About Purdue University

Serving people was Purdue University's founding principle as the Indiana link in the nationwide chain of land-grant colleges and universities. Purdue, which opened its doors on September 16, 1874, with a student body of 39 and a staff of six, has grown into a world-class educational system of 69,600 students and about 18,400 faculty and staff members across Indiana. The West Lafayette campus comprises 39,200 students and nearly 15,000 faculty and staff members.

Purdue graduates have been to the moon, to the highest levels of business and government, and to Sweden to receive the Nobel Prize. The roster of about 384,000 living alumni includes noted CEOs, agriculturalists, scientists, teachers, engineers, pharmacists, journalists, veterinarians, and athletes who have made notable contributions to our society.

Purdue has been a vital resource to the people of Indiana, the nation, and the world — from its land-grant foundation to its status today as a prominent land-, sea-, and space-grant university that champions its missions of learning, discovery, and engagement.

Making higher education available to the people was the plan in 1862 when President Lincoln signed the Morrill Act. That act gave public lands to any state that would use proceeds from the sale of the land to support a college that would teach agriculture and the mechanic arts.

Three years after passage of the land-grant act, the Indiana General Assembly voted to take advantage of the provisions. Competition among various areas of the state culminated in 1869 when the assembly accepted \$150,000 from Lafayette civic leader John Purdue, \$50,000 from Tippecanoe County, and 100 acres of land from local citizens. In appreciation, the institution was named Purdue University and was established in West Lafayette. The University officially opened for classes September 16, 1874.

Purdue quickly established prominence in agriculture and engineering, answering the immediate needs of the people. And it has since built solid reputations in veterinary medicine, technology, a range of sciences, pharmacy, nursing, management, liberal arts, health sciences, education, and consumer and family sciences.

The physical growth of campus also has been dramatic. Originally the campus consisted of three buildings rising out of Indiana farm-

land. Today the main campus encompasses 160 major buildings. Nearly \$600 million worth of new construction and renovation is under way or scheduled to occur at Purdue in West Lafayette during the first seven years of the new millennium.

The Purdue system has expanded to include Purdue campuses at Fort Wayne, Hammond, and Westville, and degree programs at Indiana University-Purdue University Indianapolis and Indiana University-Purdue University Columbus. Purdue's College of Technology exists in 10 Indiana communities in addition to the West Lafayette campus.

The mission of answering the people's needs goes beyond educating productive graduate and undergraduate students. Purdue is a highly respected research institution, with research and sponsored program expenditures of over \$395.9 million in the 2004–05 fiscal year on the West Lafayette campus. In addition, the University offers its expertise to the state of Indiana in numerous ways, as well as to business and industry, retailers, and teachers.

Purdue's impact in Indiana is evident daily through its spectrum of learning, discovery, and engagement. The University has an annual impact of more than \$2.5 billion on Indiana's economy. Purdue's march toward preeminence has solid footing in the development of Discovery Park, where the University's talent and ideas are pacesetters in interdisciplinary, world-leading nanotechnology and biosciences research and discovery.

Outreach programs include the Purdue University Cooperative Extension Service, with sites in each of Indiana's 92 counties serving as a gateway to lifelong learning. The Office for Continuing Education and Conferences serves tens of thousands of adult learners annually through Purdue courses for personal and professional development offered on campus, off campus, and by distance education.

Purdue is also a cultural and recreational hub for people in northwestern Indiana. The Edward C. Elliott Hall of Music, one of the largest proscenium theaters in the world, houses 6,025 spectators for music, dance, theatre, and pop entertainment. Boilermaker fans crowd Ross-Ade Stadium, Mackey Arena, and the Intercollegiate Athletic Facility for Big Ten Conference football, basketball, and volleyball.

Purdue University ranks among the 25 largest universities in the United States. Its position of leadership and influence in teaching and research stems in large part from its worldwide acclaim in engineering, science, and technology, but its preeminence is bolstered by an exciting array of academic disciplines. On the West Lafayette campus, there are 370 majors/specializations to choose from within the following colleges and schools:

College of Agriculture

Among the nation's highest ranked and most prestigious institutions, the college offers excellent teaching, research, extension, and international programs. More than 40 programs of study prepare scientists, engineers, business representatives, producers, information specialists, and resource managers for professional careers in the world's food and natural resource systems. See www.agriculture.purdue.edu/oap.

College of Consumer and Family Sciences

The college, one of the largest and highest ranked of its kind in the nation, prepares men and women for careers related to the needs of families and consumers. Students can choose a bachelor of science degree program from 13 majors in the areas of family studies and child development, consumer sciences and consumer business, hospitality, nutrition, health and fitness, tourism, and education. The Department of Hospitality and Tourism Management also offers an associate degree program. See www.cfs.purdue.edu.

College of Education

The state accredited and nationally ranked and accredited College of Education prepares outstanding teachers, instructional leaders, administrators, school counselors, counseling psychologists, curriculum specialists, teacher educators, and educational researchers for the essential roles they play in guiding the education of our youth. Through interdisciplinary instructional programs in teacher education, research in the educational process, and engagement with Indiana schools, College of Education graduates are well prepared for a rewarding career in education. The dedicated and experienced faculty members, some of whom are known internationally as experts in their fields, are respected leaders in a wide range of curriculum areas and are actively engaged in research. Together the students and faculty share a passion for learning,

teaching, and changing the world. The college offers undergraduate and graduate degrees in a variety of disciplines. In addition to the teacher education programs offered by the College of Education, teacher preparation programs are also offered through other colleges and schools across campus. See www.education.purdue.edu.

College of Engineering

The College of Engineering is internationally known for the quality and scope of its programs. Students launch their careers with a common first-year program in the Department of Engineering Education. Once they have completed that program, they choose from undergraduate curricula in aeronautics and astronautics, agricultural and biological, biomedical, chemical, civil, computer, construction engineering and management, electrical, food process, industrial, interdisciplinary, land surveying and geomatics, materials, mechanical, or nuclear engineering. Every school and department offers graduate degree programs. See www.engineering.purdue.edu.

School of Health Sciences

The school offers a variety of health-related study areas, including medical technology, medical physics, health physics, industrial hygiene, and related environmental and general health science programs. It also administers the prepharmacy, premedical, pre dental, and pre-allied health programs, including occupational and physical therapy and dental hygiene. Students completing the programs and gaining experience in the field may qualify for professional certification. See www.healthsciences.purdue.edu.

College of Liberal Arts

The college offers essentially all of the traditional disciplines of the humanities, social and behavioral sciences, and creative arts. Majors and minors are available in 11 departments: audiology and speech sciences; communication; English; foreign languages and literatures; health and kinesiology; history; philosophy; political science; psychological sciences; sociology and anthropology; and visual and performing arts. Students can prepare themselves in more than 50 majors, including 11 undergraduate interdisciplinary programs. See www.cla.purdue.edu.

Krannert School of Management

Degree programs include accounting, management, industrial management, and econom-

ics. Accounting and management programs focus on finance, marketing, operations, human resources, and strategic planning. The industrial management program combines management and technical education with a manufacturing management, engineering, or science minor. The accounting program combines a management background with extensive education in accounting principles and practices. All programs include coursework in the arts, humanities, and international and cross-cultural aspects of modern business. See www.krannert.purdue.edu.

School of Nursing

The School of Nursing prepares students from diverse backgrounds for careers as professional nurses. The nationally accredited undergraduate program prepares a student for licensure as a registered nurse (R.N.) and for entry into graduate studies. A diverse mix of liberal arts, science, and nursing courses gives students a scientific, multidisciplinary education. Small clinical classes give students practical experience in health assessment, maternal child care, mental health, acute care, and community health nursing. This program admits nursing majors at the freshman year and offers early, hands-on clinical courses. The R.N.-to-B.S.N. program allows registered nurses to complete their baccalaureate requirements. The Second Degree Baccalaureate Program allows students who hold a degree in another field to pursue a B.S. in Nursing. The master's degree program prepares advanced practice nurses. The Doctor of Nursing Practice (D.N.P.) delivers a curriculum from post-baccalaureate to the practice doctorate degree, with an emphasis on care of rural, underserved populations. See www.nursing.purdue.edu.

School of Pharmacy and Pharmaceutical Sciences

The school offers an accredited professional program leading to the Doctor of Pharmacy degree. This program combines a basic and applied science background as well as clinical experience allowing students to function as licensed pharmacists to provide pharmaceutical care. The two prepharmacy years can be taken either at Purdue's School of Pharmacy or at another institution. The school also has a four-year, non-licensure-eligible B.S. in Pharmaceutical Sciences degree designed for entry-level pharmaceutical industry positions or as a foundation for advanced education. See www.pharmacy.purdue.edu.

College of Science

Actuarial science, biological sciences, chemistry, computer science, earth and atmospheric sciences, mathematics, physics, statistics, math and science secondary school teaching, and interdisciplinary science programs prepare students for immediate careers or advanced study. Premedical, pre dental, and preveterinary options; a cooperative education program; study abroad; and honors programs are available. Students may pursue official minors in other areas outside their major. Enrollment in sciences while deciding on a major in any field is encouraged. A highly qualified faculty, state-of-the-art facilities, and ongoing research keep teaching up to date. See www.science.purdue.edu.

College of Technology

The eight departments and 22 specializations in the College of Technology prepare students to meet the technological needs of business, industry, and government. Technology students begin taking courses in their major as early as the freshman year. Courses and other opportunities allow students to experience a variety of hands-on, real-world applications. The college awards associate, bachelor's, and graduate degrees. See www.purdue.edu/technology.

School of Veterinary Medicine

This professional school, which graduated its first class in 1963, has assumed a leading position nationally and internationally in veterinary education. The school is one of only 28 in the United States that grant the Doctor of Veterinary Medicine degree. The Veterinary Technology Program is accredited by the American Veterinary Medical Association (AVMA) and awards Associate of Science and Bachelor of Science degrees. The Associate of Science degree is also offered via distance learning. The Veterinary Technology Program at Purdue is the only such program in the state of Indiana and one of only two AVMA programs administered by a school of veterinary medicine. See www.vet.purdue.edu/admissions.

The Graduate School

All programs of graduate study and research leading to advanced degrees are under the Graduate School's jurisdiction. Programs of study lead to the degrees of Doctor of Philosophy, Doctor of Audiology, Doctor of Nursing Practice, Educational Specialist, Master of Arts, Master of

Arts in Teaching, Master of Fine Arts, Master of Business Administration, Master of Science, and Master of Science in various professional fields. More than 70 robust programs with research- and practice-oriented curricula are available in options that include the sciences, arts, engineer-

ing, agriculture, management, and humanities as well as exciting interdisciplinary programs. The Graduate School also offers several graduate-level, academic credit certificate programs. See www.gradschool.purdue.edu.

Krannert School of Management

Purpose and Philosophy

Like all major institutions of higher learning, Purdue University's Krannert School of Management exists for the discovery, preservation, and dissemination of knowledge. That purpose is reflected in a deep commitment to scholarship that inspires both the creation and the critical evaluation of new ideas and insights through the daily interaction of the school's faculty and students in the classroom, laboratory, and library.

The school's academic programs are devised to prepare students for lives of active and productive citizenship. To that end, those programs begin with a solid foundation of classwork in the arts, sciences, and mathematics intended to develop a rigorous, analytical cast of mind, a wide intellectual curiosity, and an appreciation for the breadth and diversity of the means by which we come to understand our world.

Rising out of that foundation in the junior and senior years is a demanding professional education designed to further sharpen the student's analytical and decision-making abilities through exposure to the challenges confronted by the various management functions of finance, production, marketing, human resources, strategic planning, management information systems, and related areas. It is this core of analytical, often mathematically based, instruction in the latest principles of management and quantitative methods that is the hallmark of management education at Purdue. In advanced classes, frequent discussion of carefully chosen case studies helps students to gain facility in the application of these principles within a broad range of management contexts.

Finally, students find numerous opportunities to meet and talk with management professionals from a wide variety of companies and firms. This interaction, together with the insights gained in the classroom, is intended to develop an appreciation for, and a sensitivity to,

the high standards of professional and ethical conduct that must be maintained by leaders in all fields.

Academic Programs

The academic programs of the School of Management are accredited by the Association to Advance Collegiate Schools of Business (AACSB) International. To maintain that accreditation and to ensure that it continues to meet the ever-changing demands of management education, the school must revise its academic requirements as conditions warrant. Consequently, while the administrative procedures and graduation requirements described in this bulletin are those in force at the time of printing, they are subject to change by action of the school's faculty and administration.

The School of Management offers a Bachelor of Science degree in Industrial Management (B.S.I.M.) and Bachelor of Science degree in Management, Accounting, and Economics. Industrial management, management, and accounting are built around a common core of professional management courses, while economics combines a broad education in the humanities with an extensive program in economic theory and policy. In keeping with the worldwide scope of the modern manager, all programs include some instruction in the international aspects of business and economics.

Bachelor of Science in Industrial Management (B.S.I.M.)

This program is designed for students with an aptitude in science and mathematics who wish to pursue careers in which a thorough knowledge of the technical aspects of production or of product characteristics is critical to success. The distinguishing feature of this curriculum is

the technical minor, a sequence of five courses (a minimum of 15 credits) completed by the student in the sophomore, junior, and senior years and selected from some area of science, management information systems, engineering, or manufacturing management. Including this technical sequence permits the student to combine a high quality curriculum in management principles and practice with Purdue's excellent resources in science and engineering education.

Bachelor of Science (B.S.)

Management. This program combines the common core of professional management courses with a broad range of courses in the arts and sciences and includes considerable elective flexibility to permit students to tailor their programs to meet their individual interests. Students may elect to minor in accounting, economics, finance, international business and economics, management information systems, marketing, or organizational behavior/human resource management.

Because the elective hours may be used to explore topics in other disciplines, this program offers students a broad perspective of the role of management professionals and of the business organizations and the economic, social, and cultural environment in which they operate. It, therefore, provides an excellent educational foundation — broad in scope yet firmly rooted in an analytical framework — on which to build specific training and experience received on the job or in graduate school (for example, in law, business, or public administration).

Accounting. Because this program combines extensive classwork in accounting principles and practice with the professional management core common to all of the school's management-related programs, it provides students with a broad perspective in all aspects of the management function. Students qualify to take Indiana's Certified Public Accounting (CPA) Examination by completing 150 credit hours. These hours may be achieved by acceptance into the 3+2 master's/bachelor's program (see page 24), or merely by accumulating 150 credits. Each state has different educational requirements to sit for the CPA exam. We strongly recommend that students go to relevant state CPA societies' Web sites for details on the requirements for state(s) the student is considering.

Graduates of this program may move directly to positions in the accounting departments of manufacturing or service enterprises, where they maintain the company's financial records, determine the production costs of particular products, construct cost and revenue projections for planning purposes, calculate the firm's tax liabilities, or act as internal auditors monitoring all aspects of the firm's operations to ensure that they are carried out in accord with established standards and directives.

Other graduates work in the public accounting field where they examine the financial statements prepared by individual firms to ensure that they are fairly presented, aid their client firms and individuals in tax planning and the preparation of required tax forms, and consult with the management of client firms on a wide variety of business problems. Finally, graduates of this program may enter the growing field of government accounting.

Economics. The bachelor of science program in economics is offered by the School of Management. The program combines the broad intellectual influences of the liberal arts with the analytical rigor of an extensive study of economic theory and policy. Graduates of this unique program find employment in such areas as management, finance, banking, marketing, public administration, or insurance. Others take positions in government at the federal, state, or local levels. In addition, many students find this program to be an excellent preparation for law or graduate school.

The Economics Honors Program provides particularly able students the opportunity to complete a period of intense, independent study in economic theory or policy. Graduates from this program receive a diploma containing the notation "Honors Curriculum in Economics" if they enroll in a two-semester Senior Honors Seminar — in which they complete an individual research project under the guidance of a member of the economics faculty — and if they maintain a grade point average of at least 3.30 in all economics courses.

Admissions

Admissions Inquiries and Procedures

All inquiries about admissions (whether you are entering from high school, transferring from another institution, or re-entering after being out of school) should be addressed to: Office of Admissions; Purdue University; Schleman Hall; 475 Stadium Mall Drive; West Lafayette, IN 47907-2050; admissions@purdue.edu; (765) 494-1776.

Your first inquiry concerning admission should include (1) the amount of education you have completed; (2) your plans for further education, indicating your area of interest; and (3) the approximate date of your entrance to Purdue.

When you are entering directly from high school, the Office of Admissions suggests that you file your application for admission early in your senior year. Transfer students should apply as early as possible.

Campus Visits

A visit to the campus and an interview with an admissions counselor will help you determine which educational programs at Purdue are in keeping with your educational background and your future career interests. Such a campus visit is especially appropriate during your junior year in high school.

The Office of Admissions is open each weekday from 8 a.m. to 5 p.m. No appointment is necessary; however, if you would like a tour of the campus, contact the Office of Admissions before your visit.

Students interested in Purdue have a variety of opportunities to visit the campus. Some programs, such as Fall Preview Days and Introducing Purdue, offer more formal agendas that include admissions presentations, school and program sessions, and campus tours. Prospective students and their families also can make individual visits; the Office of Admissions offers multiple visit sessions on a daily basis, Monday through Friday, including walking tours of campus. Students planning a visit to campus should first contact the Office of Admissions or visit the Admissions Web site — www.purdue.edu/Admissions/undergrad — for further information.

Core 40 — Indiana Students

Purdue University applauds the state's efforts to strengthen Indiana's high school students' academic preparation and encourages all students to complete the Core 40 requirements. In addition to considering high school courses, Purdue will continue to use other factors such as grade point average, class rank, trends in achievement, honors courses, and test scores when reviewing applications for admissions. We will evaluate applicants on an individual basis and in relation to their requested majors. Program limitations also will continue to be a factor in admission to certain majors.

Admissions Criteria

Your admission as a new student into the Krannert School of Management at Purdue is determined by a holistic review that evaluates rank in class, test scores, ability to be successful, grade average in college preparatory subjects, grades in courses related to the degree objective, trends in achievement, completion of minimum high school subject matter expectations (in the following table), the strength of the college preparatory program, personal attributes, and information provided by your high school counselor. All applicants who have not completed a full year of college work are required to provide SAT or ACT scores (including the writing sections of these tests). Students are encouraged to take either the SAT or ACT in the spring of their junior year. All applicants must graduate high school or have a GED.

Subjects	Minimum Semester Expectations
English	8
Academic math*	6
Laboratory science†	4
Foreign language	4

* Includes algebra, geometry, trigonometry, calculus, etc.

† Includes biology, chemistry, physics, earth/space science, physiology/anatomy, etc.

Because this catalog is used for two to three years, you should refer to www.purdue.edu/Admissions/Undergrad for the most current and accurate information about admission to the Krannert School of Management.

Advance Deposit on Fees

If you are a new student admitted for the fall semester, you must make a nonrefundable advance deposit of \$100. This deposit is to reserve a place for you on the new student roster. Students admitted on or before April 10 must submit the deposit by May 1. Those admitted after April 10 must submit the deposit within three weeks (21 days) after the date of the offer of admission.

If you receive an offer of admission but fail to make the required deposit of \$100 within the time allotted, you automatically forfeit your right to a place on the new student roster.

The \$100 advance deposit will be applied to your first semester fees and is not associated with your University housing application or contract.

Early Enrollment for Superior Students

If you are a high school student with a highly superior scholastic record during the first three years of high school, you may qualify for admission to Purdue without high school graduation.

The regular entrance requirements are supplemented by certain objective measurements of your qualification to advance to the university level. In this way, the University tries to recognize and provide for individual rates of learning and achievement.

As a nongraduate of high school, you will be considered for admission if you (1) have earned 12 or more credits toward graduation; (2) have a highly superior school record; (3) are strongly recommended by your principal; (4) have the approval of your parents for college entrance without high school graduation; (5) qualify by your performance on prescribed admissions tests; and (6) are approved by the University Admissions Committee.

Purdue cannot guarantee high school diplomas under this arrangement, but it cooperates with whatever arrangement the state or local school system may have for awarding a high school diploma to a successful participant in this plan.

Admission with Advanced Standing

On the basis of your CEEB Advanced Placement Examination, Purdue advanced credit examina-

tion, or high school record, you, as a first-year student, may receive advanced credit and/or advanced placement.

Transfer Students

If you are transferring from another college or university, you must comply with the following procedures:

1. Submit an official undergraduate application for admission.
2. Forward official transcripts of work done at institutions previously attended (both high school and college). A separate transcript must be provided by each institution, regardless of whether credit is requested.

To be considered for admission, transfer students should apply as soon as possible for the term they wish to enter. To be admitted, students must have the necessary grade point average at the time they apply (and any required college coursework) and meet high school subject matter requirements.

See page 26 for specific School of Management guidelines.

Because this catalog is used for two to three years, you should refer to www.purdue.edu/Admissions/Undergrad for the most current and accurate information about admission to the Krannert School of Management.

Transfer (or Advanced) Credit

Credit for courses at Purdue University will be given for work of equivalent character and amount successfully completed at another accredited college. Advanced standing will be determined on the basis of these credits. Advanced credit will be regarded as provisional and may be withdrawn by the director of admissions upon recommendation of the head of the department concerned if dependent work is not satisfactorily completed.

Purdue University is a supporter of and a participant in the Indiana Core Transfer Library (CTL), a growing list of courses that will transfer from one public Indiana institution to another. As the Core Transfer Library is developed, information will be available at www.che.state.in.us.

When credit earned at another college or university is transferred to Purdue and accepted toward advanced standing, the credit is converted into terms of Purdue courses and applied

to the program of study. It remains for you, the student, to complete the program, and your schedule of courses each term will be adjusted accordingly. It does not follow that your classification at Purdue or the time necessary for completion of the required work for a degree will be in line with what was expected at the previous institution. Grades are not transferred; only credits in courses are recorded.

Students participating in college-credit courses taught concurrently for high school and college credit during the regular school day by local high school teachers must validate the credit by submitting satisfactory results on the College Board Advanced Placement Examination or the Purdue advanced credit examination, as determined by the subject department. The determination of use of transfer credit in part or in full to satisfy graduation requirements is the responsibility of the school head or his or her designated representative, in accordance with the regulations of the University faculty.

All credentials are submitted with the understanding that they become the property of Purdue University.

Early Registration — Day on Campus

The Student Access, Transition and Success Programs (SATS) and the Office of Admissions invite you to campus for one day of early registration during the summer before your first semester as a new student. This day is set aside for you to meet with your academic counselor and to select your first-semester classes. The University then will proceed with the registration process and mail you a fee statement and your class schedule.

Student Orientation and Support Programs

Student Access, Transition and Success Programs (SATS) is responsible for the coordination of initiatives that help students prepare for, transition into, and succeed in Purdue University's academically rigorous environment.

SATS, a division of the Office of Enrollment Management, offers several programs to help beginning and transfer students adjust to Purdue. Boiler Gold Rush is for new, beginning students and includes a variety of activities designed to help them make a smooth transition into Purdue. Students who begin their studies at

other times of the year also have the opportunity to participate in orientation. Invitations to those different programs are mailed to the students at the appropriate times.

SATS programs include Day on Campus, Learning Communities, Orientation Programs (such as Boiler Gold Rush and Welcome Programs), Parent and Family Programs, the Purdue Opportunity Awards program, the Purdue HelpDesk, and the West Central Indiana Regional Twenty-first Century Scholars site. For more information on any of these programs, please visit www.purdue.edu/sats, e-mail sats@purdue.edu, or phone (765) 494-9328. The SATS address is Stewart Center, Room G77; 128 Memorial Mall Drive; West Lafayette, IN 47907.

Nondegree Students

If you are an adult living near one of Purdue's campuses and you want to take a course at the University without seeking a degree or following a regular plan of study, you can apply for admission as a nondegree student. You must show that you have the background and course prerequisites necessary for the course or courses in which you are interested. The Office of Admissions will advise you on admissions procedures.

International Students

If you are an applicant from another country, your application and supporting documents will be evaluated by the staff in the Office of International Students and Scholars. You will be admitted on the basis of credentials certifying the completion of preparatory studies comparable to requirements for United States citizens applying at the same entry level. Guidelines for determining admissibility are specified in the "Admissions Criteria" section of this publication. English translations must accompany transcripts and other credentials. You also must submit satisfactory evidence of your ability to comprehend English as shown by a TOEFL (Test of English as a Foreign Language) score of at least 550 (213 computer-based score, 79 Internet-based score). The minimum score for First-Year Engineering applicants is 567 (233 computer-based score, 88 Internet-based score).

You must furnish sufficient evidence of adequate financial support for your studies at Purdue.

The Office of International Students and Scholars will assist you in entering the United States and the University. The office also will provide other services such as orientation programs, immigration advising, and personal and cross-cultural counseling. See the Web site at www.iss.purdue.edu.

Military Training

Reserve Officers' Training Corps (ROTC) is available for all men and women who are full-time students. You can pursue military courses in conjunction with the academic curriculum and receive academic credits. If you complete the program, you will receive a commission as an officer in the Army, Navy, Marine Corps, or Air Force. You do not incur a commitment until you are accepted into the program and enroll in the third-year course or accept an ROTC scholarship. Scholarships that assist with tuition, incidental fees, and textbooks are available through all four services. A monthly allowance is available for students who sign a contract. Additional information is available in the College of Liberal Arts catalog, or you can contact any of the military departments directly. All ROTC offices are located in the Armory.

Time of Entrance

Purdue University offers instruction during two semesters and summer session. You can begin most programs of study with any semester or during the summer. The semesters start in August and January, and the summer modules begin in May, June, and July. Students may begin the following programs only at the times stated: flight, nursing, and the Undergraduate Studies Program, fall; the specific veterinary technology program you are interested in will determine when you may begin your studies.

Proof of Immunization

Indiana state law requires proof of immunization for the following vaccine preventable diseases as condition of enrollment on residential campuses of state universities: measles, mumps, rubella, diphtheria, and tetanus. In addition, international students must provide documentation that they have been tested for tuberculosis after arriving in the United States. Information regarding compliance will be forwarded to all admitted students.

The Purdue Statewide Academic System

Admission to Another Purdue Campus

Purdue's educational system provides students access to a full complement of the University's faculty, resources, and academic programs. Whether you're enrolled at Calumet, Fort Wayne, North Central, or West Lafayette, you can pursue a degree from Purdue University and fulfill your career aspirations.

As one of the nation's top research institutions, Purdue is recognized around the world for the quality of its programs and its graduates. When you pursue your goals at a Purdue campus, you'll earn your share of that reputation. You'll enjoy all the challenges as well as the benefits and rewards associated with a preeminent university. Purdue University's quality is available across the state, and the primary goal of each campus is to help each student excel through discovery, learning, and engagement.

For information about what is offered at each Purdue University campus, use the following contact list:

Calumet	www.calumet.purdue.edu adms@calumet.purdue.edu
Fort Wayne	www.ipfw.edu ASK@ipfw.edu
North Central	www.pnc.edu admissions@pnc.edu
West Lafayette	www.purdue.edu admissions@purdue.edu

There also are Purdue programs at Indiana University-Purdue University Indianapolis. Go to www.iupui.edu for more information.

Admission to the College of Technology — Statewide

The College of Technology resides in 10 Indiana communities in addition to the West Lafayette campus. A unique partnership of education, business, industry, and government, these community-based locations feature quality curriculum requirements, faculty who are as highly qualified as their West Lafayette campus peers, low student-to-faculty ratios, and the opportunity to earn a degree from Purdue University.

Technology programs at all locations emphasize hands-on, real-world applications to engineering principles. Students learn marketable skills to meet the defined needs of Indiana busi-

ness and industry. Purdue Technology graduates are well prepared for immediate employment and enjoy one of the University's highest job-placement rates and some of the highest starting salaries for undergraduate majors.

In addition to academics, these College of Technology locations offer opportunities to get involved in on-campus and community activities. They also provide a full range of student services to ensure a rewarding college experience and future success.

The College of Technology Web site is www.purdue.edu/technology. For information about what is offered at each location, contact the Office of Admissions on the West Lafayette campus at admissions@purdue.edu or the location that interests you. The following list provides contact information for each location.

West Lafayette

Readmission

Students who are dropped from Purdue University for academic deficiency must be out of the University for at least one semester (not including summer session) and must apply for readmission through the Office of the Dean of Students. There are deadlines for submitting an application with a \$100 fee, and for removing all encumbrances. A student may strengthen his or her application by submitting evidence of successful coursework from another institution. Information about the readmission process is available from the Office of the Dean of Students; Schleman Hall; 475 Stadium Mall Drive; West Lafayette, IN 47907-2050; (765) 494-1747.

Nondiscrimination Policy Statement

Purdue University is committed to maintaining a community which recognizes and values the inherent worth and dignity of every person; fosters tolerance, sensitivity, understanding, and mutual respect among its members; and encourages each individual to strive to reach his or her own potential. In pursuit of its goal of academic excellence, the University seeks to develop and nurture diversity. The University believes that diversity among its many members strengthens the institution, stimulates creativity, promotes the exchange of ideas, and enriches campus life.

Purdue University views, evaluates, and treats all persons in any University related activity or circumstance in which they may be involved, solely as individuals on the basis of their own personal abilities, qualifications, and other relevant characteristics.

Purdue University prohibits discrimination against any member of the University community on the basis of race, religion, color, sex, age, national origin or ancestry, marital status, parental status, sexual orientation, disability, or status as a disabled or Vietnam era veteran. The University will conduct its programs, services and activities consistent with applicable federal, state and local laws, regulations and orders and in conformance with the procedures and limitations as set forth in Executive Memorandum No. D-1 which provides specific contractual rights and remedies. Additionally, the University promotes the full realization of equal employment opportunity for women, minorities, persons with disabilities and Vietnam era veterans through its affirmative action program.

Expenses

The cost of attending Purdue University varies, depending on a variety of factors, including where a student chooses to live; travel expenses; food costs; enrollment in a special program; date of entry; the college or school in which you are enrolled; etc.

Basic minimum costs for the two-semester 2006–07 school year on the West Lafayette campus are shown in the following table. Some academic programs may have additional fees. Contact the department if you have questions.

2006–07 Estimated Costs West Lafayette Campus (Fall and Spring Semesters)

Items	Indiana Resident	Nonresident
Tuition/Fees	\$6,846* †	\$21,016* †
Room/Board	7,140	7,140
Books/Supplies	990	990
Travel	270	420
Miscellaneous	1,650	1,650
Total	\$16,896	\$31,216

* *First-time students enrolled at the West Lafayette campus beginning in the Fall 2002 Semester and thereafter pay these fees. Undergraduate, graduate, and professional students who were enrolled as degree-seeking students in the Spring 2002 Semester on the West Lafayette campus may be eligible for a lower fee. To maintain eligibility for a lower fee, students must be continuously enrolled (Fall and Spring semesters); eligible students will pay a lower fee until the date of attainment of one degree or until the Fall 2007 Semester, whichever comes first. Beginning in the Fall 2006 Semester, students who enroll for a new degree-seeking program will be assessed a campus repair and rehabilitation fee. That fee, as approved by the Board of Trustees, is also retroactive for students who enrolled as new degree-seeking students in Summer 2006.*

† *Your budget can vary, depending on your state of residence and the type of housing and academic program you select. Some programs have additional fees: Engineering, \$600; Management, \$936; Flight, individual courses in the program have additional fees that can be reviewed at www.purdue.edu/bursar or by contacting the Department of Aviation Technology. International students pay an additional \$50 per semester.*

Rates and refund schedules are subject to change without published notice.

Full-time students are charged a general service fee, a technology fee, and a repair and rehabilitation fee. The general service fee provides students with access to a variety of services and privileges such as access to the Recreational Sports Center and the Boilermaker Aquatic Center for recreational sports activities. It also allows deep-discount ticket prices for most Convocations-sponsored events and for Intercollegiate Athletics contests with presentation of a student ID card.

With payment of full fees, students have access to the Purdue Student Health Center that covers medical clinical office visits, nutrition consultations, health education services, and a limited number of sessions for psychological counseling. Additional fees are charged for lab, x-ray, urgent care, physical therapy, and other services.

The technology fee is used to enhance student access to the campus networks, computer laboratories, and electronic access to information and databases. Technology fee funds are used to equip classrooms with computer and video projection equipment.

Beginning in the Fall 2006 Semester, students who enroll for a new degree-seeking program will be assessed a repair and rehabilitation fee. (The fee is retroactive for students who were enrolled as new degree-seeking students in Summer 2006.) This fee is assessed to address maintenance funding for buildings and infrastructure on campus, and funds received from the fee will be dedicated to building and infrastructural needs. The establishment of the fee is a result of growing unfunded needs to address critical building and infrastructural upkeep.

Miscellaneous personal expenses include such items as clothing, transportation, telephone, newspapers and magazines, dry cleaning and laundry, entertainment, etc.

Refunding of Fees and Tuition

Registered students who find it necessary to cancel their registration before the beginning of classes, upon the recommendation of the registrar, will receive a 100 percent refund of all fees and tuition.

Non-Title IV Aid

Students who withdraw during the first six weeks of a semester, with the recommendation of the registrar, will receive a partial refund of the general service fee and tuition. More specifically, the percentage of refund is determined as follows:

Fall or Spring Semester

1. Withdrawal during the first or second week, 80 percent refund
2. Withdrawal during the third or fourth week, 60 percent refund
3. Withdrawal during the fifth or sixth week, 40 percent refund

No portion of the technology fees, repair and rehabilitation fees, or academic building facilities fee will be refunded once classes begin.

Title IV Aid

Once classes begin, refunds are prorated based on the date of withdrawal from class(es). Refunds are based on a diminishing scale through 60 percent of the semester. Refunds are calculated on all fees and tuition.

Summer Modules

Refunds for summer modules are proportionate on the same basis as semester refunds.

Financial Aid

Purdue University recognizes that not all students and their parents can afford to finance a college education entirely from their income and assets. To ensure that all students have an opportunity to obtain a college education regardless of their financial circumstances, the University, through the Division of Financial Aid, administers a four-fold program of scholarships, grants, employment opportunities, and loans.

The Purdue University Division of Financial Aid administers federal, state, and University financial assistance programs. These programs require students to have a high school diploma or GED. Information regarding the GED is available through any public high school or any state department of education/public instruction.

Most types of aid are based upon financial need and satisfactory academic progress. To be considered for all types of financial aid, you must submit a Free Application for Federal Student Aid (FAFSA). This form should be submitted online at www.fafsa.ed.gov or can be obtained from the Division of Financial Aid; Schleman Hall of Student Services, Room 305; 475 Stadium Mall Drive; West Lafayette, IN 47907-2050.

You should apply early for Purdue University financial aid. Eligible FAFSAs postmarked by March 1 will receive preference in the awarding of aid.

You are welcome to visit the campus to discuss not only family budgeting in order to meet college expenses, but also the types of available aid and the application procedure.

Walk-in counselors are available from 9 a.m. to 5 p.m. on Monday, Tuesday, Wednesday, and Friday, and from 1 to 5 p.m. on Thursday. Phone counselors are available from 8 a.m. to 5 p.m. Monday through Friday at (765) 494-0998. Computer access to your aid status is available at www.ssinfo.purdue.edu.

Resident Assistants

University Residences has a plan whereby graduate and undergraduate students who are at least 21 years of age by the end of their first semester of employment with University Residences can be hired as a resident assistant (RA). An RA devotes approximately 20 hours each week to his or her duties in this capacity, with most of the time scheduled during evenings and weekends. Compensation for an RA position includes reduced tuition, room and board, and a small stipend. Applications and additional information for those interested in becoming a resident assistant can be found at www.housing.purdue.edu.

Living Accommodations

University housing facilities and programs are available to all students based on Purdue's policy of equal opportunity regardless of national origin, race, or religion. It is the University's desire and expectation that all others providing housing or services to Purdue students will do so in a manner consistent with this policy. However, the University does not approve or disapprove specific housing accommodations since it believes that the choice of housing rests with you, the student.

As a Purdue student, you have a variety of choices when it comes to choosing your new home while attending school. You can live in one of 14 University Residences, a fraternity or sorority house, cooperative housing, or in a privately operated facility within the local community.

Apply for housing as soon as possible — whether or not you've made a final decision about enrolling at Purdue. University Residences begins accepting applications from admitted students in September for the following academic year.

Housing assignments generally are made in the order in which applications and \$75 housing deposits are received, after housing assignments are made for certain groups such as Learning Communities and National Merit finalists. Therefore, you should apply for housing as soon as possible to improve your chance of assignment to a residence of your higher preference. You will have the opportunity to indicate your housing preferences and a specific roommate request at the time you receive your housing contract mailing.

Apply online at www.housing.purdue.edu to expedite your application. If you don't have Internet access, use the paper application included with the housing brochure in your initial admission packet. With your application, you will be required to submit a \$75 deposit. If you do decide to live on campus, this deposit will be credited to your first housing bill; if you do not, the deposit is refundable per the schedule below.

March 1 is the preferential housing application deadline. Because the University does not guarantee on-campus housing, it is important that students meet this deadline, although applying earlier is recommended. Students who apply for housing after the March 1 deadline will be assigned to a residence if space is available. First-year students are not required to live on campus.

Students who apply for housing by March 1 receive a housing contract mailing by April 1, which will be due to be returned by mid-April. When you receive your housing contract mailing, you will be prompted to fill out an online preference form, which will be used to assign your residence and match you with a compatible roommate. If you want to live with a friend, each of you must rank your residence preferences the same and request each other as a roommate.

New students who notify University Residences in writing of their choice to cancel their housing application will receive a refund of the housing deposit as follows:

Fall semester or summer session, cancellation received:

- Before May 1, \$75 refund
- Between May 1 and May 31, \$25 refund
- On or after June 1, no refund

Spring semester, cancellation received:

- Before December 1, \$25 refund
- On or after December 1, no refund

The Office of the Dean of Students offers assistance to students seeking off-campus housing. After being admitted, students should contact the Office of the Dean of Students as early as possible to begin their search for off-campus housing: visit www.purdue.edu/odos, e-mail offcampushousing@purdue.edu, or call (765) 494-7663.

University Residences for Undergraduate Men and Women

University Residences provides accommodations for approximately 11,100 single undergraduate men and women.

The all-male residences include Cary Quadrangle, providing accommodations for 1,166 students, and Tarkington and Wiley Halls, each providing space for about 700 students.

Six University Residences — Owen, McCutcheon, Harrison, Shreve, Earhart, and Hillenbrand halls — house approximately 800 students each, and Meredith Hall accommodates 620 students. These are coeducational units with male and female students assigned to separate areas of each building.

Duhme, Shealy, Wood, Warren, and Vawter halls comprise the all-women's residences and are referred to as Windsor Halls. Windsor Halls provide accommodations for 595 students.

All residences contain generous lounge space, recreation areas, kitchenettes, study spaces, and post office facilities.

As a student, you may choose from three plans consisting of 10, 15, or 20 meal swipes a week, as suits your lifestyle. University Residences offers students who are sophomore 3 and above the Black Meal Plan, consisting of a block of 210 meals, and the Gold Meal Plan, consisting of 300 meals. With these plans, you may use your meal swipes as often as you wish. All meal plans include Dining Dollars, which may be used to buy additional food items at University Residences' Dining Services retail operations, such as grills and mini-marts. You may eat at any University Residences' Dining Services facility by using your University ID card.

Computer labs are available in each University Residences hall. If you bring a personal computer, you may use the Residences' optional Ethernet connections or data-over-voice service to access the University computing network directly from your room.

Room and board rates in 2006–07 vary from \$5,528 to \$8,624, depending on your chosen meal plan option, residence, and room size.

Approximately 700 spaces in Hawkins Hall are reserved for assignment to older undergraduate students. Hawkins Hall residents are not required to purchase a meal plan. Accommodations in Hawkins Hall are on a room-only basis. The cost for a room in 2006–07 ranges from

\$320 to \$585 a month depending on the type of room selected; that includes local telephone service with voicemail and call waiting.

More than 1,000 spaces for single undergraduate students are available in Hilltop Apartments. The apartments house two, three, or four students and are available for both single male and female students. All normal policies and regulations of University Residences apply to the apartments. Students living in the apartments may choose a meal plan that allows access to any University Residences Dining Services facility, or they may choose a non-board option. The room and board rate for 2006–07 in the apartments ranges from \$6,172 to \$9,466 a year.

(Rates quoted are subject to change as approved by the Board of Trustees and undoubtedly will be somewhat higher during the 2007–08 period of this publication.)

Visit www.housing.purdue.edu for additional information.

Accommodations for Married Students/Families

At Purdue Village, there are 1,000 University Residences-operated apartments located within a one-mile walking distance of the main campus. The apartments are unfurnished and equipped with a stove and refrigerator. There are one-bedroom and two-bedroom apartments, with the two-bedroom apartments having washers and dryers.

One-bedroom apartment costs range from \$520 to \$535 a month. Two-bedroom units range from \$640 to \$655 a month. Your rent payment covers all utilities, including local telephone service and Boiler TV (cable). These rates are effective during the 2006–07 academic year and are subject to change as approved by the Board of Trustees.

Each apartment is equipped with a connection for the campus cable TV system as well as for the campus computing network. The apartments are not air-conditioned, but tenants may bring or purchase their own air-conditioning unit as long as it meets specified criteria, has compatible voltage ratings, and the apartment's maintenance staff does the installation.

For more information on Purdue Village, visit www.housing.purdue.edu, call (800) 440-2140, or fax (800) 440-2141.

Cooperatives

Cooperative houses also provide housing for students. These houses are large residences that are owned and operated by 20 to 50 students. Seven women's houses and five men's houses have been recognized officially by the Office of the Dean of Students, and each house has a live-out faculty or staff advisor.

Students in cooperative houses significantly decrease their housing costs by contributing three to four hours of house duties a week. Residents of cooperatives pay an average of \$3,000 per academic year for room and board. New members are selected by current members through a rush process each January.

To obtain information about becoming a cooperative member, contact the Office of the Dean of Students; Schleman Hall, Room 250; 475 Stadium Mall Drive; West Lafayette, IN 47907-2050; or call (765) 494-1231. Students are expected to complete and return application information by February 1 or earlier for membership the following fall semester.

Additional information is available at www.purduecooperatives.com.

Fraternities and Sororities

Purdue has 46 fraternities and 24 sororities. Most members live in chapter houses, and membership is by invitation.

Sororities provide an opportunity in the fall for interested women students to join a chapter. Yearly costs for sororities range from \$3,300 to \$4,380. The average number of women living in a sorority is 88.

In the fall, the Interfraternity Council provides recruitment information through which interested men can become acquainted with the fraternity system. Open recruitment is conducted throughout the academic year. The average number of men belonging to a fraternity is 72, and costs range from \$2,000 to \$3,500 a semester.

For additional information, contact the Office of the Dean of Students; Purdue University; Schleman Hall, Room 250; 475 Stadium Mall Drive; West Lafayette, IN 47907-2050; or call (765) 494-1232. Online information is available at www.purdue.edu/greek.

Student Services

Management Advising Office

The School of Management maintains a staff of professional academic advisors to help students plan their individual academic programs, select and register for courses each semester, and successfully fulfill the various administrative procedures established by the faculty. It is expected that each student will learn and be responsible for fulfilling the academic requirements of their chosen degree program. Students entering the school as freshmen or transfer students attend an initial advising meeting at which the school's curricula and academic requirements are explained. Thereafter, students may consult with an advisor at any time regarding academic procedures and requirements, career planning, course selection, or any matter affecting scholastic performance.

When additional information or more specialized counseling is needed, the advising staff refers the student to any of the many counseling services available at Purdue. Also, many students seek the advice of their professors regarding educational and career plans, professional development, and matters pertaining to individual courses.

Whether you are a prospective student considering Purdue for your university experience or one already enrolled in the University, you are always welcome at the Management Advising Office, Room B-20, Krannert Building; telephone (765) 494-4343, or you can contact us on the Web site at www.krannert.purdue.edu. The office is open weekdays from 8:30 a.m. to 4:30 p.m.

Career Services Center

The Career Services Center in the School of Management provides career and job search information, facilitates internships, and cooperative education, and assists with permanent jobs. The staff of the Career Services Center will provide counseling, guidance, workshops, and a wide variety of employer information.

Counseling

In addition to the Management Advising Office and the academic offices maintained by each of the other colleges or schools of the University, students may seek help from several sources.

Mature and qualified faculty and staff, graduate students, and older undergraduate students are employed on the University Residences counseling staffs and live in the halls to assist students with personal and scholastic problems.

The Office of the Dean of Students is staffed by professionally trained counselors who provide personal, educational, and career counseling. They can, for example, offer assistance or refer you to specialized help in such areas as vocational choice, campus activities, scholastic concerns, multicultural programs, assistance for students with disabilities, home and community relationships, and coping strategies.

Other campus services for students include the Counseling and Guidance Center, Counseling and Psychological Services, Financial Advising Service, International Students and Scholars, Learning Center, Marriage and Family Therapy Center, Steer Audiology and Speech-Language Center, Student Health Center, and Writing Lab.

Services for Students with Disabilities

Services for students with disabilities (physical, mental, and learning disabilities) are provided through the Adaptive Programs division of the Office of the Dean of Students. Services vary according to the needs of students. They include interpreters, readers, note-taking assistance, accessible class scheduling, parking permits, and help working with professors. For further information, contact the Office of the Dean of Students. The Web site is www.purdue.edu/odos/adpro. The general office number is (765) 494-1747, and the TDD number for people with hearing or speech impairments is (765) 494-1247.

Center for Career Opportunities

The staff of the Center for Career Opportunities (CCO) will assist you with your career decision-making and job search processes. Career counseling by appointment and resume reviews on a drop-in basis are available to students who visit the CCO at Stewart Center, Room 194, between 8 a.m. and 5 p.m. Monday through Friday. A wide variety of other career development and job search resources are found at www.cco.purdue.edu.

Purdue University students and graduates interested in having their resume referred to prospective employers and participating in interviews with employers for internships and post-graduate employment are encouraged to register with CCO Express at www.cco.purdue.edu/student/CCOExpress.shtml. Based on the number of employers recruiting at the Center for Career Opportunities, the interviewing program ranks among the three or four largest within university career centers in the United States each year.

For Further Information

General Information. The *General Information* bulletin will give you further details about admission, fees, expenses, financial aid, registration, living accommodations, student activities, student services, requirements for graduation, transfer students, ROTC, and other areas of student interest.

University Regulations. The *University Regulations* bulletin will provide details about academic, conduct, and student organization policies and procedures. You can access the Web site at www.purdue.edu/univregs, or request copies from Purdue Marketing Communications; South Campus Courts, Building D; 507 Harrison Street; West Lafayette, IN 47907-2025; (765) 494-2034.

Graduation Rates. Graduation rates for the West Lafayette campus are available by contacting the Office of Enrollment Man-

agement, Analysis, and Reporting; Schleman Hall, 475 Stadium Mall Drive, West Lafayette, IN 47907-2050; (765) 494-0292; enrollmentmanagement@purdue.edu. These rates are calculated and made available as required by the Student Right-to-Know and Campus Security Act.

Alcohol Policy. Purdue students are subject to Indiana law, which prohibits consumption or possession of alcoholic beverages by anyone under 21 years of age. The University does not permit alcohol to be brought onto Purdue property, with certain exceptions, by any person regardless of age. Fraternity and sorority houses and student cooperative housing units are considered off-campus housing and are permitted to have alcoholic beverages, but they must observe specific University guidelines and state law.

The University does not have the responsibility or the authority to control off-campus student drinking, but it does attempt to give students the opportunity to make informed and mature decisions about alcohol use. A variety of educational and counseling programs are offered to help students deal with all aspects of alcohol and drug use, from peer pressure to dependency.

Safety. The University strives to provide a safe and secure environment for students, staff, and visitors. The University distributes an Annual Security Report containing campus crime statistics and information relating to campus safety and security policies and programs. The report is available on the Web at www.purdue.edu/police. A paper copy may be requested by calling (765) 494-8221 or contacting the Purdue University Police Department, Terry House, 205 S. Intramural Drive, Purdue University, West Lafayette, IN 47907-1971.

Intellectual Property. All students are subject to the University policy on intellectual property, Executive Memorandum B-10, which can be found at www.purdue.edu/policies/pages/teach_res_outreach/b_10.html.

Information Technology

Information Technology at Purdue, which is known by the acronym “ITaP” (pronounced EYE-tap), is responsible for centralized computing and telecommunications services for faculty, staff, and students on the West Lafayette campus.

Computing services range from the very visible computing laboratories located in more than 60 locations throughout campus, to the unseen but essential enterprise applications that facilitate the business of the University. The ITaP staff members install, maintain, operate, and repair computer equipment, and provide services including career accounts, e-mail, calendaring, directories, and database administration.

In addition to the instructional computer laboratories, services for students include:

1. The WebCT course management system.
2. The Purdue Mobile Learning Initiative, which enables students to purchase laptop computers with on-campus technical support and repair.
3. The Digital Learning Collaboratory, a center for creating multimedia content including digital portfolios, Web pages, and digital video. The center is operated jointly with the Purdue University Libraries.
4. The Adaptive Programs lab for those with special needs.
5. Web-based access to many software applications, Software Remote. (In 2006, *EdTech: Focus on Higher Education* magazine gave Software Remote an IT innovation award.)
6. Free anti-virus software and computer security resources through SecurePurdue.
7. Significant discounts on commonly used software programs, such as Microsoft Office and Macromedia Studio.

Purdue is one of the few universities to offer high-performance computing capability to undergraduates, too. A Linux-based computer cluster in the Digital Learning Collaboratory is available for students to perform animation rendering, modeling, and other computational intensive assignments.

Also supporting research at Purdue is the Envision Center for Data Perceptualization, which is one of the largest scientific visualization facilities found at any university. The Envision Center utilizes a blend of computer science, engineering, perception, technology, and art to process and display information through the use of computer graphics. Students can use the facility to take visualization-related courses or to take collaborative courses with students from other universities.

Telecommunications services provided by ITaP range from basic phone services for campus offices and residences to wireless connectivity in areas throughout the campus. ITaP supports the infrastructure that links campus buildings by optical fiber and provides commodity Internet to residences and offices. ITaP also manages Purdue’s participation in several research networks, including the Internet 2, the TeraGrid, and the Northwest Indiana Computational Grid.

To help University personnel stay up to date on the rapidly changing information technology field, courses and one-on-one consulting are available on every aspect of computing and telecommunications.

For additional information, please consult www.itap.purdue.edu or call (765) 494-4000. The address for the ITaP Customer Service Center is Stewart Center, Room G068; 128 Memorial Mall; West Lafayette, IN 47907-2034.

Libraries

The collections and services of the Purdue University Libraries are an important resource for your educational experience.

The University Libraries system on the West Lafayette campus includes 13 subject-oriented libraries and the Hicks Undergraduate Library. The Libraries provide a print collection of nearly 2,500,000 volumes and more than 3,100,000 microforms of older scholarly materials in addition to many current scientific and technical reports. Approximately 21,000 serial titles are received, including periodicals and serial publications of societies, institutions, and the federal and state governments. Federal government publications and patents are received on a depository basis. The Libraries also offer more than 7,000 electronic information sources. The Libraries Web site at www.lib.purdue.edu is the gateway to information and services.

Local library resources are supplemented by the four million items of research materials held by the Center for Research Libraries in Chicago, including 7,000 rarely held serial titles. Through Purdue's membership in the center, faculty and graduate students are assured of fast access to this material through the Interlibrary Loan Office in the Humanities, Social Science, and Education (HSSE) Library in Stewart Center.

The library collections and services of the Big Ten libraries, the University of Chicago, Ball State University, and Indiana State University also are available to Purdue students and faculty under cooperative agreements. Individuals who wish to use these facilities are encouraged to contact Circulation Services in the HSSE Library.

The Digital Learning Collaboratory (DLC) is located in the Undergraduate Library. It is a joint initiative of the Purdue Libraries and Information Technology at Purdue. The DLC supports student learning through access to state-of-the-art hardware and software for creating multimedia projects in individual, group work, and instructional settings. It facilitates the integration of information and technology literacy into the undergraduate curriculum.

The Management and Economics Library, on the second floor in the Krannert Building, makes available the core management journals in both electronic and print formats. The library supports the research and instructional efforts for all students, staff, and faculty of the Krannert School of Management and the Department of Agricultural Economics. The holdings of the library are devoted to economic and entrepreneurial history, marketing research, corporate finance, and a wealth of company and industry information. The library also holds a special collection of rare books on the history of economics and economic thought.

Over the past few years, the library has added a significant number of electronic resources available 24/7 to assist students with their course needs. Students can use 24 new workstations that include the same library databases and computing applications that are available in the Krannert Computing Center.

Librarians and a knowledgeable reference staff are readily available to assist students with their information retrieval needs.

Study Abroad

The Office of Programs for Study Abroad is dedicated to internationalizing Purdue by helping as many students as possible have overseas experiences that enrich lives, enhance academic experiences, and increase career potential. The office helps students overcome academic, financial, or personal concerns that might prevent them from going abroad, and is especially devoted to removing obstacles for first-time travelers.

Purdue offers more than 200 study abroad and internship programs in dozens of countries,

lasting from a week to a year, for all majors. Most programs do not require foreign language skills. Program costs vary, but many are comparable to the cost of studying at Purdue (with the exception of the travel expense). Participants earn Purdue grades and credits, so those who study abroad can graduate in the normal length of time. Most of the financial aid that covers Purdue expenses can also be applied to study abroad, and more financial aid specifically for study abroad has been available in recent years.

Students who have taken part in study abroad often describe their experiences as “life changing,” “eye opening,” and “the best choice I ever made.”

Students should begin their international exploration either online at www.studyabroad.purdue.edu, by calling (765) 494-2383, or by contacting The Office of Programs for Study Abroad; Young Hall, Room 105; 302 Wood Street; West Lafayette, IN 47907-2108.

Special Programs

Internship Programs

Internship opportunities are available to students during the fall, spring, and summer sessions. An internship is an enhancement to classroom and academic programs that gives students an opportunity to gain practical experience in the world of work. A wide variety of companies sponsor internships in most undergraduate program areas. Contact the coordinator of the Career Services Center, Room B-40, Krannert Building.

Graduate Study

The Krannert School offers graduate degree programs leading to the Master of Science in Industrial Administration (M.S.I.A.), Master of Business Administration (M.B.A.), the Master of Science in Human Resource Management (M.S.H.R.M.), and the Doctor of Philosophy (Ph.D.).

Highly qualified undergraduates who rank in the top five percent with a 3.70 GPA or higher may apply to participate in the Master of Business Administration degree program through the 3 + 2 program. This program allows students to complete the bachelor’s and master’s degrees in five years. After pursuing undergraduate courses during the first three years, students fulfill the remaining undergraduate requirements by completing the M.B.A. program in the last two years. The M.B.A. is a unique, intensive two-year professional management program designed to prepare its graduates for major management responsibility.

For additional information about any of the Krannert graduate programs, contact Graduate School Admissions, Krannert School of Management, Purdue University, Rawls Hall, West Lafayette, Indiana 47907-1310. E-mail: masters@krannert.purdue.edu; telephone number (765) 494-0773. For additional information about the 3 + 2 program, contact the Management Advising Office. The telephone number is (765) 494-4343.

Graduation Requirements

School Requirements

In addition to the University requirements for graduation specified in the *General Information* bulletin, students seeking a baccalaureate degree from the School of Management must satisfy the following requirements:

1. The completion, either by resident coursework, examination, or credit accepted from another institution, of one of the plans of study underlying the school’s degrees.
2. Admission to the Upper Management Division as specified later on this page. School of Management courses numbered 300 or higher are open only to students who have been admitted to the Upper Management Division.

3. Resident study in the Upper Management Division of the School of Management at Purdue University for at least two semesters (normally including the senior year) and the completion during this period of at least 32 semester hours of work in courses specified in the third and fourth years of the chosen plan of study.

- Industrial management students must complete in the School of Management at Purdue University: MGMT 305, 306, 310, 324, 451, and 460, plus 14 credits of additional 300/400/500-level courses.
- Accounting students must complete in the School of Management at Purdue University: MGMT 305, 306, 310, 324, 350, 351, 451, 460, 503, 505, and 506.

- Management students must complete in the School of Management at Purdue University: MGMT 305, 306, 310, 324, 451, and 460, plus 14 credits of additional 300/400/500-level courses.
 - Economics students must complete at Purdue University: at least 75 percent of major requirements — to include ECON 352 and 340, plus six economics requirements of 300/400/500-level courses, including ECON 360 and 499.
 - Management, economics, and organizational behavior/human resource management courses may not be completed by correspondence or online study.
4. Achievement of a minimum 2.00 graduation index, as specified in the University's *General Information* bulletin, and a minimum 2.00 average of grades earned in all management, economics, and organizational behavior courses.
 5. Seven minors are available to students in the School of Management. Students may complete one or more of the following seven minors for the bachelor of science degree. These minors are accounting, economics, finance, international business and economics, management information systems, marketing, and organizational behavior/human resource management. Students enrolled in the industrial management major *must* complete the applied science minor in manufacturing management, management information systems, engineering, or one of the science disciplines.

Admission to the Upper Management Division

With few exceptions, Krannert School of Management courses numbered 300 or higher are open only to students who have been admitted to the Upper Management Division. Consequently, such admission is necessary to the completion of the school's baccalaureate programs.

Students pursuing the management or accounting programs are guaranteed admission if they complete all course requirements specified

in the first three semesters of the chosen plan of study with a Management Admissions Index (MAI) of at least 3.00. Students pursuing the Industrial Management program are guaranteed admission if they complete all course requirements specified in the first three semesters of the chosen plan of study with an MAI of at least 2.85. The MAI is the average of grades earned in certain specified courses as noted in the plans of study set out on pages 28 to 37. In addition, for automatic admission, all students must have a "C" or higher in all MAI and School of Management courses, must have a 2.50 overall GPA (2.40 for Industrial Management), and cannot be on probation.

Each semester, the records of those students whose MAI is below 3.00 but at or above 2.75 (for Industrial Management, below 2.85 but at or above 2.60) will be reviewed by a faculty committee to determine whether sufficient cause exists to warrant admission as an exception to the standard. Any such exceptions will be granted only to the extent that space permits and will be based solely upon the committee's judgment regarding the strength of the student's academic record. Students denied admission may reapply in subsequent semesters.

To ensure continuity in the student's academic progress, at least 15 hours of the courses comprising the MAI must be taken at Purdue; the management, economics, and computer science courses contained in the index must be taken at Purdue. MAI courses, or their equivalents, may only be enrolled in two times for a grade or W. A maximum of three courses may be retaken for a grade (see page 29).

Students in the Economics program are guaranteed admission if they complete all courses specified in the first three semesters of that program with a minimum graduation index of 2.75. Those who complete the first three semesters of course requirements with an index less than 2.75 but at or above 2.50 may be admitted as a result of a faculty review of their academic records.

All students are encouraged to consult closely with their academic advisors regarding their academic performance and progress.

Administrative Procedures

The following school and University procedures and standards are among those administered by the Management Advising Office. Students seeking help or additional information are always welcome to consult with an academic advisor.

Registration. Krannert School of Management courses numbered below 300 are open (subject to individual course prerequisites) to students enrolled in all Purdue University curricula. Most School of Management courses numbered 300 or higher are open only to students who have been admitted to the Upper Management Division.

Around the middle of each semester, students register for the courses to be taken in the subsequent semester. School of Management students attend a registration meeting at which they complete a course registration form with the assistance of an academic advisor. After the student's course requests are transmitted to the registrar, a fee statement and schedule are issued. The student must pay fees according to the due date on the invoice received.

Schedule Revision. Requests for class schedule modification and/or revision are subject to the approval and authorization of the Management Advising Office. Purdue University has campuswide drop/add policies that the School of Management follows. To make any changes in a schedule, add or drop a course, change the grade option, or change variable credit, you must first obtain a course request form from the Management Advising Office and get the proper approval signatures. If approval is granted, submit the form to the Management Advising Office for processing. After the final changes are made to your schedule, that schedule becomes your official registration.

Grading and Scholastic Index Requirements. The grading and scholastic standing procedures of the School of Management are the same as those set out in the *University Regulations* and *General Information* bulletins. As noted previously, students seeking a baccalaureate degree from the Krannert School of Management must also achieve a minimum 2.00 average of all grades earned in management, economics, and organizational behavior/human resource management courses.

Pass/Not-Pass Option. As described in the University's *General Information* bulletin, this option is intended simply as an encouragement to greater breadth in course selection. Students contemplating this option must consider the implications of their choice when viewed from the perspective of a recruiter or a graduate school admissions committee. Use of the option is permitted in Krannert programs subject to the following conditions:

- The total credit hours selected under this option in the student's baccalaureate program may not exceed 15. Furthermore, the option should not be adopted for more than one course per semester. A student who elects the option must be classified "4" or higher.
- Students may use the pass/not-pass option for *electives only*. This option may not be selected for any management, economics, or organizational behavior/human resource management courses. This option may not be adopted for any courses intended to fulfill the minor requirement.
- Students on academic probation must complete at least 12 hours of coursework for a letter grade during the probationary semester. Students on academic probation for a second consecutive semester may not elect this option until they are removed from probationary status.

Transfer Students. Students wishing to transfer to the Krannert School of Management from another college or university must comply with the procedures and standards established by the Purdue University Office of Admissions as described on page 10. In addition, to be considered for admission to the School of Management, transfer students must have successfully completed at least one university-level calculus course with a grade of "C" or higher.

Transfer students will be accepted only to the school's Pre-Management Division. To gain admission to the Upper Management Division, transfer students must submit to the same academic evaluation as that applied to all Pre-Management students. To ensure comparability, a minimum of 15 hours of courses comprising the student's Management Admissions Index must be completed at Purdue.

Systemwide Campus Courses. If you wish to take courses at another Purdue campus, contact the Management Advising Office in advance to determine the role of those courses in your academic program.

Courses at Other Universities. If you plan to complete courses at another university for transfer to your Purdue record, contact the Management Advising Office in advance to determine whether the transferred credit will fulfill degree requirements. You may also obtain from the Management Advising Office a transfer credit evaluation form that must be submitted to the Credit Evaluation Office in Schleman Hall.

Transferring out of the Krannert School of Management. If you wish to transfer from the School of Management to another college or school within the University, make preliminary arrangements with a representative from the new college or school. The new college or school will evaluate completed courses and their suitability to the new area. Before making the transfer, contact the Management Advising Office for further information.

Transferring into the Krannert School of Management. Many students change their degree objectives during their college careers. If

you wish to explore a change from another school at Purdue into the School of Management, you are required to attend a CODO (change of degree objective) meeting to discuss current requirements and academic programs. These informational meetings are offered throughout each semester. A list of meeting times is available in the Management Advising Office, and individual assistance is provided by the academic advisors.

Withdrawing from the University. If you find it necessary to withdraw from the University, you must complete a Withdrawal Request Form. These forms are available from the Office of the Dean of Students and the advising office in each college or school.

Re-entry and Readmission. Students who leave Purdue voluntarily and later wish to return must complete an application for re-entry with the University Office of Admissions. A student who has been enrolled in another school of the University and who wishes to re-enter the School of Management must be admitted through the established procedures for change of degree objective.

See page 14 for information for students who are dropped from Purdue for academic deficiency.

Abbreviations

The following abbreviations of subject fields are used in the “Plans of Study” section of this catalog. Alphabetization is according to abbreviation.

AGEC—Agricultural Economics

CHM—Chemistry

COM—Communication

CPT—Computer Technology

CS—Computer Sciences

ECON—Economics

ENGL—English

FLL—Foreign Languages and Literatures

HIST—History

MA—Mathematics

MGMT—Management

OBHR—Organizational Behavior and Human Resource Management

PHYS—Physics

POL—Political Science

PSY—Psychological Sciences

SOC—Sociology

STAT—Statistics

THTR—Theatre

Plans of Study

These plans of study are effective as of April 11, 2006. Please check with the Management Advising Office for subsequent changes.

Suggested Plan of Study: Accounting

Minimum hours required for B.S. degree: 124

Pre-Management Division

Freshman Year

1	MA 159 Precalculus (Note A)		ENGL 106 or 108 Comp I (Note A)	Natural Science Elective (Note B)	PSY or SOC Elective (Note B)	MGMT 100 Mgmt Lectures
2	MA 223 Applied Calculus I (Note A)	COM 114 Fund of Speech (Note A)	Literature or Fine Arts Elective (Note B)	Natural Science Elective (Note B)	World History Elective (Note B)	

Sophomore Year

3	MA 224 Applied Calculus II (Note A)	MGMT 200* Intro Acct (Note A)	ECON 251* Microecon (Note A)	C S 235* Org Computing (Note A)	Elective (Note C)	
4	STAT 225 Probability Models	MGMT 201 Fund of Acct I	ECON 252 Macroecon	OBHR 230 ‡ Understanding Team Dynamics	ENGL 420 Business Writing	Elective (Note C)

Upper Management Division

Courses in bold type can be taken only after a student is admitted to the Upper Management Division. Each semester, the record of students who have completed all courses in the Management Admissions Index (MAI), have at least a 3.00 MAI and 2.50 GPA, have a "C" or higher in all MAI and Krannert School of Management courses, and are not on probation will be automatically admitted to the Management Division. Students with at least a 2.75 MAI who do not meet all of the additional requirements listed above will be reviewed by the Faculty Undergraduate Committee to determine whether space is available and sufficient cause exists to be admitted to the Upper Management Division.

Junior Year

5	MGMT 305† Business Stat (Note D)	MGMT 350† Intermediate Acct I (Note D)	MGMT 310† Financial Mgmt (Note D)	MGMT 324† Marketing Mgmt (Note D)	MGMT 354 Business Law	MGMT 301 Career Develop
6	MGMT 306† Mgmt Sci (Note D)	MGMT 351† Intermediate Acct II (Note D, E)	OBHR 330 Org Behavior	ECON 415 Econ Policy	MGMT 482 Mgmt Info Systems	

Senior Year

7	MGMT 460† Operations Mgmt (Note D)	MGMT 503† Advanced Acct (Note D, E)	MGMT 504 Tax Acct (Note E)	MGMT 505† Mgmt Acct II (Note D, E)	International Elective (Note B)	MGMT 401 Exec Forum (Optional)
8	MGMT 451† Mangr Policy (Note D)	MGMT 506† Auditing (Note D, E)	OBHR 428 Human Res Mgmt	International Elective (Note B)	Elective (Note C)	

Accounting Notes

* This course must be taken at Purdue University.

† This course must be taken at the West Lafayette campus of Purdue University.

‡ This course required for students entering the Krannert School of Management effective in Summer 2004.

A. The Management Admissions Index (MAI) is a weighted average (the weights being the semester credits assigned to each course) of the grades earned in the following courses: MA 159, 223, 224, or equivalent; MGMT 200; C S 235; ECON 251; ENGL 106 or 108, or equivalent; and COM 114. These courses, or their equivalents, may be enrolled in only two times for a grade or "W." A maximum of three MAI courses may be retaken for a grade (does not include "W"). Math courses numbered below your highest level of recorded achievement may not be retaken. School of Management, MAI, and minor courses in which you earn an "F" can be retaken only at Purdue University's West Lafayette campus.

B. Courses offered in satisfaction of the required work in natural science, sociology/psychology, world history, fine arts, literature, and international issues must be selected from lists of approved options maintained by the Management Advising Office.

C. An elective course consists of three hours of approved course credit. An elective may include minor requirements.

Optional Minors:

Economics — Select 5: ECON 340, 352, 355, 360, 365, 368, 370, 375, 380, 385, 422, 451, 456, 461, 466, 470, 471, 535.

Finance — MGMT 350, 411, 412 or 415, 413, (MGMT 310 and 350 with grade of "C" or higher).

International — Select 5: AGECE 340, 450; ECON 355, 368, 370, 535; MGMT 415, 459, 509; COM 224; POL 338, 345, 347, 431, 433, 435, 440, 442, 447, 541. Any foreign language course 201 level or higher (6 credit hour maximum of foreign language). A minimum of 6 credits **must** come from the AGECE, ECON, or MGMT courses listed above.

Management Information Systems — CPT 175; MGMT 544, 545, and 547.

Marketing — Select 4: MGMT 425, 484, 490B; COM 256; AGECE 331.

Organizational Behavior and Human Resource Management — OBHR 429, 470; ECON 385; PSY 473, 475; COM 324, 325; MGMT 490A, 553.

D. See "Graduation Requirements," page 24.

E. Must have a grade of "C" or higher to take MGMT 351, 503, 504, 505, or 506.

C. An elective course consists of three hours of approved course credit. An elective may include minor requirements.

Optional Minors:

Economics — Select 5: ECON 340, 352, 355, 360, 365, 368, 370, 375, 380, 385, 422, 451, 456, 461, 466, 470, 471, 535.

Finance — MGMT 350, 411, 412 or 415, 413, (MGMT 310 and 350 with grade of “C” or higher).

International — Select 5: AGECE 340, 450; ECON 355, 368, 370, 535; MGMT 415, 459, 509; COM 224; POL 338, 345, 347, 431, 433, 435, 440, 442, 447, 541. Any foreign language course 201 level or higher (6 credit hour maximum of foreign language). A minimum of 6 credits **must** come from the AGECE, ECON, or MGMT courses listed above.

Management Information Systems — CPT 175; MGMT 544, 545, and 547.

Marketing — Select 4: MGMT 425, 484, 490B; COM 256; AGECE 331.

Organizational Behavior and Human Resource Management — OBHR 429, 470; ECON 385; PSY 473, 475; COM 324, 325; MGMT 490A, 553.

D. See “Graduation Requirements,” page 24.

E. Must have a grade of “C” or higher to take MGMT 351, 503, 504, 505, or 506.

Accounting Certificate Electives

Accounting Electives — MGMT 507, 509, 590W, 590A, 590O, 590N.

150 Hour Certificate List A Electives — MGMT 411, 413, 415, 458, 459, 490C; ECON 361, 370, 371, 380, 385, 451, 461, 471.

150 Hour Certificate List B Electives — COM 314, 318, 325; OLS 274; PHIL 111, 120, 150; POLS 101; SOC 312.

Additional Notes:

1. Students may enroll for three accounting electives in any semester by: (a) taking an additional course, (b) accelerating a List A or List B elective to an earlier semester, or (c) deferring a List A or List B elective to a later semester.

2. Students may take List A or List B electives prior to the fifth-year but may not count those courses as List A or List B 150 hour certificate electives if those courses are used to meet requirements of the 124 credit hour accounting undergraduate plan of study.

3. Students who take a fourth-year spring internship and who want to graduate at the end of the fifth-year summer session must plan ahead so that the courses they need to take to complete requirements of both the 124 credit hour accounting plan of study and the 150 credit hour certificate plan of study will be available in the fifth-year summer session.

Upper Division Economics*

Students who have completed all of the Economics Admission (EA) courses appearing in bold type, have a Graduation Index of 2.75, and have earned a "C" or higher in all Economics (ECON) courses and both EA calculus courses are automatically admitted to the Upper Division of the Economics program. Students who have completed all the require EA courses, have earned a "C" or higher in all ECON courses and both EA calculus courses but have a Graduation Index between 2.50 and 2.74 will be reviewed by the faculty to determine whether space is available and sufficient cause exists for admission. Krannert School of Management courses that are 300-level or higher can be taken only after admission to Upper Division Economics. Management Admissions Index (MAI) courses, or their equivalents, may be enrolled in only two times for a grade or "W." A maximum of three MAI courses may be retaken for a grade (does not include "W"). Math courses numbered below your highest level of recorded achievement may not be retaken. School of Management, MAI, and minor courses in which you earn an "F" can be retaken only at Purdue University's West Lafayette campus.

Economics Notes

* Students must complete at least 75 percent of major requirements at the West Lafayette campus of Purdue University.

† This course must be taken at Purdue University.

A. Some economics courses can be used to satisfy core requirements. Those core requirements call for the completion of three hours from each of the following areas except for Natural Sciences, which requires six hours, three hours of which must have a laboratory (L) component: Aesthetic Awareness, Gender Issues, Global Perspective, Individual and Society, Natural Sciences, Other Cultures, Racial and Ethnic Diversity, Social Ethics, U.S. Tradition, and Western Heritage.

B. At least four of the Upper Division ECON electives must be taken at Purdue University.

C. Economics Electives. Six economics elective courses from the 300/400/500-level courses (except for 390, 415, 511, 512, 513, 514, or 515).

D. Specialty Areas. Select two of the following specialty areas: communication, computer sciences, history, philosophy, political science, psychology, sociology and anthropology, management and mathematics. Management and computer sciences require four courses, while all other areas require three courses.

E. Students enrolled in the Economics Honors Program must have an overall graduation index of 3.30 and a grade index of 3.30 in all Economics courses taken. In addition, they must complete MGMT 305 — Business Statistics (Upper Division), ECON 360 — Economics (fall only), and ECON 499H — Senior Honors Thesis (spring only).

Suggested Plan of Study: Industrial Management**Minimum hours required for B.S. degree: 126****Pre-Management Division****Freshman Year**

Upper Management Division

Courses in bold type can be taken only after a student is admitted to the Upper Management Division. Each semester, the record of students who have completed all courses in the Management Admissions Index (MAI), have at least a 3.00 MAI and 2.50 GPA, have a "C" or higher in all MAI and School of Management courses, and are not on probation will be automatically admitted to the Upper Management Division. Students with at least a 2.75 MAI who do not meet all of the additional requirements listed above will be reviewed by the Faculty Undergraduate Committee to determine whether space is available and sufficient cause exists to be admitted to the Upper Management Division.

Junior Year

5	MGMT 305† Bus Stat (Note F)	MGMT 310† Financial Mgmt (Note F)	MGMT 460† Operations Mgmt (Note F)	MGMT 324† Marketing Mgmt (Note F)	Minor II (Note E)	MGMT 301 Career Develop (Note F)
6	MGMT 306† Mgmt Science (Note F)	OBHR 330 Org Behavior	ECON 415 Econ Policy	MGMT 482 Mgmt Info Systems	Minor III (Note E)	

Senior Year

7	MGMT 354 Bus Law	OBHR 428 HR Mgmt	Professional Elective (Note G)	International Elective (Note C)	Minor IV (Note E)	MGMT 401 Exec Forum (Note F)
8	MGMT 451† Mangr Policy (Note F)	MIS Elective (Note D)	Elective (Note D)	International Elective (Note C)	Minor V (Note E)	

Industrial Management Notes

* This course must be taken at Purdue University.

† This course must be taken at the West Lafayette campus of Purdue University.

‡ This course required for students entering the Krannert School of Management effective in Summer 2004.

A. The Management Admissions Index (MAI) is a weighted average (the weights being the semester credits assigned to each course) of the grades earned in the following courses: MA 161/165, 162/166 or equivalent; MGMT 200; C S 235; ECON 251; ENGL 106 or 108, or equivalent; and COM 114. These courses, or their equivalents, may be enrolled in only two times for a grade or “W.” A maximum of three MAI courses may be retaken for a grade (does not include “W”). Math courses numbered below your highest level of recorded achievement may not be retaken. School of Management, MAI, and minor courses in which you earn an “F” can be retaken only at Purdue University’s West Lafayette campus.

B. Any two (8 hours minimum) of the following: CHM 115, 116; PHYS 152, 220, 221, 241, 251, 261.

(Grades of “C” or higher must be earned in 8 hours of science.) The science electives must be completed prior to admission to the Management Division.

C. Courses offered in satisfaction of the required work in sociology/psychology, world history, fine arts, literature, and international issues must be selected from lists of approved options maintained by the Management Advising Office.

D. An elective consists of three hours of approved course credit.

E. Industrial management requires a minor. Options include five approved courses (15 hours minimum) in one of the following areas: biology, chemistry, computer sciences, economics honors, engineering, geosciences, management information systems, manufacturing management, mathematics, physics, or quantitative methods.

F. See “Graduation Requirements,” page 24.

G. Professional elective courses, MGMT, ECON, or OBHR 300 level or higher, must be selected from a list of approved courses maintained by the Management Advising Office.

Suggested Plan of Study: Management

Minimum hours required for B.S. degree: 124

Pre-Management Division

Freshman Year

1	MA 159 Precalculus (Note A)		ENGL 106 or 108 Comp I (Note A)	Natural Science Elective (Note B)	PSY or SOC Elective (Note B)	MGMT 100 Mgmt Lectures
2	MA 223 Applied Calculus I (Note A)	COM 114 Fund of Speech (Note A)	Literature Elective (Note B)	Natural Science Elective (Note B)	World History Elective (Note B)	

Sophomore Year

3	MA 224 Applied Calculus II (Note A)	MGMT 200* Intro Acct (Note A)	ECON 251* Microecon (Note A)	C S 235* Org Computing (Note A)	Fine Arts Elective (Note B)	
4	STAT 225 Probability Models	MGMT 201 Fund of Accounting I	ECON 252 Macroecon	ENGL 420 Business Writing	OBHR 230‡ Understanding Team Dynamics	Elective (Note D)

Upper Management Division

Courses in bold type can be taken only after a student is admitted to the Upper Management Division. Each semester, the record of students who have completed all courses in the Management Admissions Index (MAI), have at least a 3.00 MAI and 2.50 GPA, have a "C" or higher in all MAI and Krannert School of Management courses, and are not on probation will be automatically admitted to the Upper Management Division. Students with at least a 2.75 MAI who do not meet all of the additional requirements listed above will be reviewed by the Faculty Undergraduate Committee to determine whether space is available and sufficient cause exists to be admitted to the Upper Management Division.

Junior Year

5	MGMT 305† Business Stat (Note E)	MGMT 310† Financial Mgmt (Note E)	MGMT 324† Marketing Mgmt (Note E)	OBHR 330 Org Behavior	MGMT 482 Mgmt Info Systems	MGMT 301 Career Develop
6	MGMT 306† Managerial Science (Note E)	Professional Elective (Note C)	ECON 415 Econ Policy	MGMT 354 Business Law		Elective (Note D)

Senior Year

7	MGMT 460† Operations Mgmt (Note E)	Professional Elective (Note C)	International Elective (Note B)	Elective (Note D)	MGMT 458 Regulatory Process	MGMT 401 Exec Forum (Optional)
8	MGMT 451† Mangr Policy (Note E)	OBHR 428 Human Res Mgmt	International Elective (Note B)	Elective (Note D)	Elective (Note D)	

Management Notes

* This course must be taken at Purdue University.

† This course must be taken at the West Lafayette campus of Purdue University.

‡ This course required for students entering the Krannert School of Management effective in Summer 2004.

A. The Management Admissions Index (MAI) is a weighted average (the weights being the semester credits assigned to each course) of the grades earned in the following courses: MA 159, 223, 224, or equivalent; MGMT 200; C S 235; ECON 251; ENGL 106 or 108, or equivalent; and COM 114. These courses, or their equivalents, may be enrolled in only two times for a grade or "W." A maximum of three MAI courses may be retaken for a grade (does not include "W"). Math courses numbered below your highest level of recorded achievement may not be retaken. School of Management, MAI, and minor courses in which you earn an "F" can be retaken only at Purdue University's West Lafayette campus.

B. Courses offered in satisfaction of the required work in natural science, sociology/psychology, world history, fine arts, literature, and international issues must be selected from lists of approved options maintained by the Management Advising Office.

C. Professional elective courses, MGMT, ECON, or OBHR 300 level or higher, must be selected from a list of approved courses maintained by the Management Advising Office. Professional electives may include minor requirements.

Recommended Minors:

Accounting — MGMT 350, 351, plus 3 of MGMT 503, 504, 505, 506, 413.

Economics — Select 4: 300/400/500-level economics courses (except 511, 512, 514, 515).

Finance — MGMT 350, 411, 413, and 412 or 415. (Completion of MGMT 351 is strongly recommended.)

International — Select 5: AGECE 340, 450; COM 224; ECON 355, 368, 370, 535; MGMT 415, 459, 509; POL 338, 345, 347, 431, 433, 435, 440, 442, 447, 541. Any foreign language course 201 level or higher (6 credit hour maximum of foreign language). A minimum of 6 credits **must** come from the AGECE, ECON, or MGMT courses listed above.

Management Information Systems — CPT 175, plus MGMT 544, 545, and 547.

Marketing — Select 4: MGMT 425, 484, 490B; COM 256; AGECE 331.

Organizational Behavior and Human Resource Management — Select 3: COM 324, 325; ECON 385; MGMT 490A, 553; OBHR 429, 470; PSY 473, 475.

D. An elective course consists of three hours of approved course credit. An elective may include minor requirements.

E. See "Graduation Requirements," page 24.

Information about Courses

Official Purdue University course information is available on the Web at www.purdue.edu/purdue/course_info. Click on the “Course Information — All Campuses” link at the top of the page.

The Official Purdue University Course Repository is maintained by the Office of the Registrar and is updated instantaneously. It contains a multitude of information, including course descriptions and requisites for retired, current, and future courses offered at the West

Lafayette campus as well as at Purdue Calumet, Purdue North Central, Indiana University-Purdue University Fort Wayne, Indiana University-Purdue University Indianapolis, and the College of Technology locations around the state.

The course information available online is organized by campus, program, and subject area, which enables you to tailor your search.

You also may consult with your academic advisor if you have questions about the courses required for your plan of study.

School of Management Administration and Faculty

Administration

Richard A. Cosier, Ph.D., Dean of the Krannert School of Management and Leeds Professor of Management

Diane K. Denis, Ph.D., Senior Associate Dean of the School of Management and Duke Realty Endowed Chair in Finance

G. Logan Jordan, Ph.D., Associate Dean of the School of Management

Kwei Tang, Ph.D., Associate Dean of the School of Management

Gerry McCartney, Ph.D., Assistant Dean of the School of Management

Sue Hume Graham, Ph.D., Director of Undergraduate Programs

Tina Betts Davis, Ph.D., Director of Diversity Initiatives

Stephen Martin, Ph.D., Chair of the Economics Policy Committee

Stephen G. Green, Ph.D., Chair of the Management Policy Committee

Economics

Stephen Martin, Ph.D., Chair of Policy Committee

Distinguished and Named Professors: R. Aliprantis, *Ph.D.*, *Distinguished Professor of Economics*; J. M. Barron, *Ph.D.*, *Loeb Professor of Economics*

Professors: T. N. Cason, *Ph.D.*; K. R. Kadiyala, *Ph.D.*; D. J. Kovenock, *Ph.D.*; G. J. Lynch, *Ph.D.*; S. Martin, *Ph.D.*; R. Tourky, *Ph.D.*; J. R. Umbeck, *Ph.D.*; M. W. Watts, *Ph.D.*

Professors Emeriti: K. C. Brown, *Ph.D.*; J. A. Carlson, *Ph.D.*; G. Horwich, *Ph.D.*; J. C. Moore, *Ph.D.*; J. A. Papke, *Ph.D.*; D. J. Weidenaar, *Ph.D.*

Associate Professors: J. I. Abrevaya, *Ph.D.*; G. Camera, *Ph.D.*; C. M. Dahl, *Ph.D.*; D. L. Hummels, *Ph.D.*; W. Novshek, *Ph.D.*; J. G. Pomery, *Ph.D.*

Assistant Professors: M. Casari, *Ph.D.*; Y. L. Chien, *Ph.D.*; K. Naknoi, *Ph.D.*; D. Saunders, *Ph.D.*; R. B. Siebert, *Ph.D.*; C. Xiang, *Ph.D.*

Lecturers: K. H. Blanchard, *Ph.D.*; R. L. Holland, *Ph.D.*; C. McGrew, *Ph.D.*

Management

(Includes Organizational Behavior and Human Resource Management faculty)

Stephen G. Green, Ph.D., Chair of Policy Committee

Distinguished and Named Professors: R. A. Cosier, *Ph.D.*, *Leeds Professor of Management*; P. De, *Ph.D.*, *Accenture Professor of Information Technology*; D. J. Denis, *Ph.D.*, *Burton D. Morgan Chair of Private Enterprise*; D. K. Denis, *Ph.D.*, *Duke Realty Endowed Chair in Finance*; S. G. Green, *Ph.D.*, *Basil Sidney Turner Professor of Management*; A. V. Iyer, *Ph.D.*, *Susan Bulkeley Chair in Operations Management*; M. U. Kalwani, *Ph.D.*, *OneAmerica Professor of Management*; W. G. Lewellen, *Ph.D.*, *Herman C. Krannert Distinguished Professor of Management*; J. J. McConnell, *Ph.D.*, *Emanuel T. Weiler Distinguished Professor of Management*; H. Moskowitz, *Ph.D.*, *Lewis B. Cullman Distinguished Professor of Manufacturing Management*; R. D. Plante, *Ph.D.*, *James Brooke Henderson Professor of Management*; D. E. Schendel, *Ph.D.*, *Blake Family Chair in Strategic Management*; L. B. Schwarz, *Ph.D.*, *Louis A. Weil Jr. Professor of Management Professors:* M. E. Bagnoli, *Ph.D.*; M. A. Campion, *Ph.D.*; S. Chand, *Ph.D.*; A. R. Chaturvedi, *Ph.D.*; M. Dada, *Ph.D.*; R. K. Eskew, *Ph.D.*; G. S. Hundley, *Ph.D.*; W. J. Kross, *Ph.D.*; B. T. Ro, *Ph.D.*; F. D. Schoorman, *Ph.D.*; J. Tang, *Ph.D.*; K. Tang, *Ph.D.*; J. E. Ward, *Ph.D.*

Professors Emeriti: C. A. Bell, *Ph.D.*; A. C. Cooper, *D.B.A.*; J. S. Day, *Ph.D.*; R. W. Johnson, *Ph.D.*; D. C. King, *Ph.D.*; P. J. Scaletta, *J.D.*; K. V. Smith, *Ph.D.*; C. A. Tritschler, *Ph.D.*; J. Y. D. Tse, *D.C.S.*

Associate Professors: B. J. Alge, *Ph.D.*; K. Altinkemer, *Ph.D.*; C. J. Berger, *Ph.D.*; T. H. Brush, *Ph.D.*; V. Deshpande, *Ph.D.*; T. B. Folta, *Ph.D.*; M. Kirschenheiter, *Ph.D.*; M. M. Moriarty, *Ph.D.*; P. R. Rau, *Ph.D.*; J. M. Rees, *Ph.D.*; W. T. Robinson, *Ph.D.*; R. L. Strausbaugh, *J.D.*; A. C. Sullivan, *Ph.D.*; M. Tawarmalani, *Ph.D.*; S. G. Watts, *Ph.D.*

Clinical Associate Professor: C. Fisher, *J.D.*

Assistant Professors: T. Akcura, *Ph.D.*; J. Allatta, *Ph.D.*; C. Anilowski, *Ph.D.*; S. Balachander, *Ph.D.*; A. Bisi, *Ph.D.*; B. B. Dunford, *Ph.D.*; L. L. Frieder, *Ph.D.*; J. Hahn, *Ph.D.*; J. W. Hatcher, *M.B.A.*; Q. Hu, *Ph.D.*; Y. Hu, *Ph.D.*; Y. J. Hu, *Ph.D.*; C. L. Jackson, *Ph.D.*; K. Kannan, *Ph.D.*; A. Kriauciunas, *Ph.D.*; Y. Li, *Ph.D.*; Y. H. Li, *Ph.D.*; R. Martell, *Ph.D.*; J. Oakley, *Ph.D.*; R. Ramanujam, *Ph.D.*; C. Ren, *Ph.D.*; A. Saretto, *Ph.D.*; D. Schleicher, *Ph.D.*; S. C. Sommer, *Ph.D.*; Z. Tang, *Ph.D.*; J. L. Thoman, *Ph.D.*; G. Vroom, *Ph.D.*; H. Zhao, *Ph.D.*

Clinical Assistant Professors: B. L. Blake, *M.S.*; C. Haywood, *J.D.*; T. T. Sekine, *Ph.D.*

Lecturers: T. L. Brooks Jr., *J.D.*; D. M. Brown, *M.S.*; R. M. Dejoie, *Ph.D.*; T. J. Gjerde, *Ph.D.*; J. Gothard, *J.D.*; A. C. Greig, *Ph.D.*; C. K. Jacobson, *Ph.D.*; P. Johanns, *Ph.D.*; M. McLelland, *Ph.D.*; L. A. Meade, *J.D.*; S. S. Panwalker, *Ph.D.*; P. Rajagopalan, *Ph.D.*; R. C. Reiling, *J.D.*; D. Saks, *Ph.D.*; K. Sherony, *Ph.D.*

Board of Trustees and Officers of Administration and Instruction

Board of Trustees

Michael J. Birck, Hinsdale, Illinois
JoAnn Brouillette, Fowler
Susan B. Butler, Tucson, Arizona
Rachel N. Cumberbatch, Lebanon
John D. Hardin Jr., Danville
J. Timothy McGinley, Indianapolis
William S. Oesterle, Indianapolis
Mamon M. Powers Jr., Gary
Thomas E. Spurgeon, Peoria, Illinois
Mark W. Townsend, Hartford City

Administrative Officers

Martin C. Jischke, President
James S. Almond, Vice President for Business Services and Assistant Treasurer
Joseph L. Bennett, Vice President for University Relations
Murray M. Blackwelder, Senior Vice President for Advancement
Morgan J. Burke, Director of Intercollegiate Athletics
Kirk R. Cerny, Executive Director, Purdue Alumni Association
Howard S. Cohen, Chancellor of Purdue University Calumet
James B. Dworkin, Chancellor of Purdue University North Central
Joseph B. Hornett, Senior Vice President, Purdue Research Foundation
Wayne W. Kjonaas, Vice President for Physical Facilities
Christine M. Ladish, Vice Provost for Academic Affairs
Victor L. Lechtenberg, Vice Provost for Engagement
Sally F. Mason, Provost
William G. McCartney, Interim Vice President for Information Technology
Rabindra N. Mukerjea, Director of Strategic Planning and Assessment
Morgan R. Olsen, Executive Vice President and Treasurer
Thomas B. Robinson, Vice President for Student Services
Alysa Christmas Rollock, Vice President for Human Relations
Charles O. Rutledge, Vice President for Research
John A. Sautter, Vice President for Housing and Food Services
Terry D. Strueh, Vice President for Governmental Relations
Candiss B. Vibbert, Executive Assistant to the President
Michael A. Wartell, Chancellor of Indiana University-Purdue University Fort Wayne

Academic Deans

Elikplimi K. Asem, *Ph.D.*, Interim Dean of the School of Veterinary Medicine

John J. Contreni, *Ph.D.*, Justin S. Morrill Dean of the College of Liberal Arts

Richard A. Cosier, *Ph.D.*, Dean of the Krannert School of Management

and Leeds Professor of Management

Dennis R. Depew, *Ph.D.*, Dean of the College of Technology

George W. Hynd, *Ph.D.*, Dean of the College of Education

Leah H. Jamieson, *Ph.D.*, John A. Edwardson Dean of Engineering and Ransburg Distinguished
Professor of Electrical and Computer Engineering

Cindy H. Nakatsu, *Ph.D.*, Interim Dean of the Graduate School

Dennis A. Savaiano, *Ph.D.*, Dean of the College of Consumer and Family Sciences

Craig Svensson, *Ph.D.*, Dean of the College of Pharmacy, Nursing, and Health Sciences

Jeffrey S. Vitter, *Ph.D.*, Frederick L. Hovde Dean of the College of Science

William R. Woodson, *Ph.D.*, Glenn W. Sample Dean of Agriculture
