literacy for core)

Nursing Courses Level II (24 credits)

Minimum grade of C required in each course. Average GPA of this area must be 2.75 or better

- NUR 31401 - Health Alterations In Adults I
- NUR 31501 - Nursing Of Childbearing Families

- NUR 31601 - Integration Seminar I
- NUR 31701 - Health Alterations In Adults II
- NUR 31801 - Psychiatric And Mental Health Nursing
- NUR 31901 - Integration Seminar II

Nursing Courses Level III (19 credits)

Minimum grade of C required in each course. Average GPA of this area must be 2.75 or better

- NUR 41001 - Issues In Professional Nursing
- NUR 41401 - Pediatric Nursing
- NUR 41501 - Public Health Nursing
- NUR 41701 - Leadership In Nursing
- NUR 42001 - Transition To Professional Nursing Practice

Other Departmental/Program Course Requirements (18 credits)

Minimum grade of C required in each course

- Human Cultures: Humanities - Credit Hours: 3.00 (satisfies Humanities for core)
- Oral Communication - Credit Hours: 3.00 (satisfies Oral Communication for core)

Notes

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.
- Students must earn a "C" or higher in all required and selective courses.
- 32 credits of Purdue coursework at the 30000 level or above are required for graduation.

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Department of Nutrition Science

About

Nutrition Science is a multidisciplinary science at the core of health, wellness, and quality of life. An education in Nutrition Science incorporates the human perspective to a foundation of strong basic sciences such as biochemistry, physiology, and statistics with experiential learning.

The department offers many opportunities for students to work and learn in a clinical research setting. With this kind of education and training, Purdue's Nutrition Science graduates are prepared to become the future leaders in nutrition and food science.

The department offers undergraduate study in the following areas:

- Dietetics
- Nutrition, Fitness, and Health
- Nutrition Science

The department also offers two undergraduate minors:

- Foods and Nutrition
- Nutrition

Faculty

Baccalaureate

Coordinated Program in Dietetics, BS

About the Program

Nutrition plays a vital role in maintaining health and in the prevention and treatment of diseases. Registered Dietitian Nutritionists (RDN)s are the food and nutrition experts who translate the science of nutrition into personalized recommendations to help people prevent and manage medical conditions, such as diabetes, cancer, heart disease, and many more. To become a RDN, students must complete required coursework as well as a 1200 hour supervised practice experience, both from accredited dietetics programs. Required courses include biology, chemistry,

biochemistry, medical nutrition therapy, nutrition assessment, diet selection and planning, and food service systems management.

At Purdue, students complete all required coursework for dietetics in the Didactic Program in Nutrition and Dietetics (DPD), and then apply to either an outside dietetics internship or the Coordinated Program in Dietetics at Purdue to complete the required accredited supervised practice. Upon completion of supervised practice, students are eligible to sit for the national registration examination for dietitians.

With a focus on preventive health and nutrition, Dietetics is an excellent pre-professional major. More information about the DPD.

Coordinated Program in Dietetics Change Of Major Requirements

Degree Requirements

132-140 Credits Required

Departmental/Program Major Course Requirements (128-134)

Application for admission to the Coordinated Program in Dietetics (CRDT) occurs in the Fall of the final year of dietetics coursework. Contact the Department of Nutrition Science for admission and competency criteria.

An average GPA of 2.75/4.00 and minimum course grades are required for Departmental/Program Major Courses.

A grade of C or better is required for these courses **except** a "C-" or better is acceptable for NUTR 43700 and NUTR 43800, and there is no minimum grade requirement for NUTR 41100 and the Supervised Practice Courses.

Dietetics/Nutrition, Fitness and Health, BS

About the Program

The Nutrition Science Department at Purdue has a unique and historically popular double major offering in Nutrition, Fitness and Health (NFHL) and Didactic Program in Nutrition and Dietetics (DPND). This combination allows students to fulfill the didactic requirements for becoming a Registered Dietitian Nutritionist (RDN), as well as gain a comprehensive approach to human health and fitness. This double major is 127-135 credits and can be completed in four years.

Nutrition plays a vital role in health and disease. There is growing evidence of the role of diet in the prevention, development, and treatment of major diseases. To maximize one's health requires that professionals have a strong understanding of nutrition. The Registered Dietitian (RD)/Registered Dietitian Nutritionist (RDN) credential is the nationally recognized credential for nutritionists and is required for most employment in the healthcare industry and preferred for many other employment opportunities in foods and nutrition. To become an RD you must complete required course work, a supervised practice experience, and then pass a national registration examination for dietitians (RD exam). Scores on the national RD exam by Purdue graduates are consistently above the national average.

The Nutrition, Fitness, and Health (NFHL) major is designed for students interested in careers in nutrition, fitness or wellness programs in hospitals, colleges or industry.

With a focus on preventive health and nutrition, these majors are excellent preparation for pursuing advanced degrees for professional health careers such as for medical, dental, physician's assistant or physical therapy schools.

Nutrition and Dietetics, BS

About the Program

Nutrition plays a vital role in maintaining health and in the prevention and treatment diseases. Registered Dietitians (RD)s and Registered Dietary Nutritionists (RDN)s are the food and nutrition experts who translate the science of nutrition into personalized recommendations to help people prevent and manage medical conditions, such as diabetes, cancer, heart disease, and many more. To become a RD, students must complete required coursework as well as supervised practice. Required courses include biology, chemistry, biochemistry, medical nutrition therapy, nutrition assessment, diet selection and planning, and food service systems management.

At Purdue, students complete all required coursework for dietetics in the Didactic Program in Nutrition and Dietetics, and then apply to either an outside dietetics internship or the Coordinated Program in Dietetics at Purdue to complete the required supervised practice. Upon completion of supervised practice, students are eligible to sit for the national registration examination for dietitians.

With a focus on preventive health and nutrition, Dietetics is an excellent pre-professional major.

Department of Nutrition Science

Nutrition and Dietetics Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (103-109 credits)

An average GPA of 2.75/4.00 and minimum course grades are required for Departmental/Program Major Courses.

A grade of C or better is required for these courses **except** a "C-" or better is acceptable for NUTR 43700 and NUTR 43800, and there is no minimum grade requirement for NUTR 41100.

- BCHM 30700 - Biochemistry ♦
- BCHM 30900 - Biochemistry Laboratory ♦
- BIOL 11000 - Fundamentals Of Biology I ♦
- BIOL 11100 - Fundamentals Of Biology II ♦
- BIOL 20300 - Human Anatomy And Physiology ♦

- BIOL 20400 - Human Anatomy And Physiology ♦
- BIOL 22100 - Introduction To Microbiology
- HTM 31100 - Procurement Management For Foodservice ♦
- MA 15555 - Quantitative Reasoning (satisfies Quantitative Reasoning for core)
- NUTR 10500 - Nutrition In The 21st Century
- NUTR 10600 - Introduction To The Profession Of Dietetics
- NUTR 12500 - Food Safety Certification And Career Development

Notes

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.
- Students must earn a GPA of 2.75 and a "C" or better in all Departmental/Program Major courses **except** a "C-" or better is acceptable for NUTR 43700 and NUTR 43800, and there is no minimum grade requirement for NUTR 41100.
- 32 credits hours of Purdue coursework at the 30000 level or above are required for graduation.

Nutrition Science, BS

About the Program

The Nutrition Science major provides a foundation to pursue careers that improve lives, prevent diseases, promote health, and make a difference. What you eat not only has the ability to promote health, it also influences your risk of many diseases including cancer, diabetes, heart disease, osteoporosis, and obesity. Nutrition science Majors often go on to obtain doctoral, masters, medical, physical therapy, physician assistant, dentistry etc. degrees, as well as, careers as research assistants, chemists, program managers, product developers, pharmaceutical sales representatives, and many other important roles in areas such as medicine, government, industry (food, agriculture, pharmaceutical), and non-profit. Students who Major in Nutrition Science develop a knowledge base in science and nutrition to understand and explore the relationship between what we eat and human health. Courses specific to this major emphasize the fundamentals of nutrition, the metabolism of nutrients in health and disease, and nutrition science research.

Nutrition, Fitness, and Health, BS

About the Program

Eating right and exercising is not just a habit, it's your life philosophy. If you'd like to pass on your personal experiences with healthy living and help others make positive lifestyle changes, consider the nutrition, fitness, and health program.

Traditionally, professionals have been trained in only one discipline, but key components of fitness are both physical activity and nutrition. The nutrition, fitness, and health option is one of the few programs in the country that combines coursework in exercise physiology and health promotion with a science-based nutrition curriculum. Upon successful completion of the program, you will earn a Bachelor of Science degree.

12-15 Credits

Spring 4th Year

- HK 46900 - Exercise Testing And Prescription In Special Populations
- NUTR 42400 - Communication Techniques In Foods And Nutrition
- NUTR 43000 - Public Health Nutrition
- Elective - Credit Hours: 4.00 - 6.00

12-14 Credits

Notes

A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

2.0 Graduation GPA required for Bachelor of Science degree.

32 credits of Purdue coursework at the 30000 level or above are required for graduation.

30 credits are required each year to reach subsequent class standing.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor.

ASL-American Sign Language	ARAB-Arabic	CHNS-Chinese
GER-German	GREK-Greek (ancient)	HEBR-Hebrew (Biblical)
ITAL-Italian	JPNS-Japanese	KOR-Korean
PTGS-Portuguese	RUSS-Russian	SPAN-Spanish

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Minor

Foods and Nutrition Minor

The Foods and Nutrition minor provides coursework in nutrition science with an emphasis on food.

Requirements for the Minor (15 credits)

A. Required Courses (6 credits)

- NUTR 20500 - Food Science I
- NUTR 31500 - Fundamentals Of Nutrition

B. Additional Courses (9 credits)

- NUTR 33000 - Diet Selection And Planning
- NUTR 43000 - Public Health Nutrition
- NUTR 43700 - Macronutrient Metabolism In Human Health And Disease
- NUTR 43800 - Micronutrient And Phytochemical Metabolism In Human Health And Disease
- NUTR 53400 - Human Sensory Systems And Food Evaluation
- NUTR 45300 - Food Chemistry
OR
- FS 45300 - Food Chemistry and
- FS 45400 - Food Chemistry Laboratory
- NUTR 39000 - Independent Undergraduate Research or
- NUTR 49000 - Independent Undergraduate Research

Notes

- A grade of "C" or better must be earned in any course used to fulfill a minor. "C-" or below is not acceptable.
- All pre-requisites for courses in the minors must be taken.
- The Pass/Not-Pass grading option may not be adopted for any courses used to fulfill any College of Health and Human Sciences (HHS) minor requirements. For further information, students should refer to the HHS Pass/Not-Pass Policy.

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Nutrition Minor

The Nutrition minor provides coursework in nutrition science and health.

Requirements for the Minor (15 credits)

A. Required Courses (9 credits)

- NUTR 31500 - Fundamentals Of Nutrition
- NUTR 43700 - Macronutrient Metabolism In Human Health And Disease

- NUTR 43800 - Micronutrient And Phytochemical Metabolism In Human Health And Disease

B. Additional Courses (6 credits)

- NUTR 33000 - Diet Selection And Planning
- NUTR 36500 - Physiology And Nutrition During The Life Cycle
- NUTR 43000 - Public Health Nutrition
- NUTR 39000 - Independent Undergraduate Research or
- NUTR 49000 - Independent Undergraduate Research

Notes

- A grade of "C" or better must be earned in any course used to fulfill a minor. "C-" or below is not acceptable.
- All pre-requisites for courses in the minors must be taken.
- The Pass / Not-Pass grading option may not be adopted for any courses used to fulfill any College of Health and Human Sciences (HHS) minor requirements. For further information, students should refer to the HHS Pass / Not-Pass Policy.

Department of Psychological Sciences

About

Psychology is the study of behavior and mental processes (thought) where the focus is on individuals. The word psychology comes from the Greek words "psyche" (mind) and "logos" (knowledge of). Psychology, as a recognized field of study, has only been around for a little over a hundred years, but people have had discussions of human behavior for centuries.

The Department of Psychological Sciences at Purdue is consistently among the top 50 psychology departments in the US (out of more than 300). The many professors you will have in class wear a number of different hats. They conduct and publish research that advances the field of psychology and train graduate students. They also teach more than 90% of our undergraduate classes, giving you the opportunity to learn from several of them during your time at Purdue.

With a bachelor's degree in psychology, your career opportunities will be many and varied. You could obtain advanced training in Psychology or seek a career in affiliated fields such as clinical social work, social work, mental health counseling, marriage & family therapy, or school counseling. Another option is to enroll in a graduate program in such fields as law, medicine, or business. Your knowledge of psychology will be invaluable in all these areas. You may also choose to take a job immediately after graduation, in diverse settings such as a hospital, group home, government agency, business or industry, applying your skills in areas such as personnel selection, advertising, consumer-product research, or public opinion polling. Because you will learn about many aspects of psychology while at Purdue, you will be well-prepared for many career opportunities.

Areas of Psychology

- Mental health, various forms of mental illness, and other facets of Clinical Psychology
- Perception, attention, memory, and other facets of Cognitive Psychology
- Industrial / Organizational Psychology
- Arousal, brain functioning, and other facets of Behavioral Neuroscience
- Statistics, measurement of human characteristics, and other facets of Mathematical and Computational Cognitive Science
- Stereotyping, attitudes, relationships, social influence and other facets of Social Psychology

Baccalaureate

Brain and Behavioral Sciences, BS

About the Program

The Brain and Behavioral Sciences Major (BBS) is especially appropriate for students interested in the more science or math-oriented areas of psychology. This program is also popular with students who want careers in medicine. Like the Psychological Sciences major, this major includes a foundation in both basic and applied areas of psychology and offers substantial opportunity to explore other areas of interest. The advanced coursework emphasizes behavioral neuroscience, cognitive psychology, and quantitative areas of psychology.

Department of Psychological Sciences

Brain and Behavioral Sciences Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (36 credits)

A cumulative GPA of 2.3 is required for all PSY courses used to meet major (Areas A-C) requirements.

A) Brain and Behavioral Sciences Required Courses (9 credits)

- PSY 12000 - Elementary Psychology ♦ (satisfies Human Cultures: Behavioral & Social Sciences for core)
- PSY 20100 - Introduction To Statistics In Psychology ♦
- PSY 20300 - Introduction To Research Methods In Psychology ♦

B) Brain and Behavioral Sciences Selectives (12 credits)

Select two courses from each of the following groups.

B1 ♦

- PSY 20000 - Introduction To Cognitive Psychology
- PSY 20200 - Introduction To Quantitative Topics In Psychology
- PSY 22200 - Introduction To Behavioral Neuroscience
- PSY 31400 - Introduction To Learning

B2 ♦

- PSY 23500 - Child Psychology
- PSY 24000 - Introduction To Social Psychology
- PSY 27200 - Introduction To Industrial-Organizational Psychology
- PSY 35000 - Abnormal Psychology

C) Advanced Content Courses (15 credits)

Select five 3-credit courses from the following options. Only one PSY 39000 or PSY 49800 may count towards this requirement.

Courses numbered 30000 or higher from locations other than Purdue-WL cannot be used to fulfill requirement C unless the outside course has been officially designated as equivalent to an approved Purdue-WL PSY course numbered 30000 or higher; other courses will be reviewed for approval on an ad hoc basis.

- PSY 30600 - Understanding And Analyzing Experiments
- PSY 31000 - Sensory And Perceptual Processes
- PSY 31100 - Human Memory
- PSY 32400 - Introduction Cognitive Neuroscience
- PSY 35200 - Introduction To Neuropsychology
- PSY 37600 - Attention And Cognitive Control
- PSY 40300 - Psycholinguistics
- PSY 40400 - Honors Research Seminar I
- PSY 40500 - Honors Research Seminar II
- PSY 41800 - Understanding Autism
- PSY 42100 - Alcohol Use And Disorders
- PSY 42200 - Genes and Behavior
- PSY 42800 - Drugs And Behavior
- PSY 42900 - Hormones And Behavior

- PSY 43400 - Neurobiology Of Disease
- PSY 43600 - Foods And Behavior
- PSY 46400 - Research Ethics In Psychological Sciences
- PSY 48400 - The Psychology Of Consciousness
- PSY 51200 - Neural Systems
- PSY 57700 - Human Factors In Engineering
- PSY 58100 - Neuroethics
- PSY 39000 - Research Experience In Psychology (if selected, 3.00 credits required) or
- PSY 49800 - Senior Research

Other Departmental/Program Course Requirements (40-76 credits)

- COM 11400 - Fundamentals Of Speech Communication ♦ (satisfies Oral Communication for core)
- ENGL 10600 - First-Year Composition ♦ (satisfies Written Communication and Information Literacy for core) or
- ENGL 10800 - Accelerated First-Year Composition ♦ (satisfies Written Communication and Information Literacy for core) or
- HONR 19903 - Interdisciplinary Approaches In Writing ♦ (satisfies Written Communication and Information Literacy for core)
- Cultural/International Diversity Selective - Credit Hours: 0.00-16.00
- Economics/Finance Selective - Credit Hours: 3.00
- Human Cultures: Humanities Core - Credit Hours: 3.00-4.00 (*If a foreign language is chosen for Cultural/International Diversity Selective, this requirement is satisfied.*)
- Management & Leadership Selective - Credit Hours: 3.00; (*If PSY 27200 is selected for BBS Major Area B, this requirement is satisfied.*)
- Quantitative Reasoning Core - MA 15300 or select any course from University list **EXCEPT** MA 13800, MA 15555, MA 19000, or PHIL 15000 - Credit Hours: 3.00-5.00 (*If a Group 2 course is chosen for BBS Major Area D, this requirement is satisfied.*)
- Science Core - Credit Hours: 2.00-5.00 (*Recommend course from Area D or E that is also on University Science Core list. If course chosen for BBS Major Area D is also on University Science Core list, this requirement is satisfied.*)
- Science Core - Credit Hours: 2.00-5.00 (*Recommend course from Area D or E that is also on University Science Core list. If course chosen for BBS Major Area E is also on University Science Core list, this requirement is satisfied.*)
- Science, Technology & Society Core - Credit Hours: 1.00-3.00 (*Recommend course from Area D or E that is also on University Science Technology & Society Core list. IF course chosen for BBS Major Area D or E, or for Social Ethics Selective, is also on University Science Technology Society Core list, this requirement is satisfied.*)
- Social Ethics Selective - Credit Hours: 3.00 (*If PSY 46400 or PSY 58100 is selected for BBS Major Area C, this requirement is satisfied.*)

D. Foundations in Natural Sciences, Mathematics & Information Technology Selective (5-9 credits)

- Select two courses for a total of 5-9 credits from FOUNDATIONS List.
- Courses selected must be from two different groups.

- At least one course from Areas D or E must be a lab natural science course.

E) Additional Study in Natural Sciences, Mathematics & Information Technology (9-13 credits)

Select at least 9 credits from ADDITIONAL STUDY List.

At least one course from Areas D or E must be a lab natural science course.

Electives (8-44 credits)

Additional Requirements

Brain and Behavioral Sciences Supplemental Information

Optional Concentration

Research-Focused Honors Optional Concentration for PSYS & BBS

University Core Requirements

Psychological Sciences, BS

About the Program

The **Psychological Sciences Major** provides a broad foundation in psychology, but also provides maximum flexibility in psychology course selection. Students learn about applied and basic aspects of psychology as well as have a chance to take advanced courses that give an authentic experience in diverse areas of psychology. This major leaves plenty of space for additional courses in other areas of interest and provides excellent preparation for graduate and professional programs. This program is often chosen by students interested in careers as therapists or in other human services areas, or by students who plan careers in other areas of psychology, business, or health.

Department of Psychological Sciences website

Psychological Sciences Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (36 credits)

A cumulative GPA of 2.3 is required for all PSY courses used to meet major (Areas A-C) requirements.

A) Psychology Required Courses (9 credits)

- PSY 12000 - Elementary Psychology ♦ (satisfies Human Cultures: Behavioral & Social Sciences for core)
- PSY 20100 - Introduction To Statistics In Psychology ♦
- PSY 20300 - Introduction To Research Methods In Psychology ♦

B) Psychology Selectives (12 credits)

Select two courses from each of the following groups.

B1 ♦

- PSY 20000 - Introduction To Cognitive Psychology
- PSY 20200 - Introduction To Quantitative Topics In Psychology
- PSY 22200 - Introduction To Behavioral Neuroscience
- PSY 31400 - Introduction To Learning

B2 ♦

- PSY 23500 - Child Psychology
- PSY 24000 - Introduction To Social Psychology
- PSY 27200 - Introduction To Industrial-Organizational Psychology
- PSY 35000 - Abnormal Psychology

C) Additional Psychology Courses (15 credits)

Select five additional 3-credit Psychology courses (15 credits) numbered 30000-59900. PSY 31400 & PSY 35000 may **NOT** be used to satisfy Area C and only one of the following 3-credit courses may be used for Area C: PSY 39000, PSY 39100, PSY 49200, or PSY 49800. (PSY courses in this section may also satisfy some Selective Requirements)

Courses numbered 30000 or higher from locations other than Purdue-WL cannot be used to fulfill requirement C unless the outside course has been officially designated as equivalent to an approved Purdue-WL PSY course numbered 30000 or higher; other courses will be reviewed for approval on an ad hoc basis.

Other Departmental/Program Course Requirements (31-68 credits)

- COM 11400 - Fundamentals Of Speech Communication ♦ (satisfies Oral Communication for core)
- ENGL 10600 - First-Year Composition ♦ (satisfies Written Communication and Information Literacy for core) or
- ENGL 10800 - Accelerated First-Year Composition ♦ (satisfies Written Communication and Information Literacy for core) or

- HONR 19903 - Interdisciplinary Approaches In Writing ♦ (satisfies Written Communication and Information Literacy for core)
- Cultural/International Diversity Selective - Credit Hours: 0 -16 credits
- Economics/Finance Selective - Credit Hours: 3.00
- Management & Leadership Selective - Credit Hours: 3.00 (IF PSY 27200 is selected for PSYS Major Area B, this requirement is satisfied.)
*NSM&IT Selectives must total 9 or more credits.
- Natural Sciences, Math, & Information Technology Selective (NSM&IT) - select from Group 1 list - Credit Hours: 2.00 - 4.00* (IF course chosen is also on University Science Core list, one Science Core requirement will be satisfied)
- Natural Sciences, Math, & Information Technology Selective (NSM&IT) - Credit Hours: 2.00 - 5.00* (IF course chosen is also on University Science Core list, one Science Core requirement will be satisfied.)
- Natural Sciences, Math, & Information Technology Selective (NSM&IT) - Credit Hours: 1.00 - 5.00*; Must have lab component unless one of the other NSM&IT courses selected has lab component. (IF course chosen is also on University Science Technology & Society Core list, then Science Technology & Society core requirement will be satisfied)
- Social Ethics Selective - Credit Hours: 3.00 (IF PSY 46400 or PSY 58100 is chosen for PSYS Major Area C, this requirement is satisfied.)
- Human Cultures: Humanities core - Credit Hours: 3.00-4.00 (IF a foreign language is chosen for Cultural/International Diversity Selective, this requirement is satisfied.) (satisfies Humanities for core)
- Quantitative Reasoning - MA 15300 or select any course from University list **EXCEPT** MA 13800, MA 19000, MA 15555, or PHIL 15000 - Credit Hours: 3.00-5.00 (IF course chosen for NSM&IT selective is also on University Quantitative Reasoning Core list, this requirement is satisfied.) (satisfies Quantitative Reasoning for core)
- Science - Credit Hours: 2.00-5.00 (IF course chosen for NSM&IT Selective Group 1 is also on University Science Core list, this requirement is satisfied.) (satisfies Science for core)
- Science - Credit Hours: 2.00-5.00 (IF course chosen for NSM&IT Selective Group 2 is also on University Science Core list, this requirement is satisfied.) (satisfies Science for core)
- Science, Technology & Society - Credit Hours: 1.00-3.00 (IF course chosen for NSM&IT Selective is also on University Science, Technology & Society Core list, this requirement is satisfied.)

Minor

Psychology Minor

Requirements for the Minor (15 credits)

A. Required Course (3 credits)

- PSY 12000 - Elementary Psychology

B. Selective - Choose One (3 credits)

- PSY 20000 - Introduction To Cognitive Psychology
- PSY 22200 - Introduction To Behavioral Neuroscience

C. Selective - Choose One (3 credits)

- PSY 23500 - Child Psychology
- PSY 24000 - Introduction To Social Psychology
- PSY 27200 - Introduction To Industrial-Organizational Psychology
- PSY 35000 - Abnormal Psychology

D. Additional Psychology course - Choose Two (6 credits)

- PSY courses (Only one of the following courses may be used: PSY 39000 or PSY 39100)

Notes

- A grade of "C-" or better must be earned in any course used to fulfill a minor requirement.*
- All courses in Sections B and C require PSY 12000 as a prerequisite.
- *PSY 22000 cannot be used toward fulfillment of the minor requirements.
- The Pass / Not-Pass grading option may not be adopted for any courses used to fulfill any College of Health and Human Sciences (HHS) minor requirements. For further information, students should refer to the HHS Pass / Not-Pass Policy.

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Program Information

Brain and Behavioral Sciences Supplemental Information

Cultural/International Diversity Selective (0-16 credits)

The Cultural/International Diversity requirement may be met by completing ONE of the four options listed below. The Cultural/International Diversity Selective requirement may be waived for international students. See Academic Advisor for guidelines and approval.

- Option 1: Proficiency through level IV in any one foreign language. Select from American Sign Language, Arabic, Chinese, French, German, Greek, Hebrew, Italian, Latin, Japanese, Portuguese, Russian, or Spanish.
 - 10100 - Credit Hours: 3.00 - 4.00
 - 10200 - Credit Hours: 3.00 - 4.00
 - 20100 - Credit Hours: 3.00 - 4.00
 - 20200 - Credit Hours: 3.00 - 4.00
- Option 2: Proficiency through level III in any one foreign language AND a course from Cultural/International Diversity Selective list.
 - 10100 - Credit Hours: 3.00 - 4.00
 - 10200 - Credit Hours: 3.00 - 4.00
 - 20100 - Credit Hours: 3.00 - 4.00
 - Select a course from Cultural/International Diversity Selective List - credit hours: 3.00
- Option 3: Two courses in any one foreign language AND an approved study abroad experience of at least 6 weeks in duration, which
 - a) Must take place outside the United States
 - b) Have significant immersion in the local culture and language independent of any U.S.-based program in which the student may be participating.
 - 10100 - Credit Hours: 3.00 - 4.00
 - 10200 - Credit Hours: 3.00 - 4.00
 - Study Abroad Experience
- Option 4: An approved semester length (Fall/Spring) study abroad experience which satisfies the following criteria:
 - a) Must take place outside the United States
 - b) Have significant immersion in the local culture and language independent of any U.S.-based program in which the student may be participating.
 - Study Abroad Experience
- AAS 27100 - Introduction To African American Studies
- AAS 37100 - The African American Experience
- AAS 37300 - Issues In African American Studies
- ANTH 20500 - Human Cultural Diversity
- ANTH 21200 - Culture, Food And Health
- ANTH 23000 - Gender Across Cultures
- ANTH 37900 - Native American Cultures
- ASAM 24000 - Introduction To Asian American Studies
- ASAM 34000 - Contemporary Issues In Asian American Studies
- ASL 28000 - American Deaf Community: Language, Culture, And Society
- COM 22400 - Communicating In The Global Workplace

- COM 37600 - Communication And Gender
- ENGL 25700 - Literature Of Black America
- ENGL 36000 - Gender And Literature
- HDFS 28000 - Diversity In Individual And Family Life
- HIST 10500 - Survey Of Global History
- HIST 21000 - The Making Of Modern Africa
- HIST 24000 - East Asia And Its Historic Tradition
- HIST 24100 - East Asia In The Modern World
- HIST 24300 - South Asian History And Civilizations
- HIST 24500 - Introduction To The Middle East History And Culture
- HIST 27100 - Introduction To Colonial Latin American History (1492-1810)
- HIST 27200 - Introduction To Modern Latin American History (1810 To The Present)
- HIST 35400 - Women In America To 1870
- HIST 37500 - Women In America Since 1870
- HIST 37700 - History And Culture Of Native America
- HIST 39600 - African American History To 1877
- HIST 39800 - African American History Since 1877
- JWST 33000 - Introduction To Jewish Studies
- PHIL 22500 - Philosophy And Gender
- PHIL 23000 - Religions Of The East
- PHIL 24200 - Philosophy, Culture, And The African American Experience
- POL 13000 - Introduction To International Relations
- POL 14100 - Governments Of The World
- POL 22200 - Women, Politics, And Public Policy
- POL 23100 - Introduction To United States Foreign Policy
- PSY 23900 - The Psychology Of Women
- PSY 33500 - Stereotyping And Prejudice
- SOC 31000 - Race And Ethnicity
- SOC 33800 - Global Social Movements
- SOC 33900 - Introduction To The Sociology Of Developing Nations
- SOC 45000 - Gender Roles In Modern Society
- SPAN 23500 - Spanish American Literature In Translation
- SPAN 33500 - The Literature Of The Spanish-Speaking Peoples In The United States
- WGSS 28000 - Women's, Gender, And Sexuality Studies: An Introduction
- WGSS 38000 - Gender And Multiculturalism

Economic/Finance Selective (3 credits)

- AGE 21700 - Economics
- CSR 10300 - Introduction To Personal Finance
- CSR 34200 - Personal Finance
- ECON 21000 - Principles Of Economics
- ECON 25100 - Microeconomics
- ECON 25200 - Macroeconomics

Management & Leadership Selective (3 credits)

- COM 37500 - Conflict And Negotiation
- ENTR 20000 - Introduction To Entrepreneurship And Innovation
- MGMT 44301 - Management Of Human Resources
- OLS 25200 - Human Relations In Organizations
- OLS 27400 - Applied Leadership
- PSY 27200 - Introduction To Industrial-Organizational Psychology

Social Ethics Selective (3 credits)

- ENTM 22830 - Forensic Testimony And Ethics
- PHIL 11100 - Introduction To Ethics
- PHIL 11400 - Global Moral Issues
- PHIL 27000 - Biomedical Ethics
- PHIL 28000 - Ethics And Animals
- PHIL 29000 - Environmental Ethics
- PSY 46400 - Research Ethics In Psychological Sciences
- PSY 58100 - Neuroethics

D. Foundations in Natural Sciences, Mathematics & Information Technology Selective (5-9 credits)

Courses selected must be from two different groups. At least one course from Area D or E must be a lab natural science course (Lab courses are indicated by an asterisk *).

Group 1

- BIOL 11000 - Fundamentals Of Biology I *
- BIOL 11100 - Fundamentals Of Biology II *
- BIOL 11200 - Fundamentals Of Biology and
- BIOL 11300 - Fundamentals Of Biology
- BIOL 12100 - Biology I: Diversity, Ecology, And Behavior
- BIOL 13100 - Biology II: Development, Structure, And Function Of Organisms
- BIOL 20100 - Human Anatomy And Physiology or
- BIOL 20300 - Human Anatomy And Physiology *
- BIOL 20200 - Human Anatomy And Physiology or
- BIOL 20400 - Human Anatomy And Physiology *
- BIOL 22100 - Introduction To Microbiology *

Group 2

- MA 16010 - Applied Calculus I
- MA 16100 - Plane Analytic Geometry And Calculus I
- MA 16500 - Analytic Geometry And Calculus I

Group 3

- CNIT 14100 - Internet Foundations, Technologies, and Development *
- CNIT 15501 - Introduction To Software Development Concepts *
- CNIT 17500 - Visual Programming *
- CNIT 17600 - Information Technology Architectures *
- CS 15900 - C Programming *
- CS 17700 - Programming With Multimedia Objects *
- CS 18000 - Problem Solving And Object-Oriented Programming *

E. ADDITIONAL STUDY in Natural Sciences, Mathematics & Information Technology (9 credits)

At least one course from Area D or E must be a lab natural science course (Lab courses are indicated by an asterisk *).

- AGRY 12500 - Environmental Science And Conservation
- ANSC 10600 - Biology Companion Animal
- ANSC 22100 - Principles Of Animal Nutrition
- ANSC 23000 - Physiology Of Domestic Animals
- ANSC 30300 - Animal Behavior *
- ASTR 26300 - Descriptive Astronomy: The Solar System *
- ASTR 26400 - Descriptive Astronomy: Stars And Galaxies *
- BCHM 10000 - Introduction To Biochemistry
- BIOL 11000 - Fundamentals Of Biology I *
- BIOL 11100 - Fundamentals Of Biology II *
- BIOL 11200 - Fundamentals Of Biology and
- BIOL 11300 - Fundamentals Of Biology
- BIOL 12100 - Biology I: Diversity, Ecology, And Behavior

- STAT 51100 - Statistical Methods

Psychological Sciences Supplemental Information

Cultural/International Diversity Selective (0-16 credits)

The Cultural/International Diversity requirement may be met by completing ONE of the four options listed below.

The Cultural/International Diversity Selective requirement may be waived for international students. See Academic Advisor for guidelines and approval.

Option 1. Proficiency through level IV in any one foreign language. Select from American Sign Language, Arabic, Chinese, French, German, Greek, Hebrew, Italian, Latin, Japanese, Portuguese, Russian, or Spanish.

- 10100 (Credit Hours: 3.00-4.00)
- 10200 (Credit Hours: 3.00-4.00)
- 20100 (Credit Hours: 3.00-4.00)
- 20200 (Credit Hours: 3.00-4.00)

Option 2. Proficiency through level III in any one foreign language AND a course from Cultural/International Diversity Selective list.

- 10100 (Credit Hours: 3.00-4.00)
- 10200 (Credit Hours: 3.00-4.00)
- 20100 (Credit Hours: 3.00-4.00)

Option 3. Two courses in any one foreign language AND an approved study abroad experience of at least 6 weeks in duration, which

a) Must take place outside the United States

b) Have significant immersion in the local culture and language independent of any U.S.-based program in which the student may be participating.

- 10100 (Credit Hours: 3.00-4.00)
- 10200 (Credit Hours: 3.00-4.00)
- Study Abroad Experience

Option 4. An approved semester length (Fall/Spring) study abroad experience

a) Must take place outside the United States

b) Have significant immersion in the local culture and language independent of any U.S.-based program in which the student may be participating.

Department of Public Health

About Public Health

The Department of Public Health at Purdue University is dedicated to training individuals with a passion to help others through science-based approaches. Our faculty, students and alumni work as educators, researchers, practitioners, and policy makers to tackle challenges affecting the health and well-being of populations locally, nationally and globally. Our focus is on disease prevention and health promotion.

We offer a bachelor's of science (BS) degree in public health as well as a Council on Education for Public Health (CEPH) accredited master's degree of public health (MPH). All undergraduate and graduate students select a

concentrations that matches their particular interests and complete a practicum to gain real-world work experience in a public health setting. Graduates of Purdue University's Department of Public Health are positioned to be successful leaders in the public health arena. We hope you will join us.

Baccalaureate

Public Health: Behavior Social Sciences Concentration, BS

About the Program

The Public Health major prepares students to plan, implement, and evaluate public health programs for individuals, groups, and populations in a variety of settings that include worksites, hospitals, schools, and communities. As healthcare costs continue to rise in the United States, training a highly skilled public health workforce is becoming a much greater priority. Courses in this major introduce students to the five core public health competency areas (Behavioral Social Sciences, Biostatistics, Environmental Health, Epidemiology, and Health Policy and Management).

An internship at a worksite or in a clinical, community, or government public health setting is part of the curriculum. The goal of the program is to prepare students for entry-level positions in a variety of public health areas.

After completing their BS in Public Health, some students chose to go onto graduate or professional school in: public health, (e.g., a Master of Public Health is offered by the Department), nursing, occupational (OT) or physical therapy (PT), physician's assistant (PA), and medicine. Students also go onto work with Peace Corps or AmeriCorps.

Department of Public Health

Public Health Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Public Health Major Course Requirements (34 credits)

Students must earn a "C-" or better in all HK and PUBH courses

- HK 26900 - Career Development And Preparation For The Health And Fitness Fields
- NUR 22201 - Population Health
- PUBH 10000 - Introduction To Public Health
- PUBH 20500 - Basic Public Health Studies
- PUBH 32000 - Health Behavior And Health Promotion
- PUBH 32500 - Methods Of Health Promotion And Education
- PUBH 40000 - Human Diseases And Disorders
- PUBH 40500 - Principles Of Epidemiology
- PUBH 48000 - Internship For Public Health (400 hour internship)

- HK 36500 - Principles Of Community Health Promotion or
- HSCI 20100 - Principles of Public Health Science (satisfies Science, Technology & Society for core)

- HK 46500 - Research Methods or
- PUBH 49200 - Mentored Research In Public Health

Behavior Social Sciences Concentration (19 credits)

- BIOL 11000 - Fundamentals Of Biology I

 - ANTH 20300 - Biological Bases Of Human Social Behavior or
 - ANTH 21200 - Culture, Food And Health or
 - ANTH 34000 - Global Perspectives On Health
- Select 12 Credits from the following: (must be from at least 2 different departments)**
- COM 37800 - Introduction To Health Communication
 - COM 47800 - Health Communication Campaigns
 - COM 57600 - Health Communication
 - HDFS 21000 - Introduction To Human Development
 - HDFS 32500 - Health And Health Care For Children And Families
 - POL 30000 - Introduction To Political Analysis
 - POL 52400 - Public Policy And The Family
 - PSY 22200 - Introduction To Behavioral Neuroscience
 - PSY 24000 - Introduction To Social Psychology
 - PSY 35000 - Abnormal Psychology
 - SOC 22000 - Social Problems
 - SOC 27500 - Sociology Of Aging And The Life Course
 - SOC 35200 - Drugs, Culture, And Society
 - SOC 38200 - Introduction To Statistics In Sociology
 - SOC 38300 - Introduction To Research Methods In Sociology
 - SOC 53100 - Community Organization
 - SOC 57100 - Health And Behavior

- SOC 57200 - Comparative Healthcare Systems
- SOC 57300 - The Human Side Of Medicine
- SOC 57600 - Health And Aging In Social Context
- TLI 11200 - Foundations Of Organizational Leadership or
- OLS 25200 - Human Relations In Organizations
- TLI 25400 - Leading Change In Technology Organizations or
- OLS 38600 - Leadership For Organizational Change And Innovation

Other Departmental/Program Course Requirements (57-60 credits)

- BIOL 20300 - Human Anatomy And Physiology ♦ (satisfies Science for core)
- BIOL 20400 - Human Anatomy And Physiology ♦ (satisfies Science for core)
- CHM 11100 - General Chemistry ♦
- CHM 11200 - General Chemistry ♦
- CNIT 13600 - Personal Computing Technology And Applications ♦
- COM 11400 - Fundamentals Of Speech Communication ♦ (satisfies Oral Communication for core)
- MA 15300 - College Algebra (satisfies Quantitative Reasoning for core)
- PSY 12000 - Elementary Psychology (satisfies Human Cultures: Behavioral & Social Sciences for core)
- SOC 10000 - Introductory Sociology
- STAT 30100 - Elementary Statistical Methods ♦
- ENGL 10600 - First-Year Composition ♦ (satisfies Written Communication and Information Literacy for core) or
- ENGL 10800 - Accelerated First-Year Composition ♦ (satisfies Written Communication and Information Literacy for core)
- ENGL 42000 - Business Writing or
- ENGL 42100 - Technical Writing or
- ENGL 42201 - Writing For The Health And Human Sciences
- Culture & Diversity Selective - Credit Hours: 3.00
- Leadership/Policy Selective - Credit Hours: 3.00
- Psychology Selective - Credit Hours: 3.00
- Sociology Selective - Credit Hours: 3.00
- Other Language 10100 (satisfies Human Cultures: Humanities for core) - Credit Hours: 3.00
- Other Language 10200 (*total of 6 credits - must be from one language*) - Credit Hours: 3.00
- Science, Technology & Society Selective - select from PUBH Core Science, Technology, & Society list (HSCI 20100, if selected in major requirements, fulfills this requirement) - Credit Hours: 1.00-3.00

Electives (7-10 credits)

- Concentration Intro - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

16 Credits

Spring 3rd Year

- NUR 22201 - Population Health
- PUBH 32500 - Methods Of Health Promotion And Education
- PUBH 40500 - Principles Of Epidemiology
- Concentration Selective - Credit Hours: 3.00
- Science, Technology, & Society Selective or Elective - Credit Hours: 1.00 - 3.00
- Elective - Credit Hours: 2.00 - 3.00

15 Credits

Fall 4th Year

- HK 46500 - Research Methods or
- PUBH 49200 - Mentored Research In Public Health
- Concentration Selective - Credit Hours: 3.00
- Concentration Selective - Credit Hours: 3.00
- Concentration Selective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15 Credits

Spring 4th Year

Students may also do internship during the summer and graduate in August.

- PUBH 48000 - Internship For Public Health
- Elective - Credit Hours: 3.00

12 Credits

Notes

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.
- 2.0 Graduation GPA required for Bachelor of Science degree.
- "C-" or better required in all HK and PUBH courses.
- At least 32 credits of Purdue coursework required at 30000 level or higher. *PUBH includes 30 credits (if taken at Purdue).*

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor.

ASL-American Sign Language	ARAB-Arabic	CHNS-Chinese
GER-German	GREK-Greek (ancient)	HEBR-Hebrew (Biblical)
ITAL-Italian	JPNS-Japanese	KOR-Korean
PTGS-Portuguese	RUSS-Russian	SPAN-Spanish

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Public Health: Biostatistics/Communications & Information/Systems Thinking Concentration, BS

About the Program

The Public Health major prepares students to plan, implement, and evaluate public health programs for individuals, groups, and populations in a variety of settings that include worksites, hospitals, schools, and communities. As healthcare costs continue to rise in the United States, training a highly skilled public health workforce is becoming a much greater priority. Courses in this major introduce students to the five core public health competency areas (Behavioral Social Sciences, Biostatistics, Environmental Health, Epidemiology, and Health Policy and Management).

An internship at a worksite or in a clinical, community, or government public health setting is part of the curriculum. The goal of the program is to prepare students for entry-level positions in a variety of public health areas.

After completing their BS in Public Health, some students chose to go onto graduate or professional school in: public health, (e.g., a Master of Public Health is offered by the Department), nursing, occupational (OT) or physical therapy (PT), physician's assistant (PA), and medicine. Students also go onto work with Peace Corps or AmeriCorps.

Notes

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward

graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.

- 2.0 Graduation GPA required for Bachelor of Science degree.
- "C-" or better required in all HK and PUBH courses.
- At least 32 credits of Purdue coursework required at 30000 level or higher. *PUBH includes 30 credits (if taken at Purdue).*

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor.

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.

Public Health: Health Policy & Management Concentration, BS

About the Program

The Public Health major prepares students to plan, implement, and evaluate public health programs for individuals, groups, and populations in a variety of settings that include worksites, hospitals, schools, and communities. As healthcare costs continue to rise in the United States, training a highly skilled public health workforce is becoming a

much greater priority. Courses in this major introduce students to the five core public health competency areas (Behavioral Social Sciences, Biostatistics, Environmental Health, Epidemiology, and Health Policy and Management).

An internship at a worksite or in a clinical, community, or government public health setting is part of the curriculum. The goal of the program is to prepare students for entry-level positions in a variety of public health areas.

After completing their BS in Public Health, some students chose to go onto graduate or professional school in: public health, (e.g., a Master of Public Health is offered by the Department), nursing, occupational (OT) or physical therapy (PT), physician's assistant (PA), and medicine. Students also go onto work with Peace Corps or AmeriCorps.

- SOC 34000 - General Social Psychology
- SOC 37400 - Medical Sociology
- SOC 41100 - Social Inequality

Department of Speech, Language, and Hearing Sciences

About Speech, Language, and Hearing Sciences

The Department of Speech, Language, and Hearing Sciences (SLHS) at Purdue University is in the College of Health and Human Sciences. Undergraduate majors in SLHS obtain a Bachelor of Science degree in Speech, Language, and Hearing Sciences. Courses at the undergraduate level are designed to introduce students to basic processes of communication, speech, language, and hearing, and to disorders of communication, and eligible students may also earn course credit working as research assistants under the supervision of department faculty. Students who qualify also have the opportunity to participate in clinical observation during the latter stages of their program. Our undergraduate program provides a firm foundation for future graduate study in the speech, language, and hearing sciences within the framework of a well-rounded and comprehensive undergraduate education.

About the Program

The Department of Speech, Language, and Hearing Sciences (SLHS) at Purdue University is in the College of Health and Human Sciences. Undergraduate majors in SLHS obtain a Bachelor of Science degree in Speech, Language, and Hearing Sciences. Courses at the undergraduate level are designed to introduce students to basic processes of communication, speech, language, and hearing, and to disorders of communication, and eligible students may also earn course credit working as research assistants under the supervision of department faculty. Students who qualify also have the opportunity to participate in clinical observation and a practicum during the latter stages of their program. The Bachelor of Science degree prepares you for careers in healthcare and provides a firm foundation for graduate school.

Department of Speech, Language, and Hearing Sciences

Speech, Language, and Hearing Sciences Major Change (CODO) Requirements

Degree Requirements

120 Credits Required

Departmental/Program Major Course Requirements (33 credits)

SLHS Foundation Requirements (18 credits)

A minimum GPA of 2.5 in SLHS 22700, 30200, 30300, 30600, and 30900 is required. (No grade lower than a "C-" will be allowed)

- SLHS 11500 - Introduction To Communicative Disorders (satisfies Science, Technology & Society for core)
- SLHS 22700 - Elements Of Linguistics (satisfies Human Cultures: Behavioral & Social Sciences for core)
- SLHS 30200 - Hearing Science
- SLHS 30300 - Anatomy And Physiology Of The Speech Mechanism
- SLHS 30600 - Introduction To Phonetics
- SLHS 30900 - Language Development

Area 1: Speech, Language, and Hearing Sciences Selective (15 credits)

Select 15 credits of any SLHS courses not used to satisfy the SLHS Foundation Requirements.

- A minimum of 12 credits MUST be at the 40000 level or above.
- No more than 3 credits can come from SLHS 34500, 49000, or 49800.

Other Departmental/Program Course Requirements (51-74 credits)

Modern Language Requirement (12-16 credits)

Proficiency through level IV in one language (satisfies Human Cultures: Humanities for core)

(Select from American Sign Language, Arabic, Chinese, French, German, Greek, Hebrew, Italian, Latin, Japanese, Portuguese, Russian, or Spanish.)

- Modern Language 10100 - Credit Hours: 3.00 - 4.00
- Modern Language 10200 - Credit Hours: 3.00 - 4.00
- Modern Language 20100 - Credit Hours: 3.00 - 4.00
- Modern Language 20200 - Credit Hours: 3.00 - 4.00

Math and Science Requirements (12-16 credits)

Depending on selection, courses may also be used to fulfill University Core.

- Biology: Any BIOL course except BIOL 14700, 20500, or 20600 - Credit Hours: 3.00-4.00
- Chemistry/Physics: Any CHM course except CHM 20000 **OR** Any PHYS course except PHYS 21500 - Credit Hours: 3.00-4.00
- MA 15300 or *select any course from University list* **EXCEPT** MA 13800 or PHIL 15000 - Credit Hours: 3.00-5.00 (satisfies Quantitative Reasoning for core)
- Statistics: STAT 30100, or SOC 38200, or any STAT 30000-59999 level course - Credit Hours: 3.00

Area 2: Pure and Applied Sciences (6-8 credits)

Select 6-8 credits. Cannot use a course that is used to fulfill University Core or Math and Science requirement.

- Biology: Any BIOL course **except** BIOL 11000, 14700, 20500, or 20600
- Chemistry: Any CHM course above CHM 11100 except CHM 20000
- Electrical and Computer Engineering: Any ECE course
- Math: MA 15555 or numerically higher
- Physics: Any PHYS course **except** PHYS 21500
- Statistics: Any STAT course at 30000 level or higher or SOC 38200

Area 3: Behavioral, Linguistic, and Social Sciences (6 credits)

Select 6 credits. Cannot use a course that is used to fulfill University Core or Math and Science requirement.

- Anthropology: ANTH 34000, 36800, or 41400
- American Sign Language: ASL 28000
- Health and Kinesiology: HK 25300, or any 30000 - 49999 level HK course
- Languages and Cultures: LC 36100
- Linguistics: Any LING 30000-49999 level course **except** LING 31500 (credit cannot be given for both LING 31500 and SLHS 30600)
- Psychology: PSY 20000, 22200, 23500, or any PSY 30000 - 49999 level course
- Public Health: PUBH 30500, 32000, 32500, 40000, 40500, 48000, or 49200

- Sociology: SOC 27500 or 37400

Additional Other Departmental/Program Course Requirements: (15-28 credits)

- SLHS Human Cultures: Behavioral & Social Sciences - Credit Hours: 3.00 (This is an SLHS requirement in addition to the University core requirement fulfilled by SLHS 22700)
- SLHS Information Literacy - Credit Hours: 1.00-4.00 (This is an SLHS requirement in addition to the University core requirement)
- Information Literacy - Credit Hours: 1.00-4.00 (satisfies Information Literacy for core. *IF STAT 30100 is selected for other requirements, this requirement is fulfilled*)
- Oral Communication - Credit Hours: 3.00 (satisfies Oral Communication for core)
- Science - Credit Hours: 2.00-5.00 (satisfies Science for core. *MAY be fulfilled, depending on course selected for other requirements*)
- Science - Credit Hours: 2.00-5.00 (satisfies Science for core. *MAY be fulfilled, depending on course selected for other requirements*)
- Written Communication ♦ - Credit Hours: 3.00-4.00 (satisfies Written Communication for core)

Electives (13-36 credits)

University Core Requirements

For a complete listing of University Core Course Selectives, visit the [Provost's Website](#).

- Human Cultures: Behavioral/Social Science (BSS)
- Human Cultures: Humanities (HUM)
- Information Literacy (IL)
- Oral Communication (OC)
- Quantitative Reasoning (QR)
- Science #1 (SCI)
- Science #2 (SCI)
- Science, Technology, and Society (STS)
- Written Communication (WC)

Program Requirements

Fall 1st Year

- SLHS 11500 - Introduction To Communicative Disorders
- Written Communication core ♦ - Credit Hours: 3.00-4.00

- Modern Language 10100 - Credit Hours: 3.00-4.00
- Quantitative Reasoning core - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-17 Credits

Spring 1st Year

- SLHS 22700 - Elements Of Linguistics
- Oral Communication - Credit Hours: 3.00
- Science Selective (CHM or PHYS) - Credit Hours: 3.00-4.00
- Modern Language 10200 - Credit Hours: 3.00 - 4.00
- Elective - Credit Hours: 3.00

15-17 Credits

Fall 2nd Year

- SLHS 30200 - Hearing Science or
- SLHS 30300 - Anatomy And Physiology Of The Speech Mechanism
- SLHS 30600 - Introduction To Phonetics or
- SLHS 30900 - Language Development
- Modern Language 20100 - Credit Hours: 3.00 - 4.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-16 Credits

Spring 2nd Year

- SLHS 30200 - Hearing Science or
- SLHS 30300 - Anatomy And Physiology Of The Speech Mechanism
- SLHS 30600 - Introduction To Phonetics or
- SLHS 30900 - Language Development
- Modern Language 20200 - Credit Hours: 3.00 - 4.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-16 Credits

Fall 3rd Year

- Additional Behavioral/Social Sciences - Credit Hours: 3.00
- STAT Selective - Credit Hours: 3.00
- Area 1 - Credit Hours: 3.00

- Area 1 - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15 Credits

Spring 3rd Year

- BIOL (Science) - Credit Hours: 3.00 - 4.00
- Area 1 - Credit Hours: 3.00 - 4.00
- Area 2 - Credit Hours: 3.00 - 4.00
- Area 3 - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-18 Credits

Fall 4th Year

- Area 1 - Credit Hours: 3.00 - 4.00
- Area 3 - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-16 Credits

Spring 4th Year

- Area 1 - Credit Hours: 3.00
- Area 2 - Credit Hours: 3.00 - 4.00
- Information Literacy Core - Credit Hours: 3.00
- SLHS Additional Information Literacy - Credit Hours: 3.00
- Elective - Credit Hours: 3.00

15-16 Credits

Notes

- A student may elect the Pass / Not-Pass grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken Pass / Not-Pass. Students may elect to take University Core Curriculum courses Pass / Not-Pass; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the Pass / Not-Pass option. A maximum of 24 credits of elective courses under the Pass / Not-pass grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences Pass / Not-Pass Policy.
- At least 32 credits of Purdue coursework be obtained at the 30000 level or higher.
- 2.0 GPA is required for graduation.

World Language Courses

World Language proficiency requirements vary by program. The following list is inclusive of all world languages PWL offers for credit; for acceptable languages and proficiency levels, see your advisor.

ASL-American Sign Language	ARAB-Arabic	CHNS-Chinese
GER-German	GREK-Greek (ancient)	HEBR-Hebrew (Biblical)
ITAL-Italian	JPNS-Japanese	KOR-Korean
PTGS-Portuguese	RUSS-Russian	SPAN-Spanish

Critical Course

The ♦ course is considered critical.

In alignment with the Degree Map Guidance for Indiana's Public Colleges and Universities, published by the Commission for Higher Education (pursuant to HEA 1348-2013), a Critical Course is identified as "one that a student must be able to pass to persist and succeed in a particular major. Students who want to be nurses, for example, should know that they are expected to be proficient in courses like biology in order to be successful. These would be identified by the institutions for each degree program".

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.
